PREFACE

Child Help Foundation (CHF) is a pan-India non-profit organization dedicated to empowering marginalized and underprivileged communities, with a primary focus on children's well-being, health, and education. Over the past 13 years, CHF has worked relentlessly across India, delivering **humanitarian aid and support** to those in need.

Since its inception, CHF has taken significant strides in addressing the most pressing challenges faced by vulnerable children and families. By offering **healthcare support, nutrition, and educational opportunities**, the foundation ensures a holistic approach to child development. This comprehensive methodology has enabled CHF to make substantial progress in **uplifting the quality of life for children and their families**, thereby contributing to the overall betterment of society.

One of CHF's notable achievements has been in the field of education, particularly in its efforts to make quality education accessible to underprivileged children in remote areas. The foundation has established several **Mini Science Centres (MSCs) in Ashram Schools** in the Palghar district of Maharashtra, providing students with an opportunity to explore hands-on learning in science and mathematics. These MSCs are equipped with models and tools that make learning engaging and interactive, fostering an interest in STEM fields among the students. By emphasizing experiential learning, CHF aims to cultivate critical thinking and problem-solving skills in young minds, preparing them for the challenges of tomorrow.

In addition to its work in Maharashtra, CHF has expanded its educational initiatives to other regions. The organization has set up **computer labs** in schools such as the

Central Primary School (Marathi Medium) in Amboli, Dadra and Nagar Haveli, and Tailika Balika Vidyalaya in Barbigha, Bihar. These labs are fully equipped with modern computers and software, giving students access to digital education and bridging the digital divide.

Beyond education, CHF is deeply committed to safeguarding the health and well-being of children. The foundation conducts free health screenings for students across its network of schools, focusing on early detection of physical ailments and providing timely medical interventions. By identifying potential health issues at an early stage, CHF ensures that children receive the care they need, preventing illnesses from interfering with their education and personal growth.

Furthermore, CHF has made significant contributions to enhancing the quality of life for entire communities. Through its health camps, awareness programs, and nutrition initiatives, the foundation addresses broader issues affecting children and their families, ensuring that they receive the support they need to lead dignified lives.

Over the years, Child Help Foundation has positively impacted the lives of **48,45,101** people across India through its wide-ranging programs. The foundation's work is driven by a deep sense of responsibility toward society and a belief that every child, regardless of their background, deserves the opportunity to realize their full potential.

The organization's efforts have not only improved the lives of countless children but also fostered a sense of hope and resilience in the communities it serves. Through its ongoing commitment to making a difference, Child Help Foundation continues to be a beacon of hope for underprivileged children and families across India.

Enriching Minds, Providing Care

A child cannot focus on their academic endeavours if they are not healthy. Life-threatening diseases like **cancer, thalassemia and heart disease** are huge obstacles in a child's education. A child who does not know how to take care of their health, are more vulnerable to contracting deadly diseases.

The dilemma proves that education and health need to go hand-in-hand for the creation of a robust nation and society. Child Help Foundation conducts **health screening** for students in Ashram Schools, called **School Health Programme**. Under the School Health Programme, students are screened to examine their nutritional status and identify potential illnesses, infections and medical conditions.

Additionally, we have also set up Mini Science Centers in the Palghar district of Maharashtra to offer interactive scientific learning. In these centres, children are given hands-on learning experience of scientific lessons through models, demonstrations and experiments. **Computer labs** have also been set up at Central Primary School (Marathi Medium) in Amboli, Dadra and Nagar Haveli and Daman and Diu and Tailika Balika Vidyalaya in Barbigaha, Bihar to empower children with digital education.

Throughout the financial year 2023-2024, Child Help Foundation has saved the lives of **469** children from terminal illnesses and provided education to **10,931** students. Furthermore, **61,874** mothers were provided a space to feed their children and **85,486** people were educated about health with our health-related programmes.

In the next financial year, we hope to improve our prospects and help more children.

OUR FOUNDERS & TRUSTEES

RAJENDRA PATHAK

SUNIL VARGHESE

JUGENDER SINGH

We extend our heartfelt gratitude to everyone who contributed to the success of 2023-24. Words cannot fully capture our appreciation for the dedication of our volunteers, partner NGOs, workforce, and sponsors. Since the founding of Child Help Foundation, our mission has been to assist as many individuals as possible. Through thirteen years of dedicated work, we have positively impacted the lives of **48,451,01** people across India.

By focusing on investing in children, we are also investing in the future of our nation. We hope these children achieve great things and contribute to the country's success. As the new year approaches, we look forward to bringing joy to even more people throughout India.

We are committed to supporting the United Nations in achieving its Sustainable Development Goals (SDGs). Our goal is to ensure that by 2030, everyone in India **can experience peace and prosperity**. Giving back to the community aligns with the UN's objectives, and we believe that, with the **support of our corporate sponsors, individual donors, advisory team, workforce, and volunteers**, we can realize our aspirations.

In the coming years, we aim to spread positivity and expand our efforts to assist more individuals in need. We are grateful for your unwavering support and blessings throughout our journey; your selfless contributions have been vital in helping us achieve our goals. Thank you for being part of our mission.

FROM THE DESK OF THE EXECUTIVE

Children are beaming with untapped potential, and investing in them can change our nation for the better. When a child gets educated, he uplifts his family and nation along with him. Yet, poverty and illness go hand in hand, and a child's education can come to a sudden halt in an instant due to critical illness. These illnesses destroy years of progress that children have worked hard for, and it is during this time that they need our help

Throughout the year 2023-24, we have done our best to provide for as many children as possible. We hope to increase this number, in the coming years, and also to work in new ventures.

In the financial year 2023-24, our team of donors, volunteers and workforce worked selflessly to fulfil our goals and mission. Our 'Good Health and Well-Being' programme has saved **469** children from terminal medical illnesses, provided **61,874** mothers with safe

spaces and educated **85,486** people through health-related programmes. Zero Hunger catered to **6,73,821** people and made sure hunger didn't bother their minds during sleep. **10,931** children were empowered with education in the 'Quality Education' initiative. WAS (Water and Sanitation) helped **16,573** people, which covered menstrual health, toilet construction, installation of water purifiers and other activities. **1,017** lives were saved during disasters and the lives of **20** villagers were made better through our village development scheme. In an effort to make the world a safer place for women, we reached out to **53,251** people.

2,554 plants and animals were helped through our 'Life on Land' initiative, which included feeding drives and plantation drives and over **928** kgs of garbage were collected from various beaches throughout India, which saved the lives of **27,840** marine species, with the help of our friends at Beach Army.

I am grateful to my team of volunteers, donors and corporate sponsors for working with full zeal and dedication to deliver these numbers. Through their tireless work, they made the impossible possible.

I am hopeful that the future will bring us more opportunities to help more people in the future with our various programmes and initiatives.

JIJI JOHN
EXECUTIVE DIRECTOR

FROM THE DESK OF THE CEO

Dear Well-Wishers,

On behalf of Child Help Foundation, I extend my heartfelt gratitude to every one of you for your unwavering and relentless support in the financial year 2023-2024. Your selfless efforts have proven to be of utmost importance in helping us fulfil our goals and missions.

We have always strived to improve society through our activities and campaigns. Our core belief is that every individual, regardless of their background, deserves access to quality education, healthcare, and meals.

Throughout our journey, we have faced numerous challenges, but with the collective efforts of our dedicated team, we have overcome them all. I truly believe and follow that 'Humanity is our religion' and henceforth work to ensure an educated, healthy and sustainable

future for the weaker section of society, and build a better tomorrow for today's children.

In the year 2023-2024, thanks to our donors, partners, and volunteers, we have been able to support **469** medical emergency cases and also provide education to **10,931** children across the country, truly embodying the moniker of Enriching Minds, Providing Care.

Even after all these years, we still see this as only the beginning and expect to continue helping change people's lives in the years to come. We are doing everything we can to make sure that everyone in the country who is less fortunate has access to the essentials of life. Without your crucial and kind help, Child Help Foundation couldn't do everything.

The programmes which delighted many households are presented in the annual report. Their happiness increases our motivation to continue our work with more zeal and dedication.

I am proud to share the annual report of Child Help Foundation for the year 2023-2024. Child Help Foundation loves giving back to the community. We are extremely grateful to our donors, volunteers and sponsors for helping us bring smiles to the faces of so many people in India.

SHAJI VARGHESE
CEO

PAN Card No. : AABTC2577M

FCRA Registration No. : 083990229

Niti Ayog – Darpan ID : MH/2011/0047916

Guidestar No. : GSN 1535

OBJECTIVES AND ACTIVITIES

SDG 3 – Good Health and Well-Being

Child Help Foundation is dedicated to saving the lives of children suffering from life-threatening conditions such as cancer, heart disease, and organ failure. We ensure they receive timely care and treatment in hospitals, helping them recover swiftly and live healthy lives. Through our relentless efforts, we have successfully saved **3,348** critically ill children by providing access to the best medical care and support. Our mission is to offer hope and a brighter future to these young lives, ensuring they overcome their challenges and thrive with proper treatment and compassionate care.

3,348 Children Treated

1,18,489 Lactating Mothers Helped

2,17,610 People Reached

SDG 4 – Quality Education

Education empowers children, and Child Help Foundation is dedicated to providing inclusive, quality education to underprivileged children, enabling them to grow into compassionate and responsible individuals in society. By addressing the barriers to education, we aim to create opportunities that foster learning, growth, and development. Through our impactful initiatives, Child Help Foundation has positively transformed the lives of **4,90,914** children, paving the way for a brighter and more equitable future. Together, we build a better tomorrow through education.

4,90,914 Children Educated

OBJECTIVES AND ACTIVITIES

SDG 2 – Zero Hunger

Child Help Foundation (CHF) works to combat malnutrition among children and individuals, particularly in underserved rural and urban areas. By improving access to nutritious meals, CHF aims to enhance health, reduce child mortality, and promote long-term well-being. Through the Zero Hunger Programme, CHF has supported **26,75,278** children, ensuring they receive essential nutrition for healthy growth and development. This initiative addresses immediate nutritional needs while striving to create a hunger-free future. CHF's efforts build a stronger, healthier society where every child can thrive and achieve their full potential.

26,75,278 People Fed

1,800 Daily Meals

SDG 5 – Gender Equality

Child Help Foundation has made significant efforts to promote girls' education, ensuring equal opportunities for boys and girls in a gender-inclusive environment. Our educational initiatives focus on fostering equality and inclusivity, aiming to empower all individuals through education. Additionally, the foundation actively supports and serves the LGBTQ+ community, promoting acceptance and opportunities for everyone. Under our Gender Equality program, we have reached nearly **86,895** individuals, making a tangible impact in creating a more equitable society. Together, we strive to build a future where everyone has the chance to thrive.

86,895 People Educated on Gender Equality

OBJECTIVES AND ACTIVITIES

SDG 6 – Clean Water and Sanitation

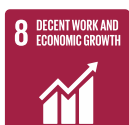

Child Help Foundation (CHF) is dedicated to improving hygiene and raising menstrual awareness through its Clean Water and Sanitation (WASH) program. CHF has constructed toilets for **13,660** children in various schools, ensuring access to clean and safe sanitation facilities. Additionally, the foundation has distributed sanitary pads to **60,844** beneficiaries, promoting menstrual health and hygiene. Overall, the WASH program has positively impacted **1,15,031** individuals, addressing critical needs and fostering healthier communities. CHF's efforts contribute to building a safer and more hygienic environment for all.

60,844 Girls Got Sanitary Pads

13,660 People Got Access to Toilets

21,159 People Got Access to Clean Drinking Water

SDG 8, 10 – Village Development

Child Help Foundation (CHF) launched the Bazaarhaat Community Development Project last year in Gulabigaon (Bhintghar community), Nashik, Maharashtra. This initiative aims to empower individuals by establishing a business hub with multiple shops, enabling people to start their own businesses and earn a sustainable livelihood. In addition to providing infrastructure, CHF offers training and skill development programs to create more employment opportunities and enhance economic stability. So far, the project has positively impacted **2,167** beneficiaries, fostering self-reliance and community growth in the region.

2,167 People Reached Out To

OBJECTIVES AND ACTIVITIES

SDG 14 – Life Below Water

Child Help Foundation (CHF) recognizes the critical role marine species play in maintaining the ecosystem and is committed to their protection. Since 2019, CHF has organized regular beach clean-up drives across Maharashtra, including locations like Velankanni, Gorai, Manori, and Juhu. With the dedicated efforts of volunteers, CHF has removed significant amounts of plastic and other waste from these beaches, safeguarding marine life. These initiatives have contributed to saving the lives of over **2,09,33,460** marine species, fostering a cleaner environment and promoting the health of our oceans.

2,09,33,460 Marine Lives Saved

SDG 15 – Life on Land

Child Help Foundation (CHF), in collaboration with various partners, has taken the initiative to feed stray animals across various locations in India. This effort aims to ensure the well-being of stray animals by providing them with food and care. Additionally, CHF's environmental conservation efforts have led to the saving of **61,999** trees and animals, highlighting its commitment to protecting both wildlife and natural resources. Through these initiatives, CHF continues to make a positive impact on animal welfare and environmental sustainability.

61,999 Animals and Trees

OBJECTIVES AND ACTIVITIES

SDG 11, 13, 17 - Humanitarian Relief

Child Help Foundation (CHF) has been at the forefront of disaster relief efforts, providing critical support during natural calamities. With the dedicated efforts of its volunteers, CHF has assisted **11,34,424** victims across the nation, offering essential aid to those impacted by the devastation. These efforts reflect CHF's commitment to alleviating suffering, ensuring timely relief, and helping affected communities rebuild their lives. Through its proactive approach, CHF continues to bring hope and support to disaster-stricken regions.

Emergency Medical Support: 469

GOOD HEALTH & WELL-BEING

Emergency Medical Support

United Nations' Sustainable Development Goal 3 (SDG 3): Good Health and Well-Being aims to enhance healthcare quality and prevent unnecessary suffering from avoidable diseases and premature death. According to the most recent World Health Organisation report, inadequate healthcare is responsible for between 5.7 and 8.4 million deaths annually in low- and middle-income countries (LMICs), representing up to 15% of all deaths in these regions.

The goal is to increase life expectancy and reduce mortality rates by strengthening primary healthcare systems, focusing on maternal and newborn health, and prioritising mental health.

Child Help Foundation has embraced SDG 3 by making Emergency Medical Support its flagship programme. This initiative provides healthcare services to children aged 0–18, aiming to save as many lives as possible.

We offer financial assistance for treatments such as heart defect surgeries, spine deformities, kidney and liver transplants, stem cell transplants, extended NICU care for newborns, chemotherapy, and other long-term medical needs. Child Help Foundation supports families in accessing these critical treatments. We believe that good health is foundational to progress, including education. Children in good health are better positioned to benefit from education and pursue successful careers.

To date, we have delivered Emergency Medical Support to **3,348** children, and our commitment to bringing smiles through medical assistance continues

Arogya Sadan

In a city, as expensive as Mumbai, the harsh reality is that most underprivileged families simply cannot afford the financial burden of travel and accommodation. This is where Arogya Sadan comes in and extends a compassionate hand to underprivileged families from remote regions of India to stay and travel to and fro from Kokilaben Dhirubhai Ambani Hospital and Medical Research Institute to their designated residential premises in Borivali for Thalassaemic major pediatric patients and their families.

Arogya Sadan not only provides lodging premises for patients in Mumbai but also for their family members and their donors. The lodging also offers services like unwavering support staff 24/7, a doctor's prescribed diet, tuition classes and recreational activities. The project also extends post-transplant care for the patients, along with their donors, because they deserve nothing less than the best.

Aarav Kumar, the first patient of Arogya Sadan, successfully underwent BMT treatment to fight life-threatening thalassemia. He has been recently discharged from Kokilaben Hospital and currently resides in Arogya Sadan to complete his observation period.

Arogya Sadan is a life-saving option for children who live in remote areas and cannot access healthcare facilities. Through Arogya Sadan, patients and their families can travel to Mumbai without worrying about caring about day-to-day expenses.

MEDICAL SUCCESS STORIES

1. Mohammad Arsh, 10 Years Heart Disease

Mohammad Arsh, a young boy, often felt exhausted, and his lips turned blue due to his severe heart disease. His family, consisting of five members, struggled financially, with his father being the sole breadwinner working as a carpenter. Desperate for help, Arsh's father turned to Child Help Foundation for assistance. After conducting the necessary verifications, CHF worked with generous donors to raise funds for Arsh's treatment. Thanks to the support, Arsh received the medical care he needed, giving him a chance for a healthier, brighter future. Child Help Foundation's intervention made a life-changing difference for the family.

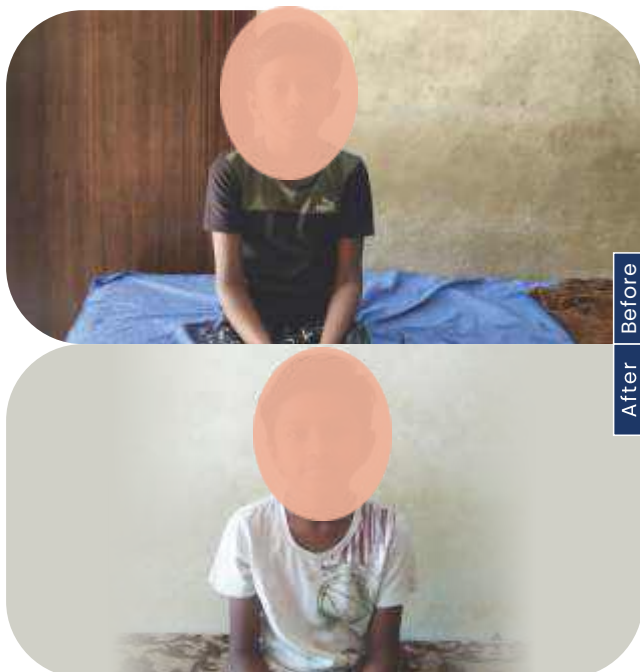

2. Soyam Vennela, 3 Months Complex Heart Disease

Born to Soyam Kishor, a laborer earning a meager Rs. 400 on workdays in Adilabad, Telangana, Soyam Vennela's condition was diagnosed as a complex heart defect requiring urgent surgery. As her health deteriorated, she was admitted to Apollo Institute of Medical Sciences and Research in Hyderabad, where doctors recommended a Mixed TAPVC repair, PFO Open, and management of severe pulmonary hypertension, with an estimated cost of Rs. 6,75,000. Despite their financial constraints, Vennela's parents are determined to get her the life-saving treatment she needs. Thanks to the overwhelming generosity of donors, the necessary funds were raised, allowing Vennela to undergo the crucial surgery.

MEDICAL SUCCESS STORIES

3. Anushka Punia, 4 Years Heart Disease

Anushka was born with a weak heart, and rest and comfort were foreign to her as she struggled with constant health issues. Her parents, unable to afford the expensive treatment, were left helpless. In their time of need, the donors of Child Help Foundation stepped in, ensuring Anushka received the life-saving treatment she required. Thanks to their generosity, Anushka is now able to rest peacefully for the first time in her life, free from the constant strain of her condition. Child Help Foundation's support has given her a new lease on life, filled with hope and comfort.

4. Abhishek Ratheesh, 9 Years Kidney Complications

Being a single mother, Anju faced immense challenges in providing proper care for her son, Abhishek. With her elderly parents providing the only financial support, Anju felt helpless when it came to affording the necessary treatment for her son's condition. In her desperation, she reached out to Child Help Foundation for assistance. Thanks to the unwavering support of generous donors, Abhishek received the medical care he desperately needed. Today, Abhishek is free from his malady, and Anju can finally breathe a sigh of relief, knowing that her son's future is brighter and healthier.

MEDICAL SUCCESS STORIES

5. Baby of Rinitha, 5 Days Premature Birth Complications

The dreams and happiness of Rinitha and Shaj Chemmariyil were on the line when their newborn had to be delivered prematurely. Shaj, who worked at a bakery, struggled to raise the money needed for the critical medical care. Desperate, the concerned parents reached out to Child Help Foundation for assistance. After the case was shared, generous donors came together to offer their support through donations and shares. Thanks to their kindness, the baby received the necessary treatment and was saved, allowing Rinitha and Shaj to experience the joy of a healthy child.

6. Veera Davbha, 5 Months Heart Disease

Veera, just five months old, appeared much younger due to her heart condition, which made it impossible for her to gain weight. Her parents were deeply concerned as her health continued to decline. However, thanks to the generous support of Child Help Foundation's donors, Veera received the medical treatment she desperately needed. Today, she has been healed and is on her way to growing like a healthy child. With her health now restored, Veera has a bright future ahead, filled with the joy of normal growth and development.

MEDICAL SUCCESS STORIES

7. Kunal, 10 Years Heart Disease

Today, Kunal lives life to the fullest, but just a few months ago, he was struggling with a severe heart disease. His days were filled with breathing complications, recurring fevers, and constant discomfort. Desperate for help, Kunal's family turned to Child Help Foundation. Once the donors learned about his condition, they stepped in, offering their generous support to cover his medical expenses. Thanks to their compassion, Kunal received the life-saving treatment he needed, and now he's healthy, thriving, and enjoying life like never before. Child Help Foundation's intervention made all the difference in his journey to recovery.

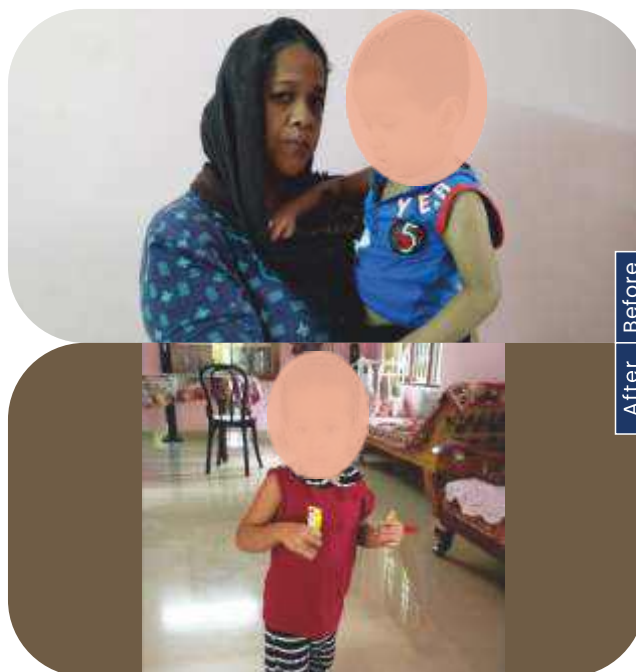

8. Joel Dhanpul, 8 Years Aplastic Anemia

Joel Dhanpul has finally bid farewell to recurring aplastic anaemia, a battle that once threatened his health and future. Thanks to the generosity of our dear donors, Joel received the critical support he needed for his recovery. Today, Joel is healthier than ever and eagerly looks forward to living his life to the fullest. With a renewed sense of hope, he dreams of supporting his family and making a meaningful impact in the future. Joel's journey of recovery is a testament to the power of compassion and the difference it can make in someone's life.

MEDICAL SUCCESS STORIES

9. Muhammed Faiz, 1 Year Hydrocephalus

Muhammed Faiz was enduring intense pain due to hydrocephalus, a condition that caused him immense misery. His father, a sweet reseller, struggled to afford the expensive surgery required for his son's treatment. Desperate for help, Faiz's father reached out to Child Help Foundation. After thorough verification, the generous donors came together to raise the necessary funds for the surgery. Thanks to their kindness and support, Faiz received the life-saving treatment he needed, sparing him from further harm and offering him a brighter, healthier future.

10. Anamika, 11 Years 8 Months Scoliosis

Performing daily chores and tasks became a struggle for Anamika as she battled scoliosis, a condition that hindered her every move. Despite her desire to study and help her family escape poverty, her condition crushed her dreams. However, when Anamika reached out to Child Help Foundation, the donors stepped in with compassion and support. They ensured she received the necessary treatment, restoring her hope and giving her a chance to fulfill her dreams. Thanks to their generosity, Anamika now has the opportunity to pursue her education and create a better future for herself and her family.

MEDICAL SUCCESS STORIES

11. Hasmita, 1 Year 10 Months Heart Disease

Despite barely being able to walk, little Hasmita displayed remarkable strength and bravery as she fought against a severe heart disease. Her courage was bolstered by the love and support of the generous donors of Child Help Foundation, who rallied together through donations and shares to provide the medical assistance she desperately needed. With their help, Hasmita received the treatment that restored her health. Her family is deeply grateful for the support, which not only saved her life but also gave them hope for a brighter future.

Before

After

Before

After

12. Haniya, 8 Months Heart Disease

Baby Haniya was born with a hole in her heart, causing her immense pain and misery every day. She struggled with feeding, breathing, excessive sweating, and a rapid heartbeat. Her family, unable to afford the necessary treatment, turned to Child Help Foundation for assistance. Once the situation was shared, the compassionate donors stepped in to help raise the funds needed for her treatment. Thanks to their generosity, Haniya received the life-saving care she needed. Today, she is healthier and thriving, and her family is forever grateful for the kindness and support they received.

MEDICAL SUCCESS STORIES

13. Heeba, 1 Year 2 Months Heart Disease

After suffering from illness, fevers, and pneumonia, Heeba's parents were devastated to learn that their daughter had a weak heart. With no means to afford the treatment, all doors seemed closed, and hope was fading. In their desperation, they reached out to Child Help Foundation for assistance. The foundation's generous donors stepped in, raising the funds needed for Heeba's treatment. Thanks to their support, Heeba received the medical care she desperately needed, saving her life and offering her a future filled with hope and good health. Her parents are forever grateful for the compassion shown.

14. Somala, 10 Years Heart Disease

For over 10 years, comfort was a distant stranger to Somala, who had been battling heart complications since birth. Fever, suffocation, and chest pain became constant companions in her daily life. But thanks to the compassionate donors of Child Help Foundation, Somala finally received the medical care she desperately needed. For the first time, she is free from the relentless pain and discomfort that had plagued her for years. Somala can now rest easy, with the hope of living a healthier, brighter life ahead, and her family is deeply grateful for the support she received.

MEDICAL SUCCESS STORIES

15. Shifa Maryam, 9 Months Neuroblastoma

Shifa Maryam, a nine-month-old baby, was left immobilized by cancer, which caused her legs to be paralyzed. Her parents were tormented by the thought of their daughter living a life of disability. However, thanks to the unwavering support of Child Help Foundation's selfless donors, Shifa received the necessary treatment and is now cancer-free. The joy and relief her family feels are immeasurable, knowing that Shifa is no longer bound by illness and can look forward to a healthy and active life. Their gratitude for the donors' generosity is beyond words.

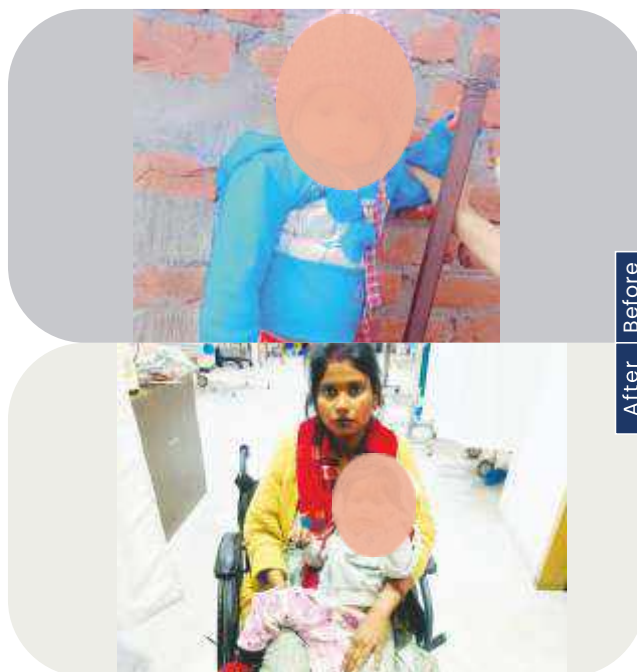

16. Baby of Renuka, 3 Days Premature Birth Complications

Renuka and Prabhu's hopes were shattered when their child was born with multiple complications, requiring a ventilator and costly treatment. The family, unable to afford the exorbitant medical expenses, turned to Child Help Foundation for assistance. Thanks to the compassionate support of the foundation's donors, Renuka and Prabhu were able to secure the necessary treatment for their baby. The financial help provided by the donors gave their child a fighting chance, and today, their family is filled with gratitude and relief, knowing their baby is on the path to recovery.

MEDICAL SUCCESS STORIES

17. Anushka, 13 Months Heart Disease

Little Anushka's life was marked by frequent hospital visits as she battled a severe and painful heart disease. Her father, who worked as a helper in a shop, struggled to gather the funds needed for her treatment. However, thanks to the generosity of Child Help Foundation's donors, Anushka received the medical care she so desperately needed. Today, she no longer faces the pain and hardship of hospital visits and is finally able to live the joyful childhood she deserves, surrounded by her family's love and gratitude for the support they received.

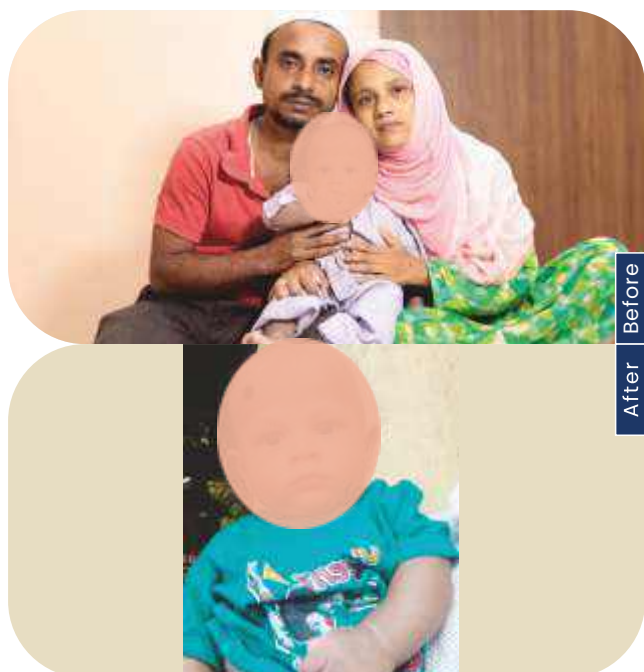

18. Pratham Hanabar, 12 Years Scoliosis

Today, Pratham lives life to the fullest, but just a few months ago, his world was overshadowed by the pain and limitations caused by scoliosis. His parents, desperate for help, turned to Child Help Foundation. After thorough verification, the donors stepped in to support Pratham's treatment. Thanks to their generous contributions, Pratham is now free from the condition that once held him back. His life has transformed, and he is finally able to enjoy the childhood he deserves, all thanks to the kindness and support of Child Help Foundation's donors.

MEDICAL SUCCESS STORIES

19. Karan Hajare, 9 Years Heart Disease

Nine-year-old Karan Hajare, from Parbhani, Maharashtra, faced the challenges of a complex heart defect. His weakened body prevented him from playing with friends or participating in school activities. Determined to alleviate their son's suffering, Karan's parents sought help at Balaji Heart and Diagnostic Centre in Mumbai. Despite their best efforts, Karan's parents struggled to gather the necessary funds. In their darkest hour, Child Help Foundation emerged as a beacon of hope. Through the support of compassionate individuals and donors, the required amount was surpassed.

20. Anas Shaikh, 5 Months HLH-Hemophagocytic Lymphohistiocytosis

A rare and deadly disorder had taken hold of Anas, threatening to claim his life. With little hope left, his family turned to Child Help Foundation for support. Thanks to the incredible generosity of the donors, Anas received the life-saving treatment he desperately needed. Today, Anas Shaikh is back home, with the disease slowly fading from his memory. His recovery is a testament to the power of compassion and the life-changing impact of the donors who made it possible for him to overcome this battle and reclaim his health.

MEDICAL SUCCESS STORIES

21. Arfa Nazia, 9 Days

Laryngomalacia

Arfa Nazia's arrival into the world was met with dread and panic as doctors informed her parents of a severe breathing issue. Her father, determined to save her, took several loans to cover the costs of treatment, but it still wasn't enough. In their darkest hour, Arfa's family reached out to Child Help Foundation for help. Thanks to the incredible support from the foundation's generous donors, Arfa received the life-saving treatment she desperately needed. Today, she is healthy and thriving, and her family is forever grateful for the kindness and compassion that saved their daughter's life.

22. Baby of Sushmitha, 4 Days

Myelomeningocele

Sushmitha gave birth to a beautiful baby girl on January 6th, 2024. However, the newborn was diagnosed with Myelomeningocele, a tumor in her spinal cord that required immediate surgical intervention to survive. With the family's income falling short to cover the treatment costs, they turned to Child Help Foundation for help. Thanks to the generosity of the donors, the little angel received the life-saving surgery she needed. Today, with the support of the foundation and its compassionate donors, this baby girl is on the path to a brighter and healthier future.

MEDICAL SUCCESS STORIES

23. Dnyanda Kishor Dhamdhare

2 Years, Heart Disease

Breathing complications, fever, and cold became common occurrences for two-year-old Dnyanda, who was suffering from a serious heart disease requiring urgent treatment. Her parents, who worked as farm laborers, struggled to afford the expensive medical care. Feeling helpless, they reached out to Child Help Foundation for support. After the necessary verification, the compassionate donors of the foundation stepped in to help raise the funds needed for Dnyanda's treatment. Thanks to their generosity, Dnyanda is now on the road to recovery, with her health and future looking much brighter.

24. Baby of Fauzia, 1 Day Premature Birth Complications

Fauzia's world shattered when she had to deliver her baby prematurely due to high blood pressure. Their daughter was immediately placed in the NICU at Hope Children's Hospital in Hyderabad, leaving Fauzia and her husband, Mohammed Mubeen, unable to even hold their newborn. With his heart full of love to save his precious daughter, Mubeen turned to Child Help Foundation for assistance. Recognizing the urgency and the family's financial constraints, the foundation stepped in to provide the necessary support. And now the once fragile baby is healthy and safe.

MEDICAL SUCCESS STORIES

25 Ayush Sachin Shigvan, 13 Years Tricuspid Atresia

The bitter truth knocked on the door of Ayush's parents when he suffered from a rare heart condition. It was diagnosed when he was five months old and his parents couldn't continue his treatment because of COVID-19. Later, the doctors suggested that Ayush needed an urgent BDGS with conduit Surgery and the estimated amount was ₹ 6,50,000/- (Rupees Six Lakhs Fifty Thousand Only). The amount shook his parents and he sought help from Child Help Foundation. The donors poured the funds required and helped Ayush in his successful treatment.

26. Mahananda, 13 Years Scoliosis

Mahananda dreamed of an independent life, free from the constraints of her disability. However, her dreams seemed out of reach as her father's low income made it impossible to afford the necessary treatment. With little hope left, Mahananda's family turned to Child Help Foundation for assistance. Thanks to the kindness and generosity of the donors, funds were raised to cover her treatment, helping Mahananda take the first steps toward living the life she always dreamed of. Today, she is closer than ever to achieving her aspirations and living independently.

MEDICAL SUCCESS STORIES

27. Neel Bahri, 11 Years 7 Months Heart Disease

For twelve long years, comfort was a distant dream for Neel, as he battled a heart disease that never seemed to relent. His parents, overwhelmed by the constant challenges and the financial burden, reached out to Child Help Foundation with a glimmer of hope. Their faith in the Foundation was rewarded when generous donors stepped in, raising the necessary funds for Neel's treatment. Thanks to this overwhelming support, Neel finally received the medical care he needed, bringing him closer to the comfort and health he had long been denied.

28. Pari Bana, 3 Years Heart Disease

Recurring fevers, chest pain, and breathing complications cast a shadow over the life of Pari Bana, turning each day into a battle against pain and suffering. Her condition required urgent treatment, but with her father working as a laborer, the cost of the necessary care seemed out of reach. When all hope seemed lost, the generous efforts of Child Help Foundation's donors came to the rescue. Their support helped raise the funds needed for Pari's treatment, saving her from further harm and giving her the chance to live a healthier life.

MEDICAL SUCCESS STORIES

29. Shambhu Borkar, 5 Years Neuroblastoma

It all began with a simple fever, but that fever soon revealed itself to be something far more serious—Neuroblastoma, a form of cancer that threatened to overshadow Shambhu's future. Despite the odds, Shambhu faced his diagnosis with remarkable courage and determination. His battle was supported by the incredible generosity of Child Help Foundation's donors, who poured their hearts into raising the necessary funds for his treatment. With Shambhu's unyielding will and the donors' unwavering support, cancer was defeated. Today, Shambhu is cancer-free and looks forward to a bright and hopeful future.

30. Shrishti, 9 Months Heart Disease

Shrishti's childhood was at risk when she was diagnosed with a serious heart condition. Her family, having exhausted all their savings, felt hopeless in the face of the mounting medical costs. But then, the kind-hearted donors of Child Help Foundation stepped in, tirelessly campaigning and raising the necessary funds to save Shrishti's life. Thanks to their generosity and unwavering support, Shrishti's life was secured, and today she is able to live a healthy, promising future.

MEDICAL SUCCESS STORIES

31. Soban, 5 Years Multiple Metastasis and Carcinoma Cystic

For four long years, little Soban endured excruciating pain due to a cyst that turned his life into a constant nightmare. Desperate for help, his parents reached out to Child Help Foundation. After a thorough verification, the generous donors of Child Help Foundation stepped in, offering the support needed to provide Soban with the treatment he desperately required. Today, Soban is free from pain and can finally look forward to a life filled with hope and joy, thanks to the kindness and compassion of the donors.

32. Ayaz Khan, 9 Years Pyeloplasty

Ayaz Khan's life was overshadowed by painful kidney complications that made something as basic as passing urine an agonizing ordeal. His father, a cab driver, struggled to make ends meet, and the cost of treatment seemed impossible to afford. When all hope seemed lost, Ayaz's parents reached out to Child Help Foundation. Thanks to the generous donors, Ayaz received the treatment he desperately needed, bringing an end to his suffering. Today, Ayaz is free from pain and able to live a life full of possibilities, all thanks to the kindness and support of the donors.

MEDICAL SUCCESS STORIES

33. Shivraj Shinde, 5 Months Heart Disease

Shivraj Shinde, born with a weak heart, spent the first five months of his life struggling with constant health issues. His parents, deeply worried for their baby's future, reached out to Child Help Foundation for help. The donors responded with overwhelming generosity, raising the funds needed for his treatment. Thanks to their support, little Shivraj received the care he desperately needed. Today, the Shinde household is filled with joy and relief, as their little angel is now free from the troubles that once plagued his life.

34. Wajiya, 5 Years Spina Bifida

Walking and playing with friends was a dream that five-year-old Wajiya cherished, but her family's financial struggles made it seem out of reach. With her father working as a mechanic, the cost of her treatment was beyond their means. But thanks to the kind-hearted donors of Child Help Foundation, Wajiya's dream was brought to life. They rallied together, raising the necessary funds for her treatment. Today, Wajiya is looking forward to a future filled with freedom, play, and independence, all made possible by the generosity of those who cared.

MEDICAL SUCCESS STORIES

35. Twins of Jyothi, 3 Days Premature Birth Complications

Born prematurely during the seventh month of Jyothi's pregnancy, her twin children were greeted with tears instead of smiles. They were frail and struggled to breathe, requiring oxygen support to survive. With no other options left, Jyothi and her husband turned to Child Help Foundation for help. Thanks to the unwavering support of generous donors, the babies were given a fighting chance. Their lives were saved, and they were able to grow strong and healthy, a testament to the kindness and compassion that turned their fate around.

36. Shobha Waghmare, 15 Years Chronic Kidney Disease

Today, Shobha is excited about her studies and career, but just a few months ago, she was fighting a severe kidney disease. Her parents, unable to afford the necessary treatment, reached out to Child Help Foundation for assistance. After the necessary verification, the donors stepped in with their generous support, enabling Shobha to receive the treatment she desperately needed. Thanks to their kindness, Shobha's health has improved, and she now looks forward to a bright future, full of opportunities she once feared she might lose.

MEDICAL SUCCESS STORIES

37. Anjali, 10 Years Anorectal Malformation

Anjali has faced an arduous journey since birth, grappling with the relentless challenges of an Anorectal Malfunction. Despite her unwavering spirit, her condition caused a diminished appetite, significant weight loss, and lingering weakness, making even routine tasks feel like insurmountable challenges. Just when hope seemed to be slipping away, the donors of Child Help Foundation stepped in, offering their support to rescue Anjali from her distress. Thanks to their generosity, Anjali is now on her way to recovery, and her once bleak future is now filled with the possibility of a healthier, happier life.

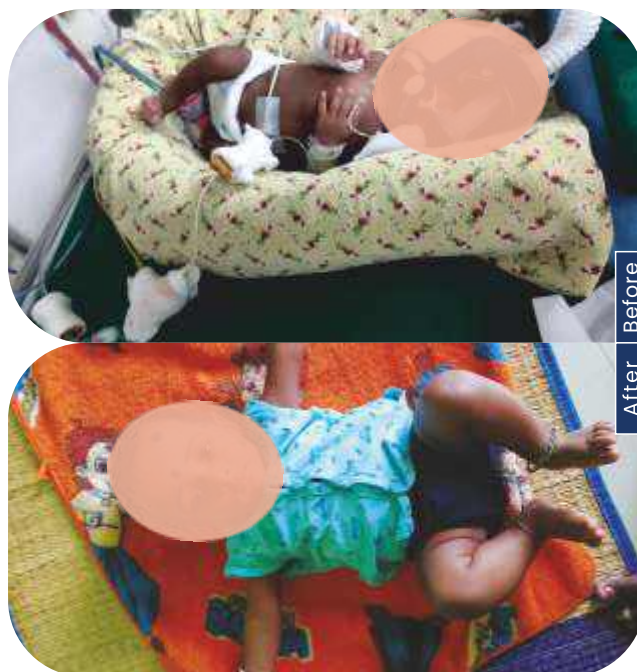

38. Amulya, 9 Years Thalassemia Major

Amulya, a 9-year-old from Bengaluru, bravely battled Thalassemia Major. Her family, struggling with financial hardships, was overwhelmed by the cost of her life-saving Bone Marrow Transplant. With the support of generous donors and Child Help Foundation's unwavering efforts, Amulya underwent successful treatment at Narayana Hospital. Today, she is healthy and smiling, a symbol of resilience and hope. Her family's gratitude knows no bounds as they cherish this second chance at life for their beloved daughter. This success story highlights the power of collective compassion in transforming lives.

MEDICAL SUCCESS STORIES

39. Babies of Arul Jyothi, 39 Days Premature Birth Complications

Born prematurely, Arul Jyothi's twins entered the world fragile and weak, needing oxygen support to breathe. Their arrival was met with concern rather than joy, as the uncertainty of their survival loomed over the family. In a final act of desperation, the parents reached out to Child Help Foundation for help. The Foundation answered their call, becoming a beacon of hope. Thanks to the generous support of the donors, the twins not only survived but thrived, escaping the shadows of uncertainty and giving their family the chance to embrace a brighter future.

40. Naveen Jinkala, 4 Years Heart Disease

Naveen, a four-year-old, was born with a weak heart, enduring pain since he was nine months old. His father, Raju, worked at a private firm but couldn't afford the costly treatment Naveen urgently needed. Desperate, the family turned to Child Help Foundation. The foundation quickly verified their case and launched a fundraising campaign. Thanks to the kindness of generous donors, the necessary funds were raised, allowing Naveen to receive life-saving treatment. Today, Naveen is healthy, and his family is forever grateful to Child Help Foundation and its compassionate supporters for making this miracle possible.

MEDICAL SUCCESS STORIES

41. Ansh Makwana, 3 Years 9 Months Leukemia

Ansh, a young boy, was fighting a fierce battle with cancer. The rigorous chemotherapies took a toll on him, leaving him weak and without hair. His family was devastated, especially as the cost of his treatment, Rs 1,25,000, was far beyond what his father, a laborer, could afford. In desperation, Ansh's father turned to Child Help Foundation for help. The foundation, through the compassion and generosity of its donors, raised the necessary funds to save Ansh's life. Today, thanks to their support, Ansh is cancer-free, filled with hope, and ready to embrace life again.

42. Aadishree, 3 Years Heart Disease

The joys of childhood seemed distant for Aadishree when she was diagnosed with a life-threatening heart condition. The cost of the required treatment was overwhelming, especially for a family dependent on the income of Aadishree's father and grandmother. Despite the severity of her illness, the love and generosity of Child Help Foundation's donors proved to be stronger. With their compassionate support, Aadishree was able to receive the treatment she desperately needed. Today, thanks to the kindness of these donors, Aadishree is on the path to recovery and can finally look forward to a healthier future.

MEDICAL SUCCESS STORIES

43. Anuj, 8 Years Hydrocephalus

Fearing mockery, Anuj shut himself off from the world and began living a life of isolation. Hydrocephalus had caused his skull to take an abnormal shape, making him the target of cruel taunts. His condition was so severe that, despite being eight years old, he couldn't even attend school. However, everything changed when the generous donors of Child Help Foundation came to his aid. With their support, Anuj received the life-changing treatment he desperately needed. Now, with his health improving, Anuj is on his way to resuming a normal life and embracing the future with hope.

44. Baby of Sunita Chand, 7 Days Premature Birth Complications

Born prematurely at just seven and a half months, Sunita and Rakesh's baby faced a tough start to life, residing in the NICU at Silver Crest Hospital. Overwhelmed by the Rs. 3,50,000/- treatment cost, the family's hope dimmed. However, the kindness of donors and the efforts of Child Help Foundation turned their despair into joy. The baby received timely treatment and is now thriving, ready to return to his mother's loving embrace. The family is eternally grateful to everyone who contributed to saving their precious son, proving that compassion can create miracles.

MEDICAL SUCCESS STORIES

45. Ruhan, 4 Years Heart Disease

Four-year-old Ruhan was born with a heart condition that doctors initially believed would heal on its own. However, as the years passed, it became clear that the condition was not improving, and Ruhan's only chance for a healthy future was an expensive surgery. His father, Shahabaj, a laborer with a family of four living in a rented home, had borrowed money from relatives, but still couldn't afford the treatment. In desperation, Shahabaj reached out to Child Help Foundation for help. The foundation's generous donors stepped in, raising the necessary funds to save Ruhan's life and give him a chance to live without pain.

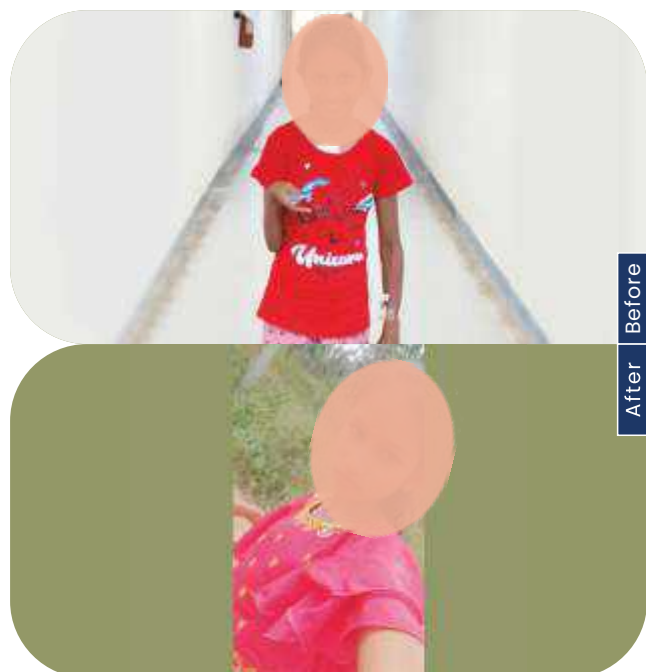

46. Maihir, 3 Years Hepatoblastoma Pretext IV

For a year, three-year-old Maihir had been courageously battling Hepatoblastoma Pretext IV, a severe liver tumour. His father, Atrakul, had to quit his job to care for him, relying on family and friends for daily expenses. However, the cost of a life-saving liver transplant was far beyond their means. In a final act of hope, Atrakul turned to Child Help Foundation for help. Thanks to the incredible generosity of the donors, their love and support raised the necessary funds, and Maihir was able to undergo a successful surgery. Today, he is on the road to recovery, and his family is filled with gratitude.

MEDICAL SUCCESS STORIES

47. Twins of Pooja, 3 Days Premature Birth Complications

Grief overshadowed the birth of Pooja's triplets when one of the babies tragically passed away due to being born prematurely. With the remaining twins at risk, Pooja and her husband, Sanjeev, were desperate to save them. Turning to Child Help Foundation for help, they found hope in the unwavering support of the donors. Through their generosity and love, the twins received the care and treatment they needed to survive. Today, the babies are thriving and in the loving arms of their parents, bringing joy and relief to the family.

48. Aluva Amulya, 11 Years Heart Disease

Eleven-year-old Amulya has bravely faced Congenital Heart Disease since she was a mere few months old. Her parents, Suresh and Sujatha, toil as agricultural labourers, relying on daily wages to sustain their family. Affording the staggering Rs 5,50,000/- needed for Amulya's treatment felt utterly impossible for the couple. Faced with this overwhelming hurdle, the couple reached out to Child Help Foundation for a glimmer of hope. Thanks to the incredible kindness and compassion of donors like you, Amulya received the treatment she so desperately needed.

MEDICAL SUCCESS STORIES

49. Sakshi Lagashetti, 5 Years Heart Disease

The pain that Sakshi endured was unimaginable. Born with two holes in her heart, her condition left her underweight and struggling for basic strength. As the daughter of daily wage laborers, the cost of her treatment seemed beyond reach, and hope appeared distant. However, with the support of compassionate donors, what once seemed impossible became a reality. Through their generous contributions, Sakshi received the vital treatment she needed, giving her a chance at life and a future filled with hope. Today, thanks to the unwavering support of the donors, Sakshi is on her way to recovery.

50. Sanjana Chetpally, 8 Years Heart Disease

For over eight years, ease and comfort were foreign to Sanjana Chetpally. Born with a weak heart, her health condition had been a constant struggle. The treatment she desperately needed was far beyond her family's financial means, given the enormous costs involved. However, the compassionate donors of Child Help Foundation extended a lifeline to Sanjana. Through their generous contributions, they built a bridge of hope and love, enabling Sanjana to receive the life-saving treatment she so urgently required. Today, thanks to their selflessness, Sanjana is living a healthier, more promising life.

MEDICAL SUCCESS STORIES

51. Sanjana Joshi, 10 Years Fanconi Anaemia

Today, Sanjana is living her life to the fullest, embracing every moment with gratitude. However, her journey was far from easy. Diagnosed with Fanconi Anaemia, she needed a sibling donor transplant, a procedure that came with a hefty price tag. Her family, struggling with the financial burden, saw little hope. But then, the generous donors of Child Help Foundation stepped in, offering the support needed to fund her life-saving treatment. Thanks to their selflessness and unwavering kindness, Sanjana received the cure she desperately needed, and now she is thriving, full of hope for the future.

52. Suhani, 9 Years Accidental Injuries

The sight of little Suhani was lost during a simple playtime accident, leaving her parents heartbroken and filled with despair. Tears flowed as they feared they would never see their daughter's bright eyes again. In their darkest moment, they turned to Child Help Foundation for help, placing their faith in the hands of the donors. Miraculously, their faith was rewarded. Thanks to the compassion and generosity of the donors, Suhani was able to undergo the necessary treatment, and her sight was restored. Today, Suhani is able to see her parents' smiles once again, and their hearts are filled with joy.

MEDICAL SUCCESS STORIES

53. Ritesh, 17 Years

Malignant Mesenchymal Tumor

The life of seventeen-year-old Ritesh took a tragic turn after a bike accident shattered his world. Instead of starting his dream business to support his family, Ritesh was diagnosed with Malignant Mesenchymal Tumor Osteosarcoma High Grade (RT) Tibia, a life-threatening cancer. The news devastated Ritesh's father, Balister who was already unemployed and burdened with loans. But with your incredible support and heartfelt donations, Ritesh is now taking steps toward reclaiming his aspirations. Your unwavering kindness has become the beacon of hope guiding Ritesh back towards his dreams and a brighter future.

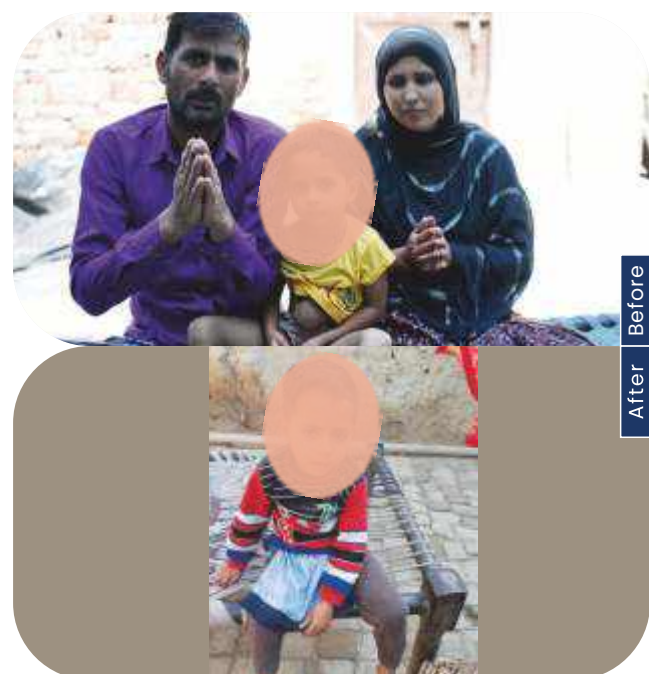

54. Twins of Shibitha, 6 Days Premature Birth Complications

Shibitha and Visal had dreamed of becoming parents for twelve long years. When their dreams finally came true, it was in the most unexpected and heartbreaking way. Shibitha's twins were born prematurely, at just six months of pregnancy, and their survival hung in the balance. In desperation, the parents reached out to Child Help Foundation, hoping for a miracle. After the necessary verifications, the foundation's donors stepped in with immense generosity. Thanks to their support, the twins were able to receive the critical treatment they needed, giving them a chance at life. Today, the twins are healthy, and their parents' hearts are filled with gratitude.

MEDICAL SUCCESS STORIES

55. Baby of Sandhya, 32 Days Neonatal Meningitis

Sandhya's baby boy was born with neonatal meningitis, a severe brain infection that left him struggling with significant weight loss and in dire need of intensive care in the NICU. His parents, already burdened with their financial limitations, were unable to afford the high cost of treatment. With their hopes fading, they turned to Child Help Foundation for help. Miraculously, the foundation's compassionate donors rallied together, providing the critical funds needed for the baby's care. Thanks to their generosity, the baby boy received the treatment he desperately needed and was saved, giving his family a new lease on life.

56. Zainab, 5 Years Hernia

Pain and misery were Zainab's constant companions ever since she was born. She was born with a weak heart and needed immediate treatment to survive. However, her parents had exhausted all their savings, leaving them with no means to pay for the crucial treatment. In their time of desperate need, Child Help Foundation's generous donors stepped in, providing the necessary funds to save Zainab's life. Today, thanks to the kindness and compassion of those who supported her, Zainab is living a carefree, healthy life—a future once thought impossible, is now made real through the unwavering help of our donors.

MEDICAL SUCCESS STORIES

57. Diya, 7 Years Heart Disease

The joys of childhood were a distant dream for Diya, as she was born with a severe heart condition. The only way for her to experience a carefree childhood was through a life-saving treatment that cost a staggering Rs 4,20,000, a sum that her parents, struggling with financial hardships, could never afford. Just when hope was beginning to fade, the kind-hearted donors of Child Help Foundation stepped in, like superheroes, and provided the necessary funds. Thanks to their generosity, Diya received the treatment she so desperately needed and is now able to live a happy, healthy life.

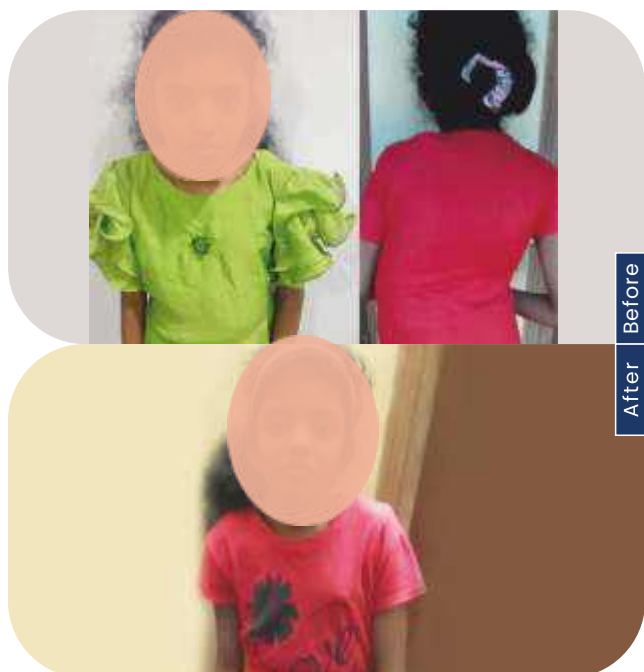

58. Sameer, 1 Year 5 Months Heart Disease

The heart condition of Sameer made it impossible for him to stomach more than a few morsels of food. The doctors said that he needed treatment. But how were the parents supposed to raise the funds, when even daily meals were a luxury to them? Seeing no way out of the predicament, the parents made a decision to take the help of Child Help Foundation. Their trust was warranted, as Child Help Foundation helped Sameer to escape from the grasp of the disease.

MEDICAL SUCCESS STORIES

59. Jovito Joppu, 2 Years 10 Months Hydronephrosis

During the fifth month of Savitha's pregnancy, concerns about her unborn child's kidney health led to immediate medical intervention, with surgery scheduled just 45 days after delivery. However, Jovito's struggles didn't end there—he was diagnosed with hydronephrosis, causing his left kidney to stop functioning. Savitha, abandoned by her husband, had no source of income and relied on the kindness of neighbors and relatives to care for her children. Thanks to the generosity and prayers of Child Help Foundation's donors, Jovito received the necessary treatment and is now living a much healthier life, bringing hope and relief to his mother.

60. Bhadra, 15 Years Scoliosis

Imagine being fifteen, full of dreams and aspirations, yet grappling with a condition that twists the path of normalcy. Bhadra's dreams of aiding her father in managing their household, of simply living a self-sufficient life, seemed like distant mirages when Scoliosis, an invisible adversary, contorted her reality, bending not just her throat but also the trajectory of her life. The poignant narrative was transformed by the power of collective kindness and compassion of strangers-turned-saviors who gifted Bhadra another chance at life. The symphony of relief and gratitude now reverberates through the corridors of Bhadra's home, painting a portrait of triumph over adversity.

MEDICAL SUCCESS STORIES

61. Aditi, 9 Months Burn Injuries

Sunil heard a piercing scream and reached out to the source only to confront a sight that tore his insides. The sight of his precious daughter, Aditi, engulfed in pain with burn marks etched a tragic tale across her body. Amidst this anguish, a glimmer of hope flickered through the guidance of doctors offering a path to recovery through multiple surgeries, but it came with a hefty price tag. Sunil, a labourer pouring every ounce of strength into sustaining his family of five, has already emptied his savings into Aditi's treatment. Having no options left, he approached the donors of Child Help Foundation for their help. Aditi's story is now woven with threads of generosity and serves as a testament to the profound impact of collective empathy

62. Rohit, 10 Months Heart Disease

Imagine the gut-wrenching sight of a 10-month-old child, tiny and fragile, writhing in discomfort, his cries a haunting echo of his parents' helplessness. What should have been the cherished beginnings of Rohit's life swiftly transformed into an agonizing struggle when it was discovered that his tiny heart carried an immense burden—a disease that threatened to steal his future. In the depths of despair, Rohit's parents, Kishan and Soni Devi turned to Child Help Foundation, clinging to a flicker of hope. And in this dire hour, that hope was not in vain. Through unwavering support, their donors and well-wishers became the guardian angels that liberated Rohit from the clutches of this merciless disease with successful open heart surgery.

MEDICAL SUCCESS STORIES

63. Preethika, 2 Years Thalassemia Major

Ramesh Naik's heart ached for his two-year-old daughter, Preethika. Instead of the carefree laughter that should have filled her days, she had to endure relentless pain and suffering, battling Thalassemia Major. Her fragile health was hanging by a thread, dependent on regular blood transfusions that offered temporary relief from her relentless ordeal. When it felt like hope was slipping away, Ramesh bravely reached out to Child Help Foundation, clutching at a glimmer of hope for Preethika's future. And then, through the profound generosity and boundless love of strangers turned donors, a miracle unfolded. After a long and painful journey, Preethika received the precious gift of a successful bone marrow transplant.

64. Poojashree, 13 Years Aplastic Anemia

Poojashree's days turned into a cycle of coughing and cold since she was diagnosed with Aplastic Anemia. Once a bright student, she gradually faded into a mere shadow of her former self. Her father, Selvaraj, a hardworking daily wage driver, found himself plunged into a financial abyss when doctors prescribed a bone marrow transplant as the only lifeline for his daughter. In this bleak moment, a ray of hope emerged as donors rallied with kindness and unwavering support for this courageous teenager. Their generosity became the beacon of light guiding Poojashree towards a chance at healing and reclaiming her lost dreams.

MEDICAL SUCCESS STORIES

65. Samarth, 6 Years Burkitt Lymphoma

Samarth, once a vibrant and cheerful six-year-old, found his world darkened by Burkitt Lymphoma, stealing his laughter and engulfing his days in excruciating pain. His father, Akash Lakhe, toiled as a daily wage labourer, his earnings eclipsed by overwhelming expenses. Already burdened with the challenge of meeting daily needs, he had no means to rescue his son from the clutches of this ruthless disease. It is only due to the incredible generosity of the donors, Samarth's story took a turn. Their compassion and support paved the way for Samarth to receive the treatment he desperately needed.

66. Priya Warshi, 12 Years Burn Injuries

Sachin Warshi, overwhelmed by his daughter Priya's ongoing suffering from a lockdown accident, felt her cries pierce his heart like sharp daggers. The mishap, while handling hot processed noodles, inflicted severe burns on Priya, tormenting her for years with excruciating pain and periodic fluid leaks causing fever. In the moment of despair, the donors from Child Help Foundation emerged like a beacon of hope, bringing much-needed relief and saving the day for the twelve-year-old.

MEDICAL SUCCESS STORIES

67. Ronit Bajaj, 14 Years Thalassemia Major

Sangeeta Bajaj carried the weight of her son Ronit's Thalassemia Major, a battle that began when he was merely two months old. At fourteen, Ronit learned to shield his pain behind a facade of strength, but his silent struggles never escaped his mother's watchful eyes. Sustaining her family by stitching clothes was already difficult after her divorce, adding to this was Ronit's bone marrow transplant surgery which seemed a nearly impossible task for the mother. However, the donors of Child Help Foundation came forward and helped Ronit to undergo the crucial treatment. Today, amidst their kindness, Ronit is on his way to reclaiming a life of joy and normalcy, a testament to the immense impact of heartfelt contributions.

68 Aayaan, 17 Years Neurofibroma

At the cusp of adulthood, Aayaan had big dreams and plans for his future. But everything changed when he was diagnosed with Neurofibroma, a condition that threatened to shatter his aspirations. As his health deteriorated and hope seemed lost, Aayaan and his family found a beacon of hope in the donors of Child Help Foundation. Their unwavering support and generosity provided Aayaan with the treatment he desperately needed, helping him battle the disease and giving him a second chance at life and a future filled with possibilities.

MEDICAL SUCCESS STORIES

69. Tanishka, 9 Years Liver Failure

Tanishka's life was overshadowed by the agony of liver failure, and her parents were devastated, knowing they couldn't afford the treatment she so desperately needed. Struggling with the harsh realities of poverty, they felt hopeless. But the love and generosity of Child Help Foundation's donors shone through, offering Tanishka a chance at life. Thanks to their support, Tanishka underwent the necessary treatment and is now living a vibrant, joyful life. Her family's once-dimmed hope has been rekindled, and today, Tanishka is thriving, a testament to the power of compassion and community.

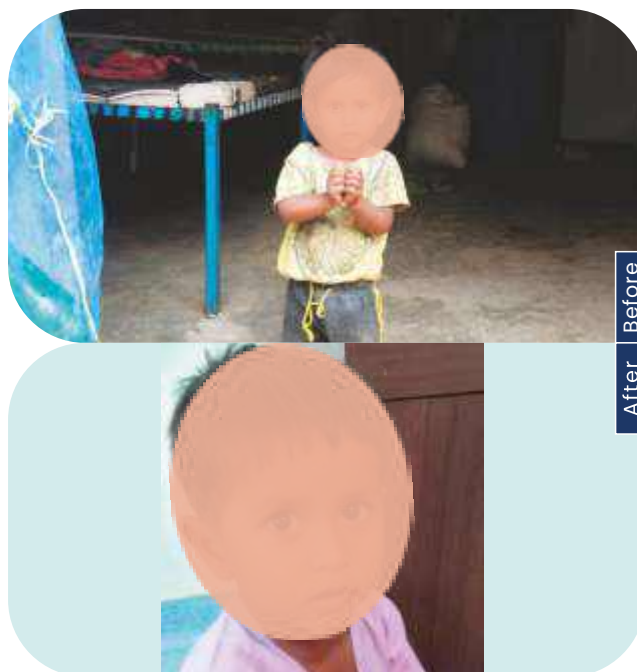

70. Srushti, 13 Years Congenital Kyphoscoliosis

Srushti's life was a constant struggle as she battled Congenital Kyphoscoliosis, a condition that caused her immense pain and discomfort every day. Her mother, a widow, was unable to afford the costly treatment needed to help her daughter. Feeling hopeless, they turned to Child Help Foundation for assistance. Through the generosity and compassion of the foundation's donors, Srushti was able to receive the life-changing treatment she desperately needed. Today, Srushti is free from pain and living a joyful, fulfilling life, all thanks to the kindness of those who believed in her.

MEDICAL SUCCESS STORIES

71. Kartik, 1 Year 8 Months Heart Disease

Kartik, a mere one year and eight months old, was battling a severe heart condition that threatened his young life. His parents, devastated by the situation, had already exhausted their savings in a desperate attempt to save him. With no other options and a heavy heart, they reached out to Child Help Foundation for support. Thanks to the compassion and generosity of the Foundation's donors, the funds were raised to cover Kartik's treatment. Today, Kartik is alive and thriving, all thanks to the unwavering support of those who stepped in during his darkest hour.

72. Ganesh Banothu, 13 Years Heart Disease

For over ten years, Ganesh lived in constant pain and suffering, as his life was threatened by a serious condition. The only solution was a life-saving surgery, but the cost was astronomical, far beyond what his father, a humble coolie, could afford. As the family's hopes dwindled, they turned to Child Help Foundation for assistance. In their time of need, the generous donors stepped in, raising the necessary funds to save Ganesh's life. Today, with a healed heart and a brighter future, Ganesh's family is filled with joy as they raise their beloved son.

MEDICAL SUCCESS STORIES

73. Baby of Laxmi, 10 Days Premature Birth Complications

Having already lost one twin, Laxmi's heart was heavy with fear for the life of her surviving child. The pain of losing another was something she couldn't bear to imagine. Desperate, Laxmi and her husband, Sharana, reached out to Child Help Foundation for support. The foundation, through the kindness and generosity of its donors, provided the necessary help for their baby's treatment. Today, their little one is safe, healthy, and peacefully in the loving arms of his parents, a testament to the power of compassion and hope.

74. Khushi, 10 Years Scoliosis

Scoliosis made everyday life a constant challenge for 10-year-old Khushi, who struggled with pain and discomfort. The only solution was an expensive deformity correction surgery, costing Rs 5,00,000, an amount far beyond the reach of her parents. Filled with dread and uncertainty, Khushi's parents turned to Child Help Foundation, seeking a glimmer of hope. Thanks to the unwavering support of compassionate donors, Khushi received the life-changing treatment she desperately needed. Today, Khushi is free from the burden of scoliosis, living a life filled with joy and possibilities, all thanks to the generosity of others.

MEDICAL SUCCESS STORIES

75. Baby of Anjum, 1 Day Premature Birth Complications

Anjum had cherished every moment of her eight-month pregnancy, looking forward to the arrival of her baby. However, the joy quickly turned to worry when her baby was born extremely weak, and unable to survive without urgent medical attention. In a state of despair, Anjum and her husband reached out to Child Help Foundation for assistance. The foundation's generous donors stepped in, offering the support needed for the baby's treatment. Today, thanks to their kindness, the baby is healthy and safe, resting peacefully in the loving arms of her mother.

76. Baby of Dhanalaxmi, 2 Months 14 Days Premature Birth Complications

Dhanalaxmi and Selva were devastated when their daughter was born prematurely, and their hopes for her survival seemed dim. The uncertainty of her condition left them feeling helpless. In their darkest moment, they turned to Child Help Foundation for support. Through the generosity and compassion of the donors, the family received the medical help their daughter desperately needed. Today, thanks to the unwavering love and support from the donors, Dhanalaxmi and Selva are joyfully raising their little one, grateful for the second chance at life they never thought possible.

MEDICAL SUCCESS STORIES

77. Twins of Dhivya, 1 Month 6 Days Premature Birth Complications

Prematurely delivered due to high blood pressure and blood loss, the twins were rushed to the NICU at Kovai Medical Center and Hospital Limited in Coimbatore, where they required critical care and external breathing support. The doctors recommended a PDA ligation and an additional month in the NICU, with a total treatment cost of Rs. 7,00,000. Despite Dhivya and Dharan's efforts to raise funds by selling jewellery and borrowing from loved ones, the financial burden was overwhelming. Thanks to the incredible generosity of donors, the necessary funds were raised, enabling the twins to receive the life-saving treatment they needed.

78. Pankaj Pandey, 4 Months Heart Disease

At just four months old, little Pankaj Pandey was diagnosed with a heart condition that required immediate surgery to save his life. However, with the treatment costing Rs. 2,50,000, his parents, overwhelmed by the financial burden, saw their hopes of saving him fading. In their time of despair, the generous donors of Child Help Foundation stepped in, providing the financial support needed for Pankaj's surgery. Today, thanks to the kindness and compassion of the donors, Pankaj is living a healthy life, surrounded by his loving family.

MEDICAL SUCCESS STORIES

79. Titli Shah, 9 Months Heart Disease

No nine-month-old child should suffer from heart disease, but that was the reality for Titli Shah. Born to a poor farmer, her family saw no hope for her survival as her condition worsened. With limited resources and desperate for a solution, Titli's parents turned to Child Help Foundation, hoping for a miracle. Thanks to the generous support of donors, what seemed impossible became a reality. These donors became superheroes, offering life-saving care and a new chance for Titli, transforming her future and giving her a fighting chance at life.

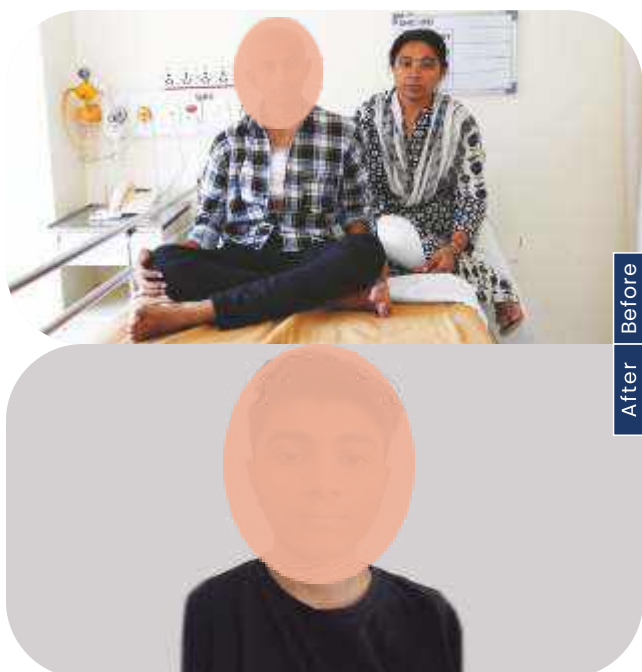

80. Fidal Dev, 12 Years Heart Disease

Comfort and peace were distant strangers to twelve-year-old Fidal Dev, who had suffered from heart disease for most of his life. For years, he endured constant pain, with little hope for relief. However, the suffering finally came to an end when the compassionate donors of Child Help Foundation stepped in. Through their love and generosity, Fidal's misery was put to rest, giving him the chance for a healthier, happier life. Their support brought an end to his long years of suffering, offering him a new beginning filled with hope and care.

MEDICAL SUCCESS STORIES

81. Meraj Alam, 13 Years Thalassemia Major

Meraj had always dreamed of teaching the next generation, but his aspirations were threatened by his battle with Thalassemia Major. His parents, proud of his intellect, also lived in constant fear for his life. The uncertainty weighed heavily on them, knowing his future was at risk. Fortunately, the generous donors of Child Help Foundation stepped in, offering their love and support. Thanks to their compassion, Meraj's life was saved, and his dream of becoming an educator was preserved. With a second chance, he would live to inspire and teach future generations.

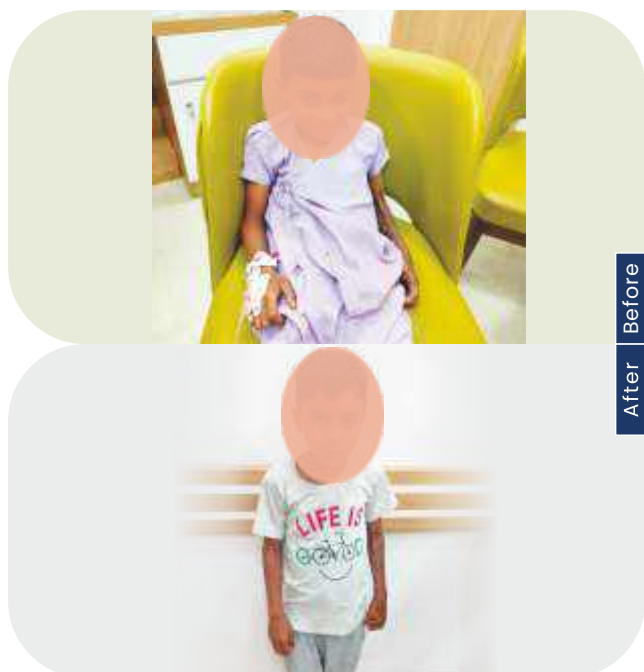

82. Jeet Jain, 17 Years Leukemia

Grief overwhelmed the Jain family when their seventeen-year-old son, Jeet, began experiencing severe fatigue and restlessness. After tests, they learned he was suffering from cancer. Having raised their son for seventeen years, his parents were devastated, facing not only emotional turmoil but also enormous medical bills. With hope fading, the selfless donors of Child Help Foundation stepped in, offering the financial and emotional support Jeet desperately needed. Thanks to their generosity, Jeet received the treatment that helped him overcome cancer, allowing him to recover and reclaim his future.

MEDICAL SUCCESS STORIES

83. Milsana, 5 Years Heart Disease

Milsana was born with not one, not two, but three holes in her heart. The cost of her treatment was Rs. 3,60,000 (Three Lakh Sixty Thousand), a sum far beyond her father's financial capacity. Desperate to save his daughter, he turned to Child Help Foundation for assistance. The generous donors responded with compassion, ensuring that all the financial requirements for Milsana's treatment were met. Thanks to their support, Milsana received the care she needed, saving her from a life of misery and giving her a chance at a healthy future.

84. Shaan, 7 Years Heart Disease

As the sole breadwinner in a family of six, Mousim's son, Shaan, faced a daunting situation. Suffering from a heart condition, Shaan urgently needed treatment, but the medical bills were overwhelming. With little hope of affording the necessary care, Mousim was desperate. Thankfully, the generous donors of Child Help Foundation stepped in, offering crucial financial support. Their timely assistance allowed Shaan to receive the treatment he desperately needed, helping him overcome his health crisis and giving him a chance at a brighter, healthier future.

MEDICAL SUCCESS STORIES

85. Ilma, 1 Year 2 Months Heart Disease

What began as fever and breathing problems soon turned into an unimaginable nightmare for Ilma. Her health was plagued by a heart condition that required urgent surgical intervention. However, the cost of the treatment was far beyond what her parents could afford. In their desperation, they reached out to Child Help Foundation, holding onto a glimmer of hope. After a thorough verification process, the generous donors stepped in to support Ilma. Thanks to their help, Ilma received the life-saving surgery and returned to her family, healthy and full of life.

86. Eldho Jain, 13 Years Heart Disease

The situation seemed hopeless for Eldho, as both of his parents lost their jobs. To make matters worse, Eldho was suffering from severe kidney and bladder complications. With no other options, his parents turned to crowdfunding in search of help. Their hopes were answered when generous donors stepped in, offering their love and support. Thanks to their kindness, Eldho received the medical treatment he needed, saving him from a life of suffering and giving him a chance for a healthier, brighter future.

MEDICAL SUCCESS STORIES

87. Harshada, 5 Months Heart Disease

Today, Harshada is full of smiles, brimming with energy and happiness. However, a few months ago, her life was in grave danger as she battled a critical heart condition. Her parents, desperate for help, reached out to Child Help Foundation during those challenging times. The organization promptly stepped in, providing support and ensuring Harshada received the medical attention she urgently needed. Thanks to their timely intervention and her resilience, Harshada's life took a miraculous turn. Today, she embodies hope and recovery, a testament to CHF's unwavering commitment.

88. Aadvik Ojha, 10 Months Rectal Atresia

At the time Aadvik was born, the doctors had distressing news for his parents. He was diagnosed with Rectal Atresia with Acute Sepsis and Hypospadias and was confined in ICU. He required prolonged neonatal ICU support along with multiple operations, and the cost was Rs 1,25,000 (Rupees One Lakh Twenty-Five Thousand Only). With his father's meagre income and to take care of his family of five only glimmers of hope were your kindness and compassion. With your help, Aadvik is today able to live a cheerful childhood.

MEDICAL SUCCESS STORIES

89. Manthan Bagade, 9 Months Ewing Sarcoma

Cancer is a deadly disease if not detected early. Manthan at the age of nine was fighting cancer. He was diagnosed with Ewing Sarcoma and required 15 cycles of Cancer therapy and the treatment cost was Rs. 13,00,000/- (Rupees Thirteen Lakhs only). His mother single-handedly raised him after his father passed. They approached Child Help Foundation for help and with the help of the donors, Manthan could complete his treatment. Thank you for showering your love on a little boy.

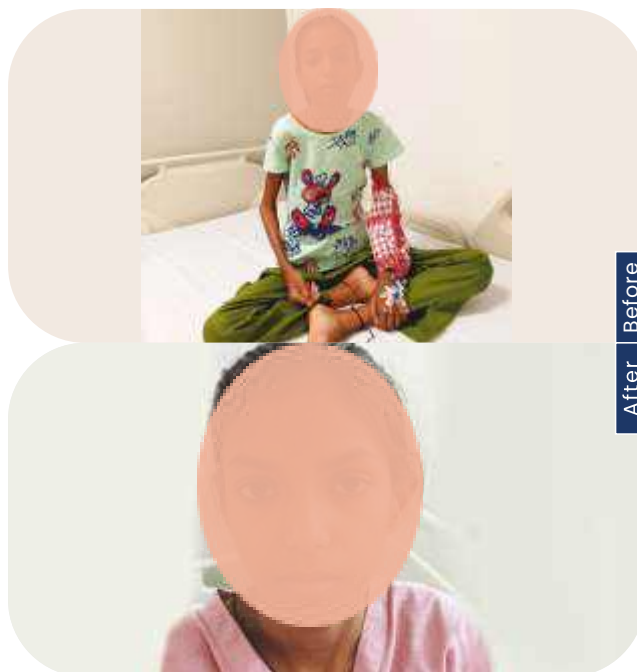

90. Nahida Begum, 8 Years Dorsolumbar Kyphoscoliosis

An eight-year-old Nahida hoped that one day she would be able to experience the joys and pleasures of her childhood like her siblings and peers. But Dorsolumbar Kyphoscoliosis had become a huge obstacle to her simple wish. She required pedicle screws instrumentation, deformity correction, vertebral column resection and fusion and the total cost of the entire treatment was coming at Rs. 3,80,000/- (Rupees Three lakh eighty thousand only). Her father with no fixed income, had lost all hope. But when donors stepped in to help Nahida, he had a glimmer of hope. Today Nahida is leading the life she dreamed of.

MEDICAL SUCCESS STORIES

91. Maibish Shah, 10 Years Heart Disease

This heartwarming story highlights the transformative power of generosity and community support. Maibish Shah, once a bright and studious ten-year-old, faced a grave health crisis marked by fever and chest pain that threatened to dim her future. The cost of her recovery, an overwhelming ₹4,02,000, was beyond the reach of her family, who relied on farming for their daily livelihood. Thanks to the kindness and contributions of donors, Maibish's life took a hopeful turn. With the financial burden lifted and medical treatment accessible, she regained her health and returned to the curious, ambitious student she once was—a poignant reminder that collective efforts can bring light to the darkest moments.

92. Kartik Naik, 11 Years Heart Disease

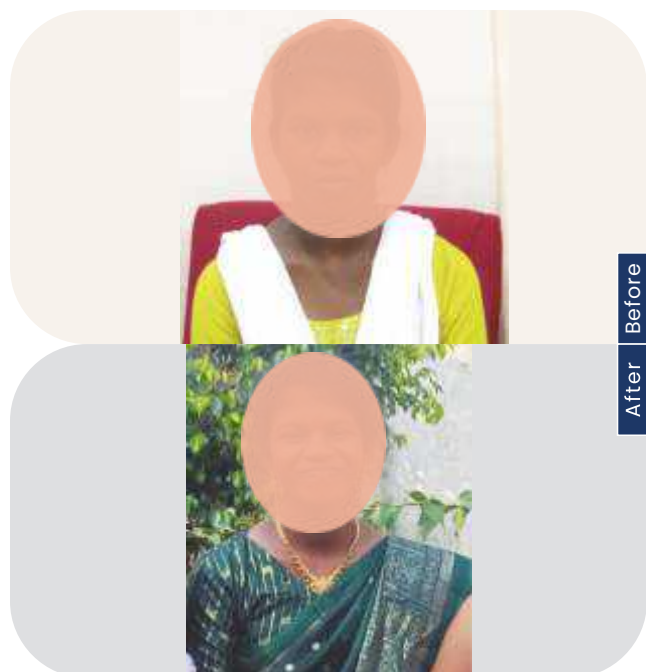

Thanks to the kindness and generosity of donors, 11-year-old Kartik Naik underwent successful surgery for his severe heart condition at Balaji Heart Hospital, Mumbai. Kartik, who once faced a life-threatening illness and unimaginable pain, is now on the road to recovery. His parents, struggling farm laborers, are overwhelmed with gratitude for the support they received. Kartik can now dream of a healthier, brighter future, and his smile is a testament to the power of compassion and collective effort. This remarkable journey serves as a powerful reminder that when communities come together, miracles can truly happen.

MEDICAL SUCCESS STORIES

93. Baby of Padmaja, 2 Months Premature Birth Complications

Padmaja and Patil's joy turned to despair when their baby girl was born prematurely. The doctors estimated the treatment cost at ₹10,00,000, an overwhelming amount for the struggling parents already burdened with debt. With no other means to save their child, they turned to Child Help Foundation for support. Thanks to the generous contributions from CHF's donors, the funds were raised, giving the baby a fighting chance at life. The family's gratitude knows no bounds, as their dream of seeing their daughter healthy is now a reality. This act of kindness has given them newfound hope and strength to rebuild their lives.

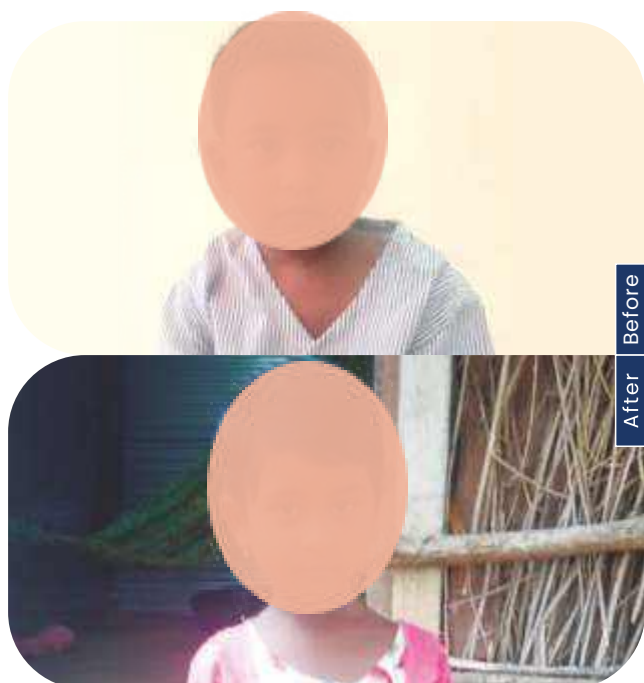

94. Arelli Akanksha, 14 Years Heart Disease

This story exemplifies how kindness and generosity can change lives. Arelli Akanksha, a bright and determined 14-year-old, faced the daunting challenge of Complex Heart Disease. Her parents, overwhelmed by the treatment cost of Rs. 5,75,000, found themselves losing hope. Thanks to the unwavering support of donors through Child Help Foundation, Akanksha received the life-saving treatment she needed. Their contributions turned despair into hope, allowing Akanksha to continue pursuing her aspirations and proving that collective compassion can transform lives.

MEDICAL SUCCESS STORIES

95. Baby of Sapna, 1 Day Premature Birth Complications

Sapna and Ganga were devastated when their baby was born prematurely. The treatment cost of ₹4,00,000 seemed impossible for Ganga, a daily wage labourer, to afford. In this moment of despair, they turned to Child Help Foundation for support. Thanks to the generosity of our donors, the required funds were arranged, ensuring the baby received life-saving treatment. Sapna and Ganga are immensely grateful for this timely help and for giving their child a chance to live a healthy life. Thank you, donors, for making this miracle possible!

96. Shraddha, 2 Years 10 Moths Heart Disease

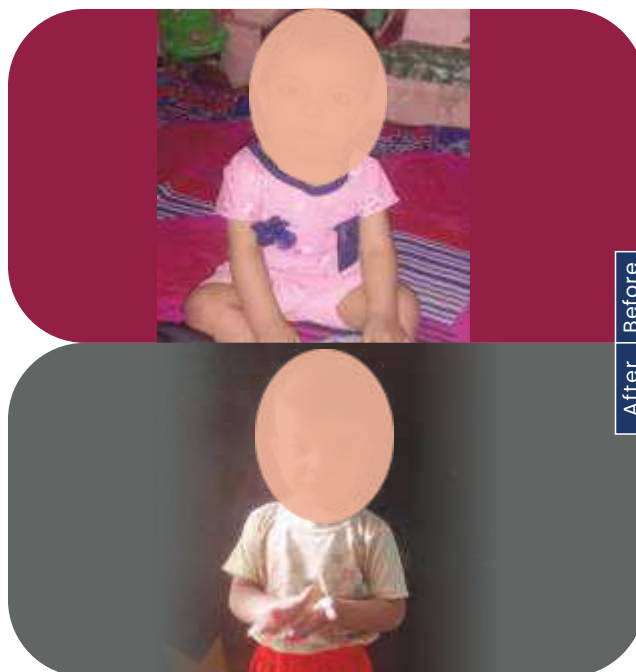

Shraddha's life was in grave danger due to a severe heart condition that required immediate surgery costing ₹2,50,000. Her parents, struggling as humble farm laborers, could barely manage daily expenses, making it impossible to afford the hefty medical costs. As hope began to fade, the donors of Child Help Foundation came to their rescue, stepping in with unwavering support. Their generosity and compassion funded Shraddha's life-saving surgery, giving her a second chance at life. Today, Shraddha is on the path to a healthy and happy future, a testament to the power of kindness and collective goodwill.

MEDICAL SUCCESS STORIES

97. Siya, 2 Years

Heart Disease

Siya's parents faced immense difficulty raising Rs. 4,00,000 for her treatment, borrowing from loved ones but falling short despite their best efforts. Their hope was fading as the amount seemed beyond their reach. It was only through the kindness and generosity of selfless donors that Siya's treatment became possible. Their support brought light into a situation filled with despair, helping Siya overcome her struggles and giving her a chance to heal. Siya's journey is a testament to the power of compassion and the difference it can make.

98. Ayush, 2 Years 6 Months

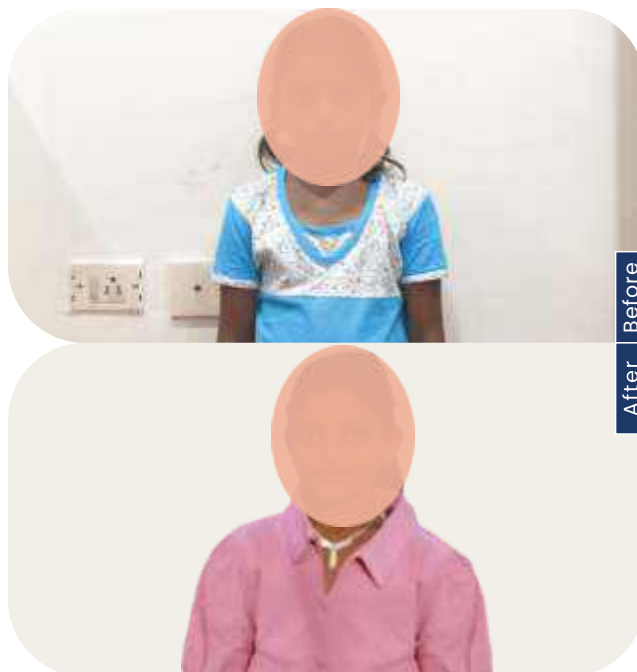

Heart Disease

Ayush's parents dreamed of a bright future for their son, but a severe heart condition threatened to shatter it. The recommended surgery was crucial to saving his life, yet the cost was beyond their reach. With no other options, hope seemed lost. Just when they thought all was lost, the generosity of donors from Child Help Foundation turned their despair into joy. Thanks to their support, Ayush received the life-saving surgery he desperately needed. Today, Ayush is on the path to recovery, ready to embrace a healthier and brighter future. His parents are forever grateful for the compassionate help that made their son's second chance at life possible, restoring their hope and happiness.

MEDICAL SUCCESS STORIES

99. Jeshvitha, 7 Years Heart Disease

Jeshvitha, a cheerful and playful child, saw her happiness fade due to a severe heart condition. Her father, a daily wage labourer, struggled to gather the funds needed for her treatment, leaving the family in despair. When hope seemed lost, kind-hearted donors stepped in with love and generosity. Their support gave Jeshvitha a second chance at life, enabling her to undergo vital treatment. Today, her smile shines brighter, a beautiful reminder of the compassion that helped her overcome this challenging journey.

100. Hindavi, 3 Years Cancer

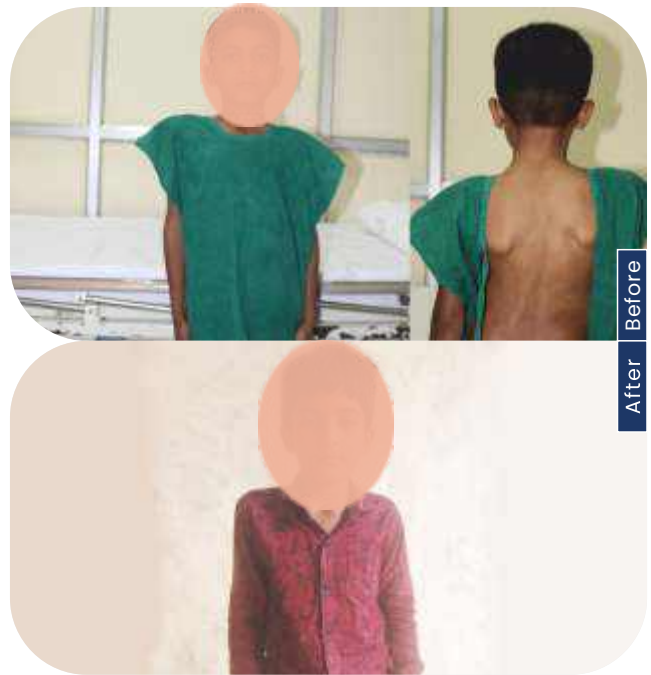

At just three years old, Hindavi faced the daunting battle against cancer. Her parents, overwhelmed by the financial burden, struggled to gather the funds for her treatment. Each passing day filled them with despair, as hope began to fade. Thankfully, the generosity of donors turned their fears into relief. With their support, Hindavi received the treatment she desperately needed. Today, she has triumphed over cancer and is embracing the promise of a bright, cancer-free future. Her family is eternally grateful for the kindness that saved her life.

MEDICAL SUCCESS STORIES

101. Yash, 10 Years

Congenital Dorsolumbar Scoliosis

Yash endured a difficult childhood due to a spine deformity caused by Congenital Dorsolumbar Scoliosis. The condition required surgery to correct, but the cost of ₹4,00,000 was beyond his family's means. Just when all hope seemed lost, Child Help Foundation stepped in with life-changing support. Thanks to the generosity of its donors, Yash received the surgery he desperately needed. Today, he is on the path to recovery, and his family is forever grateful for the support that gave Yash a chance at a healthier life. This act of kindness has not only restored Yash's physical health but also brought hope and joy back into his family's life.

102. Aryan, 8 Years

Acute Leukemia

Aryan's weakened body and inability to carry out regular activities led to a diagnosis of Acute Leukemia. He underwent rigorous chemotherapy, with more sessions needed for his recovery. However, his family lacked the resources to fund his treatment. Just when it seemed hopeless, generous donors stepped forward to support Aryan. Thanks to their kindness, Aryan was able to continue his treatment and is now on the road to recovery. His family is immensely grateful for the compassion that made this second chance at life possible.

MEDICAL SUCCESS STORIES

103. Naira Khan, 7 Months Terminal Lipomyelomeningocele

Born with this condition, Naira faced daily pain and discomfort as the large collection of fat cells in her spinal canal caused significant distress. Her parents, Nahas and Fathimi, were devastated by the diagnosis and the Rs. 4,05,000 needed for her crucial treatment at Amrita Institute of Medical Sciences and Research Centre in Kerala. Despite Nahas's best efforts, including extensive borrowing from loved ones, the financial burden was overwhelming. The incredible generosity of donors made it possible for Naira to receive the life-saving Spinal Dysraphism surgery, Intraoperative Monitoring, and Laminoplasty she urgently needed.

104. S. Tharsini, 2 Years 8 Months Heart Disease

Heart disease is challenging for adults, but for a child of just two years and eight months, it is even more difficult. S. Tharsini faced this harsh reality when doctors informed her family that her treatment would cost Rs. 2,00,000, an amount her father, a lorry driver, could not afford. In this moment of despair, generous donors became a strong pillar of support. With their help, Tharsini received the life-saving treatment she needed, and her family is forever grateful for the kindness that gave her a chance at a healthier life.

MEDICAL SUCCESS STORIES

105. Vedansh, 1 Year 2 Months Burn Injuries

Deepak and Namrata were facing a harrowing situation when their one-year-old son, Vedansh, suffered severe burns after accidentally jumping into boiling water. With limited financial means, they felt helpless and unsure of how to afford the necessary Collagen Dressing treatment. The cost of the treatment was 5,00,000 and Vedansh's parents arranged a little sum by asking their loved ones but later they were left with nothing and that's when Child Help Foundation stepped in. Through the network of donors, Child Help Foundation raised funds to cover Vedansh's treatment, providing hope and relief to the family

106. Ishwari, 7 Years Heart Disease

Ishwari, a 7-year-old girl from Parbhani, Maharashtra, faced breathing problems and prolonged sickness, but her family couldn't afford the necessary treatment. With worsening symptoms, they rushed her to Balaji Heart Hospital in Mumbai, where doctors recommended an operation known as ICR of ASD closure. However, the estimated cost of the treatment, totalling Rs.2,50,000, seemed insurmountable for Ishwari's family. With little hope and nowhere to turn, Ishwari's family found support through Child Help Foundation. Recognizing the urgency of her situation, the foundation stepped forward to provide the necessary funds for Ishwari's treatment.

MEDICAL SUCCESS STORIES

107. Baby of Sunita, 7 Days Premature Birth Complications

Sunita Devi and her husband, Ajay, faced their worst nightmare when their premature baby girl was born extremely weak. Placed in the NICU, their dreams crumbled, compounded by the news that the treatment cost amounted to Rs. 4,00,000/-. Ajay, the sole breadwinner, earned just Rs. 10,000 per month. However, their despair turned to hope when Child Help Foundation intervened. Through fundraising efforts and community support, the necessary funds were secured, saving their baby's life and turning their sorrow into a tale of success and gratitude.

108. Devanshi, 2 Years Right Kidney Multicystic Dysplastic

Devanshi's journey began with a diagnosis of Right Kidney Multicystic Dysplastic, a condition that hindered her kidney's proper development, resulting in various complications. However, Vijay and Seema, who worked as farmers, faced the tremendous challenge of supporting their family of five while also gathering the necessary funds for their daughter's critical medical intervention. Child Help Foundation reached out to Devanshi and her family, extending a helping hand in their time of need. They mobilized their resources, utilizing their network of supporters and donors to launch a heartfelt campaign to secure the funds required for Devanshi's surgery. And her surgery was done successfully.

MEDICAL SUCCESS STORIES

109. Medisetti, 2 Years 3 Months Heart Disease

Medisetti Sriram, a two-year-three-month-old boy from Uppangala, Andhra Pradesh, faced an uncertain future due to a heart defect. His father, a watchman earning a modest income, struggled to make ends meet, let alone afford the costly treatment for Sriram's condition. However, a ray of hope emerged when Child Help Foundation learned about Sriram's plight. Recognizing the urgency of his deteriorating health, the foundation swiftly intervened to provide the much-needed support.

110. Aniket, 17 Years Heart Disease

The grief-stricken journey of the Mali family began two years ago when their fifteen-year-old son, Aniket Sharanappa Mali, was diagnosed with Large ASD (Atrial Septal Defect). This devastating news shook the family to its core, but they remained resolute in their determination to help Aniket overcome his condition. The doctors at Balaji Heart Hospital & Diagnostic Centre in Mumbai concluded that Aniket required an Interventricular Septal Defect Closure procedure (ICR) to address his condition. Child Help Foundation stepped in, raising funds for Aniket's ICR procedure. With their support, Aniket received the surgery, marking a turning point in his life.

MEDICAL SUCCESS STORIES

111. Nishant Rathod, 1 Year Kidney Problems

Nishant Rathod's life was plagued by the constant pain and misery caused by a severely scarred kidney. Despite his parents' tireless efforts to find a solution, they were unable to afford the treatment he desperately needed. In their time of need, they turned to Child Help Foundation for support. With the generous assistance of the foundation's donors, Nishant received the life-saving treatment that helped him recover from his severe condition. Today, he is on the road to recovery, regaining his health and strength. His family is forever grateful for the kindness and compassion that saved his life, giving them a second chance at happiness and a brighter future.

112. Shivadhya, 1 Year Heart Disease

Shivadhya's parents were warned about their son's heart condition even before he was born. Despite knowing about the challenges ahead, they were devastated when they learned their baby had a weak heart. The only solution was surgery, but the cost was beyond their means. In their moment of despair, Child Help Foundation's donors stepped in, raising the funds needed for the surgery. Thanks to their generosity, Shivadhya received the life-saving treatment and is now on the road to a healthier future. His parents are deeply grateful for the support that made this possible.

MEDICAL SUCCESS STORIES

113. Baby of Anjani, 12 Days Premature Birth Complications

Anjani gave birth to a baby girl during the seventh month of her pregnancy. Being born prematurely, the joy of parenthood was overshadowed by uncertainty, as Anjani and her husband feared for their baby's survival. However, thanks to the generosity of our donors, this little angel received the vital care and support she needed to recover. With their help, the baby girl began to thrive, growing stronger each day. Her recovery brought immense joy and hope back into the couple's lives, and they are forever grateful for the kindness that made their daughter's survival possible.

114. Chanda Namkuda, 15 Years Accidental Injuries

Chanda Namkuda's bright future was uncertain after a tragic accident left her fighting for survival. A studious girl with big dreams, her parents feared for her life and the future they had envisioned for her. In their time of need, the donors of Child Help Foundation stepped in, ensuring Chanda received the treatment she desperately required. Today, she is recovering and ready to fulfil her potential, with her parents grateful for the kindness that gave their daughter the chance to make a name for herself.

MEDICAL SUCCESS STORIES

115. Nihar Burkule, 7 Years Duchenne Muscular Dystrophy

In the battle against Duchenne Muscular Dystrophy, Nihar's parents, Bhagyshree and Rushikesh Burkule, stood strong and united, determined to give their son a chance at a normal childhood. As the sole breadwinner, Rushikesh's unwavering commitment and Bhagyshree's endless love were vital in their pursuit of treatment. However, the financial burden was overwhelming. Thanks to the generous support of Child Help Foundation's donors, Nihar received the treatment he needed. Today, Nihar's parents are filled with gratitude for the donors who helped make their son's future brighter and full of hope.

116. Hridya Sunil, 6 Years Bony Ankylosis

Sunil Kumar, Hridya's father, worked as a painter, and the cost of the surgery for his daughter was far beyond his means. Without the surgery, Hridya would have been left dependent for the rest of her life, unable to live independently. However, thanks to the selfless efforts of Child Help Foundation's donors, Hridya received the urgent treatment she needed. With their generous support, Hridya is now on the path to recovery. Her family is deeply grateful for the kindness and generosity that changed her future, giving her the opportunity to live a more independent and fulfilling life. The compassion shown to them has made all the difference, restoring hope and bringing a brighter future for Hridya and her family.

MEDICAL SUCCESS STORIES

117. Rohan Londhe, 11 Years Osteosarcoma

With the compassionate support of donors and the unwavering efforts of Child Help Foundation, Rohan's journey took a hopeful turn. The necessary funds for his life-saving treatment were raised, allowing him to undergo the crucial surgeries and therapies. Today, Rohan is on the path to recovery, and his mother, Vaishali, is filled with immense gratitude for the generosity that made this miracle possible. Thanks to the kindness of the donors, Rohan now has the chance to live a healthier, brighter future.

118. Mohd Arhan, 3 Years Heart Disease

The spirit of Ramadan was missing in Mohd Arhan's household as he battled heart disease. The entire family was consumed by the need to care for him, leaving no time for joy or celebration. However, thanks to the generosity of donors, Mohd Arhan received the treatment he needed, and his family can now look forward to a joyful Ramadan and the upcoming Eid celebrations. Their hearts are filled with gratitude for the kindness that restored hope and brought happiness back into their lives.

MEDICAL SUCCESS STORIES

119. Alishba, 1 Year Heart Disease

Thanks to the heartfelt contributions from compassionate donors, Alishba received the life-saving TOF repair surgery she desperately needed. The funds raised enabled the procedure to be completed at Paras Hospitals, giving Alishba a new lease on life. Her family is overwhelmed with gratitude as they witness Alishba's remarkable improvement in health and vitality. Today, she is thriving, and her family is forever thankful for the generosity that made this transformation possible, bringing hope and a brighter future to their little one.

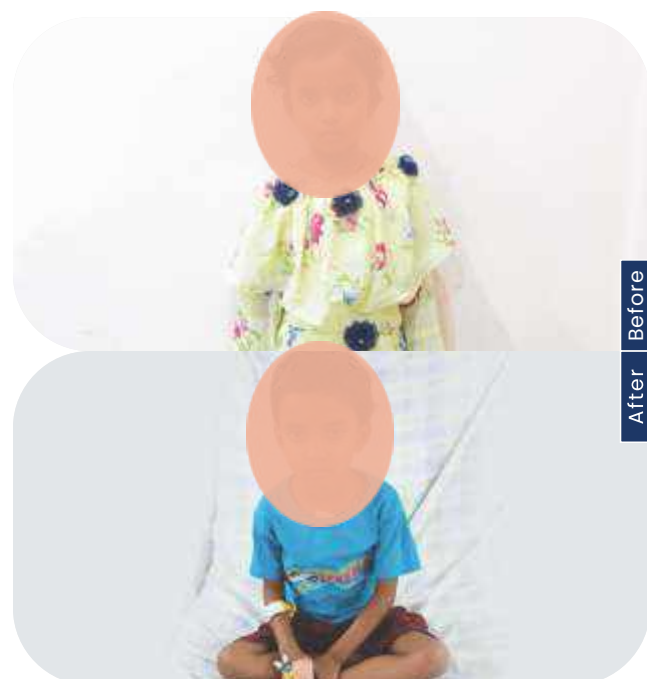

120. Annritha, 11 Years Scoliosis

With the incredible support of generous donors, Annritha's dream of a better life became a reality. The funds required for her major spine surgery were successfully raised, allowing her to undergo the critical procedure at Medical Trust Hospital. Before the surgery, Annritha endured debilitating symptoms that severely impacted her daily life. Today, she is on the path to recovery, experiencing significant relief and regaining hope for a bright future. The surgery has not only improved her physical health but has also renewed her confidence and aspirations. Her family is deeply grateful for the kindness and generosity that made this life-changing transformation possible, offering Annritha the chance to live a healthier, happier life.

MEDICAL SUCCESS STORIES

121. Muskan, 5 Years Heart Disease

Thanks to the overwhelming kindness and support of donors, Muskan was able to receive the critical VSD closure and Mitral Valve Replacement surgery she urgently needed. The funds raised made it possible for her to undergo the complex procedure at Paras Hospitals, resulting in significant improvement in her health. Today, she is on the road to recovery, with renewed hope for a brighter future. Muskan's family is deeply grateful for the generosity that transformed their daughter's life, giving her a healthier, happier, and more promising future. Their hearts are filled with gratitude for the compassion that made this life-saving surgery possible.

122. Soujanya, 7 Years Heart Disease

With the generous support of compassionate donors, Soujanya was able to undergo the crucial surgeries she desperately needed. The funds raised covered her ASD Surgical Closure, MV Repair, Pulmonary Valvotomy, and PPI at Apollo Institute of Medical Sciences & Research Hospital. These life-saving procedures were essential in improving her heart health, and today, Soujanya is on the road to recovery, showing remarkable improvement. Her strength and resilience have allowed her to continue her education with renewed hope and determination for the future. Her family is deeply thankful for the kindness and generosity that have given their daughter a brighter and healthier future, restoring their hope and bringing them peace.

MEDICAL SUCCESS STORIES

123. Apoorva, 4 Years Heart Disease

For four long years, peace and comfort were unknown to Apoorva Paul as her heart condition prevented her from living a normal life. Her father, a Rapido driver, struggled to afford the expensive treatment she desperately needed. Thankfully, the generous donors of Child Help Foundation came to their aid, raising the funds required for Apoorva's treatment. Thanks to their support, Apoorva was spared from the worst and now has a chance at a healthier, happier future. Her family is forever grateful for the kindness that made this possible.

But today, Saras can play to his heart's content, free from the fatigue that once held him back. This miracle was made possible only through the generous support of the donors of the Child Help Foundation, who provided the care and treatment he needed. Saras and his family are forever grateful for the kindness that gave him a chance at a healthier, happier life.

130. Baby of Manasa, 31 Days Premature Birth Complications

Today, Manasa's child rests peacefully in the arms of her parents, but just a couple of months ago, the baby was fighting for her life. Born prematurely, the parents were faced with an uncertain future, but they turned to Child Help Foundation for support. The case was uploaded, and thanks to the generous donors, the baby received the vital treatment she needed to survive and recover. Today, the little one is thriving, growing stronger with each passing day. Manasa and her family are filled with deep gratitude for the compassion and kindness that helped their child overcome such a challenging start to life, giving them hope and a bright future ahead. Their hearts are full of appreciation for the donors who made this miracle possible.

MEDICAL SUCCESS STORIES

131. Dheeksha Sai, 5 Years Thalassemia Major

Five-year-old Dheeksha's toys were gathering dust as she spent most of her days in immense pain and misery. Diagnosed with Thalassemia major, her survival relied on monthly blood transfusions. However, her father, working as a delivery boy with limited income, couldn't afford the crucial lifeline for her a bone marrow transplant. Witnessing his daughter's suffering, Dheeksha's father approached Child Help Foundation for assistance. Through the incredible generosity of donors, Dheeksha now thrives in a healthy and independent life.

132. Baby of Soni Azad, 10 Days Premature Birth Complications

Thanks to the overwhelming kindness of donors, Soni Azad's newborn son received the essential intensive care he needed at Silver Crest Hospital. The funds raised covered the extensive treatment required for his condition, giving him a fighting chance to thrive. Chandra Shekhar and his family are profoundly grateful for the support that has provided hope and relief during this critical time. This generosity has not only helped their son survive but also restored their faith in the kindness of others, allowing them to face the future with renewed hope and strength.

MEDICAL SUCCESS STORIES

133. Shamika, 3 Years Neuroblastoma

With the incredible support of compassionate donors, Shamika received a life-saving autologous bone marrow transplant at HCG Hospital. The funds raised covered the substantial cost of her treatment, giving her a crucial chance at recovery. Her parents, Shivanna and Vani, are profoundly grateful for the generosity that brought hope and relief during this challenging time. Thanks to this kindness, Shamika now has the opportunity to rebuild her health and look forward to a brighter, healthier future.

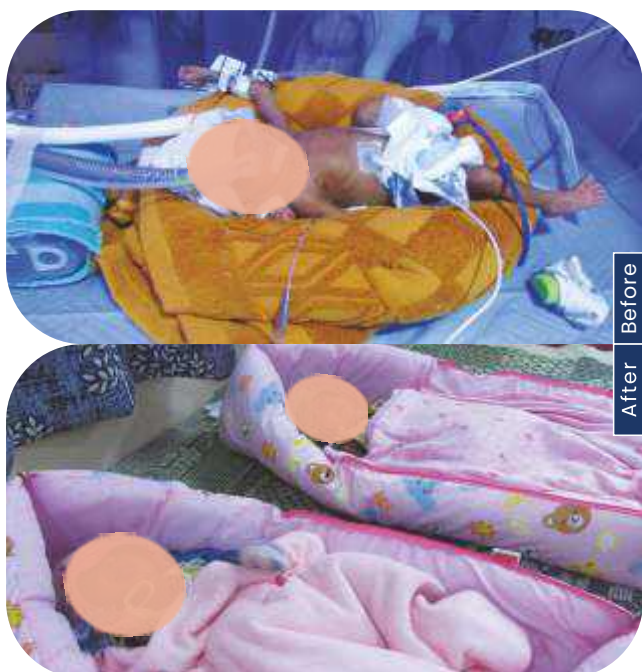

134. Shristi Kumar, 3 Years Anterolateral Abdominal Tumour

Shristi Kumar's life has been profoundly changed. Thanks to the generous contributions that surpassed the required amount, Shristi received the crucial surgery to remove her tumor at Jeevan Jyothi Hospital. The relief from the excruciating pain has not only improved her health but also brought a newfound sense of normalcy to her daily life. With the community rallying behind her, Shristi now faces her school days with greater confidence, free from the pain and distress that once overshadowed her childhood.

MEDICAL SUCCESS STORIES

135. Mahesh Gokak, 14 Years Scoliosis

Mahesh, a bright and hopeful young boy, needed a complex surgery involving pedicle screw instrumentation, deformity correction, and vertebral column resection at Bhagwan Mahaveer Jain Hospital in Bengaluru, with an estimated cost of Rs. 5,00,000. His father, Sadashiv, a daily wage laborer supporting a family of six, struggled to gather the funds. Thanks to the generous support and widespread sharing of Mahesh's story, the necessary funds were raised, allowing him to undergo the critical surgery

136. Twin Babies of Poornima, 1 Day Premature Birth Complications

Poornima's premature twins, who were reliant on ventilator support, have received the life-saving care they desperately needed, thanks to the generosity of donors. The funds raised eased the financial burden on Poornima and Purushotham, allowing them to focus on their children's recovery without the overwhelming stress of medical costs. The support provided has brought renewed joy and hope to the family, and the twins are now on the path to recovery. Poornima and Purushotham are profoundly grateful for the kindness and compassion that have given their children a chance at a brighter, healthier future. Their hearts are filled with gratitude for the donors who made this miracle possible.

MEDICAL SUCCESS STORIES

137. Thanmai, 5 Years Kyphoscoliosis

Thanks to the generous donors of Child Help Foundation, Thanmai received the essential medical care needed to treat his spine condition and improve his ability to walk. The life-changing support has not only eased the financial burden on his family but has also given Thanmai a brighter and more hopeful future. His ability to move freely and pursue his dreams has been restored, filling him with new possibilities. His family is deeply grateful for the kindness and compassion that have transformed their lives, bringing them a sense of relief, joy, and renewed hope for the future.

138. Dhiren, 3 Years Heart Disease

Thanks to the generous support from donors, Dhiren was able to receive the critical heart surgery he urgently needed at Care Hospital. The funds raised covered the cost of his treatment, enabling him to undergo the procedure and leading to significant improvements in his health and overall well-being. Sumanta and his family are profoundly grateful for the kindness that has brought much-needed hope and relief during this challenging time for their young son. This generosity has not only restored Dhiren's health but has also filled his family with renewed optimism and a brighter future ahead.

MEDICAL SUCCESS STORIES

139. Humna Fatima, 3 Years Heart Disease

With the incredible generosity of donors, Humna received the vital treatment she needed for her Congenital Heart Disease at Apollo Institute of Medical Sciences. The funds raised covered the cost of her care, enabling her to undergo the necessary procedure, which led to significant improvements in her health and breathing. Fayaz and his family are deeply grateful for the support that has provided their daughter with a chance at a healthier future. This kindness has not only alleviated their financial burden but also restored hope, allowing them to envision a brighter life ahead for Humna.

140. Nibi Kumari, 11 Years Medulloblastoma

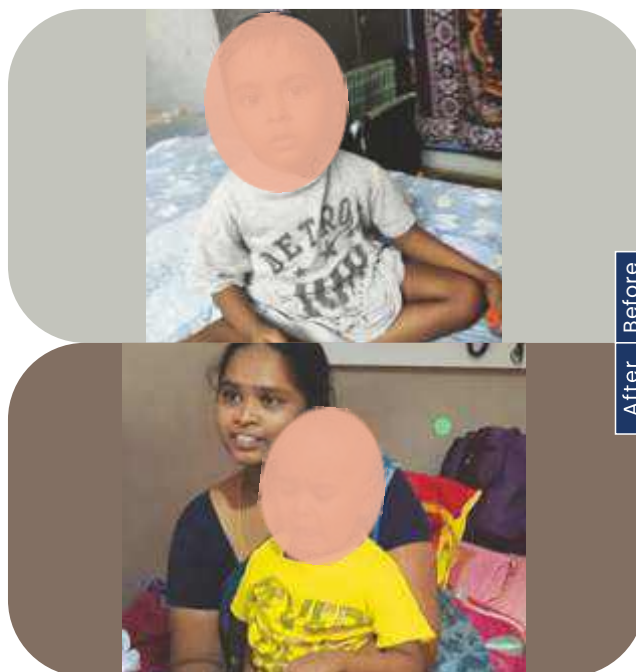

Ajay, Nibi's father, was overwhelmed with gratitude after witnessing the miracle that saved his daughter's life. Facing a dire situation, he approached Child Help Foundation with a faint glimmer of hope. Thanks to the generosity of donors, that hope turned into reality as they provided the support needed to save Nibi. Today, she is back home, basking in the warmth of her family and living a carefree, joyful life. Her family is profoundly thankful for the kindness that gave Nibi a second chance at happiness.

MEDICAL SUCCESS STORIES

141. Kadajari Sukumar

3 Years 4 Months, Leukemia

Thanks to the extraordinary kindness of donors, Sukumar received the crucial chemotherapy sessions he needed at Rainbow Children's Medicare LTD. The funds raised covered the cost of his treatment, significantly improving his condition and providing much-needed hope for his recovery. Venkatesh and his family are deeply grateful for the support that has made a vital difference in their son's battle against cancer. This generosity has not only helped Sukumar on his road to recovery but has also brought renewed strength and optimism to the entire family during this challenging time.

142. Niya Fathima, 9 Years Thalassemia Major

Hope was fading for Niya, who depended on regular blood transfusions to survive. An urgent stem cell transplant was her only chance, but it was beyond her family's reach. Thanks to the unwavering support of generous donors, Niya underwent the life-saving procedure she desperately needed. The transplant not only saved her life but also restored her health, freeing her from the constant struggles that once defined her daily existence. Today, Niya is healthy and thriving, with a bright future ahead. Her family is profoundly grateful for the kindness and generosity that gave their daughter a second chance at life, bringing joy, hope, and peace back into their hearts.

MEDICAL SUCCESS STORIES

143. Baby of Sankeerthana, 1 Day Premature Birth Complications

Sankeerthana's son was born with a fragile heart, requiring an extended NICU stay. The parents were devastated, unable to share moments of joy with their newborn. However, the donors of Child Help Foundation stepped in with incredible support, ensuring the baby received the critical care he needed. Thanks to their generosity, the child was saved from misfortune, and the family's dreams of a happy future remained intact. Today, Sankeerthana and her family are filled with gratitude and relief.

144. Mohd Ahsan, 4 Months Heart Disease

From the moment Mohd Ahsan was born, his struggles began. Doctors discovered he had a weak heart and needed immediate treatment. However, his family's financial condition made it impossible for them to afford the necessary care. Thankfully, the generous donors of Child Help Foundation stepped in, covering the treatment costs and giving the child a chance at life. Today, Mohd Ahsan is healthy, and his family is forever grateful for the support that saved their child's life and brought them hope.

MEDICAL SUCCESS STORIES

145. Baby of Nivedita Dhepe, 11 Days Premature Birth Complications

Nivedita and Ganesh's baby boy received the vital NICU care he desperately needed, thanks to the love and generosity of the selfless donors of Child Help Foundation. The funds raised helped cover the medical expenses, providing hope and relief during this difficult time. The family is deeply grateful for the compassion and support from everyone who contributed, as it made all the difference in their child's recovery. Their gratitude knows no bounds, and they are now filled with optimism for a brighter future.

146. Kavyanjali Kulkarni, 7 Years Heart Disease

The rising cost of rent made life even more difficult for Kavyanjali Kulkarni's parents, who were already struggling to save their daughter. Overcome with worry, they reached out to Child Help Foundation as a last hope. Thanks to the generosity of the foundation's donors, Kavyanjali received the treatment she desperately needed. Her parents are filled with immense gratitude for the kindness and support that saved their daughter from further harm, bringing them peace and hope during this incredibly challenging time.

MEDICAL SUCCESS STORIES

147. Tanuja Naveen Kumar

2 Years, Heart Disease

Thanks to the overwhelming support from compassionate donors, Tanuja has begun receiving the vital treatment she needs for Tetralogy of Fallot at Paras Health. The funds raised helped cover the significant costs, bringing hope and relief to Naveen and his family during this challenging time. Their heartfelt thanks extend to everyone who contributed and shared their story, making a crucial difference in Tanuja's life. With the kindness and generosity of the donors, Tanuja now has a brighter future ahead, and her family is deeply grateful for the support they've received.

148. Shashanka, 9 Years Kyphoscoliosis

With the generous support of compassionate donors, Shashanka has begun receiving the essential treatment for his Progressive Kyphoscoliosis at Bhagwaan Mahaveer Jain Hospital. The funds raised covered the critical costs, offering hope and relief to Tayanna and Manikyamma during this difficult time. Their heartfelt gratitude goes out to everyone who contributed and shared their story, making a profound difference in Shashanka's life. Thanks to the kindness and generosity of the donors, Shashanka now has a chance for a healthier future, and his family is deeply grateful for the support they've received.

MEDICAL SUCCESS STORIES

149. Abhinay, 13 Years Leukemia

Thanks to the extraordinary generosity of donors, Abhinay received the life-saving bone marrow transplant he urgently needed at Rainbow Children's Hospital. The funds raised helped cover the substantial treatment costs, bringing immense relief and hope to Venkat Ram Reddy and his family during this challenging time. They extend their heartfelt gratitude to everyone who contributed and shared their story, turning their prayers into reality. Your support has made a monumental difference in Abhinay's fight against cancer, giving him a new lease on life.

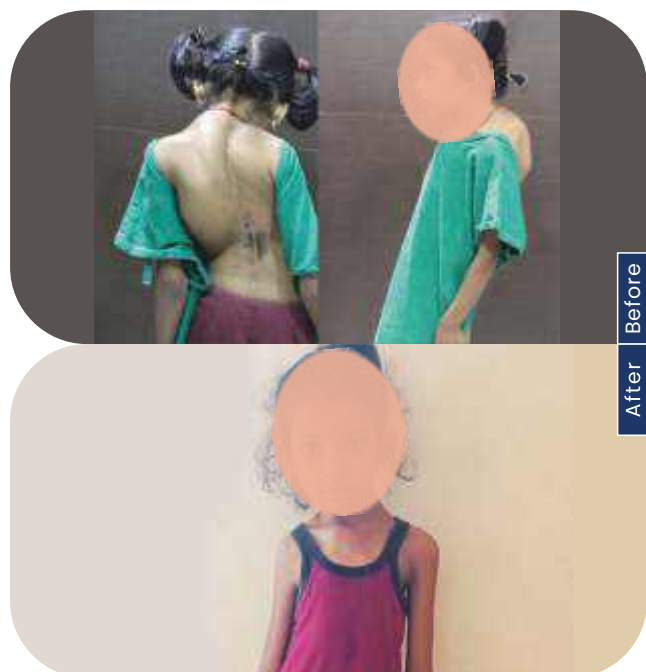

150. Simayya, 1 Year Hirschsprung Disease

Thanks to the extraordinary kindness and generosity of donors, Simayya received the crucial ileostomy closure she needed at Ankura Hospital. The funds raised covered the significant treatment costs, providing much-needed hope and relief to her parents, Karimullah and Karishma, during this challenging time. Their heartfelt gratitude extends to everyone who contributed and shared their story, making a vital difference in Simayya's life. With the unwavering support of donors, Simayya is now on the road to recovery, and her family is forever grateful for the life-changing assistance they've received. This generosity has given Simayya a brighter future and allowed her family to breathe easier knowing she has a second chance at a healthier life.

MEDICAL SUCCESS STORIES

151. Omkar Murlidhar, 14 Years Hodgkin's Lymphoma

Omkar Murlidhar has successfully received the essential chemotherapy he needed at M G M Medical Centre & Research Institute, thanks to the generous support of donors. The funds raised covered the critical treatment costs, providing hope and relief to Omkar and his family during this challenging time. Their heartfelt thanks go to everyone who contributed and shared their story, making a significant difference in Omkar's battle against Hodgkin's Lymphoma. Omkar is now on the path to recovery, and his family is deeply grateful for the life-changing support they've received. This kindness has given them a renewed sense of hope for the future.

152. Apoorva, 8 Years Dorsolumbar Kyphoscoliosis

Thanks to the incredible generosity of donors, Apoorva received the life-changing treatment she desperately needed for her Kyphoscoliosis. With the support of kind-hearted individuals, the funds were raised to cover the Rs. 5,00,000 cost of her surgery at Bhagwan Mahaveer Jain Hospital in Karnataka. Today, Apoorva is free from the pain that once consumed her life and is on the path to a healthier, happier future. Her family is deeply grateful for the compassion shown, which has transformed her life and given her a second chance.

MEDICAL SUCCESS STORIES

153. Twins of Preeja, 27 Days Premature Birth Complications

Preeja and Ananda's twins received the critical NICU care they urgently needed at Kovai Medical Center and Hospital Limited, thanks to the immense generosity of donors. The funds raised helped cover the essential treatment costs, bringing much-needed hope and relief to the family during this incredibly difficult time. Ananda and Preeja are deeply grateful to everyone who contributed and shared their story, making a significant impact on their children's health and well-being. Their heartfelt thanks extend to all those who played a role in giving their children the opportunity for a healthier and brighter future. This support has truly made a life-changing difference for their family

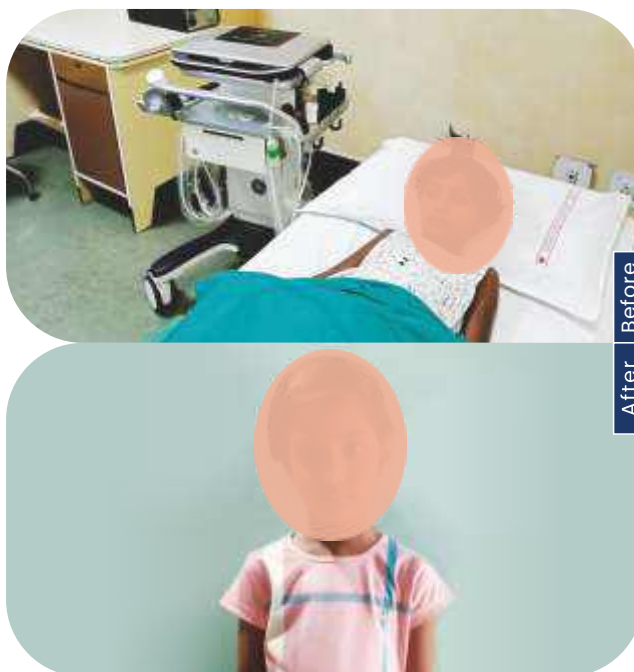

154. Jervin, 7 Years Heart Disease

Jervin H. has successfully received the essential Elective ASD closure surgery and ICU care at MIOT International, thanks to the generous support of compassionate donors. The funds raised played a crucial role in providing hope and relief to his parents, Henry Peter and Denis Mary, during this incredibly challenging time. With the help of these donations, Jervin is now on the path to recovery, with a brighter, healthier future ahead of him. His family is profoundly grateful to everyone who contributed and shared their story, making a significant impact on Jervin's life and offering him the chance for a healthier, happier future. Their heartfelt thanks extend to all those who made this life-changing procedure possible.

MEDICAL SUCCESS STORIES

155. Pranjali, 4 Years Tetralogy of Fallot

Pranjali Tekale has successfully undergone the crucial cardiac surgery she needed, all thanks to the overwhelming generosity of our donors. Her parents are filled with heartfelt gratitude for everyone who contributed and shared their story, making this life-saving procedure a reality. The donations played a pivotal role in providing Pranjali with the chance for a healthier and brighter future. This incredible act of kindness has made a profound difference in her life, giving her the opportunity to live without the burden of heart disease. Her family is deeply thankful for the support and compassion they received during this difficult and uncertain time.

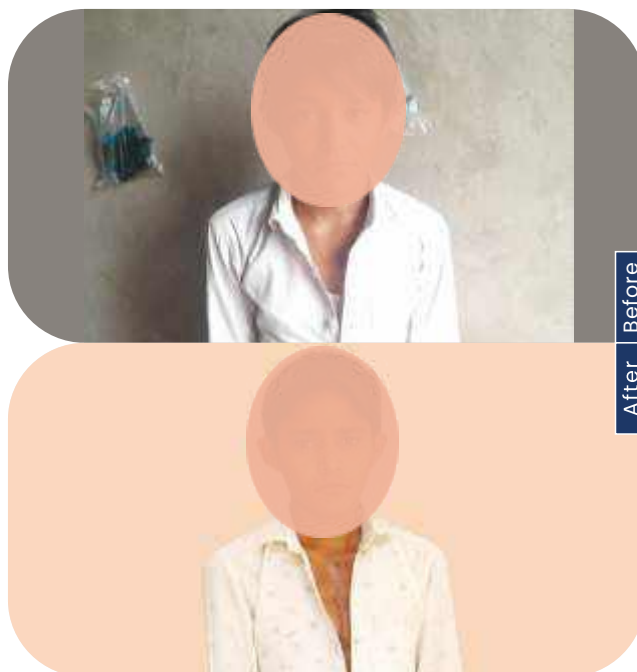

156. Yogini, 5 Years 9 Months Heart Disease

Yogini has finally received the life-saving heart surgery, all thanks to the generous support of compassionate donors. The funds raised covered the critical costs of the procedure, bringing much-needed hope and relief to Pankaj and his family during this incredibly challenging time. Their heartfelt gratitude extends to every individual who contributed, shared their story, and helped make this life-changing treatment a reality. The kindness shown has given Yogini a chance at a healthier future, and her family remains profoundly thankful for the compassion and unwavering support they received. This generosity has truly made a world of difference in Yogini's recovery and the bright future ahead of her.

MEDICAL SUCCESS STORIES

157. Dilshad, 12 Years Heart Disease

Dilshad's heart disease was slowly taking a devastating toll on his young body. At just twelve years old, he faced a grim reality, feeling his life slipping away as his condition worsened. Immediate medical intervention was critical, but the cost was far beyond what his family could manage. The selfless donors of Child Help Foundation stepped in, ensuring Dilshad received the life-saving treatment he so urgently needed. Today, he is free from pain, embracing life with joy and a renewed sense of hope. His miraculous recovery has brought immense relief and happiness to his family, who remain deeply grateful for the generosity and compassion that gave Dilshad a second chance at life.

158. Shreevardhan, 9 Years Hodgkin's Lymphoma

With the heartfelt support of generous donors, Shreevardhan Naik has started receiving the essential Autologous Bone Marrow Transplant and supportive care at Kolhapur Cancer Centre. The funds raised covered the critical treatment costs, offering much-needed hope and relief to Sachin and Vidya Naik during this challenging period. Shreevardhan's journey through his fight against Hodgkin's Lymphoma has been made possible by the compassion and generosity of all those who contributed and shared his story. His family's deep gratitude extends to each donor who played a role in providing the support that is making a significant difference in Shreevardhan's battle for health.

MEDICAL SUCCESS STORIES

159. Amol Dandekar, 2 Years Cleft Lip

Thanks to the incredible generosity of donors, Amol Dandekar has received the vital procedure for his cleft lip at Athara Hospital. The funds raised covered the significant medical costs, bringing much-needed hope and relief to Sachin and his family. With this life-changing treatment, Amol now has the chance to lead a healthier and more independent life. Their heartfelt thanks extend to everyone who contributed and shared their story, making a profound difference in Amol's life and offering the family a brighter future full of possibilities.

160. Vegireddi Shanmukha, 5 Years Cancer

With the heartfelt support of generous donors, Shanmukha has begun receiving the critical treatment for B-Cell Acute Lymphoblastic Leukemia at Mahatma Gandhi Cancer Hospital & Research Institute. The funds raised have covered the significant costs, providing much-needed hope and relief to Simhachalam and Santoshi during this challenging time. Their sincere gratitude extends to everyone who contributed and shared their story, making a profound difference in Shanmukha's fight against cancer.

MEDICAL SUCCESS STORIES

161. Alphonsa, 12 Years Congenital Scoliosis

Thanks to the extraordinary generosity of donors, Alphonsa Biju has begun receiving crucial treatment for her congenital scoliosis at Aster MIMS Hospital. The funds raised have covered the significant cost of the surgery, providing hope and relief to Biju Joseph and Jisha Biju during this challenging time. Their heartfelt gratitude extends to everyone who contributed and shared their story, making a profound difference in Alphonsa's journey toward a brighter and pain-free future.

162. Padmalochan Dash, 13 Years Hypoplastic MDS

Daily life was a constant struggle for Padmalochan Dash, with even simple activities becoming overwhelming due to his condition. However, the incredible generosity of donors made it possible for him to undergo a life-saving stem cell transplant at Fortis Memorial Research Institute. Thanks to this life-changing procedure, Padmalochan is now on the road to recovery. He is regaining his strength, and his future looks brighter than ever. Today, he is filled with hope, looking forward to enjoying a healthier, more active life, free from the limitations that once defined his daily existence. His family is eternally grateful for the kindness and support that made this transformation possible.

MEDICAL SUCCESS STORIES

163. Arush Krishna, 5 Years 9 Months Medulloblastoma

Arush's life had been a constant struggle, with radiation therapy marking the start of his challenging treatment journey. The doctors at Aster MIMS Hospital in Kerala have recommended six cycles of Adjuvant High Dose Chemotherapy, with an estimated cost of Rs. 5,00,000. Arush's father, a hotel worker in Wayanad, Kerala, who supports a family of six on a modest income, had exhausted his savings and taken personal loans to cover the initial treatment costs. Despite his relentless efforts, the financial burden remained overwhelming. Thanks to the incredible support from generous donors, the necessary funds were raised, allowing Arush to receive the crucial chemotherapy.

164. Akul Sreejith, 9 Years Multiple Complications

Akul's journey was marked by slow development, difficulty walking, and vision issues, which required painful injections every fifteen days at a cost of Rs. 5,000 each. The weight of these financial challenges was overwhelming, and they feared for their son's future. However, the incredible generosity of donors came through, making it possible for Akul to receive his crucial injections at Amrita Institute of Medical Sciences in Kerala. Thanks to this support, Akul is now able to continue his treatment and work towards a brighter, healthier future. Shreejith and Athira are deeply grateful for the kindness that has made this life-changing treatment accessible to their son.

MEDICAL SUCCESS STORIES

165. Ashvini Ashok Vagatkar

10 Years, Heart Disease

Ashvini, a bright young girl from Hingoli, Maharashtra, was diagnosed with Large Ostium Secundum ASD, a condition that required urgent surgery for ASD closure. Her father, Ashok Shivaji Vagatkar, a farmer with a modest income of Rs. 6,000 per month, struggled to manage the Rs. 2,50,000 needed for the procedure at Balaji Heart Hospital & Diagnostic Centre in Mumbai. Despite his best efforts, the financial burden was overwhelming. However, thanks to the extraordinary generosity of donors, the required funds were raised, enabling Ashvini to undergo the life-saving surgery. Ashvini and her family are deeply grateful for the kindness and compassion that made this possible, bringing hope back into their lives.

166. Baby of Kalva Laxmi, 17 Days Premature Birth Complications

Born prematurely, Ramesh and Kalva Laxmi's baby girl faced life-threatening complications and required urgent NICU care at Rainbow Children's Hospital. With a treatment cost of Rs. 8,00,000/-, Ramesh, a farm labourer, sold his land but fell short of funds. Thanks to the generosity of donors and the relentless efforts of Child Help Foundation, the baby received life-saving care. Today, she is healthy and reunited with her family, bringing immense joy to her parents and twin brother. Ramesh's faith in humanity was rewarded, proving that compassion can turn despair into triumph.

MEDICAL SUCCESS STORIES

167. Shantha B, 14 Years Leukaemia

A bone marrow transplant was Shantha's only hope of overcoming cancer, but the overwhelming cost of the procedure seemed like an insurmountable barrier for her family. Struggling with fear and uncertainty, they could only dream of affording the life-saving treatment. However, what once felt impossible became a reality thanks to the compassionate donors of Child Help Foundation. Today, she is cancer-free, embracing a life filled with hope and endless possibilities. Shantha's miraculous recovery is a testament to the kindness and support of our donors, and her family will forever cherish the life-saving assistance that turned their darkest days into a story of triumph.

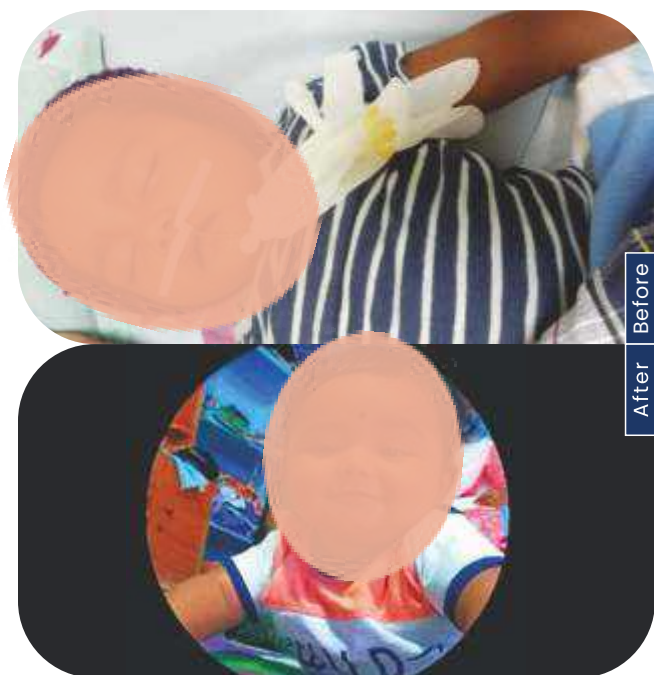

168. Divit Mishra, 4 Years Thalassemia

Divit Mishra, a 4-year-old from Uttar Pradesh suffering from Beta Thalassemia Major, faced a daunting challenge when his parents needed Rs. 22 lakhs for his critical bone marrow transplant and therapy. Despite their modest means and the immense financial burden, Himanshu Mishra and Antima Shukla's heartfelt appeal for donations touched countless lives. The outpouring of support from the donors made it possible for Divit to receive the life-saving treatment. Today, Divit is thriving, and his family is profoundly grateful for the compassion and generosity that transformed their son's future.

MEDICAL SUCCESS STORIES

169. Mahesh Mahalik, 1 Year 11 Months Progressive Langerahn Cell Histiocytosis (LCH)

Thanks to the unwavering support and generosity of donors, Child Help Foundation was able to transform the life of little Mahesh Mahalik, a one-year-eleven-month-old battling Progressive Langerhans Cell Histiocytosis. Faced with a staggering Rs. 5 lakhs needed for his Salvage Chemotherapy, Mahesh's father Rushi, a laborer with limited means, was overwhelmed. However, the compassionate contributions from people across the country made it possible for Mahesh to receive the essential treatment at Sum Hospital in Bhubaneshwar. Today, Mahesh is on the road to recovery, and his family is deeply grateful for the kindness that has restored their hope and joy.

170. Mokshith, 1 Year 3 Months CNS-ATRT

Diagnosed with the condition, Mokshith required an extensive treatment plan involving chemotherapy and an Autologous Stem Cell Transplant, costing Rs. 16 lakhs. Ravi Parlapally, Mokshith's father, a daily wage worker, faced immense financial strain while trying to support his family of six. Thanks to the overwhelming support and generosity from donors across the nation, Mokshith has been able to continue his critical treatment at Rainbow Children's Hospital. The contributions have provided him with a renewed chance at life, and the Parlapally family is deeply grateful for the compassion that has given their little boy hope and a brighter future.

MEDICAL SUCCESS STORIES

171. Krishnanevi, 7 Years Complex Heart Disease

Despite enduring years of discomfort and exhaustion, Krishnanevi's path to a healthier future has been illuminated by the extraordinary generosity of donors. Her father, Rama Krishnaiah, a labourer struggling to support his family of six on a modest income, faced an overwhelming challenge to raise Rs. 5,50,000 for her critical Fontan Completion and Fenestration surgery. Thanks to the compassionate support from people across the country, Krishnanevi has received the life-saving treatment at Apollo Institute of Medical Sciences & Research, Hyderabad.

172. Mahek Rathod, 14 Years Dorsolumbar Kyphoscoliosis

As a single mother, Hinaben devoted her life to ensuring her daughter, Mahek, never felt the absence of a father figure. She worked tirelessly to provide for her and support her dreams. However, when Mahek developed a debilitating deformity that left her dependent on others, Hinaben found herself powerless. The cost of the surgery Mahek desperately needed to regain her independence was far beyond what Hinaben could afford. In their time of need, the compassionate donors of Child Help Foundation stepped forward, offering the financial support required for Mahek's life-changing treatment. Thanks to their incredible generosity, Mahek now has the chance to regain her independence and look forward to a brighter, more hopeful future.

MEDICAL SUCCESS STORIES

173. Aznia, 1 Year 6 Months Crouzon's Syndrome

Aznia's parents, Abdul Azeez and Muhsina, were devastated when they learned that their beloved daughter required critical surgery at Amrita Institute of Medical Sciences, with an overwhelming cost of Rs. 4,30,500. Despite Abdul's efforts as a store helper and the family already exhausting Rs. 70,000 on her treatment, they found themselves unable to afford the life-saving procedure. In their darkest hour, compassionate donors stepped forward, offering the financial support needed to make Aznia's surgery possible. Her family remains deeply grateful for the kindness and support that transformed their despair into hope.

174. Afnas, 12 Years Leukaemia

A bright and ambitious young boy's dreams came to a halt when he was diagnosed with leukaemia, a devastating blow that left his family in shock and despair. Once filled with pride for his future, his parents now faced the terrifying reality of fighting for his life while struggling to gather the necessary funds for his expensive treatment. In this moment of overwhelming crisis, the compassionate donors of Child Help Foundation stepped forward, extending their invaluable support to the family. Their kindness and generosity made it possible for the boy to receive the life-saving treatment he so desperately needed.

MEDICAL SUCCESS STORIES

175. Deepa Gavade, 2 Years Cancer

Deepa's father, Karshid Laxman Gavade, a daily wage laborer, was overwhelmed by the Rs. 2,00,000 needed for Deepa's chemotherapy and supportive care at Kolhapur Cancer Centre. Despite living in a rented house and struggling with his modest income, the immense support and generosity of donors made it possible for Deepa to continue her treatment. Thanks to the collective compassion of many, Deepa is progressing well, and her family is deeply grateful for the kindness that has given their daughter a chance at a healthier, happier future.

176. Aaditya Singh, 2 Years Leukaemia

What began as a simple fever rapidly turned into a severe and life-threatening health crisis, leaving Aaditya's family in despair and under immense financial strain. His parents, Ravi and Mamta, faced the overwhelming challenge of raising Rs. 12,02,500 for his essential treatment while grappling with their limited resources and mounting worries. Thanks to the compassionate support of donors from across the country, Aaditya received the specialized medical care he so urgently needed at a renowned hospital in Delhi. Their generosity gave Aaditya a crucial chance at recovery, bringing his family hope and comfort during this incredibly difficult time.

ONGOING MEDICAL CASES

1. Ranveer Mahole, 12 Years Aplastic Anaemia

Twelve-year-old Ranveer was once a lively, energetic boy, but that all changed three years ago. When he began experiencing frequent fevers, his parents, Nitin and Bhagyashree, took him to local doctors. Initial tests brought devastating news—Ranveer was diagnosed with Aplastic Anaemia.

Since then, Ranveer's life has been filled with hospital visits and treatments. His condition has now reached a critical stage, and doctors at Jupiter Hospital in Pune, Maharashtra (12 km from Pune Railway Station) have recommended a Bone Marrow Transplant as his only hope for survival. The estimated cost of this life-saving procedure is Rs.15,00,000 (Rupees Fifteen Lakh Only), a staggering amount for his father.

Despite their struggles, Nitin and Bhagyashree are trying their best to save their son. They have exhausted all their resources, and now they are reaching out for support. Ranveer's life hangs in the balance, and with your help, his family's hopes for his future can be realised.

2. M Jasvanth Vihar, 5 Years Acute Myeloid Leukaemia (AML)

Jasvanth's life has been filled with challenges from the very start. Born prematurely at eight months, he was often unwell, and prone to frequent infections, and his parents grew used to rushing him to the doctor. However, a few months ago, their lives changed when Jasvanth was diagnosed with Acute Myeloid Leukaemia (AML), a severe and life-threatening form of blood cancer.

Doctors at Medicovert Cancer Institute in Vizag, Andhra Pradesh, have recommended a Bone Marrow Transplant to give Jasvanth a fighting chance. The treatment costs Rs. 15,00,000 (Rupees Fifteen Lakh Only), a sum unimaginable for his father, Shiva, a labourer who works tirelessly to support his family of four. Living in a small rented home, Shiva and his wife Durga, a housewife, have done everything possible, borrowing money and using all their savings to get treatment for their young son.

Jasvanth has shown great courage in the face of his illness, but he needs urgent support to access the life-saving treatment he deserves. Your contribution can bring hope to Jasvanth and his family.

ONGOING MEDICAL CASES

3. Mariyam Khan, 2 Years, 4 Months Liver Cirrhosis

Dread entered Mariyam's life when she was just three months old when she faced some bowel issues. This was later confirmed to be Liver Cirrhosis. Today, she continues to face the same issue, along with itching.

According to the doctors at Mumbai's Nanavati Max Multispeciality, Mariyam has no option except to undergo a liver transplant. The cost of the treatment is coming at Rs 16,50,000/- (Rupees Sixteen Lakhs Fifty Thousand Only).

Mariyam's father, Akhtar, works at a furniture shop and is the sole breadwinner in the family of five. He has resorted to borrowing from friends and relatives to manage his daily expenses, as his income has not been sufficient.

The only way Mariyam can get a liver transplant is through your donations and shares. Please donate to Mariyam and share the story with all your friends and family members.

4. P Yaswanth Kumar, 16 Years Heart Disease

Two years ago, P. Yaswanth, a bright and energetic teenager, began experiencing breathing difficulties. Concerned, his parents took him to the doctor, where a series of tests revealed devastating news: Yaswanth was diagnosed with Complex Heart Disease.

Now, Yaswanth requires urgent surgery at the Apollo Institute of Medical Sciences & Research, Hyderabad, Telangana. This life-saving operation costs Rs 5,50,000, a staggering amount for his father, Krishna, a labourer, and his mother, Sailaja, a housewife. With their modest income, supporting their family of five is already a struggle.

Krishna has taken loans and sought help from loved ones, but the mounting medical expenses are beyond his reach. Yaswanth's health is deteriorating, and time is of the essence.

Your support can bring hope and healing to Yaswanth and his family. Together, we can ensure that this brave young boy receives the treatment he desperately needs to lead a healthy, happy life. Please consider contributing and making a difference.

ONGOING MEDICAL CASES

5. Maruf, 8 Years Thalassemia Major

Life has never been easier for Hayad and Marufa, but they still face everything. Their happiness lies in their child, but that joy turns into a storm of sadness. One day their son was suffering from high fever and cold that was not getting cured with basic medicines. So, the doctor asked them to do his blood test, and six months later, their world shattered. It was then they learned their 8-year-old son was diagnosed with Thalassemia major.

The doctor from Mazumdar Shaw Medical Centre, Bengaluru, Karnataka (26 km from Bangalore City Railway Station), has prescribed a Bone Marrow Transplant. The overall cost of the treatment is Rs. 22,00,000 (Rs. Twenty-Two Lakh Only).

Hayad works as a labourer, and his wife is a homemaker. He managed to cover the expense of his son's tests with the bare minimum amount he had. but his income is insufficient to cure Maruf's condition. Help Marufa and Hayad with your contribution. Share their story with your friends and family.

6. Kaveri S.S., 1.5 Years Blastic Plasmacytoid Dendritic Cell Neoplasm

Kaveri, a child of one and a half years, has been living a nightmarish existence ever since she was nine months old. It started as a fever, which turned into weekly vomiting and a low appetite. After taking her to many hospitals, it was finally confirmed that she had Blastic Plasmacytoid Dendritic Cell Neoplasm. A rare cancer which affects fewer than 1,000 people every year.

After a few sessions of chemotherapy, Kaveri couldn't sit or stand and lost her hair. Now she needs chemotherapy and a bone marrow transplant from Mazumdar Shaw Medical Centre, Bengaluru, Karnataka (26 km from Bangalore City Railway Station), which would cost Rs.22,00,000 (Rupees Twenty-Two Lakh Only).

Kaveri's father, Shankar, used to work as a florist but now for the past couple of months, he has been unemployed. Meanwhile, Kaveri's mother, Teja, had to undergo breast surgery at the time of Kaveri's birth.

The family's savings are running out. They have placed hope in your kindness and generosity. Please don't let them down, donate as much as you can and share the fundraiser with all your friends and family members.

ONGOING MEDICAL CASES

7. Devanand A, 10 Years Leukaemia

Master Devanand A is a ten-year-old child of Manoj and Sabitha, who has been taken down by leukaemia. It all started when Devanand experienced some issues regarding his health. Upon the doctor's examination, his faith was sealed. Devanand has been hospitalized for a month, and his friends and loved ones are waiting for him to return home.

According to the doctors at Kerala's Aster MIMS Hospital (3.2 km from Kozhikode Railway Station), Devanand needs chemotherapy for three and a half years, which would cost Rs 12,00,000/- (Rupees Twelve Lakh Only).

Manoj is a rubber tapper and earns a daily wage. He is the sole breadwinner in his family of four. Manoj's income is barely enough to feed his family, let alone pay such a hefty amount.

Manoj has received some help from his loved ones, but it hasn't been close to the amount required. Please be a beacon of hope and save Devanand from the depths of despair. Donate to his fundraiser and share it with all your friends and family members.

8. Rigvedh, 4 Years 11 Months Multiple Complications

Rigvedh faces a challenging journey due to health complications that have required numerous surgeries since birth.

Despite enduring seven surgeries, Rigvedh still grapples with difficulties in passing stool. His path to recovery includes four more surgeries, crucial for alleviating his immense suffering. The dedicated medical team at Kerala's Aster MIMS Hospital (3 km from Calicut Railway Station) has proposed procedures. But, it will cost approximately Rs 25,00,000/- (Rupees Twenty Five Lakhs Only.)

The financial burden looms heavily over Rigvedh's family. Shyju V.K., Rigvedh's father and the sole provider for their family of six, struggles to earn a meagre income of Rs 200-300 per day as a driver. The family's resources are thus stretched beyond their means, making it impossible to gather the substantial amount required for Rigvedh's impending surgeries.

Please join us in supporting Rigvedh and his family during this challenging time. Your support, whether through donations, spreading awareness, or any means possible, can significantly impact Rigvedh's life.

ONGOING MEDICAL CASES

9. Shiras, 15 Years Cancer

Muhammed Shiras has been confronting cancer for the past eight months, enduring relentless chemotherapy sessions that have eclipsed the joy in his days with relentless pain and suffering. Despite this, he tenaciously continues his studies, navigating through the 10th standard curriculum via online classes.

At Kerala's Lakeshore Global Lifecare Hospital (9 km from Ernakulam North Railway Station), Shiras will face additional rounds of chemotherapy along with a year-long treatment plan. The expenses for each chemotherapy session hover around 15,000 rupees, accumulating to a daunting total treatment cost of Rs 7,00,000 (Rupees Seven Lakhs Only).

Shiras's father, M.A. Navas, a painter by profession, grapples with an unsteady income. Supporting a family of five in a rented apartment, the family struggles hard to meet their basic needs, let alone the exorbitant medical bills.

Any assistance or support extended to Muhammed Shiras would be an invaluable lifeline in his battle against cancer.

10. Piyush Wake, 12 Years Wilson's Disease

Piyush Wake, a 12-year-old boy living in Wardha district of Maharashtra, has been diagnosed with Wilson's Disease and Decompensated with Chronic Liver Disease. Piyush dreams of alleviating his family's poverty by becoming an engineer, but his dreams will go unfulfilled if he doesn't get his cure.

Piyush's stomach is accumulated with water and swelling appears on his legs as well, causing misery in his life.

According to the doctors at Maharashtra's Nanavati Max Super Speciality Hospital (20.8 km from Mumbai Central Railway Station), Piyush can only be saved through a liver transplant worth Rs 16,50,000/- (Rupees Sixteen Lakh Fifty Thousand Only).

Piyush's father, Vijay, is a farmer who earns scanty income. He is the sole breadwinner in his family of four. He has exhausted his savings and has nothing left to spare.

Please stand beside Piyush during his tumultuous times. Share his fundraiser with all your friends and family members.

ONGOING MEDICAL CASES

11. Rohan N, 12 Years Aplastic Anaemia

Rohan, a bright 12-year-old boy is facing a daunting battle against Severe Aplastic Anaemia. It all began with a simple complaint of persistent headache and weakness that didn't fade away. Concerned for their son's well-being, Rohan's parents rushed him to the local hospital, hoping for answers. But despite their worries, the issue slipped through undetected. As days passed, Rohan's troubles persisted. Determined to seek answers, his parents turned to the Apollo Cancer Centres in Chennai, where the harsh reality emerged.

The doctors at Chennai's Apollo Cancer Centres (8 Km from Chennai Central Railway Station) prescribed a regimen of Blood and Platelet Transfusions every two weeks. It is a lifeline for Rohan, which comes with an overwhelming price tag of Rs.10,00,000- (Rupees Ten Lakh Only).

Amid this storm, K Narayanasamy, Rohan's father and the sole provider for their family of seven, grapples with the weight of earning a mere Rs 300 per day as a coolie.

Please extend your heart and show Rohan the warmth of your love and kindness. Share his story with all your friends and consider donating to fund her treatment.

12. Swagat Barik, 13 Years Acute Lymphoid Leukemia

Swagat Barik lives with his siblings and his mother in Urduna, Odisha. Currently, they live in a rented house for treatment. He has been diagnosed with Acute Lymphoid Leukemia. The condition has riddled him with fever and pain.

According to the doctors at Chhatisgarh's BALCO Medical Centre, (24.6 km from Raipur Railway Station) Swagat's treatment would cost Rs.3,22,690/- (Rupees Three Lakh Twenty Two Thousand Six Hundred And Ninety Only), which would include All Induction, Consolidation and Reinduction (3 Cycles).

Swagat dreams of providing for his family when he grows up and helping his mother finally get rest. But the condition is making that dream appear more distant than ever.

Please come to the aid of Swagat during his hard times. Share his story with all your friends and family members.

13. Prem Dambale, 14 Years Accidental Injuries

Prem, a fourteen-year-old boy, living in Nashik, Maharashtra experienced an electric shock while climbing a tree, costing him his left arm and causing burns to his legs and chest.

Doctors at Maharashtra's Namco Hospital (14.1 km from Nashik Railway Station) have suggested an amputation for his right leg and skin grafting, costing Rs. 3,50,000/- (Rupees Three Lakh Fifty Thousand Only).

Sanjay works as a labourer and doesn't have money for his son's treatment. He laments that his son won't ever be the same but he has little choice and needs to help him however he can. His friends and family members have generously helped him, but it hasn't been enough.

Please donate as much as you can for Prem to help him get the treatment. Share this fundraiser with all your friends and family members. Your support can give Prem a chance to rebuild his life and face the future with hope and resilience.

14. Sivanya, 14 Years Chronic Immune Thrombocytopenia

Sivanya is just like any other fourteen-year-old. Residing in Ernakulam, Kerala, she desires to experience the fruits of life and is filled with hope for the future. However, ever since being diagnosed with Chronic Immune Thrombocytopenia, her life has come to a standstill.

She was officially diagnosed in December 2023. Ever since then, she hasn't gone to school, fearing infection. She gets taken down by fever and pneumonia and has to take injections weekly. Sivanya wants to study and have normal interactions with her friends, but this simple wish has been denied to her, but you can change that.

According to the doctors at Amrita Institute of Medical Sciences (11.8 km from Kochi Railway Station), her treatment costs Rs.11,00,000/- (Rupees Eleven Lakh Only), an amount unimaginable for her father.

Sivanya's father, Shameg, is the sole breadwinner. The only way to help Sivanya is through your love and kindness. Donate as much as you can and share the story with all your friends and family members.

ONGOING MEDICAL CASES

15. Meghana Pawar, 9 Years Heart Disease

Nine-year-old Meghana, a lively and cheerful child, was recently diagnosed with a perimembranous VSD, a congenital heart defect, during a health camp conducted at her school. The condition, if left untreated, could severely impact her quality of life. Doctors at Balaji Heart Hospital & Diagnostic Centre in Mumbai, Maharashtra have recommended a VSD Surgical Closure to help her recover and lead a healthy life.

The estimated cost of the surgery is Rs.2,50,000 (Rupees Two Lakh Fifty Thousand Only), a figure far beyond the reach of Meghana's family. Her father, Bhaiya, works as a labourer, while her mother, Gita, is a housewife. Together, they support their family of four with a modest income that barely covers their daily needs. To save Meghana, they have taken loans and fallen into debt, but it is still not enough.

Meghana deserves a chance to grow up, play, and live without pain. Your support can make all the difference in her life. Let us unite to help this little girl and bring back her radiant smile. Every contribution counts. Help Meghana win her fight and give her the future she deserves.

16. Aaroosh Shaik, 4 Years Neuroblastoma

In Tiruvallur, Tamil Nadu stays a four-year-old child named Aaroosh Shaik, who has been diagnosed with Neuroblastoma. It all started when he experienced breathing issues, upon undergoing a test a tumour was detected.

According to the doctors at Tamil Nadu's Apollo Cancer Centre (8km from Chennai Central Station), Aaroosh needs 12 vials of injection Dinutuximab (Anti GD-2) and supportive care after bone marrow transplant, the combined cost of which is Rs.15,00,000/- (Rupees Fifteen Lakh Only).

Aaroosh's father, Dilver, works as a clerk and is the sole breadwinner in his family of seven. He works as a clerk and lives in a rented house. With his financial resources lacking, Aaroosh was forced to sell his family's jewellery and took some help from his friends but it still wasn't enough.

Please stand beside Aaroosh in his fight against cancer. Donate as much as possible and share it with all your friends and family members.

17. Leraisha Mary Laiju, 6 Years Crohn's Disease

Just a few months ago, six-year-old Leraisha was full of energy, but everything changed when she suddenly stopped eating, began vomiting frequently, and rapidly lost weight. Concerned, her parents, Laiju and Aisha, sought answers. After a series of tests, the doctors delivered a heartbreaking diagnosis: Leraisha is suffering from Crohn's Disease, a severe form of inflammatory bowel disease.

Her condition requires continuous treatment with biological injections for the next two years. The cost of her treatment at Rajagiri Hospital, Aluva, Kerala (5.9 km from Aluva Railway Station), is estimated at Rs. 3,00,000 (Rupees Three Lakh Only), an amount that seems impossible for Laiju, a driver, and Aisha, a housewife, to gather. The family, with five members, struggles to make ends meet, but they refuse to give up on their little girl.

With limited means, Laiju has already borrowed money, but it is not enough. Your help could be the lifeline they need. Please, lend a hand and give Leraisha the chance to lead a healthy, happy life. Every contribution, big or small, can make a world of difference.

18. Arjun S, 10 Years Heart Disease

Arjun, a 10-year-old child living in Palakkad, Kerala has been struggling with a heart condition ever since he was two years old. He constantly experiences breathing issues and fever. Even though he has undergone an operation, he still has to go through another.

According to the doctors at Kerala's Aster Medcity (9.9 km from Kochi Railway Station), Arjun needs to undergo treatment worth Rs.11,00,000/- (Rupees Eleven Lakh Only).

Arjun's father, Satish works as a conductor and is the sole breadwinner in his family of four. They live in a rented house and have borrowed money from relatives to bear the expense of the treatment.

Please come to the aid of Arjun by donating to his fundraiser and sharing it with all your friends and family members.

Your generosity can help Arjun get the critical treatment he needs and bring hope to his family in their time of need.

BABY FEEDING CENTER

Baby Feeding Centers (BFCs) are not only a place to help mothers feed their babies, but a movement to make public places accessible to new mothers, exclusively for breastfeeding. The idea behind the Baby Feeding Centre is to provide a haven to nursing mothers and infants. Breastfeeding in public is considered shameful in India and many parts of the world. It also makes the mother uncomfortable while feeding in public, but she does not have any choice due to the lack of options, especially when the child needs milk. These centres are comfortable with cushions and sofas and have a ceiling fan installed.

As of March 2024, Child Help Foundation has established 23 Baby Feeding Centres across various locations. In 2023, these centres were

set up at Urban Health Centre Bandra, Pune Railways Station on August 16, Kashimira Police Station on 21st September in Maharashtra, Sir C. V. Raman General Hospital – 1 and – 2 in Bengaluru, Karnataka on June 19 and 20 respectively, Shri Atal Bihari Vajpayee College in Bengaluru, Karnataka on August 5, Institute for Child Health & Hospital for Children in Egmore, Chennai, Tamil Nadu on 7th September, Visakhapatnam Railway Station on October 20 in Andhra Pradesh, and Institute of Obstetrics and Gynaecology, Egmore in Chennai, Tamil Nadu on November 7. In 2024, new centres were opened at Krantisinh Nana Patil Civil Hospital in Satara on February 9 and Rural Hospital in Palghar on March 27, both in Maharashtra.

TATA Mumbai Marathon'24 – Maharashtra

On January 21, 2024, the TATA Marathon event was held. Child Help Foundation team participated in the Motivation Zone, a platform to raise awareness of a particular cause, maximise the visibility of an NGO and, motivate the runners on race day. It was decided that Child Help Foundation would promote the theme of 'Swastha Se Shiksha Tak'. More than 1000 volunteers from various colleges of the NSS (National Service Scheme) wing participated in Child Help Foundation's endeavours. For its efforts, Child Help Foundation was handed the first position by the event organisers.

A selfie point was installed at the marathon for the runners to promote our cause and join the conversation about creating a healthy lifestyle. The selfie point came with a QR code that took the runner to a webpage containing infographics about healthy lifestyles and awareness of cancer. Information was related to childhood cancer, types of cancer, risk factors for cancer, and side effects of chemotherapy.

The participation of volunteers was pivotal in engaging with the participants of the TATA Mumbai Marathon.

Nutrition Kits Donated to Pediatric Tuberculosis Patients (Pradhan Mantri TB Mukta Bharat Abhiyan) – Mumbai, Maharashtra

As part of Pradhan Mantri TB Mukta Bharat Abhiyan, Child Help Foundation, along with crowdfunding partner Filaantro, have decided to become 'Nikshay Mitra' with our implementation partner, Brihanmumbai Municipal Corporation (BMC). We provide nutrition kits to forty children in Mulund, Maharashtra, on a monthly basis. Child Help Foundation is committed to the nation's cause of making India Tuberculosis-free by 2025.

World Liver Day with Rotto Sotto Mumbai, Maharashtra

On April 13, 2023, i.e., World Liver Day, Child Help Foundation volunteers, along with the Regional cum State Organ and Tissue Transplant (Rotto Sotto) team, conducted an impactful session to create awareness about organ donation and its potential to save lives. The attendees were informed about the importance of organ donation, the donation process, and how one donor could save multiple lives. The session emphasized how organ donation not only benefits the recipients but also brings a sense of purpose and legacy to the donors and their families. The volunteers, driven by their commitment to the cause, filled out consent forms, pledging to donate their organs after their demise.

Women's Health Awareness Session

Mumbai, Maharashtra

To make the lives of women easier, Child Help Foundation conducted a health awareness session and a health camp for women at Mashachapada, Kashigaon, Mumbai, Maharashtra, completely free of charge. Along with free health check-ups, vitamin supplements were also distributed at the session. The event was organised in collaboration with Mangala Foundation. The session provided valuable insights into women's health issues, equipping the participants with new knowledge about their health and overall well-being. The women were happy to receive the free checkups and vitamin supplements and left the session with novel knowledge about their health and condition.

FOYS Sports Day

Shri Ram College of Commerce, New Delhi

Child Help Foundation participated in The Festival of Youth Sports (FOYS) on 27th February 2024 at the college's sports complex, in collaboration with New Delhi's Shri Ram College of Commerce. FOYS is an annual sports event and is considered to be one of the most renowned events of Delhi University (DU). The event saw mesmerizing displays of athleticism that had to be seen to be believed. Child Help Foundation is proud of contributing to an event which promotes physical fitness and sports among the youth. By collaborating in this esteemed event, Child Help Foundation reinforced its commitment to promoting physical fitness, teamwork, and a healthy lifestyle among the youth.

Visit and Interaction of CHF Trustees to the School Health Program, Palghar, Maharashtra

The meeting included discussions on strategies to overcome challenges faced during the implementation of the program. Rajendra Pathak emphasized the importance of maintaining transparency and accountability in reporting, while Shaji Varghese highlighted the need for ongoing collaboration with local stakeholders to ensure the program's long-term success. The team was encouraged to continue their efforts in reaching the project milestones and enhancing the overall impact of the School Health Program, a program which helps students deal with health-related and social issues.

School Health Programme

Vikramgad, Palghar, Maharashtra

CHF conducted health screenings of students in 10 government-run ashram schools in this Taluka that are predominantly tribal. Child Help Foundation has set up a Health Information System (HIS) under this campaign for each school. HIS tracks and monitors the health of the students, particularly those who are more vulnerable, and informs the parents of the students about it. The NGO has also appointed full-time counsellors to identify the more indigent kids prone to suffering from diseases and counsel them and their parents to prevent self-destructive behaviour.

Child Help Foundation also set up awareness sessions on various subjects such as good touch and bad touch, personal hygiene, peer

pressure, sexual and reproductive health, and POSH-POCSO. The volunteers of CHF teach them how to take care of their mental health and give them counselling services at the school level. On the other hand, professional counsellors engage students with different activities by conducting classroom awareness sessions on different social issues and how to tackle them.

Wellness Activities

Talwada Ashram School, Palghar, Maharashtra

Talwada Ashram School hosted a large-scale yoga workshop, where 1,038 students participated under the guidance of a qualified yoga instructor. The session, organized as part of the wellness activities within the School Health Program, was generously supported by LTPCT (Larsen and Toubro Public Charitable Trust). Students enthusiastically embraced the program, gaining valuable insights into maintaining both physical fitness and mental stability. The workshop not only promoted a healthy lifestyle but also instilled mindfulness and stress-relief techniques, leaving the students eager for more such activities in the future.

Adolescent Reproductive and Sexual Health (ARSH) Sessions with Students, Palghar, Maharashtra

In addition to health screenings and addressing illness cases, the School Health Program team is working to build students' capacities through interactive awareness sessions on important topics such as peer pressure, hygiene, sexual reproductive health, stress management, anxiety, and study-related challenges. These sessions utilize engaging training tools, including flip charts, posters, banners, and interactive assignments, to ensure effective learning. Conducted by a dedicated team of doctors, nurses, and coordinators, these sessions have already reached over seven thousand students, equipping them with essential knowledge and life skills to navigate their personal and academic lives successfully.

Counselling Sessions with Students

Palghar, Maharashtra

In addition to individual counselling, the program also provides health screenings and educational workshops on nutrition, hygiene, and mental health. This comprehensive approach ensures that students receive both preventive care and the necessary tools to maintain a healthy lifestyle that will help them thrive academically and in their future endeavours. Through these initiatives, the School Health Programme fosters a supportive environment that nurtures both the physical and emotional well-being of students in the Vikramgad block of Maharashtra.

Awareness session on Mental Health

Palghar, Maharashtra

Under the School Health Programme, the counsellor conducted an awareness session on "Introduction to Mental Health" for 9th and 10th grade students. Despite the prevalence of mental health issues among students in the ashram school, mental health continues to be a neglected area. In response, CHF is placing a strong emphasis on promoting positive mental health by raising awareness on various related topics and offering tailored counselling services to support the students' emotional well-being that can help them navigate problems in both their personal and academic lives.

Medical Camp

Mumbai Suburban, Maharashtra

On July 22, 2023, Child Help Foundation joined hands with the Indian Cancer Society, a non-profit organisation specialising in cancer treatment, to organise a medical health camp in Ganesh Deval Nagar Community, Bhayander, Mumbai, Maharashtra.

The aim of the camp was to raise awareness about the prevention and causes of health issues. The health camp offered free routine health check-ups, along with gynaecologist VIA & breast examinations by a gynaecologist, physical examinations by a physician, and oral examinations by a dental surgeon. The team worked hard throughout the event, delivering free check-ups to thirty people.

TCS 10K Marathon

Bengaluru, Karnataka

Wearing the colours of Child Help Foundation with pride, our volunteers promoted our values at the TCS 10K Marathon held on April 28, 2024, in Bengaluru, Karnataka.

The team of Child Help Foundation was felicitated with certificates for their enthusiastic participation. We especially want to thank Ms. Renuka Prasad H.R., Mr. Pandurang Vithu Chougule, and Mr. Siddharth Bhatia for their ginormous contributions to our involvement in the event, as well as our volunteers for their hard work and efforts.

Wellness Activities

Kurnze Ashram School, Palghar, Maharashtra

As part of wellness activities for the children under the School Health Project, the workshop was organised on yoga, involving students and their teachers from the Kurnze Ashram School in Palghar, Maharashtra. The workshop was conducted by a certified yoga instructor, and students performed various asanas (exercises) under the observation of the yoga instructor. To make it easy to understand, the instructor called a few students ahead and performed the exercises through them. As a demo, the instructor also did some exercises so that the children would learn by seeing. Apart from exercises, he explained the benefits of each exercise and explained how essential it is for everyone to do yoga in their day-to-day lives for good mental and physical well-being.

International Yoga Day Celebration – Head Office

Mumbai, Maharashtra

The International Day of Yoga was celebrated on June 21, 2023, by the team of Child Help Foundation in the head office in Mumbai Suburban, Maharashtra with all the volunteers. It aimed to raise awareness about the benefits of yoga and encourage its incorporation into daily life. The foundation organised activities promoting yoga's physical and mental well-being aspects. By celebrating this day, the foundation aimed to inspire individuals to embrace yoga for improved health and create a global community recognising its transformative effects within both mind and body.

Baby Sleeping Sack Distribution

Child Help Foundation decided to start distributing baby sacks. These baby sacks are designed from comfortable materials, that are suitable for children from 12 to 24 months. These baby sacks can bring comfort and warmth to the babies, which will help them get a good night's rest.

The distribution drive has been conducted throughout all the states and union territories of India.

Joy of Giving

Mumbai, Maharashtra

On July 17, 2023, Child Help Foundation organised an event with the objective of providing donated clothes, courtesy of SBI Securities, to underprivileged children and women. Spearheaded by Ms Sendra D'Souza and her dedicated team, the distribution took place in Nallasopara, Maharashtra. The heartfelt reactions of the children upon receiving the clothes were heartwarming, reflecting the true joy of giving. This initiative underscores Child Help Foundation's commitment to not only assist those in need but also to ensure the donated items meet the standards we desire for ourselves. Through such endeavours, Child Help Foundation exemplifies its dedication to fostering a strong sense of community and enhancing the overall quality of life for the underprivileged.

Breastfeeding Week

Urban Health Centre, Bandra, Maharashtra

The objective of the programme was to make mothers and other attendees aware of the benefits and importance of breastfeeding. The event started with the welcoming of the chief guests, Dr. Aiman Shaikh (Medical Officer), Dr. Suman Lokhande (Paediatrician), Dr. Sana (Gynaecologist), and Ms. Jyoti Kamble of Child Help Foundation. The nurses and hospital staff told the mothers and their families who were present about breastfeeding week. They explained and elaborated on the significance of breastfeeding in an infant's growth stage and how their baby needs to be breastfed for at least 6 months. The chief guests also elaborated on how vital it is for the infant's development to be given milk from the

mother to the child. Ms. Jyoti Kamble then continued to elaborate on the importance of the week, and more was said on the significance of breastfeeding, including the Baby Feeding Centre in the hospital, which allowed mothers to breastfeed in privacy and safety. The programme also included posters on breastfeeding.

Organ Donation Awareness

Pali Ashram School, Palghar, Maharashtra

On August 18, 2023, Ms. Jyoti Kamble from Child Help Foundation celebrated World Organ Donation Day with an awareness session by ROTTOSOTTO at Pali Ashram School in Maharashtra. There were 2 guest speakers from ROTTOSOTTO (Regional cum State Organ and Tissue Transplant Organisation), an organisation that is a government initiative for spreading awareness about organ donation amongst the people. The session was conducted for the students in 9th and 10th grades. During the session, they were given very basic information on the topic as they were minors. They explained what organ donation is, who can do it, and which organs can be donated.

Students listened to the topic very carefully. Ms. Jyoti asked them some questions to get an understanding of how much they understood from the session. They were given a form as a pledge to donate their organs at the end of the session. They were requested to convey the information to the parents as well.

World Mental Health Day

Talwada Ashram School, Palghar, Maharashtra

Talwada Ashram School hosted a successful event on World Mental Health Day, attended by 1,044 students. The program featured various activities, including student skits, a session led by a psychiatrist and counsellor, and a prize distribution ceremony. The event received considerable praise from both guests and school authorities.

Arogya Sadan – A Hope for Patients Battling Thalassemia, Mumbai, Maharashtra

In a city, as expensive as Mumbai, the harsh reality is that most underprivileged families simply cannot afford the financial burden of travel and accommodation. This is where Arogya Sadan comes in and extends a compassionate hand to underprivileged families from remote regions of India to stay and travel to and fro from Kokilaben Dhirubhai Ambani Hospital and Medical Research Institute to their designated residential premises.

Arogya Sadan not only provides lodging premises for patients in Mumbai but also for patients, their family members and their donors. The lodging also offers services like unwavering support staff 24/7, doctor's

prescribed diet, tuition classes as well as recreational activities, completely living up to the moniker of "Swastha se Shiksha Tak". The project also extends post-transplant care for the patients, along with their donors, because they deserve nothing less than the best.

World Cancer Awareness Day

Palghar, Maharashtra

On the occasion of World Cancer Awareness Day, i.e. 9th November, 2023, Child Help Foundation organized awareness sessions in three villages named, Karhe-Talawali, Sakhare and Bhadangepada in Palghar District, Maharashtra. The sessions were conducted by Mr. Ravsaheb, Dr. Preeti and Dr. Sanjeevani, covering the topic of cancer, its reasons, prevention measures and facts. The topics of breast and cervical cancer were discussed in detail and the ill effects of tobacco on the human body were also discussed, as tobacco consumption is common in rural areas and is the biggest cause of cancer. The flip charts and posters

were used during the session and it proved an effective tool of communication, as most of the participants were illiterate. The sessions were made interactive by sharing experiences, stories and examples. Through the sessions, 121 villagers were sensitized.

Air Mattress Distribution

Matoshree Manovikas Kendra, Bengaluru, Karnataka

On 31st January, Air Mattress were distributed at Mathrushree Manovikasa Kendra for specially-abled children in Bengaluru, Karnataka. The centre houses 130 children and around ten mattresses were needed. There were several guests for the program. Chief Guest - Police Commissioner of Bengaluru, Mr. B Dayananda, Dr. Shashikala - RMO, Sir C V Raman General Hospital, Bengaluru and Mr. Vijay Chandran & Mr. Linto Paul from Anthology International Pvt Ltd. The event was conducted by Child Help Foundation volunteers, Ms Bhuwanesvari and Ms Gladys and mattresses were distributed to fourteen children. The program also raised awareness about creating supportive environments for specially-abled individuals.

Health Camp

Meerut, Uttar Pradesh

Child Help Foundation conducted a massive sleep sack distribution and Heart Checkup Camp in Darshan Hospital, Meerut, Uttar Pradesh on 17th December 2023. 502 sleep sacks were presented to the mothers having infants. The health camp was in association with Paras Hospital (Gurugram), Darshan Hospital and Child Help Foundation. During the same time, more than 72 children were scanned for a healthy heart, and 16 children were shortlisted for further cardiac interventions. This impactful event not only provided immediate care and support for mothers and children but also highlighted the importance of early diagnosis and treatment for heart-related conditions.

Mental Health Session

Wangani Ashram School, Palghar, Maharashtra

Child Help Foundation celebrated World Mental Health Day on 10th October 2023 by creating awareness among the students from ten ashram schools. Through the awareness sessions, a total of 1,715 students were sensitized by counsellors. Some video clips were also shown to the students to get proper knowledge of the subject. The sessions included a quiz competition and gifts were distributed to the winners from the participants.

In Talwada Ashram School, a psychologist, Mr. Nitin from School Health Project was invited as a guest speaker to conduct a session on mental health. Students from the higher secondary section performed two skits on the topic.

Sports Day

Saket, New Delhi

On October 2, 2023, Child Help Foundation, in collaboration with MB Road Durga Puja Samiti in Saket, New Delhi, organized a sports day for children. The event featured a variety of sports activities for both children and women, fostering community spirit and engagement. This recreational activity created enthusiasm and paved the energies of the children in a positive way. The sports day not only encouraged physical activity but also created an atmosphere of joy and camaraderie, providing an opportunity for children to channel their energies in a positive and constructive way.

World Marrow Donor Day

Kokilaben Dhirubhai Ambani Hospital and Medical Research Institute Mumbai, Maharashtra

Kokilaben Dhirubhai Ambani Hospital and Medical Research Institute -Mumbai, Maharashtra has recognized Child Help Foundation as a Partner NGO for our support to Thalassemia Patients on World Marrow Donor Day i.e. September 16, 2023. We have started a project "Arogya Sadan" to support Thalassemia Patients' stay along with their families for their stay, food, and transportation during the treatment in Kokilaben Hospital in Mumbai. This event was attended by Ms.Jasmine Majithia (85-year-old dynamic personality who wants to save the lives of Thalassemia Patients), Mr. Rajnish Seth (DGP of Police, Maharashtra), Mr. Santosh Shetty (CEO, Kokilaben Hospital), Mr. Patrick Paul (CEO, DKMS BMST Foundation India), Dr. Santanu Sen (Consultant, Pediatric Hematology, Oncology and Stem Cell Transplantation) and other dignitaries. Their collective support highlighted the importance of collaborative efforts in improving the lives of Thalassemia patients

EDUCATION

10,931

BENEFICIARIES

QUALITY EDUCATION

According to the estimates of United Nations, without additional measures 84 million children will be out of school by 2030 and 300 million children will lack basic literacy and numeracy skills. Child Help Foundation is taking necessary steps to curb this danger. Through our efforts, we have helped 10,931 children receive education free of cost.

Activities at Child Care Institutions (C.C.I.)

Child Care Institutions Supported by CHF (As of March 2024)

Child Help Foundation (CHF) is currently supporting seven Child Care Institutions (CCIs):

1. Ashraya-Handicapped Welfare Organization
2. Charis Foundation
3. Khirad Basini Childcare Institution
4. Koel Saraswati Shishu Vidya Mandir
5. Needs Charitable Trust
6. Saraswati Anath Shikshan Ashram
7. Special School of Joy

Support Overview:

CHF provides monthly support to these institutions, ensuring that children receive educational assistance. The funds are allocated for fees, stationery, and other education-related expenses.

Sr. No.	Particular	Location	Activity Details	Total No. of students
1.	Needs Charitable Trust	Horamavu, Bengaluru, Karnataka	Awareness Session On Health, Birthday Celebration	23
2.	Ashraya (Handicapped Welfare Organisation)	Bhubaneswar, Odisha	World Tuberculosis Day, Celebrated Mahashivratri, Holi	48
3.	Khirod Basini Kanya Ashram	Dist-Angul, Odisha	Health Camp, Counseling, Holi Celebration	60
4.	Koel Saraswati	Rourkela, Odisha	Yoga Competition, Health Camp	50
5.	Charis Foundation	Thirumullaivoyal, Chennai, Tamil Nadu	Annual Examination, Birthday Celebration	42
6.	Special School of Joy	Kadma, Jharkhand	World Down's Syndrome Day, Holi Celebration	10
7.	Saraswati Anath Shikshan Ashram	Pune, Maharashtra	Shivjayanti Celebration, Swachhata Abhiyan, Sports Competition	30

Science Lesson with Servier

Bhopoli Ashram School, Palghar, Maharashtra

In a class conducted by Mr. Ashish at Bhopoli Ashram School in Palghar, Maharashtra on September 11, 2023, the students delved into the fascinating world of the classification of elements. The students enjoyed this class and found it to be fascinating and interesting.

Centre For Excellence (CFE) Success Stories

Sudesh Vasant Gotarane

Sudesh Vasant Gotarane attended a government secondary school in Vangani, Maharashtra. In the academic year 2022-23, he completed his 10th-grade exams, achieving a score of 70%. His father

worked as a farmer, and the family had an annual income of 15,000 rupees. Sudesh's family included his mother, father, an elder brother, a sister, and a younger brother. He dedicated three hours to studying three times a day and aspired to pursue a future in science.

Jitendra Dhirendra Gaikwad

Jitendra Dhirendra Gaikwad attended Government Secondary School in Murbad, Suryanagar, Maharashtra. He appeared for the 10th grade exams, achieving an impressive score of 82%.

With the support of Child Help Foundation and Motilal Oswal Foundation, he was able to secure good marks. Jitendra's father worked as a farmer, while his mother was a housewife, and the family's situation was quite ordinary. He aspired to become a doctor and was determined to improve his family's financial condition.

Roshan Pandurang Ghatal

Roshan Pandurang Ghatal attended Government Secondary School in Murbad, Suryanagar, Maharashtra where he achieved a score of 75.80% in his 10th-grade exams.

He has plans to pursue a degree in science. Roshan had a strong passion for becoming an electrical engineer and was determined to achieve this goal. He also aimed to improve his family's financial condition.

Atul Rama Dhodade

Atul Rama Dhodade attended a government secondary school in Murbad, Maharashtra where he completed his education up to the 10th grade. He appeared for the 10th-grade board

examination, achieving an impressive score of 77%, which secured him the second rank. Atul lived in a household of five, where his mother managed the home, and his father worked in farming. The family's financial situation was ordinary. Atul plans to get admission to LLB (Bachelor of Laws) after completing his studies in the Arts stream. He aimed to uplift the name and reputation of his parents.

Centre For Excellence (CFE) Success Stories

Bhumika Sudhir Budhar

Bhumika Sudhir Budhar, a bright and determined student from Vangani, Maharashtra, attended a government middle school and completed her 10th grade in the academic year 2022-23. She

demonstrated outstanding dedication to her studies, achieving an impressive score of 71.20% in her board examinations. Despite facing significant financial challenges—her family's annual income was only ₹20,000—Bhumika remained focused on her goals. She lived with her parents, grandparents, and two siblings in a modest household, where resources were limited, but her ambition was boundless.

Bhumika followed a disciplined daily routine, waking up at 5:00 am and starting her studies by 6:00 am after completing her morning chores. She studied diligently until 9:30 am, taking a short break for breakfast, and resumed her studies in the evening from 7:00 pm to 10:00 pm. Her determination and perseverance reflect her unwavering commitment to education.

Passionate about science, Bhumika dreams of pursuing a Bachelor of Science (B.Sc.) degree to build a brighter future for herself and her family. Her story is an inspiring example of resilience and the transformative power of education. By overcoming her challenges, she sets an example for countless others striving for academic success despite adversity.

Sanjana Suresh Bhovar

Sanjana Suresh Bhovar, a hardworking student from Vangani, Maharashtra, attended Government Secondary School, completing her 10th grade during the 2022-23 academic year. She

achieved an impressive 72.80% in her board examinations despite her family's modest financial situation.

Her family, consisting of her parents, siblings, and grandmother, relied on an annual agricultural income of ₹15,000. While her parents worked tirelessly as farmers, Sanjana and her siblings remained focused on their education, striving for a brighter future and breaking the cycle of financial challenges.

Sanjana maintained a disciplined study routine, beginning her day at 4:30 am and studying until 6:00 am. In the evenings, she resumed her studies from 7:00 pm to 9:30 pm and often extended her efforts until 11:30 pm. Her unwavering dedication and commitment to academic excellence reflected her determination to succeed.

With a keen interest in science, Sanjana plans to pursue a Bachelor of Science (B.Sc.) degree in Nursing. She is passionate about healthcare and aims to contribute to society by helping those in need. Her journey is a testament to resilience, the power of education, and the importance of hard work in overcoming challenges, inspiring others to aim high and achieve success despite obstacles.

Establishment of Mini Science Centres

Palghar, Maharashtra

CHF has started new 6 Mini Science Centres in Palghar, Maharashtra. These 6 schools are as follows- Talwada, Maan, Vinval, Kurnze, Karhe and Dadade Ashram School. The project is supported by Samata Equal Footing. This new project started in February 2024.

Inauguration of Mini Science Centre

Talwada Ashram School, Palghar, Maharashtra

The inauguration event of Mini Science Centre took place on 28th March at Talwada Ashram School in Vikramgad, Maharashtra. It was a well-organized event, featuring traditional ceremonies, student presentations, and speeches by the guest. Students showcased their knowledge through presentations, while the principal and representatives from Child Help Foundation emphasized the importance of practical learning and community support in education. The event concluded with appreciation for the foundation of the Mini Science Centre, expressing gratitude.

Computer Lab Inauguration

Utkramit Uchch Vidyalaya and Madhya Vidyalaya, Bihar

On July 21st, Child Help Foundation inaugurated new computer labs at Utkramit Uchch Vidyalaya in Lodipur and Madhya Vidyalaya in Samas, Barbigaha, Bihar. This initiative was made possible thanks to National Fertilizers Limited. The event was honoured by Dr. Poonam Sharma, Independent Director of National Fertilizers Limited, who graced the occasion as the Chief Guest. The principal, teachers and students of the school were present in the program, along with representatives from Child Help Foundation.

Capacity Building Workshop

Dimapur, Nagaland

In the month of May, special learning classes were organized for children, offering a range of exciting and creative activities. These included Coloring and Drawing, making Handprint Sunshine Cards, Handprint art, Language learning through games/activities, and Skill Training on Hand Embroidery. Alongside the activities, they were also treated to snacks and gifts, which added to the fun. As the days passed, it was observed that the children became more interactive and engaged in the sessions. Parents expressed their happiness and appreciation for these extra special classes, recognizing the positive impact on their children's learning and social development.

Summer Vacation Classes for Supportive Education, Palghar, Maharashtra

As part of the Centre for Excellence Project, teachers regularly visited various padas and villages to provide education to children. During the summer vacation, supportive classes were conducted. The initiative aimed to keep the students engaged and informed during their break. Feedback from the students indicated that they thoroughly enjoyed attending the classes each day and found the sessions to be both useful and helpful in broadening their knowledge. This effort was greatly appreciated by the students, as it enriched their learning experience during the vacation period.

Career Guidance Session

Murbad Ashram School, Palghar, Maharashtra

A session was organized on 16th January 2024, on the topics of Stress Management and Career Guidance. The session was conducted under the Mini Science Centre Project which is supported by Samata Equal Footing. The objective was to teach the techniques to reduce the stress that students face during the exam. Also to guide the students about career options. Ms Shweta Harishchandra Patil, Assistant Professor, A.G.S. College of Education (B.Ed.) was a guest speaker for the session. The session was organized for 9th and 10th standard students from Murbad Ashram School in Palghar, Maharashtra. The teachers thanked Child Help Foundation and Ms. Patil for guiding the students.

Teacher's Training

M S Maur and M S Koyaribigha School, Barbigaha, Bihar

Child Help Foundation (CHF) has installed Mini Science Centers (MSC) in two schools in Barbigaha, Sheikhpura, Bihar : M S Maur School and M S Koyaribigha School. To effectively utilize these centres, teachers needed training on how to use the science and mathematics models, including math puzzles, to teach their students.

Jagannath Khirari, the MSC Coordinator from Palghar, who has been working on the project for two years and received training from Vikram A. Sarabhai Community Science Centre (VASCSC), along with Raju Gangoda, conducted the training sessions. Due to logistical constraints, the training was held separately for each school.

Five teachers from M S Maur School and eight teachers from M S Koyaribigha School participated, including a new MSC co-ordinator, Ms. Rajani. The interactive nature of the training was well-received, and both principals expressed their gratitude to CHF for organizing the sessions.

Inauguration of Mini Science Centre

M S Maur and M S Koyaribigha School, Barbigha, Bihar

The Mini Science Centre project has been implemented at M S Maur and M S Koyaribigha School, Barbigha, Bihar. The project is supported by National Fertilizers Limited. Lessons in Science and Mathematics were regularly conducted with the help of the models provided by the Mini Science Centre. The new teacher conducted lessons in Science and Math with the help of the models. She taught 18 models during the month. Students enjoyed the classes under MSC and prepared the models themselves. The students enjoy learning Science & Mathematics and are very eager to attend these classes

Independence Day Celebration

Ponneri, Tamil Nadu

Child Help Foundation celebrated its 77th Independence Day with the students in Ponneri, Tamil Nadu. Stationery Kits and sweets, were distributed among the students. The celebration instilled the values of patriotism in students and left them with a lot of memories to cherish.

Session on POCSO for the NSS students of Royal College, Mumbai, Maharashtra

CHF is coordinating with the NSS departments of the colleges. The activities are planned in collaboration with the NSS departments and students of the NSS group participate in those activities. The NSS department had asked for a session. On 28th December Ms Jyoti, Mr Ibrahim, CHF team member went to Burhane village, Boisar, to the place of the camp.

Internship / Volunteership

Mumbai, Maharashtra

Orientation session for the student volunteers of BITSoM, Mumbai, Maharashtra

On 6th December 2023, an orientation session was conducted by project team member Ms Meena Lokhande for the interns of BITS School of Management. It was specifically conducted to explain the responsibilities and tasks of the student volunteers.

Orientation and Work Allotment to Interns of R. D. National & W. A. Science College, Mumbai, Maharashtra

On 26th December 2023, an orientation session for the purpose of work allotment was conducted for the 1st year B. Sc students of the R.D. National and W. A. Science College situated in Bandra, Mumbai. Tasks related to fundraising, field visits and project implementation were given to them. Based on our observation and monitoring, all the students performed well in the given task.

Visit to Aarey Colony, Goregaon, Mumbai, Maharashtra

On 19th and 20th December 2023, project team members Ms Sandra D'souza and Ms Shilpa Lokhande visited Unit No. 7 and Unit No. 32 of Aarey Colony in Goregaon, Mumbai for Skill Development Training. A meeting with the community people, leaders and stakeholders was organized along with the CSR Representatives. The shops and houses in the area were surveyed to inculcate changes through the skill development training being planned.

Appreciation Certificate presented to R. D. & S. H. National & S. W. A. Science College Interns, Mumbai, Maharashtra

On 20th, January 2024, Appreciation Certificates were given to the 7 interns of R.D. & S.H. National & S.W.A. Science College. All of them were F.Y. BSc. Students of the same

college. They did their internship with Child Help Foundation from 26th December 2023 to 2nd January 2024 and have contributed as an assigned volunteer to the Mira Road Project Office. All of them completed 40 working hours of internship. They invested their valuable time and assisted in office work such as Website Reading, Orientation on SDGs, BFC and Surveys, Medical Cases, Patient Consent forms, and Translations, and also Prepared a Slogan for Tata Mumbai Marathon and Conducted Survey in Community.

Dr. B. R. Ambedkar Birth Anniversary

Mumbai Suburban, Maharashtra

On 14th April, a drawing competition was organized at Green Village Complex, Mumbai Suburban in Maharashtra. The program was organized on the occasion of Dr. B R Ambedkar's birth anniversary. Ms. Jyoti, our project team member along with two other CHF staff visited the community. The activity was conducted with the children and material was also provided to the children from the community. The age group of the children was 4 years to 12 years. Children made beautiful drawings on different themes and also enjoyed the activity. Apart from children, the adult members of the society were present. Ms Jyoti conducted an introduction to CHF with the group. They were very happy to know about the organization. The best three drawings were selected and were given prizes to the children.

World Earth Day

Mumbai Suburban, Maharashtra

On 26th April 2023, Ms Jyoti and Ms Sendra, Project team members, visited the Ganesh Deval Nagar, Bhaindar West community in Maharashtra to conduct the activity. Smt. Saroj, the volunteer who is an Anganwadi Sevika, helped in mobilizing the children from the community. The purpose of the activity was to create awareness amongst the children about the importance of Earth, and how pollution is causing danger to the Earth. Children were provided with the drawing material. They drew beautiful pictures showing the effects of pollution, the causes of it, and what can be done to save the earth. Three drawings were selected for the first three positions and three consolation prizes were given. They enjoyed

the activity—the volunteer Smt. Saroj requested CHF to conduct such activities in future so that children can benefit from them.

Powada Activity

Palghar, Maharashtra

On 19th May 2023, through the medium of Powada and Bharud, Teachers from the Centre For Excellence Project created awareness among the people of various villages in Vikramgad taluka. The activity was conducted at Jadhav Pada-Chabke Talawali, Lahangepada-Vikramgad, Ghaneghar- Gaothan Pada. Through this activity, Child Help Foundation created awareness among people about social issues like Child Marriage and Suicide, and Child Labour Prohibition Day. Approximately, 500 people attended the event.

International Day Of Family Celebration

Murbad, Palghar, Maharashtra

On 15th May, the project team member Ms Jyoti along with Ms Utkarsha, Mr Mayur, and the Intern, Ms Namrata reached Palghar, Maharashtra to celebrate the "International Day of the Family" in Murbad. There were 22 families present for the event. After reaching the place, an introduction of the members and the program was done by Mr Jagannath. Ms Jyoti spoke about the program and the importance of the day. Shri. Ravindra Bendar, the Sarpanch of the village also joined the program. He was welcomed with a bouquet. The families participated in games like Ball and the Bucket, Pop balloons with legs, musical chairs and lighting candles. The families were very excited to participate. The winners were selected and the prizes were distributed. The event ended with the distribution of refreshments.

Benefit of Plants Workshop (Mini Science Centre Activity) Palghar, Maharashtra

Ms. Jyoti, a project team member and Mr. Mayur from the digital team, visited Sakhare village in Palghar, Maharashtra for the event. Mr. Mahesh was present as a special guest for the program. He is from the village and now serving as a BSF soldier. The event was in one of the padas (Kundacha pada) of the village. It was a very interior area of Sakhare. The event was organized in front of the primary school of Kundacha Pada.

Mr. Jagannath gave an introductory speech and welcomed everyone. Ms. Jyoti welcomed the guest with a flower bouquet. 15 students from the Sakhare School presented about different plants and their usage in particular types of illness. The different parts of the plant like the stem, the leaves, the fruits, the flower, and the seeds

can be used in case of different health issues. The plants can be useful in stomach pain, dental pain, cavities, cough, kidney stones, swelling, injury, and diarrhea. The parents of the students, the children from the village and people from the village were present for the program. The three best presentations were selected for the first, second, and third prizes.

Bags and Bottle Distribution

Mumbai Suburban, Maharashtra

On 20th June 2023, Ms Shilpa Lokhande, a project team member of CHF (Child Help Foundation), personally delivered a donation of three bags and a water bottle to three needy children from the Green Village Community in Mumbai Suburban, Maharashtra. The contribution, made on behalf of CHF, aimed to support the children's education and well-being by providing them with essential resources. This act of generosity exemplifies CHF's commitment to making a positive impact in underprivileged communities and helping them prosper academically. Such efforts resonate deeply within the community, inspiring hope and encouraging others to contribute toward positive change.

Stationery Distribution

Mumbai Suburban, Maharashtra

The activity was done in collaboration with Burns and McDonnell. They wanted to distribute stationery to underprivileged children. CHF helped in exploring the community to conduct the event. One of the volunteers was identified from the community. She helped in mobilizing the children. We distributed stationery kits to 200 children from the community. The age group was between 5 and 12 years. The children go to the government school and some of them go to private schools. The team from Burns and McDonnell arrived in the community in the afternoon as the children came back from school. The children and the mothers thanked Burns and McDonnell and CHF for the stationery material.

Stationery Distribution

Kosli, Haryana

A stationery distribution event was held in collaboration with Anganwadi and Child Help Foundation. Stationery was distributed to students of Primary School, Kosli, Haryana, in the presence of retired principal Ms. Krishna Yadav and ICDS workers. This distribution highlights CHF's commitment to helping students academically with whatever means possible thereby inspiring hope in these students.

Employee Engagement Program

Thane, Maharashtra

The activity was done in collaboration with Bridge Data Centre and Khushiya Foundation. 9 employees from Bridge Data Centre visited Khushiya Foundation in Thane, Maharashtra. Anant Khushiyan Niwas is a home for children. The age group of children is 5 to 17 years. There was an introduction by CHF, employees from Bridge Data Centre and staff from Khushiya. Then the children performed some dance, poetry etc. and then a drawing activity with the children. The Bridge Data Centre staff had a good time with the children. They were very emotional when they heard the sharing by the children. They shared their gratitude towards CHF for providing them with such a great opportunity to spend time with the children.

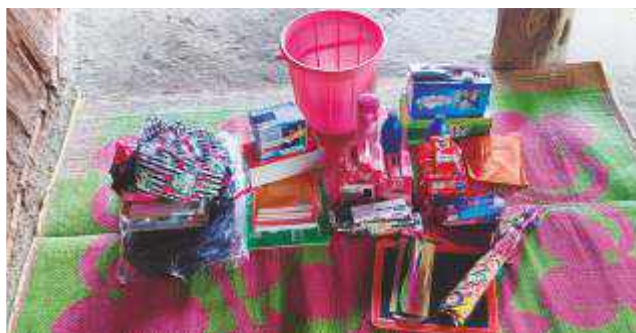

CHF staff visited the home for the elderly which is also there besides the home for children. The staff met and spoke with the elderly women who were there. They were very happy to see the employees from Bridge Data Centre and CHF staff.

Education Kit Donation to a Student

Murbad Ashram School, Palghar Maharashtra

In July 2024, the team visited Nandini Ankush Khadke, a student of Murbad Ashram School in Shegatpada, Wangarje village of Palghar, Maharashtra to donate educational materials and essential items. In it, CHF donated essential items like notebooks, pencils, erasers, uniforms and raincoats, footwear, night dresses etc.

Wind Mill Project

Murbad Ashram School, Palghar, Maharashtra

At Murbad Ashram School a Science Activity was conducted with the students of 9th standard.

A windmill is a great example of using the wind to create or generate energy. It is also an excellent example of reducing electricity consumption by using natural resources.

The students were explained about the concept, the historical background and the uses of it. They were taught how to make a windmill. They were guided by Ms Ria Noronha and Ms Namrata Sathe. A total of 111 students were there. They were divided into 22 groups of 5 members. They were provided with the material required. Students prepared beautiful models and they enjoyed the activity.

Republic Day Celebration

Murbad Ashram School, Palghar, Maharashtra

On 26th January, 2024, Republic Day celebrations were held at Murbad Ashram School in Palghar, Maharashtra. The students conducted various cultural programs and performances, which were met with a round of applause by the attendees. Child Help Foundation handed out trophies to the students for participating and received gratitude from the principal and teachers for their presence.

Aashayein 'Umeedo ki Udaan'

Jamnabai Narsee Monjee School, Mumbai, Maharashtra

Jamnabai Narsee Monjee School had organised sports and other events for students from various organizations, named Aashayein. Events such as Bhagam Bhag (Relay) Dum Laga ke Haisha (Tug of War), Kavitaon ki Daastan (Poem Recitation), Mumbai Meri Jaan (Treasure Hunt), Rangeen (Painting), Saregama (Singing Event), Animal Kingdom (Play Dough Modelling), Baaton Baaton Mein (Elocution), Let's Nacho (Group Dance) in which Child Help Foundation won prize in 2 events. The participants won 2nd and 3rd prizes in clay modelling and poem recitation respectively. One of the students also got a scholarship to be trained at the D'Art Fusion. The participants were given participation certificates and return gifts along with breakfast and Lunch. It was a great opportunity to represent Child Help Foundation at such an event. The programme also ended with a fair (with games and dance) and prize distribution for the participants.

Substance Abuse Awareness Session

PG Vora School, Mumbai Suburban, Maharashtra

On 22nd August, an awareness session was conducted in Maharashtra's PG Vora School using the PPT and video clip. In the starting, participants were made aware of Child Help Foundation and its initiatives. Before starting the PPT presentation, the video clip was shown to the children. It helped to understand the children that how children of their ages come under the influence of drugs and how difficult it is to come out of that addiction. After that, the subject was explained more deeply using the PPT presentation. Each slide was explained by giving the information with details and adding stories and examples. All slides were made self-explanatory by using more pictures related to the subject so that children could understand and relate more easily. At the end of the session, the children asked their doubts. Their queries were answered by the facilitator as well as Mr.

Mangesh Kad – API from Naya Nagar Police Station who presented throughout the session with his fellow staff. He also interacted with students and shared his personal experience. As told by him, the police are making hard efforts to curb the illegal trade and consumption of the drug but are facing hurdles mainly due to a lack of awareness in society.

Substance Abuse Awareness Session

Mount Carmel School, Mumbai Suburban, Maharashtra

On 23rd August, The same session which was conducted in P. G. Vora School on the previous day, was repeated in Mount Carmel School. The session was attended by 300 students from 9th and 10th classes. Along with the children, their teachers were present throughout the session. In the introduction session, participants were made aware of Child Help Foundation and its ongoing initiatives. After that, the short video was played. The video clip helped to bring a lot of clarity about the subject and students realized how the drug issue is spreading rapidly in every segment of society and how teenage students are more prone to come under the influence of that. The session lasted for one and a half hours. After the discussion, a question-and-answer session was conducted. API – Mangesh Kad was there and he also shared his experience and brought clarity on how police are taking measures to curb drug use.

International Daughter's Day

Sakhare Ashram School, Palghar, Maharashtra

On 22 September 2023, International Daughters Day was celebrated in Palghar, Maharashtra. Ms. Jyoti Kamble from Child Help Foundation introduced herself. Lady Sarpanch and panchayat members were present for the program. Ms. Priyanka and Mr. Annarao had conducted on 'Gender discrimination and the importance of giving good education to the daughters. Some games were conducted with the mothers and daughters. Prizes were distributed thereafter. The villagers performed their traditional Tarpa dance for CHF staff. CHF volunteers also joined with them in the dance. The event was greatly enjoyed by both the attendees and the organizers, creating a moment that they will never forget.

World Children's Day Celebration

Palghar, Maharashtra

On 20th November, 2023, Child Help Foundation celebrated "World Children's Day" at Pagi Pada, Murbad Village Panchayat, Palghar, Maharashtra. The principal of Government Ashram School, Murbad was present for the program as a guest and other panchayat members were also present.

Children made rangoli on the theme of "World Children's Day" and put up different performances like dances, songs, and drama. Two groups of girls put up traditional dances. The highlight of the event was the street play which was performed by the students from the Talwada School. A skit was also performed, the topic of which was mental health. The skit was directed by Mr Nitin Pawar (Child Help Foundation Team member).

The performance was appreciated by the villagers. Around 400 people including children, men and women were present for the program. Villagers loved the program and appreciated Child Help Foundation for organizing the program. Ms Jyoti thanked the panchayat members for their cooperation.

Snacks were distributed to children and adult after the program. Children were also given gifts and prizes. Child Help Foundation distributed stationery and games to the performers and clothes to the villagers.

Children's Day Celebration

Mumbai Suburban, Maharashtra

On Children's Day, Child Help Foundation put smiles on the faces of mothers by conducting a baby sack distribution in Kashigaon Municipal School, Mumbai Suburban, Maharashtra. These mothers were overwhelmed with joy after receiving these sacks as they would be helpful in providing warmth and comfort to the baby.

Nelson Mandela International Day

Palghar, Maharashtra

On July 18, 2023, Child Help Foundation celebrated Nelson Mandela International Day in five schools in the Palghar district of Maharashtra. These schools are named Sakhare, Pali, Murbad, Bhopoli, and Wangani Ashram School. Nelson Mandela International Day is dedicated to promoting global peace, freedom, and social justice, and it encourages people to take action and make a positive impact in their communities. During the celebration in Palghar, various activities were organized by Child Help Foundation to inspire and engage the students. These activities focused on the values and principles that Nelson Mandela stood for, such as equality, forgiveness, and the importance of education. The event brought together students from different

schools, fostering a spirit of unity and collaboration. By commemorating Nelson Mandela International Day, Child Help Foundation aimed to empower the youth to be active participants in making a difference in society. Through their collective efforts, these young individuals are contributing to building a brighter and more inclusive future.

Dr Ambedkar Memorial Event

Pali Ashram School, Palghar, Maharashtra

A program was organised in the memory of Dr BR Ambedkar at Pali Ashram School, Palghar. Dr B R Ambedkar had a number of degrees in his name and thus he is an inspiration to all the less privileged sections of the society and for the youth. His famous quote was 'Educate, Unite and Agitate'.

The theme was "Education". 6 students made speeches on Dr B R Ambedkar, his life and his contribution to Indian society. One boy also spoke about Birsa Munda and his contribution.

Two street plays were also performed by the students. The script was prepared by the students with the help of the MSC coordinator. The program was loved by everyone. Students gave their feedback that they are very thankful for organising this program and providing them with this

opportunity and providing a platform to showcase their talent, knowledge and skills. They thanked CHF.

The program was attended by the teachers of the school, the students and CHF team. Around 500 students attended the program. Lastly, the performers were given away the certificates of participation. Teachers also thanked CHF for their support and for organizing such activities in the school.

Computer Training Centre Visit

Central Marathi Primary School, Silvassa, Dadra & Nagar Haveli and Daman & Diu

On 5th February, a donor visit was organized to the school called Central Marathi Primary School where the Computer Training Center project has been implemented. This project was supported by a donor called Dorf Ketel. The visit was attended by Mr. Santosh Jagdhane from the Dorf Ketel and Ravsaheb and Shashibhushan attended on behalf of Child Help Foundation. The meeting was also conducted with the school headmaster – Mr Ramu Choudhary to take his feedback. After that, Mr. Santosh was taken to the Silvassa in Yahaan Dadra & Nagar Haveli and Daman & Diu to visit some schools that were identified to install the computer labs. A total of three schools were visited, one from Silvassa and another two from Dadra. Apart from discussing the proposed project with the school authorities, the locations were reviewed where the school wanted to install the computer centre.

Inauguration of Computer Training Centre

Central Marathi Primary School, Silvassa, Dadra & Nagar Haveli and Daman & Diu

The inauguration ceremony of the computer centre at Central Marathi Primary School in Amboli, Dadra and Nagar Haveli was held on 5th December, 2023. The ceremony started upon the arrival of the CEO of Zilla Panchayat – Dr. Apurva Sharma and the Education Officer– Mr. Jayeshbhai Bhandari. The CSR General Manager of Dorf Ketal – Mr. Santosh Jagdhane and their CSR partner Dr. Nagesh Tekale from Navdrushti organization also joined the guests. The school principal and computer teacher who was appointed by Child Help Foundation shared the details of the project especially the number of computers and other facilities which have been installed. The details of the project were shared by the trustees of Child Help Foundation and the Manager of Resource Mobilization. The CEO appreciated the donor and Child Help Foundation for the excellent arrangement of the material and project implementation.

Thereafter a program was organized in the school hall. The ceremony started after lighting the lamp. Then, the felicitation of guests ceremony took place. Child Help Foundation trustee – Mr. Rajendra Pathak also communicated with the audience and shared how Child Help Foundation is focusing on solving the multiple problems of society which are the hurdles in the path of development. Then the education officer and CSR Manager of Dorf Ketal also added the words and motivated the students.

Art & Craft Activity

Mumbai Suburban, Maharashtra

An art and craft activity was conducted with 60 school children of Mumbai Suburban, Maharashtra by an intern and Child Help Foundation staff Ms. Ria. The intern was a psychology student. The children were engaged in playing games, math and number activity to test their calculation skills. The children were very happy and enjoyed learning as they also received prizes for their win.

Art & Craft Activity

Mumbai Suburban, Maharashtra

Child Help Foundation (CHF) volunteer mobilized children from the Dongri community of Mumbai Suburban, Maharashtra. Child Help Foundation conducted the activity with the support of an intern, Ms. Arwa. She conducted memory games and some activities with the help of colours and making drawings.

Art & Craft Activity

Kolkata, West Bengal

In Kolkata, West Bengal, an arts and crafts session was conducted at Catalyst Coaching Centre by 4 student interns of Child Help Foundation. The interns conducted basic drawing sessions for the underprivileged primary-class students of society. A manual for the session was also prepared for rolling out.

Drone Distribution

Kochi, Kerala

A corporation, in partnership with Child Help Foundation, provided guidance to children in Kochi by distributing drones at no cost. The children were trained to program and operate the drones independently.

This initiative by CHF aims to make technical education accessible to children, empowering them as the leaders of tomorrow.

Stress Management Session

Murbad Ashram School, Palghar, Maharashtra

Ms Shweta Harishchandra Patil, Assistant Professor, A.G.S. College of Education (B.Ed.) was a guest speaker for the session. The session was organised for 9th and 10th standard students from Murbad Ashram School. The session started at 2 pm. There were 133 students present for the session. Ms Jyoti Kamble, Jagannath Khirari and Raju Gangoda were present from CHF.

Mr Jagannath MSC coordinator, welcomed the guest speaker, CHF representatives, teachers and students. The introduction of the program was done by Ms Jyoti Kamble, CHF team member. Then the session started. Ms Patil started the topic of stress management. She used stories and examples. She took one activity where he made the students draw a circle. The students were supposed to write, when

there were exams, they were told to write the things which are not in their control and to write things which are in their control. She asked them to focus on the things which are in their control. She also spoke about the importance of eating nutritious food. The second part of the session was career options. She told them about the streams available after the 10th standard and the career options available.

Computer Lab Inauguration

Tailik Girls School, Barbigha, Bihar

There was a significant need for a computer lab at Tailik Girls School in Barbigha, Bihar, as the school had no access to digital resources. Recognizing the importance of providing these girls with modern education and opportunities for digital learning, the CHF (Child Help Foundation), with the support of National Fertilizers Limited, took the initiative to establish a computer lab at the school. The school, which accommodates around 500 girls, was lacking the infrastructure to equip students with necessary technological tools. To address this, a suitable space within the school was identified, and several improvements were made to ensure the lab would be conducive to learning. The room was freshly painted to create a bright and welcoming environment, and a carpet was installed to make the space more comfortable. Additionally, essential furniture, such as desks, chairs, and shelves, was provided to organize the lab and create an efficient working environment. A key component of this initiative was the appointment of a computer teacher, who was responsible for guiding the students through the basics of computer usage, programming, and other aspects of digital literacy. With a skilled educator in place, the lab became a center for learning not only academic subjects but also vital skills such as typing, internet usage, and familiarity with office software, which are essential in today's digital world. This computer lab is a game-changer for the girls at Tailik Girls School. It not only helps them academically by supplementing their studies with digital resources but also equips them with essential digital literacy skills. In a world that is increasingly reliant on technology, these

skills are vital for their personal and professional development, opening doors to future educational opportunities, jobs, and personal empowerment. Through the efforts of CHF and the generous support of National Fertilizers Limited, the girls of Tailik Girls School now have access to the tools they need to succeed in the modern world.

Mini Science Centre Lessons

M S Maur and M S Koyaribigha School, Barbiga, Bihar

Two Mini Science Centres (MSC) were established at M S Maur and M S Koyaribigha Schools, supported by National Fertilizers Limited. In September, the MSC coordinator conducted training sessions for students on topics such as Nutrition, Health & Cleanliness, POCSO, Waterborne Diseases, and Career Guidance. Additionally, she trained teachers on POSH and POCSO. Following this training, she conducted classes using Science and Mathematics models, teaching ten different models over the course of ten sessions to students from 5th to 10th grade. The students have shown great enthusiasm for learning, eagerly attending these engaging classes.

National Art Gallery Visit

Mumbai, Maharashtra

Students from Mumbai's suburbs visited the National Art Gallery in Mumbai, Maharashtra on Gandhi Jayanti, where they participated in the Gandhi Parv activity. This visit allowed them to engage with art and learn more about Mahatma Gandhi's legacy through various interactive sessions and exhibitions.

Science Festival

Daspalla, Odisha

The inauguration ceremony of the Science Festival took place at Daspalla, Odisha, with Jayant Parida representing Child Help Foundation (CHF). The event aimed to inspire students and the community to explore scientific innovations and engage in hands-on activities.

Focus Group Discussion with the School Management Committee (SMC) Nagaland

FOCUS GROUP Discussion with the School Management Committee (SMC) was conducted on the 28th of November. The Committee Members ensured that there is an impact of Child Help Foundation Intervention in the project area; The SMC ensures that teachers will take full responsibility after the project phases out its support from the school. Chris Shenoy, a team member of Child Help Foundation, conducted house visits for parents in Senjum Village in Nagaland, where the program is implemented. The children have shown remarkable progress, becoming more interactive and confident. While they have enhanced their reading, and writing skills, and sense of responsibility, they have notably gained confidence in conversing

with strangers and greeting them warmly. The interview was conducted with the Nyamo Lotha, school in charge, mentioning, 'Child Help Foundation Intervention', there has been improvement in communication and expression of words. The level of confidence of students has also been developed.

2 ZERO HUNGER

SDG 02

**ZERO
HUNGER**

6,73,821

BENEFICIARIES

1,800 Children are provided cooked nutritious meals everyday

Roti Ghar Collaboration

In the modern age, where man can connect with anyone in the world, many people still lack access to nutrition. Child Help Foundation strives to make sure that fewer people in this world sleep with empty stomachs.

This year, we have provided 6,73,821 meals to people in need.

Roti Ghar Initiative

In collaboration with Roti Ghar, Child Help Foundation (CHF) provided nourishing meals to children across multiple cities, including Maharashtra, Delhi, Karnataka, Odisha, and Telangana. Through this initiative, CHF served cooked food to approximately 1,800 children, ensuring they receive the nutrition essential for their growth and health.

CHF's primary goal is to alleviate child hunger and promote better futures by offering not just meals, but also by emphasizing the importance of proper nutrition.

FOOD DISTRIBUTION DRIVES

Atmanirbhar Palghar

To improve the nutrition level of Palghar, CHF & ISKCON's Food For Child programme have initiated efforts to provide nutrition to children in 30 villages in Palghar, Maharashtra. They even aim to expand further and reach more communities soon. The approach involves providing nutritious ladoos and barfis made with superfoods such as grains, nuts and jaggery, conducting regular health check-ups for children, educating parents about the importance of a balanced diet, and recruiting and training Swasthya Rakshak Dampatis as project coordinators, health workers, and nutritionists to carry out these activities.

Food Distribution – Rath Yatra

Puri, Odisha

Child Help Foundation dedicatedly donated free food and water to the devotees on the day of Rath Yatra and on the last day of the festival i.e., Bahuda Yatra. The foundation distributed free breakfast and fresh-cooked lunch to 15,000 devotees. They distributed Dalma, a delicacy from the state of Odisha, it is made of Chickpea Dal Cooked with Vegetables and Raw Papaya.

5 GENDER
EQUALITY

SDG 05

GENDER
EQUALITY

53,251

BENEFICIARIES

GENDER EQUALITY

The power imbalance between a man and a woman can be blamed for all the woes faced by the daughters of our country. To decrease the power gap, Child Help Foundation has numerous programmes.

A total of 53,251 people benefited through our gender equality programme.

Ration Kit Distribution for Transgenders

Mumbai Suburban, Maharashtra

The event took place at Bavshetpada, Santoshbhuvan, Nalasopara, Maharashtra at the residence of a transgender leader, with support from Servier. The program began at 2 pm with a warm welcome by Ms. Jyoti, a Child Help Foundation member outlining the agenda which included ration kit distribution and medical check-ups. Ms. Chris Shenoy, Head of Child Help Foundation Project Team, highlighted the event's significance and thanked everyone for their participation. Ms. Priyam Dhamankar, Company Secretary at Servier, expressed joy in contributing to the community and stressed the importance of medical check-ups.

Following the speeches, Child Help Foundation team and Servier staff then distributed ration kits, while doctors conducted medical check-ups. This collaboration aimed to address immediate needs and promote the overall health of the transgender community.

Gendercide Awareness Session

St. John International School, Palghar, Maharashtra

Child Help Foundation was joined by 525 bright young minds at St. John International School in Palghar, Maharashtra. It was inspiring to witness their courage and intellect as they shared innovative strategies to combat discrimination against girls. The event fostered meaningful discussions and empowered students to advocate for gender equality in their communities.

Women's Equality Day

Vangani Ashram School, Palghar, Maharashtra

On 31st August 2023, Wangani Ashramshala in Maharashtra celebrated "Women's Equality Day" with great enthusiasm and dedication. The event showcased the remarkable achievements of Indian women, particularly in the field of science. The highlight of the celebration was the presentations made by the girls at the ashramshala, where they passionately shared insights into the accomplishments of female scientists, who have made significant contributions to the nation and the world. This event served as a platform to inspire and empower young girls to pursue careers in science and other fields, emphasizing the importance of gender equality. It was a day filled with inspiration, education and a strong commitment to promoting women's rights and opportunities.

Women's Equality Day Celebration

Head Office, Mumbai, Maharashtra

Child Help Foundation celebrated Women's Equality Day at their Head Office with a fun-filled day of activities. Employees were divided into four teams to participate in engaging games like Dumb Charades, Dog and the Bone, the Chain, Blindfold, and Put the Bindi. The event wrapped up with a

heartwarming gift exchange, not only celebrating the essence of Women's Equality but also fostering a sense of camaraderie and appreciation among all participants. The day served as a reminder of the importance of unity and respect in the workplace.

ARSH Project with Metropolis

Pan India

ARSH (Adolescent Reproductive and Sexual Health) project addresses critical sexual and reproductive health issues among adolescent girls, focusing on child marriage and inadequate menstrual hygiene education. By providing comprehensive SRH education and raising awareness, the project empowers girls to make informed decisions, protect their rights, and lead healthy lives.

Child Help Foundation conducted ARSH sessions on Menstrual Hygiene Management, Puberty, Nutrition, and Reproductive Health with 11,815 adolescent girls across 29 schools. A total of 36 Kishori groups were formed to address issues related to adolescent reproductive health. Training was provided to 171 teaching and non-teaching staff. Competitions such as debates and speeches were organized. Anand Melas and Rangoli

POSH Training Course

Pan India

CHF developed a comprehensive POSH (Prevention of Sexual Harassment) certificate training course, led by Ms. Meena Lokhande, over a span of four weeks. The course was attended by five participants, including Shalini from HR, Deepika from CSR, Jyoti, Chris Shenoy, and one participant from another organization. Throughout the training, participants gained valuable insights and skills in handling and addressing workplace harassment. Upon completion of the course, a test was conducted, and all participants performed exceptionally well. They were awarded their certificates by Mr. Pathak, the Founder and Managing Trustee, and Mr. Jiji John, the Executive Director, in a ceremony that recognized their commitment to fostering safer work environments.

Women's Day Celebration

Head Office, Mumbai, Maharashtra

Women's Day was joyfully celebrated at Child Help Foundation offices, honouring the contributions of female volunteers. The celebration featured a special lunch organized in their honour, creating an appreciative atmosphere. As part of the event, certificates were distributed to recognize and commend the hard work of the female volunteers, highlighting their pivotal role in the foundation's mission.

Women's Day Celebration

GT Hospital, Mumbai, Maharashtra

The session focused on women, particularly mothers in the GT Servant Quarters, with Ms. Deepika Kharat from Ujjas leading an informative discussion on menstrual hygiene management, stressing the importance of hygiene during menstruation. The Taj Mahal Palace volunteers, wearing Pathya aprons, distributed sanitary napkins, and Child Help Foundation contributed by providing baby sacks to the mothers. The event was graced by notable attendees, including Ms. Chris Shenoy, Head of the Project Team at Child Help Foundation, Ms. Jyoti Kamble, a Project Team Member, eight volunteers from Taj Mahal Palace, and representatives from the Ujjas Project, Ms. Deepika Kharat and Jayashree Belwade, supported by Aditya Birla Foundation. Mr Vijay Gaikwad, President of Maharashtra

State Social Workers, also honoured the event with his presence. Ms. Jyoti Kamble expertly hosted the program, starting with a warm welcome and an introduction to Women's Day. Mr. Vijay Gaikwad shared insights on the significance of Women's Day, expressing gratitude to Child Help Foundation and Ujjas for their efforts.

Women's Day Celebration

Maschacha Pada, Mumbai, Maharashtra

On the occasion of Women's Day, Child Help Foundation in collaboration with Mangala Foundation arranged an awareness session for women in Mashachapada, Maharashtra. Dr. Mangala Patil (Obstetric and Gynaecologist) practising at Wockhardt Hospital, Mumbai Suburban in Maharashtra took a session on Health and Nutrition. The importance of a balanced diet and exercise in day-to-day life was explained to all beneficiaries. The doctor also emphasized the importance of overall hygiene, menstrual hygiene and pre and postpartum care of women. Calcium tablet distribution was done by the doctor and her assistant Shraddha.

Women's Day Celebration

Hyderabad, Telangana

Child Help Foundation celebrated International Women's Day at the slums of Singareni colony, Hyderabad, Telangana. Volunteers conducted a women-centric quiz competition, musical chairs, a one-legged race and oratory competitions. Prizes were handed out to the winners, and gifts for all the participants.

International Daughter's Day

Murbad Ashram School, Palghar, Maharashtra

On 22 September 2023, International Daughters Day was celebrated in Palghar, Maharashtra. Ms. Jyoti Kamble from Child Help Foundation introduced herself. Lady Sarpanch and panchayat members were present for the program. Ms. Priyanka and Mr. Annarao had conducted on 'Gender discrimination and the importance of giving good education to the daughters. Some games were conducted with the mothers and daughters. Prizes were distributed thereafter. The villagers performed their traditional Tarpa dance for CHF staff. CHF volunteers also joined with them in the dance. The event appears to have successfully raised awareness about gender discrimination, emphasized the importance of providing good education to daughters, and fostered community engagement. The presence of local leaders, educational presentations, interactive games, and cultural activities contributed to the event & effectiveness in conveying its message and achieving its objectives. The event was greatly enjoyed by both the attendees and the organizers, creating a moment that they will never forget.

SDG 06

CLEAN WATER
AND SANITATION

16,573

BENEFICIARIES

CLEAN WATER AND SANITATION

Diseases are rampant in areas where cleanliness is still a dream. For a healthy society, the surroundings must be clean. Child Help Foundation wants everyone to enjoy clean amenities.

Toilets have reached 2,294 more people and 5,314 people got access to clean drinking water in the year 2023-24. Sanitary napkins were also distributed to 5,013 girls to promote menstrual hygiene.

Sanitary Pad Distribution, Odisha

Child Help Foundation is spreading awareness among school girls by distributing sanitary napkins to the school girls. It is very important to create awareness among students as there are many beliefs as well as taboos among school girls volunteers of Child Help Foundation, Odisha. On 5th May, distributed sanitary pads to 106 school students from 6th to 10th standard. These pads will make it easier for them to stay focused on school while menstruating, leading to improve academic performance and also maintaining menstrual hygiene at the same time.

Village Cleaning

Sahapur, Odisha

Every Sunday in the month of September, Village cleaning activity was done by the 10-15 volunteers of Hemchandra Sanskrit Vidyalyaya at Sahapur, Odisha. Community and temple places were cleaned by volunteers and proper instruction was given to villagers to keep their areas clean and tidy. Through this activity, they learned to clean the premises of the village and also motivated others.

Village Cleaning

Gulabi gaon, Maharashtra

A village cleaning activity was conducted at Gulabigaon Village in Surgana, Nashik, Maharashtra, organized by local volunteers. A total of 30 volunteers and 2 team members participated, working together to clean the village premises. This initiative benefited approximately 700 residents, fostering a stronger sense of unity and responsibility towards maintaining a healthy environment in the village. This initiative not only helped improve the cleanliness and sanitation of the village but also raised awareness about the importance of community-driven cleanliness efforts.

Construction /Refurbishment of Toilet & Urinals

M S Maur and M S Koyaribigha Schools Barbigha, Bihar

The project, in collaboration with CSR partner National Fertilizers Limited, successfully completed the construction of toilets and installation of water purifiers at M S Maur and M S Koyaribigha Schools in Barbigha Block, Sheikhpura, Bihar, during April and May. Additionally, Mini Science Centres were established, and teacher training was conducted at both schools. In June, CHF logo was rebranded on the toilets and water purifiers, and repair work on the basins at both schools was also completed. This initiative aimed to enhance the learning environment and promote hygiene and access to clean drinking water for students. The project reflects a commitment to sustainable development and improving educational infrastructure in rural areas.

Community Service – RRR Centre

Mira-Bhayander Municipal Corporation (MBMC), Maharashtra

On May 31 and June 1, 2023, volunteers from Child Help Foundation participated in community service at the RRR Centre of Mira-Bhayander Municipal Corporation (MBMC) in Maharashtra. The volunteers were divided into two groups of three and stationed at Haidari Chowk and Maxus Mall in Mira-Bhayander, Maharashtra. Mantaja Ansari, Namrata Sathe, and Sahil Sathe worked at Haidari Chowk, while Sakshi Kandwal, Danish Mansoori, and Piyush Pareek were at Maxus Mall. Their work, which took place from 7 AM to 1 PM, involved collecting and registering donations. Many individuals generously donated old clothes, books, utensils, and footwear.

Flash Mob

Mira Road Railway Station, Maharashtra

On May 29, 2023, Ms Shilpa Lokhande and her project team, performed a vibrant flashmob at Mira Road Station in Maharashtra. The flashmob aimed to raise awareness about Mira Bhayander Municipal Corporation's (MBMC) Reduce, Reuse, and Recycle (RRR) initiative. Through a dynamic dance routine and captivating visuals, the flashmob effectively engaged bystanders and emphasized the importance of sustainable practices. This event successfully spread awareness about MBMC's RRR initiative, inspiring individuals to actively participate in creating a cleaner and greener environment

Collection & Donation Drive

Mumbai Suburban, Maharashtra

From May 20th to May 30th, team members and volunteers of Child Help Foundation launched a successful collection and donation drive. Offices including A&T Solutions, Tirumala Tirupati, Rightminded HR, and Data Matrix Technologies actively participated, making a significant impact in society. The volunteers, divided into groups, provided orientations and worked tirelessly to raise awareness. Special recognition goes to Kartik Surve, Kunal Mitalia, Prathamesh Kamble, Rahul Soni, Himanshu Mishra, Mantaja Ansari, Sakshi Kandwal, and Namrata Sathe, whose dedication and enthusiasm greatly contributed to the campaign's success. Some of the collected items were clothes, e-waste, plastic items, footwear, books, utensils, and toys.

Powada Activity

Mumbai Suburban, Maharashtra

On 29 September, 2023 with the collaboration of MBMC (Mira Bhainder Municipal Corporation), under Indian Swachhta League 2.0 and Swachata Hi Seva, Child Help Foundation conducted Powada on the theme of Reduce, Reuse and, Recycle. The Powada was performed at Mira Road Railway Station and Maxus Mall Representatives in Maharashtra attended the event. Teachers from the Centre for Excellence project and Deputy Manager Ms. Shilpa Lokhande participated in Powada activity. Through the activity, Child Help Foundation was able to create awareness among the audience.

Plog Run

Mumbai Suburban, Maharashtra

On September 17, 2023, the Mira Bhaingar Municipal Corporation (MBMC) joined forces with Child Help Foundation to organize a Plog run in Mira Road Railway Station, Maharashtra. This event brought together a diverse group of participants, including enthusiastic students from various schools and dedicated NSS (National Service Scheme) volunteers from Nirmala Memorial Foundation College. The event kicked off on a patriotic note as the crowd united to sing the National Anthem, a powerful symbol of our collective identity and unity as a nation. Through this Plog run, MBMC and Child Help Foundation managed to achieve their goal.

Silent Parade

Mumbai Suburban, Maharashtra

On September 21, 2023, a significant event took place near Mira Road Railway Station, Maharashtra, specifically at the Public Signal and Market Area. The event, known as the Silent Parade, was organized by Child Help Foundation and led by Ms. Pranisha Lopes to create awareness about the Indian Swachata League and awareness about Trash and its effects on nature and animals. Participants in this unique event chose to communicate their message through silence, making a powerful statement about the importance of cleanliness, environmental preservation, and the well-being of our wildlife. The Silent Parade served as a poignant reminder of the collective responsibility we bear in safeguarding our environment and fostering a cleaner, healthier world for all.

Village Cleaning

Nashik, Maharashtra

A village cleaning activity was conducted at Gulabigaon Village in Surgana, Nashik, Maharashtra, organized by local volunteers. A total of 30 volunteers and 2 team members participated, working together to clean the village premises. This initiative benefited approximately 700 residents, fostering a stronger sense of unity and responsibility towards maintaining a healthy environment in the village. This initiative not only helped improve the cleanliness and sanitation of the village but also raised awareness about the importance of community-driven cleanliness efforts.

Killa Cyclothon 2024

Mumbai Suburban, Maharashtra

Child Help Foundation extended its support to the cyclists participating in the highly anticipated Killa Cyclothon 2024, organised by the Mira-Bhayandar Municipal Corporation (MBMC) on February 11th, 2024. Collaborating with the MBMC, the Foundation facilitated the distribution of 200 t-shirts and snacks to the enthusiastic participants of this event, held as part of the "Majhi Vasundhara Campaign 4.0." The participants embarked on a thrilling journey, pedalling their way from Netaji Subhash Chandra Bose Maidan to the historic Janjire Dharavi Fort. The event garnered significant attention and was graced by esteemed dignitaries including Commissioner Mr Sanjay Katkar, Deputy Commissioner Mr Ravi Pawar, Additional Commissioner Mr. Sambhaji Panpatte, and other officials from the Mira-Bhayandar Municipal Corporation. The spirit of the event was further enhanced as Mr Ankush Phadke, the winner of the 10 Km Cyclothon, proudly sported the Child Help Foundation t-shirt.

Deep Cleaning Drive

Mumbai Suburban, Maharashtra

On 30th December, 2023, a Deep Cleaning Drive was held in Mumbai Suburban, Maharashtra. The honourable chief minister of Maharashtra, Eknath Shinde, graced the event with his presence. Child Help Foundation is the NGO partner of Mira-Bhaindar Municipal Corporation (MBMC). The Drive is important to raise awareness about cleanliness and hygiene in the city. The Drive not only focused on improving sanitation but also encouraged citizens to adopt sustainable cleanliness practices in their daily lives. Participants engaged in various activities that highlighted the necessity of sustainable cleanliness practices, encouraging citizens to incorporate these practices into their daily lives. Child Help Foundation is honoured to be invited to the ceremony by MBMC and to contribute to this meaningful cause. The organization is proud to contribute to such a meaningful cause, promoting a cleaner, healthier environment for all residents.

VILLAGE DEVELOPMENT

Inequity between regions puts strain on certain cities to cater to more than it can. Child Help Foundation wants to break this inequity and help bring prosperity to rural communities.

In the year 2023-24, Child Help Foundation has helped 20 people with its Village Development Program.

Shop Allotment, Nashik, Maharashtra

Bazaarhat was planned in the upper ground of the Business Hub. The beneficiaries of the IIFL project put up their stalls in the market which consisted of snacks, clothes, vegetables, groceries, cutlery, dry fish, and grains. There were around 50 stalls. More than 200 customers shopped in Bazaarhaat. An approximate amount of Rs. 20,000 was traded in this market.

Supportive Classes

Nashik, Maharashtra

Volunteers are offering supportive classes to students in Gulabi Gaon, Maharashtra, providing regular tutoring for village children. These non-formal education sessions aim to enhance the learning experience and academic performance of the children in the community.

HUMANITARIAN RELIEF

Nature is unpredictable. When everything seems perfect, calamity can strike and ruin everything in a stroke. It is during this time, that human kindness is needed more than ever. Child Help Foundation (CHF) strongly supports Humanitarian Relief Initiatives and reaches out to affected people in calamity emergencies. Child Help Foundation has been at the forefront of relief efforts during natural calamities. At such times, Child Help Foundation staff and volunteers, work tirelessly across the several states of India to where aid and assistance are most needed.

Child Help Foundation has consistently been at the forefront of relief efforts during natural calamities. Whether it's floods, cyclones, earthquakes, or other unforeseen disasters, CHF's dedicated team of staff and volunteers works tirelessly across various states in India, ensuring aid reaches the most vulnerable. Their swift and organized response includes distributing essential supplies such as food, clean water, clothing, medical kits, and shelter to families in need.

Child Help Foundation has helped 1,017 people during natural calamities.

Bag, Rope and Cloth Distribution

Karnataka

On July 3, 2023, volunteers in Bengaluru, Karnataka, distributed ropes, travel bags, skipping ropes, and clothes to the Women and Children Development Centre. This initiative benefited many children in need, providing essential supplies that support both their educational and recreational activities.

Yaval Calamity Relief

Maharashtra

On July 27, 2023, Child Help Foundation, in collaboration with the Disaster Management and Research Foundation, initiated a relief effort for calamity-affected individuals in Yavatmal, Maharashtra. Clothes were donated to those impacted by the disaster.

Uniform Fabric Distribution

Bengaluru, Karnataka

On 10th August 2023, Child Help Foundation team of Karnataka distributed uniform fabric to the school students of Narayanpura, Bengaluru, Karnataka. This initiative aimed to foster harmony among the students by promoting a sense of unity and belonging through uniformity. The major objective of the program was to create Harmony among the students as it maintains dress discipline. The distribution of uniform fabric not only helps to ease the financial burden on families but also instills pride and equality among students, reinforcing the importance of a cohesive learning environment.

Ration Kit Distribution

Mumbai Suburban, Maharashtra

There are 15 girls residing in the home, aged between 5 and 15 years, all of whom are destitute and without relatives. They live at the home around the clock, and the institution consistently requires support for feeding and daily needs. On August 9, Lauren Infotech and Stepping Stone, in collaboration with Child Help Foundation, extended their support to the home.

During the visit, the Sister mentioned that one of the girls is pursuing a beautician course with aspirations of becoming a beautician. Following the performances, a ration distribution took place. The guests shared their experiences and reflections on their visit, and the Sister expressed gratitude for the donations and the support extended to the girls. The girls showcased their talents through various dance performances, which were enjoyed by both the guests and the girls.

Cloud Burst Relief

Buldhana, Maharashtra

On August 15, 2023, Child Help Foundation volunteers distributed 100 ration kits to families affected by the heavy rains in Jalgaon, Buldhana, Maharashtra. Many families in the district suffered due to the severe weather in July and August, and this initiative aimed to provide essential support to those in need.

Sweets and Stationery Distribution

Rewari, Haryana

On August 30, 2023, Child Help Foundation distributed sweets and stationery to underprivileged children and Asha Workers in Dhaliwas Village, Rewari, Haryana. The recipients expressed their delight and gratitude for these thoughtful gifts, appreciating the kindness of Child Help Foundation.

Choco Pie Distribution

Maharashtra

Students from Chetana College, Mumbai, Maharashtra wanted to distribute Lotte Choco Pie to the children and wanted to interact with children from the underprivileged community. On 16th October, they were taken to the Mashachapada community for the event. The students distributed the treats and then they had some dance and singing activities with the children.

Snack Distribution

Mumbai Suburban, Maharashtra

Mr Harom Agarwal from Kandivali, Mumbai wanted to distribute snacks to children on the day of his late wife's death anniversary. His grandson contacted CHF and expressed his grandfather's wish. CHF is already working in the communities from Kashigaon, where many less privileged populations reside. CHF took him to one of the communities of Kashigaon, Mumbai Suburban in Maharashtra where he distributed dry snacks to 100 children. Children from the age group of 3 years to 14 years received the snacks. The mothers expressed their thanks for distributing snacks to their children as the community belongs to a low economic background.

Essential Distribution at Old Age Home

Gurugram, Haryana

On January 5, 2024, CHF distributed approximately 100 blankets, 100 pairs of slippers, 100 woolen caps, and 50 adult diapers to SHEOMS, an old-age home in Okhla, New Delhi. All items were generously donated by a corporation in Gurugram as part of our winter drive initiative.

Relief Camp

Manipur

Child Help Foundation partnered with India Cares to provide critical assistance in Manipur. Five relief camps—Phubala High School, Thangalawai Awang Leikai, Moirangkhunou Mamang Sabal Santi Club, Moirangkhunou Mayai Leikai Seva Club, and Moirangkhunou Makha Leikai Mandop received essential medical kits and supplies through India Cares' dedicated efforts. This joint initiative aims to support displaced and vulnerable communities by addressing their immediate healthcare needs during these challenging times and ensuring timely access to essential medical services and resources.

Ration Distribution at Caring Hands

Ahilya Nagar, Maharashtra

The Caring Hands organization originally began its work with children of migrant workers in Ahilya Nagar. However, challenges brought on by the COVID - 19 pandemic forced the closure of their Ahilya Nagar centre. In response, the children were relocated to a newly established facility called Seva Kutir in Mira Bhayandar, housed in a 21,000-square-foot space donated by Smt. Jayashree Date.

Seva Kutir, located in Uttan Bhayandar, has been operational for the past seven months and serves as a home for adolescent boys. The centre continues Caring Hands' mission to support marginalized children, including those from migrant families. Currently, Seva Kutir cares for 21 boys—9 relocated from Ahilya Nagar and 12 enrolled from the local area. Some of the children are orphans,

while others come from families facing financial hardship or unstable home environments, often due to issues like alcoholism.

The children at Seva Kutir are provided with three nutritious meals a day, incorporating local vegetables and fish to ensure balanced nutrition. To help sustain these meals, Child Help Foundation (CHF) stepped in to provide essential rations. On March 20, 2024, a CHF team visited the centre to deliver rice, pulses, flour, and other staples sufficient to last for one month. This contribution ensures the continued well-being of the boys, supporting their health and nutrition during their time at the centre.

14 LIFE BELOW
WATER

SDG 14

LIFE BELOW
WATER

27,840

BENEFICIARIES

LIFE BELOW WATER

Beaches have lost their pristine beauty because of human activity. Instead of sand, one can find heaps of trash. With the help of corporations, other NGOs and volunteers, Child Help Foundation has conducted numerous beach clean-ups. We hope that our efforts will inspire others to rise and fight for these innocent animals, and in turn, create a safe environment for these voiceless swimmers.

Through these beach clean-ups, Child Help Foundation has picked up 928 kilograms of trash and saved 27,840 marine animals. We hope that our efforts will inspire others to rise and fight for these innocent animals, and in turn, create a safe environment for these voiceless swimmers.

Beach Cleaning Activity Overview

The Beach Cleaning Activity organized by Child Help Foundation (CHF) is a significant environmental initiative designed to promote sustainability and community awareness. This initiative focuses on the removal of trash and debris from beaches to protect marine life and enhance coastal environments. It also aims to educate the public about the importance of maintaining clean beaches and the impact of pollution on marine ecosystems.

Key Details:

Objectives:

- Remove trash and debris from beaches.
- Protect marine life and improve coastal environments.
- Raise awareness about the importance of beach cleanliness and the effects of pollution on marine ecosystems.

Locations:

- Popular coastal areas across India, including:
 - Mumbai Suburban, Maharashtra Uttan, Velankanni, Manori, Bhayandar Khadi, Jaisal Park
 - Mumbai, Maharashtra: Prabhadevi
 - Kuzhuppilly, Kerala
- These locations were chosen due to high footfall and significant waste accumulation.

Participants:

- Interns
- Volunteers from various backgrounds: students, local residents, corporate employees, and CHF volunteers

Activity Details:

- Volunteers are provided with gloves, trash bags, and other safety equipment.
- In the 2023-2024 period, CHF collected 928 kg of waste.

Impact:

- The clean-up benefited 27,840 marine species, contributing to healthier coastal ecosystems.

This initiative underscores CHF's commitment to environmental stewardship and community involvement, fostering a cleaner and more sustainable environment for all.

LIFE ON LAND

Our voiceless companions lay out their silent cries in distress due to human activities. Child Help Foundation tries its best to soothe their pain by conducting plantation and feeding drives. These activities not only provide comfort to animals but also give the volunteers a moment of joy and warmth.

Child Help Foundation has saved 2,554 trees and animals during this year.

Tree Plantation Drive, Haryana

A tree plantation drive was held with Shri Swapnil Ravindra Patil, IAS, Additional Deputy Commissioner of Rewari, Haryana. This initiative, part of a broader campaign in partnership with the Rural Development Agency, aimed to enhance the village's environment.

The village sarpanch, Monika Yadav, along with local residents, NCC school members, and scout children, actively participated in this effort, marking a significant step towards maintaining and nourishing the rural ecosystem.

Tree Plantation Drive

Odisha

On August 12, 2023, Child Help Foundation team, alongside village residents of Ganjam District, Odisha, identified suitable locations and prepared pits for planting saplings. We meticulously counted and tagged each sapling to ensure proper management. In loving memory of Pradeep Padmanav Dandapat, a grove of 200 cashew trees was planted by villagers. This initiative not only honoured his memory but also contributed to environmental sustainability, providing long-term benefits for the community. The project underscored the importance of collective efforts in combating climate change and fostering green spaces while strengthening the bond between CHF and the local villagers in their shared commitment to a greener future. Through such initiatives, Child Help Foundation continues to build strong relationships with communities while promoting sustainable development.

Paper Bag Activity

Mumbai, Maharashtra

Child Help Foundation volunteer Ms. Pranisha Lopes visited a support organization in Vakola, Santacruz, Maharashtra to celebrate World Paper Bag Day. The event aimed to educate children about the harmful effects of plastic on Mother Earth and promote the reduction of plastic usage. During the session, Ms. Lopes facilitated engaging discussions and activities that highlighted the environmental challenges posed by single-use plastics, helping the children understand the urgent need for change. In addition, items received on "Give Away Something Day" were distributed to the children, further encouraging sustainable practices. The children were actively engaged in learning how small changes in their daily habits could make a significant impact. By nurturing this awareness, Child Help Foundation continues to empower the next generation to take meaningful action for a healthier planet.

BENEFICIARIES**

DAAN UTSAV 2023-24

Child Help Foundation (CHF), a pan-India, non-profit organization organized the Daan Utsav Activity for a week in October 2023. Daan Utsav is celebrated every year from the 2nd to the 8th of October. It is India's biggest festival of 'Giving' during which people come together and perform acts of kindness by donating their time, belongings or money in various ways.

This initiative of Daan Utsav by Child Help Foundation was planned in various cities across India like Mumbai, Haryana, Kerala, Visakhapatnam, and Kolkata. In the first week of October '23.

Under Daan Utsav's initiative, the volunteers of the NGO distributed notebooks, t-shirts, baby sacks, and nutrition kits, fed animals, served tuberculosis patients and distributed blankets.

Commenting on Child Help Foundation's contribution towards society through the Daan Utsav program, Mr. Shaji Varghese, Chief Executive Officer of Child Help Foundation said, "The idea of Daan Utsav came with the need to create a trend of giving. This trend with full force has the capacity to create donations on a large scale. I have seen many Daan Utsavs, but this year's has been one of the most successful so far. I would like to thank everyone who joined forces with us to spread love and kindness. The entire success of Daan Utsav 2023 is only because of your commitment and dedication. Thank you to everyone involved."

Below are the activities conducted by Child Help Foundation (CHF) during Daan Utsav 2023:

Notebook Distribution: Child Help Foundation organized notebook distribution for underprivileged students at Karce Ashram School in Vikramgad, and Kurinji Ashram School in Palghar, Maharashtra. A total of 613 notebooks were distributed, which will ease the financial burden of the parents and also help the students in their studies.

This campaign was done in association with Filaantro (crowdfunding partner of CHF) and IIFL Foundation. The NGO distributed notebooks and T-shirts to 216 students of St. Mary's LP School in Chellanam, Kerala as well.

Baby Sack Distribution: Child Help Foundation conducted a baby sleeping sack distribution drive in Rewari, Haryana. The distribution drive was graced by the presence of Ms. Shalu Yadav, District Program Officer, Women and Child Development Division, Rewari, Haryana. The Baby Sack Distribution drive was also conducted in other parts of the country as well like Visakhapatnam, Andhra Pradesh and Mumbai Suburban, Maharashtra.

Nutrition Kit Distribution for Tuberculosis Patients: The Foundation teamed up with its crowdfunding platform, Filaantro, Brihanmumbai Municipal Corporation (BMC), and National Tuberculosis Elimination Program, to conduct a nutrition kit distribution in Mumbai, Maharashtra.

Clothes Distribution: Child Help Foundation and Filaantro conducted a clothes distribution drive in the capital city of West Bengal, Kolkata. Clothes were distributed to needy children, who could not afford to buy clothes.

DAAN UTSAV 2023-24

Feeding Stray Animals: The NGO and Filaantro conducted a feeding drive for stray animals in Mumbai Suburban, Maharashtra.

Stationery Distribution: The NGO and Filaantro distributed stationery kits to needy students in Mumbai Suburban, Maharashtra and donated a glass board to Murbad Ashram School in Palghar, Maharashtra.

Blanket Distribution: CHF and Filaantro conducted a blanket distribution drive for the denizens of Kaju Pada, Thane, Maharashtra.

To successfully execute the drive of 'Daan Utsav' Child Help Foundation and Filaantro got the full support of funds from four petrol stations in Andheri, Vile Parle, Bandra and Kandivali in Mumbai, Maharashtra.

Child Help Foundation is one of the biggest NGOs in India which works across India to support the needy and underprivileged. They primarily work for children Health, Education and Nutrition. Alongside, they also work for humanitarian relief, gender equality, village development, clean water supply, sanitation, marine lives and land animals. With the same dedication and zeal, Child Help Foundation and Filaantro will continue working for the betterment of society and the people in the future.

DAAN UTSAV 2023-24

FOUNDATION DAY **13TH** ANNIVERSARY CELEBRATION

FOUNDATION DAY 13TH ANNIVERSARY CELEBRATION

13th Anniversary Celebration Celebration of Child Help Foundation

Child Help Foundation (CHF), a Pan-India non-profit child-centric organisation, celebrated its 13th Foundation Day on 19th November, 2023. This is yet another milestone that the NGO has achieved with their dedication and hard work towards the upliftment of society.

The celebration was held with all the offices of CHF via a Zoom meeting. The celebration was inaugurated with a lighting of the lamp ceremony by Mr. Rajendra Pathak (Founder), Mr. Jiji John (Executive Director) and Mr. Shaji Varghese (Chief Executive Officer). A video was showcased in honour of the stellar work done by the organization. Further into the celebration, employees were rewarded for their long service to the organization like Ninja Warriors (3 Years), Rising Star (5 Years) and Zesty Flagbearer (7 Years). Winners of competitions like Social Media Engagement Contest and Social Media Engagement Contest were awarded. The curtain was drawn by a cutting of cake with thirteen candles on it. Child Help Foundation would like to thank all the donors, staff members, volunteers and corporate sponsors for helping CHF on its journey of 13 years. The organization hopes to continue this relationship of goodwill in years to come.

Since its inception in 2010, the NGO has strived to provide the best healthcare for the underprivileged with a mission and vision to improve the overall health of adults and children across India. Later, they partnered with Filaantro, a crowdfunding platform to raise funds for the needy, which helped the NGO further in reaching out to more people across India and extending helping hands to

many. The Foundation has made a positive impact on the lives of **46,58,052** people

In the last 13 years, Child Help Foundation has taken many other initiatives beyond healthcare to uplift the underprivileged and help them with basic needs like food, health, sanitation and education. In the field of Skill development, the NGO has adopted Gulabi Goan a small village in Nashik and built a BazarHaat, it is a business hub for the villagers to generate employment for their living.

Child for Child Program

Child for Child Programme raises funds for schools throughout India to conduct operations of Child Help Foundation. These are the details of the programme:

Visakhapatnam, Andhra Pradesh

In Visakhapatnam, Child Help Foundation successfully conducted a fundraising initiative focused on "Emergency Medical Support and Education," reaching 3,301 students across eight schools. The funds will ensure that quality education and healthcare reaches underprivileged children.

Kolkata, West Bengal

The Kolkata team organized awareness sessions in privileged schools under the "Child for Child" initiative, encouraging students to understand and support their less privileged peers by raising funds for their education and needs. These funds will be extremely beneficial to the underprivileged students in the region.

Areas Covered in the Eastern Region (2023-24)

Outreach extended to various locations in West Bengal, Odisha, Jharkhand, Chhattisgarh, Nagaland, Assam, Meghalaya, and Arunachal Pradesh, with 1,464 schools visited, 122 events conducted, and 183,000 students sensitized, impacting 3,660,000 people.

SFR in Chennai, Tamil Nadu

In Chennai, the team conducted fundraising and awareness sessions in 6 schools, reaching 8,000 students with the help of volunteers Porpatham and Satish.

SFR in Bengaluru, Karnataka

The Bengaluru team implemented the "Child for Child - Cancer" program, engaging 75 schools and reaching 16,700 students, covering areas like Attibele and Channarayana.

Child Help Foundation Inaugurated Arogya Sadan – A Hope For Patients Battling Thalassemia

MISCELLANEOUS

Sustainability LIVEWEEK 2023 Panel

Delhi

Mr. Rajendra Pathak, Managing Trustee of Child Help Foundation, participated in a panel discussion at Sustainability LIVEWEEK 2023, held concurrently with CSR LIVEWEEK in Delhi. He shared valuable insights on sustainability during the event, emphasizing the importance of integrating sustainable practices into various sectors for long-term environmental and social benefits. His contributions sparked meaningful discussions among fellow panellists and attendees, inspiring a deeper commitment to sustainable practices across diverse sectors. The dialogue also explored ways to align corporate responsibility with sustainability goals.

World HRD Congress

Mumbai, Maharashtra

On February 16th, 2024, the esteemed World HRD Congress took place at the Taj Lands End in Bandra, Maharashtra. The event was filled with networking opportunities, particularly with HR professionals from various companies. Panel discussions and talks focused on innovations in HR software and creating better workplace environments. In the midst of this vibrant exchange, Child Help Foundation was honoured with the prestigious "Dream Companies to Work with" award, recognizing its efforts to foster an exceptional work culture. The award reinforced CHF's dedication to creating a positive impact not just within the organization, but in the broader social sphere as well.

Internship Report 2023–2024

A total of 23 students from various prestigious institutions, including Nirmala College-Mumbai (Maharashtra), Symbiosis College-Nagpur (Maharashtra), Christ University-Bengaluru (Karnataka), IIEBM-Pune (Maharashtra), Mukesh Patel School of Technology-Mumbai (Maharashtra), University of Petroleum & Energy Studies-Dehradun (Uttarakhand), Lovely Professional University-Hyderabad (Telangana), Mahindra University-Hyderabad (Telangana), Amrita Vishwa Vidyapeetham-Kerala, D.Y. Patil University-Pune (Maharashtra), Don Bosco College-Kerala, and St. Xavier's University-Kolkata (West Bengal), completed their internships with Child Help Foundation (CHF) across various branches and locations.

Outcomes of the Internship

The interns gained comprehensive exposure to the organization's programs, projects, and operations. Their contributions included:

- **Fundraising:** Interns successfully raised funds for CHF's programs and projects.
- **Community-Based Needs Assessment:** Interns conducted surveys to assess community needs at different locations.

- **Proposal Drafting:** Interns drafted proposals to support the organization's initiatives.
- **Corporate Outreach:** A list of potential corporate partners for community project implementation was compiled by the interns.
- **Awareness Campaigns:** Interns organized and executed awareness campaigns on social issues at various locations.

Feedback from Khushi Jadhav, Christ Academy Institute of Law, Bengaluru

"My time interning at Child Help Foundation was truly transformative. The organization's dedication to improving the lives of underprivileged children deeply resonated with me. During my month-long internship, I developed and honed essential skills for my future career, including management, teamwork, communication, research, analysis, and fundraising. This experience has significantly shaped my professional growth and commitment to social causes."

Internship Report 2023–2024

Cruise Trip

Mumbai Suburban, Maharashtra

A cruise trip was organized to provide exposure for children from underprivileged communities in the Mumbai Suburban area, Maharashtra. Seventeen children visited a cruise ship anchored at Mazgaon dock, where they interacted with sailors and learned about the services offered to passengers.

The cruise staff warmly welcomed the children, providing complimentary meals and gifts. This outing was not only a source of joy but also an enriching learning experience, leaving the children excited and inspired.

Christmas Celebration, Head Office

Child Help Foundation's head office team celebrated Christmas. Several games and activities were conducted by the HR team. Gifts and snacks were distributed to the office staff. Games like Secret Santa and Housie were also played. The celebrations commenced with a Carol Singing.

Child Help Foundation, Alkem Foundation establish baby-feeding centre in Mumbai hospital

Mumbai, New go (UN) Child Help Foundation (CHF), in collaboration with Akshay Foundation, has launched a baby feeding centre at Cama & Akshay Hospital, which is the most renowned and one of the oldest hospitals here, for nursing mothers and infants.

CHIF has been working for last 22 years to uplift underprivileged and weaker sections of society and was founded in 2010 by Sandi Varghese, Rajendra Pathak and Jagender Singh. The incentive behind setting up the baby feeding centre (BFC) is to provide a haven to nursing mothers and infants. Breastfeeding in public is considered shameful in India and many parts of the world.

Awarded to Child Help Foundation

Dear Madam/ Sir,

Thank you for your tireless efforts in saving the lives of children suffering from critical diseases. Your continuous provision of Emergency Medical Support has been instrumental in providing essential care to underprivileged children within our hospital. Your dedication to philanthropy in this field is truly commendable.

I, Dr. Viswet Biju would like to personally thank you for the valuable contribution made on behalf of JIVITTO JOSEPH RAJ 23550969, 2-year old. He had undergone a robotic assisted redo pyloroplasty for left duodenal junction obstruction secondary to stricture on 20/10/2017. Post operatively he had undergone a renal drainage scan at 6 months which showed no obstruction and improved renal function on the operated side.

On behalf of Department of Paediatric Surgery at Rajagiri Hospital, we extend our heartfelt gratitude to Child Help Foundation for your invaluable and timely support in providing medical treatment to underprivileged children facing severe diseases.

We eagerly anticipate continuing our partnership and nurturing a long-lasting relationship.

Regards,

Dr. Viswet Biju

Subject: Appreciation for Your Exceptional Emergency Medical Support

Dear Rajendraji,

I hope this message finds you well. I am writing to express my deepest appreciation for the extraordinary efforts of the Child Help Foundation in providing emergency medical support to those in urgent need.

Your organization has been a beacon of hope for countless individuals, especially for those who are not able to benefit from government schemes or other formal healthcare programs. The commitment and prompt action demonstrated by your team in addressing critical medical needs have been nothing short of exemplary.

The proactive and compassionate approach you adopt in emergency situations has ensured that many lives have been saved and improved. Your work plays a crucial role in bridging the gaps left by existing schemes, offering vital assistance to those who might otherwise be overlooked.

Your dedication to ensuring that every child, regardless of their circumstances, receives timely medical attention is commendable. It is through such selfless service that we can hope to build a more equitable and supportive healthcare environment for all.

On behalf of Ayushman Bharat Mission Maharashtra Committee, I extend my heartfelt thanks to you and your entire team. Your efforts do not go unnoticed, and they are deeply valued. We look forward to continuing our collaboration and enhancing our collective impact in improving the health and well-being of those who need it most.

Thank you once again for your outstanding service and dedication.

Warm regards,

Dr. Omprakash Shete

 Dr. Ashok Ghose

Certificate of Appreciation
 Awarded to Child Help Foundation.

We extend our heartfelt gratitude for your tireless efforts in saving the lives of children afflicted by critical illnesses. The Child Help Foundation stands as the foremost organization supporting our hospital, enabling us to provide life-saving interventions to impoverished children in our society through urgent and comprehensive health services.

Thanks to the Child Help Foundation, we are able to perform surgeries for financially disadvantaged patients who would otherwise be unable to afford them. Your generous financial contribution have been instrumental in making this possible.

On behalf of Jahangir Hospital, our team of senior doctors, and the countless needy patients who have benefited from Child Help Foundation's support, we express our deepest appreciation.

We eagerly anticipate the continuation of our partnership and the cultivation of a lasting relationship.

Warm regards,
