# Preface

2017-2018 has proved to be a milestone in our commitment to be recognised internationally as an organisation that is renowned for its commitment to children, their needs and their fundamental rights. It has simultaneously served as a stepping stone for larger interventions in the social sector.

This is our eighth year of existence, and we have grown exponentially thanks to our team, our partners and our volunteers, the latter unquestionably being our greatest strength. The journey has been tumultuous, but we had faith in our abilities to design programmes that could benefit children from underprivileged communities, who did not have access to acceptable standards of education, healthcare, sanitation, hygiene and potable water.

Measuring and defining success is not easy in the social sector; our ultimate aim is to create self-sufficient communities that can prosper without external aid in the long run. Education is the key to this transformation, followed by sanitation.

In 2017-2018 we have also extended our Health and Nutrition Programme to cater to the reproductive health of adolescent girls in schools that we support.

This programme was launched with the blessings of Mrs. Amruta Devendra Fadnavis in the predominantly tribal intermediate-level panchayat of Jawhar in Palghar District. The aim was to increase awareness of correct menstrual hygiene practices and simultaneously facilitate the distribution of free sanitary napkins to underprivileged tribal girls studying in the

various government schools in the area. We have extended the area of impact to include all the Zilla Parishad schools that we support in Maharashtra.

We derive great satisfaction from the fact that we have successfully managed to positively transform the lives of thousands of children from these communities in India; however, we also realise that a lot more needs to be done and by 2020, we hope to emerge as the most credible non-profit organisation in the child welfare sector.

Our core focus areas are education support, critical medical care support for children from underprivileged families, orphanage support, village development programmes, health and nutrition programmes, WASH (water, sanitation and hygiene) programmes, impact assessments and surveys, skill development programmes, emergency calamity relief, and campaign and volunteer programmes.

As we grow we will certainly be able to support more programmes and positively impact a larger number of children. Our dream is to erase the scourge of child illiteracy and ensure that every child in India has access to quality healthcare, basic sanitation and potable water.

Over the next few pages, you will be able to see a pictorial narrative of the scope of our activities, our detailed profile, the role of our corporate partners and donors, and our audited balance sheets.

# Trustees Point of View:

Since the year 2010 Child Help Foundation has provided emergency medical support to 406 children (both boys and girls from underprivileged families)

Child Help Foundation provided scholarships and educational support to 792 boys and girls at various shelter homes across India.

Child Help Foundation imparted coaching in basic computer skills and spoken and written English to over 375 children in 2 Zilla Parishad schools in Tiwri and Rajawali villages in Naigaon East. We also facilitated English language training courses for 20 children at Phoolwadi and IT village Centre at Rewari in Haryana.

The Lords Academy in Mysore Karnataka is a rural school with student strength of 50. This school caters to underprivileged children and is funded and run by Child Help Foundation.

Child Help Foundation conducted 30 training sessions for volunteering and fund-raising campaigns in 2017-2018 and trained 300 volunteers for campaign activities.

Child Help Foundation provided humanitarian relief support to over 15000 families in regions affected by natural calamities like floods in India.

Child Help Foundation participated in various events, exhibitions, conferences, marathons, cyclothons, campaigns and other important social meets to take CHF to the next level in serving and caring for underprivileged children throughout India.

Child Help Foundation partnered with various corporates for CSR projects, events and campaigns, outreach activities, employee engagement programmes, wish tree activities, corporate tie-ups, and corporate empanelment.

Child Help Foundation is committed to empowering underprivileged girls in India.

## About Us

**Child Help Foundation (CHF) is child-centric national non-profit organization committed to the fundamental rights of every child as enshrined in the Indian constitution. At CHF, nothing gives us more satisfaction than seeing contentment among the young beneficiaries of our various programmes.**

**Currently, our core focus areas include education support and school support, emergency medical support for children from underprivileged families, orphanage support, village development, health and nutrition, WASH (water, sanitation and hygiene), impact assessments, skill development, calamity relief and campaign and volunteer programmes.**

**CHF actively runs and manages numerous grassroots level initiatives in 17 states and by 2020; we aim to become the most credible organisation in the child development sector in India.**

**Child Help Foundation won four awards in 2017-18: The ET NOW – Rise with India award for the best NGO in the Healthcare and Girl Child Education sector and the CMO ASIA NGO Excellence award for our commitment to Healthcare and Girl Child Education.**

**We have offices in nine locations across India: Mumbai, Delhi, Kolkata, Chennai, Hyderabad, Bangalore, Kochi, Bhubaneswar and Dimapur.**

## Our Mission

**Our mission is to be an equal opportunity provider for the upliftment of underprivileged children by providing them with timely education, shelter, food and care.**

**To be known as an organisation, with an innovative and robust approach, towards the upliftment of needy and neglected children.**

**To be abreast with rhyme and time in order to empower underprivileged children and assist them to lead a dignified life.**

## Our Vision

**Reaching out to marginalized children in need, empowering them, bringing smiles and making them future ready**

## Awards & Recognition ★★★★★

Child Help Foundation was awarded the CMO ASIA NGO Excellence award for the best Healthcare NGO of the year (2017-18) and for its commitment to educating female children it also won an award in the education category.

Child Help Foundation also won the ET NOW – Rise with India award (2017-18) for commitment to healthcare for children from disadvantaged families and education for girls.

# CHF's Emergency Medical Support Programme

There is nothing more precious in this world than a child's smile; however, there are many children in India who suffer constant pain and anxiety due to congenital heart diseases and cancer.

Unfortunately approximately 70% of these children are from BPL families, for whom the cost of treating their child is an impossible dream. Child Help Foundation addresses this by raising funds and sponsoring the treatment of these children.

However, our intervention does not end here, many of these children, especially those afflicted by cancer, take many months and sometimes even years to recover; and during this treatment phase, many of them are unable to attend school.

Due to the extended periods of absence from school and the lack of motivation or financial backing, many of them end up as dropouts.

Through our intervention we ensure that once they recover, they are counselled and encouraged to return to school. In addition, their school admission is secured in our affiliate schools and they are provided with scholarships. This ensures that their future prospects do not suffer and they can be successfully integrated with mainstream society.

Child Help Foundation is committed to providing every disadvantaged child with quality medical care

## Impact created by CHF's Emergency Medical Support Programme.

| Particulars:            | Beneficiaries: | Amt paid by CHF (INR) |
|-------------------------|----------------|-----------------------|
| Cancer Patients         | 298            | 1,73,60,220/-         |
| Heart Surgeries         | 95             | 2,82,46,040/-         |
| Kidney/Liver Transplant | 4              | 54,50,000/-           |
| Respiratory Defect      | 2              | 800,000/-             |
| Premature NICU/PICU     | 6              | 36,52,000/-           |
| Cochlear Implant        | 1              | 700,000/-             |

By 2020, CHF will strive to fund the treatment of 200 underprivileged children who require heart surgery and 500 underprivileged children who need cancer treatment in addition to other critical cases like kidney transplants, respiratory defects, NICU/PICU cases and Cochlear implants.

## Our Partner Hospitals:

- 01) Tata Memorial Hospital - Mumbai
- 02) Hinduja Hospital - Mumbai

- 23) Bharati Vidyapeeth Medical College Hospital - Pune
- 24) Sir Ganga Ram Hospital - Delhi
- 25) Surya Hospitals - Mumbai
- 26) Sri Ramachandra Hospital - Chennai

There are many children in India who suffer constant pain and anxiety due to congenital heart diseases and cancer. Approximately 70% of these children are from disadvantaged families, In numerous cases, Child Help Foundation has managed to save precious lives through its intervention.

## Case Studies - Emergency Medical Support Programme

### Master Amit Kumar

In the ICU post surgery

Master Amit Kumar is an eight year old child who suffered from respiratory tract infections and respiratory distress since the tender age of three. He was finally diagnosed with congenital heart disease and the only procedure that could save his life was an open heart surgery. Born into a humble family from Benares in Uttar Pradesh, his father who works as a helper at a printing press earned barely enough to support a family comprising of six members with a single source of income.

With no alternative source of income, raising money for a surgery which would cost Rs. 3,10,000 was an impossible dream. The case was referred to Child Help Foundation by the Medical Social Cell of Sir Ganga Ram Hospital, New Delhi. Considering the urgency of the case, as any delay would have resulted in acute complications that could result in mortality, CHF intervened and raised the requisite amount. Master Amit Kumar has been successfully operated upon and is expected to make a complete recovery.

### Baby Yogita Sonawane

Ever since her birth, two month old baby Yogita suffered from acute palpitations and swelling of the chest. A local physician in their hometown in Jalgaon, Maharashtra

recommended a routine echocardiography, which revealed a heart abnormality. Fortunately the congenital heart disease was detected early and the chances of baby Yogita's complete recovery were very high. However, the Large VSD closure surgery that was estimated to cost Rs. 3, 25,000/- was prohibitively high for the family to afford.

The baby's father Bhagwat is a farmer and the income from selling agricultural produce was barely sufficient to support a family of five. Desperate to save their child, the family tried their very best to raise the requisite funds, but were unable to do so, and hope turned into anguish.

A good Samaritan advised them to approach Child Help Foundation. Realising the urgency of the case and the fact that this young child had her entire life ahead of her, CHF immediately intervened and raised the requisite funds for the surgery. The baby was successfully operated upon in Wockhardt Hospital Mumbai by Dr. Suresh Joshi and his team and is expected to make a complete recovery in a few months.

Baby Yogita in the arms of her very thankful mother

### Baby Kavya Raut

Seven month old Kavya Raut suffered from a congenital liver disease due to Biliary Artesia; to correct the defect, a Kasai surgery was performed which was unsuccessful and only an immediate liver transplant could save the young child's life. The mother readily agreed to donate a part of her liver; however, the cost of the liver transplant surgery, which was scheduled to be performed at Wockhardt Hospital in Mumbai was Rs. 19,50,000/ which the family was unable to raise.

In the ICU before surgery

Recovering post surgery

Kavya's father Vivek works as a painter in an idol making workshop and his mother is a house wife. With his meager income, Vivek is barely able to support his family of four; it was thus impossible for him to afford the transplant surgery. The social cell of Wockhardt Hospital, Mumbai approached Child Help Foundation for help and the required funds were raised through online and offline campaigns. Kavya was successfully operated upon and is expected to recover completely over the next few months.

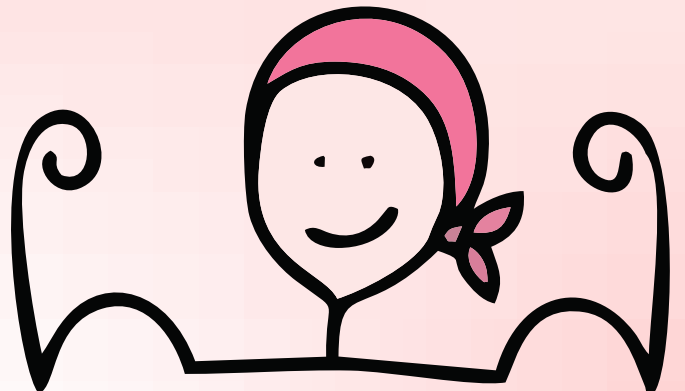

Kavya's parents recently celebrated her first birthday

**Details of children afflicted by cancer whose treatment at Tata Memorial Hospital (Parel) was supported by Child help Foundation.**

The Trustees  
Child Help Foundation  
Mumbai.

Dear Sir/Madam,

Please accept my heartiest gratitude and sincere thank for the support you extended for our patient Mast. Kavya Vivek Raut. He underwent successful liver transplant operation on 14th June 2018. He is recovering well after his surgery.

It was your support and cooperation which made this herculean task a reality. I thank you from the deepest corner of my heart and look forward to many more such occasions.

Thanking You  
&  
Best Regards

*Shrimal*

Sub- Issuing appreciation letter to CHF for their remarkable  
contribution in field of Medical Support to Critically ill case

Dear Sir,

In last couple of 2 Years Chief Ministers Medical support cell based at Mantralaya got in touch with Child Help Foundation a not profit making organization. Our medical support cell has referred few childrens cases who were critically ill and who were not able to start treatment of their children due to lack of financial support.

We appreciate that CHF not only attended these cases but provide following support to needy and tensed guardian of the critically ill case,

Counsel them

Gave the childrens parents / guardian a hope

immediately paid the treatment cost to the hospital where the children were admitted.

Due to all these support provided by CHF treatment of these children started on time and were able to be cured before things got worst.

On behalf of Chief Minister Medical Cell we like to congratulate CHF for the efforts they are taking to support the children with critically illness.

In this regard we hereby issue this letter of appreciation for their remarkable work in this noble cause of saving lives.

We wish them all the very best for all their future endeavours.

Best wishes,

Shantinagar Co. Op. H.S.L.,

Shantinagar Sector-1

Mira Road (E)

Thane - 401107

Dear Trustees,

Children with cancer form a small percentage (<5%) of total cancer patients seen at Tata Memorial Hospital. However they are a very precious lot since, more than 80% of these are completely curable. Additionally, a child cured of cancer can contribute a lot back to the society since she/he has many additional years to live! However, the treatment of childhood cancers is quite intense, prolonged and expensive. The best outcome of this potentially life threatening disease can be achieved in a specialized childhood cancer hospital with clean environment, good infrastructure, and most importantly a centre that is sensitive to the needs of children. Tata Memorial Hospital (TMH), an Autonomous Body under the administrative governance of Department of Atomic Energy, Govt. of India, a name synonymous with excellence in cancer care, is one such center.

On behalf of the division of Pediatric Oncology, I would like to thank you wholeheartedly for your contribution of Rs. 25,000 every month for our pediatric patients, since October 2014 till date. The proceeds are used to buy emergency medicines for the children, who are admitted in the ward and ICU.

Looking forward for your continued support to this noble cause,

With best personal regards,

Dr. Brijesh Arora

The Trustees  
Child Help Foundation  
Mira Road, Dist - Thane

**Subject: Appreciation Letter to Child Help Foundation for their remarkable Contribution in field of Medical Support to Critically Ill Children.**

Dear Trustees,

Ketto Online Ventures Pvt. Ltd., has been associated with Child Help Foundation since last seven months.

We appreciate that Child Help Foundation is doing commendable work in field of providing treatment support to Critically Ill Children, and their timely support has given the Children a Healthy future.

On Behalf of Ketto, we wish them all the very best for all their future endeavours.

Best Wishes,

**Zaheer Adenwala**  
Director

# Education Support Programme

Education is a fundamental human right enshrined in several international and national protocols, conventions and treaties and needs to be observed and exercised with the utmost commitment. The efforts being made by the government of India to ensure universal basic education are praiseworthy, but a lot more still needs to be done to ensure inclusive education for all in order to achieve the Sustainable Development Goals with regard to Education.

Enhancing elementary education is the key to initiating reform in rural communities. The mere presence of a school is not enough; the focus has to shift from infrastructure building and capacity building to improving retention rates and enrollment rates and improving the quality of instruction.

Child Help Foundation aspires that no child should be compelled to dropout of school due to financial problems and that every child should have access to holistic education.

The idea is to inspire the community by advocating the importance of education and how it can make a significant positive impact in the lives of the villagers in the long run. This will encourage the villagers to send their children to school

and a lot of students who have dropped out can thus be encouraged to return to formal education.

In tribal communities there is a reluctance to send girls to school. There are many reasons for this, while rural poverty has a major role to play, inherent biases in Indian society are partially to blame. Social factors such as early marriage and preference of boys over girls have largely limited girls' access to education. Traditional gender norms push girls into helping with household chores and sibling care. Other factors that have compounded the problem include outmoded customs, lack of schools in some rural areas, and a high level of ignorance on the importance of girl child education.

Due to the vernacular nature of the village schools, both teachers and students often converse only in the local language, making teaching English a challenge. Therefore the intention is to provide trained English teachers and community mobilizers (from the community) to improve the standards of written and spoken English. This will also include basic computer training for the students.

The objective of this programme is to ensure the development of each and every student's intellectual, emotional, social, physical, artistic, creative and spiritual potential. Through this programme, we aspire to provide a framework that will enable schools to function more efficiently. The focus is on facilitating holistic education for children studying in Government schools.

Through our advocacy programmes, we spread awareness among communities, so that the enrolment and attendance of children (especially of female students) increases. Through this project, we create equal opportunities for both male and female students by imparting holistic education, life-skills, and vocational training.

# School Advocacy and Awareness Programme

Child Help Foundation launched a child-for-child programme in 2017. Through this programme we create a bridge between privileged children and disadvantaged children in our society.

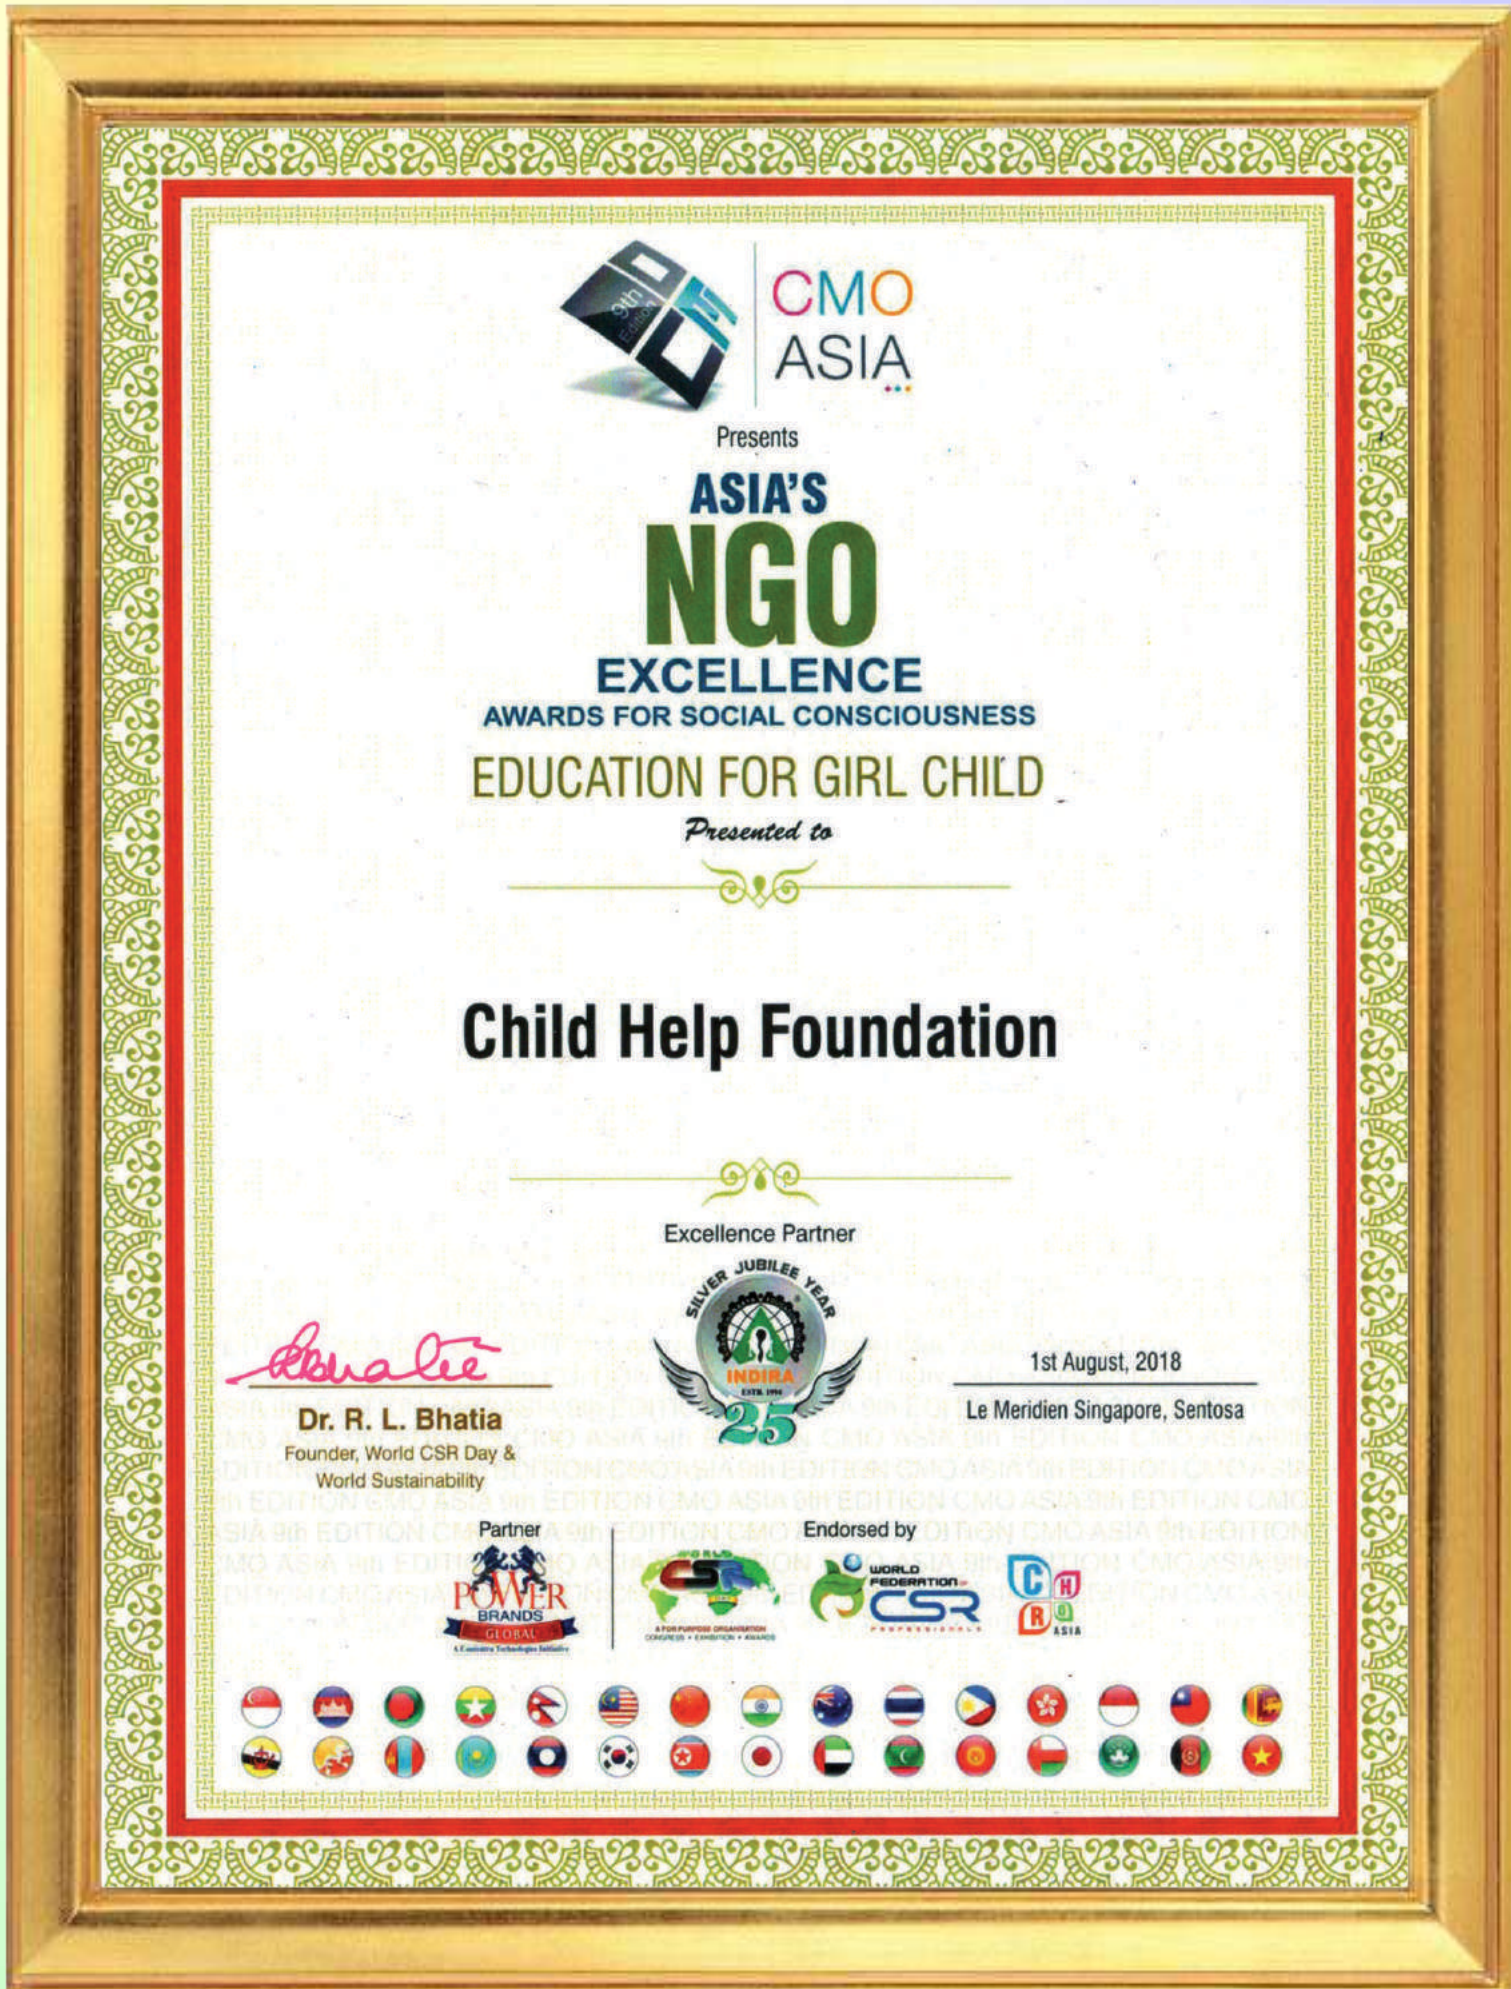

CHF teams approach school principals and teachers and with their permission, we conduct awareness and motivation sessions during the morning assembly, where we inculcate the values of compassion towards disadvantaged children in these young minds.

We have conducted these sessions in the following states: West Bengal, Bihar, Orissa, Chhattisgarh, Sikkim, Assam, Nagaland, Manipur, Meghalaya, Arunachal Pradesh, Madhya Pradesh and the Andaman Islands.

In the Eastern Region we have reached out to 1774 schools, sensitized 187 schools till date with a total student strength 2,68,300. Through our various volunteering efforts we have reached out to 32,19,600 individuals in Eastern India.

Dear Mr. Rajendra,

***Expressing our heartiest Congratulations to Child Help Foundation!***

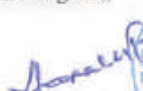

We are pleased to inform you that the due diligence of documents submitted by **Child Help Foundation** has been successfully completed at our end. This makes the organization eligible for receiving funds under the Microsoft's Employee Giving Program from **16<sup>th</sup> January 2018 to 31<sup>st</sup> January 2019**.

Request you to please take a note of the following observations/areas of improvement:

1. NGO must file Income Tax Return for A.Y.2017-18 to avoid penalty and prosecution under Income Tax Act 1961.
2. The NGO must upload quarterly FC receipts on its/MHA website, to comply with FCRA provisions.
3. NGO should file FCRA Annual Return for F.Y.2016-17 immediately.

We look forward to a mutually rewarding partnership with your organisation!

Best Regards,

Subject: Child for a Child Programme : Participation of Students.

Sir/Madam,

Child Help Foundation is a National Development Support Organization working in areas of Child Education, Health, Empowerment of Girl Child / Women, Disaster Management registered under Indian Trust Act with a mission to empower masses through education. Their credentials have been verified by police.

Children's education occupies the centre stage of CHF's agenda. The Foundation reaches over one lakh children through welfare measures in and around India. They have projects spread throughout the country.

Their Child for a Child Programme is an initiative introduced to inculcate the sense of compassion among fortunate children at a very early age and sensitize them towards the suffering of underprivileged society.

As a part of the Social Exposure Programme they would like to talk to students at the Convenient time and preferably during the assembly session and distribute appeal form for voluntary contributions.

The students may be motivated to take part in their Child for Child Programme without affecting their normal academics related programmes and activities. You may provide all possible co-operation to this Organization.

*With Regards,*

The Principal  
All Kendriya Vidyalayas  
Under Chennai Region

Sub : Conduct of Child Support Programme - reg.

Madam/Sir,

This office has received a proposal from Sri N Sriram, National Director, Child Help Foundation, Chennai, wherein he has requested to conduct the Child Support Programme in the Kendriya Vidyalayas of this region for the year 2017. It has been decided to allow the Child Help Foundation to undertake the above programme, subject to the following conditions:-

1. The Principal of the concerned Vidyalaya should check credentials of the agency with respect to "exemption in income tax, if any, allowed by Govt. , besides checking the recognition given by any Govt. or Govt. Agency like registration etc.
2. Students should not be involved in the collection of money for donation outside school premises;
3. Donations, if any, from the students, teachers and parents should be purely on voluntary basis. No one should be insisted for any donation. After collecting the voluntary donations, the amount should be deposited in the bank and a Bank Draft drawn in favour of the agency may be handed over to the agency.
4. Principal should use his discretion to decide the utility of the services like talks/lectures of the agency;
5. The programme should not affect the routine normal functioning of the Vidyalayas;

Yours faithfully,

(C Mani)

Deputy Commissioner

Deputy Commissioner

## *Preface*

***I, V.Mahendran, have good relationship with Child Help Foundation for the past 3 years and I felt very happy and proud to know the valuable steps it takes in order to eradicate the cancer from our country.***

***This foundation works selflessly for the welfare of poor and needy children. "Service to people is service to God" is a very famous quotation which is very strictly and happily followed by this foundation.***

***Therefore we should render our maximum help and support to help them in attaining their goal in making our nation cancer free nation. It is a great job by Mr. N.SRIRAM, National Director of this foundation and his team who meet each and every school children and bringing awareness in them about the disease and the precautions to be taken to prevent it . This kindness towards the children and the society should be rewarded with our thundering support in their attempts. I wish them all the best in their ensuing attempts too.***

**V.MAHENDRAN, M.Sc., M.A., B.Ed.,  
Senior Principal,  
Tagore Public Senior Secondary School,  
Deviyakurichi.

# Orphanage Support Programme:

Providing shelter and education to children in need of care and protection is just an elementary requirement in the homes run by voluntary organisations. The core issue and challenge is that the lack or absence of biological parents leaves orphans without a sense of identity. This identity crisis combined with social exclusion makes them very vulnerable to depression.

The loss of one or both parents as a result of conflict, illness, or abandonment is a distressing reality for millions of children in India.

Child Help Foundation addresses this problem through direct and indirect intervention by creating an atmosphere whereby such children have access to education, healthcare and community support. Through our Orphanage Support Programme, Child Help Foundation's goal is to provide care and assistance to those children who have lost their parents' love and support, thus allowing them to blossom and receive holistic education. Children need consistent and comprehensive care and support to grow and prosper. Child Help Foundation's Orphanage Support Programme provides orphaned children with hope, love and prospects for the future.

To ensure that children do not suffer from isolation and social-seclusion, we encourage our corporate partners to conduct employee engagement programmes in the orphanages that we support, in addition our teams conduct various programmes for children on days of National importance.

We also allocate resources to assist vulnerable HIV+ children who reside in the shelter homes run by Desire Society. By sponsoring their basic needs like education and health care we ensure that they can be successfully integrated in society.

## Orphanages that we support on a Pan-India Level:

| Name of Orphanage:                | Area:     | Age Group: | Beneficiaries: |
|-----------------------------------|-----------|------------|----------------|
| Saraswati Anath Shikshan Ashram   | Pune      | 6-14 years | 30             |
| Khirod Basini Kanyashram          | Odisha    | 5-14 years | 82             |
| Ashraya Rehabilitation Centre     | Odisha    | 5-14 years | 46             |
| The Lords Home                    | Mysore    | 4-8 years  | 22             |
| Charis Foundation                 | Chennai   | 4-16 years | 40             |
| Asha Sadan                        | Vasai     | 5-15 years | 70 girls       |
| Needs Charitable Trust            | Bengaluru | 4-16 years | 75             |
| Desire Society                    | Pan India | 5-15 years | 225            |
| Therissa Sphurti Charitable Trust | Vizag     | 5-15 years | 40             |
| Adarsh Home for Orphan Children   | Hyderabad | 5-15 years | 45             |
| Childlife Preserve Shishur Savay  | Kolkata   | 5-15 years | 15             |

690 children without parental support in need of care and protection have benefited from our intervention.

**Subject: Appreciation letter to Child Help Foundation for their support to the young HIV+ children who reside in the Desire Society Shelter Home.**

Child Help Foundation has funded the education and nutritional kits of young HIV+ children who reside in Desire Society Shelter Homes in Vashi and Goregaon since 2016.

Child Help Foundation also regularly conducts advocacy programmes and extra-curricular activities for the children who reside in our shelter homes on a pan-India level. Children need consistent and comprehensive care and support to grow and prosper and Child Help Foundation's Orphanage Support Programme provides these children with hope, love, and prospects for the future.

We really appreciate Child Help Foundation's support to our organisation.

Best wishes,

Dr Neelima Atal Mohanty  
Head Communications

# Water Sanitation & Hygiene (WASH):

Water, sanitation, and hygiene are the key indicators of a nation's development. Open defecation and lack of potable water are the biggest threats to public health in India. While most developing countries are struggling to achieve zero-percent open rural defecation, providing access to clean water is another major challenge as there is a correlation between sanitation and potable water.

In the Indian context, the biggest challenge is the rapid explosion of population. As per the most recent Swachhta Status Report of the National Sample Survey Office (NSSO) in 2015, more than half of the rural population (52.1%) in India still defecates in open. In the rare case where toilets exist, especially in rural communities, toilets are rarely maintained. Excreta leeches into the groundwater and water bodies are polluted. In fact, faecal matter is the biggest biological contaminant in developing countries. In India, more than ninety percent of wastewater is discharged into rivers, either due to lack of toilets, damaged toilets or lack of effective water treatment plants.

Access to improved sanitation and potable water can save thousands of lives in India every year. Child Help Foundation's WASH initiatives are aligned with the UN's Sustainable Development Goals and the National "Swacha Bharat Abiyan." By 2020 we aim to construct 10,000 toilets in schools

across rural India. Through our Sanitation Support Programmes we have facilitated the construction of separate toilets for boys and girls in government schools across India and we have noticed a significant increase in enrolment rates and a drastic reduction in dropout rates among teenage school girls.

Improved sanitation and clean drinking water can improve the health of millions of Indians living in rural India, and we hope to do our bit with assistance from our corporate partners.

## Menstrual Hygiene Programme

The menstrual cycle which is an inevitable biological process is unfortunately still considered taboo in Indian society and this prevents many young girls on the threshold of puberty from learning about their bodies and discussing issues related to it. Due to this mindset, which is inculcated in them from their childhood, hygiene management during menstruation is misunderstood and the standard practices which are ignored, sometimes result in adverse health outcomes. If menstrual hygiene is not given importance, it raises the risk of reproductive tract infections and also affects fertility in the future. Motivation plays a very important role in the adoption of hygienic practices during the menstrual cycle.

Even today, in many parts of our country, girls are not allowed into kitchens, temples, etc. Through advocacy sessions on menstrual hygiene, Child Help Foundation curbs the myths and misconceptions regarding the menstrual cycle and spreads the correct message of hygiene among communities. This ensures that prepubescent girls have the right answers to all their intimate questions and thus they do not have to suffer the consequences of poor menstrual hygiene. CHF's ongoing Menstrual Hygiene Programme has benefitted 3000 girls in 13 schools in Palghar District of Maharashtra.

Sir,

Sub-letter for appreciation for the volunteering work in government schools  
in kerala .

The management, staff and students of Govt , HSS Budhanoor Alappuzha Dist would like to express our gratitude , appreciation and thanks for the invaluable support extended by child help foundation in restoration and rehabilitation work in school after the recent floods in Kerala. The volunteering work and the construction of wash facilities in school premise is much appreciated and it has benefitted the school community.

Once again a sincere word of thanks to every one who donated their valuable time and effort in restoration work of schools to its functional level.

Thanking you,

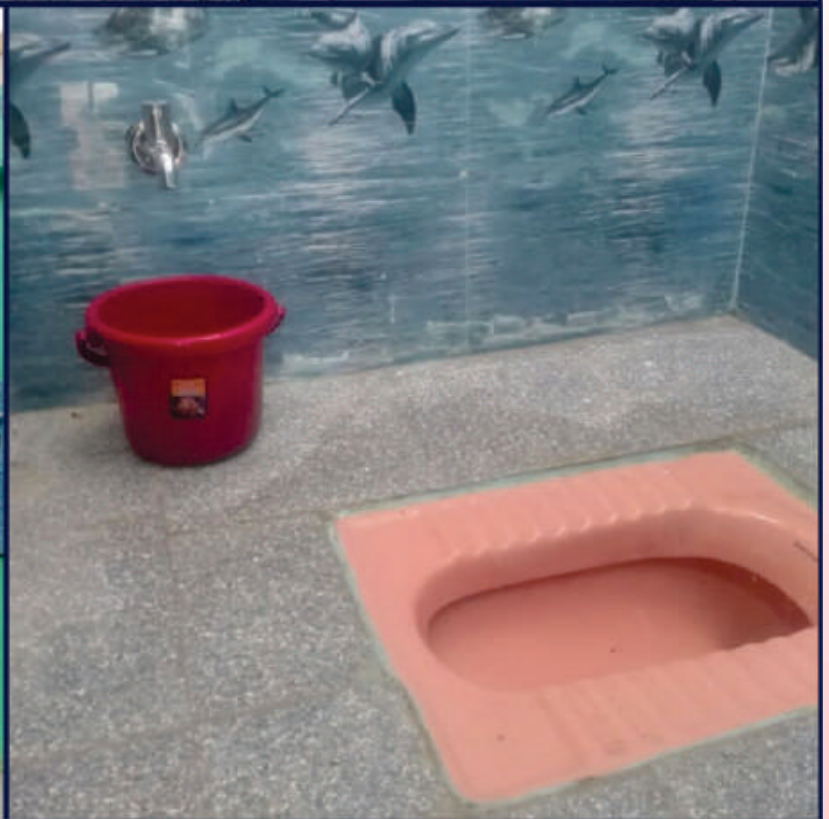

Principal

# Health, Hygiene and Nutrition Programme

In India, infant mortality and malnutrition among young children below the age of five is due to greater susceptibility to infections. This correlation is most visible in rural communities and BPL families. Scientific evidence has clearly proved that the chronic effects of malnutrition can be reversed by providing nutritional supplements in the first few years of a child's life. Therefore, to stem the transmission of intergenerational malnutrition, children who are at risk must be attended to with urgency and on a pan-India level, as a majority of Indians still live in rural and semi-urban areas. However, we have to remember that healthy mothers give birth to healthy children, and thus maternal malnutrition has to be tackled on a war footing to ensure that the next generation does not suffer malnutrition.

Children who suffer from malnutrition are always underweight and seldom reach their optimum height; in addition, it also affects their brains, resulting in lower IQs, delayed enrollment, higher absenteeism and more class repetition.

Our ongoing programme to reduce child malnutrition is currently run from two centres in Jawhar Taluka in

Sawarpada and Handipada villages. Jawhar is just 107 km from Mumbai - Maharashtra's capital city and economic powerhouse. It is rather surprising that despite this proximity, over 600 children have died due to malnutrition this year; and this number keeps rising. The talukas of Jawhar and Mokhada in Palghar district are the worst affected with almost 900 malnourished children. In 2016, a RTI document revealed that 17,000 women and children have died due to malnutrition in the tribal districts across Maharashtra.

In Jawhar and Mokhada talukas the underlying cause of maternal malnutrition is child marriage. Due to archaic cultural practices girls as young as 13 get married. The healthcare facilities in Jawhar are either non-existent or skeletal. Specialist doctors do not want to practise in rural areas, and this only adds to the problem.

The main hurdle in improving the living conditions for women in children in these areas is increasing the level of awareness in a community that is largely uneducated and thus resistant to change.

| Programme to reduce child malnutrition                  |                                                                                                                                                               |                |

**विषय-** पालघर जिल्ह्यातील गावांमध्ये शिक्षण, आरोग्य, उपजिविका या विषयांवर काम करणेबाबत - ना हरकत दाखला देणे बाबत

**संदर्भ -** आपले कार्यालयाकडील पत्र दि.१८.०८.२०१७

उपरोक्त संदर्भित पत्रान्वये "चाईलड हेल्प फ़ाउंडेशन" संस्था महाराष्ट्र तसेच भारतातील वेगवेगळ्या ९ राज्यांमध्ये काम करत आहे. आपणास पालघर जिल्ह्यामध्ये मुलांचे दर्जेदार शिक्षण, आरोग्य, मुलांचा सर्वांगीण विकास आणि विशेषतः कुपोषणाच्या निर्मुलनाकरीता काम करावयाचे आहे. तसेच गर्भवती महिला व स्तनदा माता यांचे निरोगी आरोग्य, संदर्भ सेवा व आहार पुरविण्यासाठी काम करावयाचे आहे.

आपला उपक्रम उल्लेखनिय आहे, तरी "चाईलड हेल्प फ़ाउंडेशन" मार्फत राबविण्यात येणारे विविध उपक्रम व कुपोषणासंदर्भात राबविण्यात येणारे कार्यक्रम पालघर जिल्ह्यात राबविण्यासाठी खालील अटी व शर्तीच्या अधीन राहून ना-हरकत दाखला देणेत येत आहे.

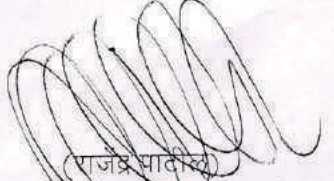

१) या कामी जिल्हा परिषदेमार्फत कोणताही निधी उपलब्ध करून देणेत येणार नाही.

२) आपले मार्फत लाभार्थींना पुरविण्यात येणा-या अतिरिक्त आहाराची संपूर्ण जबाबदारी आपली राहिल. सदरचा आहार गुणवत्तापूर्ण असावा, याबाबत लाभार्थींच्या आरोग्य व स्वास्थ्याची जबाबदारी आपली राहिल

३) शासकीय कामांमध्ये कोणताही राजकीय हस्तक्षेप करणेत येऊ नये.

वरील अटी व शर्तीचे उल्लंघन झाल्यास अथवा इतर कोणत्याही कारणासाठी सदरचा दाखला रद्द करण्यात येईल याची नोंद घ्यावी. तसेच आपण केलेल्या कामाबाबतचा अहवाल वेळोवेळी सादर करणेत यावा. या कामी आपणास आवश्यक ते सहकार्य जिल्हा परिषदे मार्फत करण्यास येईल.

शुभेच्छेसह!

उप मुख्य कार्यकारी अधिकारी  
(बा.क.) जिल्हा परिषद पालघर

प्रत - मा. मुख्य कार्यकारी अधिकारी, जिल्हा परिषद पालघर यांना माहितीसाठी सविनय सादर

# Village & Skill Development Programme:

A majority of Indians live in the numerous villages scattered across India; however, only the trickle-down effect of India's economic robustness makes inroads into these villages and that too happens only occasionally. Usually, women and youth in India's villages are never provided with adequate job skills training to make them self-reliant.

Child Help Foundation has adopted Nagosali village near Nashik District and has successfully managed to create a model village. Through our advocacy programmes, we have managed to create an equitable society in Nagosli. We have facilitated the creation of Self Help Groups for women in Nagosli, which has made them financially independent. Child Help Foundation also organised health check up and eye check up camps in Nagosali.

In rural communities, micro-finance is necessary to usher in prosperity, both for agricultural development and to support the introduction of small-scale industries. We helped the villagers secure documentation and became the intermediaries between them and the Union Bank (Ghoti Branch) so that they could open accounts and avail loans. We also set up a tailoring school for women in the village and are now in the process of introducing many more skill development courses for both males and females. We have recently collaborated with Nashik Run Foundation and have installed an RO plant in Nagosali.

**Our aim is to create self-sustainable villages across India. Our intervention in Nagosali has benefitted 1067 individuals.**

## The Need for Skill Development/ Vocational Skill Training:

While there has been a significant increase in the population of Indian youth between the ages of 15 and 24, the opportunities for employment have reduced drastically. The World Development Indicators of the World Bank imply that in India, only one in three youth are employed. Compared to 1991, when economic reforms were initiated in India, there has been a decline of almost 15% in youth employment rates. India's youth employment rate is also far lower than the 41% global average.

This project is aimed at providing the targeted youth in rural India with overall emotional and financial support both in their need to develop and refine their skill sets with qualitative education, and to reduce the percentage of school dropouts. This will pave their path for a bright future and help them make a correct career choice. Ensuring that the students become computer literate is also a part of this process, as is the necessity of making them competent and eligible candidates in the society at large.

Ensuring the employability of unprivileged school dropouts (especially among the youth) is an important concern and challenge both for our Government as well as civil society. After comprehensive research on a needs assessment (of both industry as well as learners), an end-to-end solution model can be created for imparting such vocational skill training.

The project will foster employability enhancement and vocational skills to children in rural areas and work towards their holistic development. In the process, this will also contribute towards fulfilling the growing need for skilled manpower across industry sectors in India.

आदरणीय महोदय / महोदया,

महाराष्ट्र राज्य हे देशातील प्रगतीशील आणि विकासामध्ये अग्रगण्य राज्य आहे. तथापि सद्यस्थितीत राज्यातील वातावरणातील होणारे बदल, बदलेले निसर्ग ऋतूचक्र, अनियमित पर्जन्यमान, दुष्काळ यांच्या माध्यमातून गेल्या काही वर्षांपासून निसर्ग आपल्याला जागृत करण्याचा प्रयत्न करीत आहे. या सर्व बाबींचा गांभीर्याने विचार करून महाराष्ट्र शासनाने राज्यातील वनाच्छादनाचे प्रमाण वाढविणेचे दृष्टीने सन २०१६ च्या पावसाळ्यात वनमहोत्सव कालावधीत शासनाचे विविध विभाग आणि जनतेच्या सहभागातून दिनांक ०१ जुलै २०१६ रोजी राज्यात एकाच दिवशी २ कोटी वृक्ष लागवड करण्याचा कार्यक्रम हाती घेतला आहे.

सदर कार्यक्रमांतर्गत पश्चिम नाशिक वन विभागासाठी ७.६२ लक्ष वृक्ष लागवडीचे उद्दीष्ट निश्चित केलेले आहे. सदर कार्यक्रमांतर्गत शासकीय यंत्रणेबरोबरच सहकारी तसेच शैक्षणिक संस्था, विविध सामाजिक उपक्रमात अग्रेसर असणारी मंडळे व संस्था, स्थानिक स्वराज्य संस्था आणि लोक प्रतिनिधी व मोठ्या प्रमाणात जनतेचा सहभाग घेण्याचे शासनाचे नियोजन आहे.

महाराष्ट्र शासनाचा हा महत्वाकांक्षी कार्यक्रम आपल्या सहभागाशिवाय पूर्ण होणार नाही. तरी कृपया आपण दिनांक ०१ जुलै, २०१६ रोजी वृक्षारोपण करून या राष्ट्रीय कार्यक्रमास हातभार लावावा. तसेच आपणांमार्फतही सदर कार्यक्रमात सहभागी होणेस्तव जनतेस आवाहन करण्यात यावे ही नम्र विनंती.

# Calamity Relief Programme:

Whenever any natural calamity strikes, children and women are the worst affected as they are the most vulnerable. During calamities Child Help Foundation intervenes and through crowd funding raises both in-kind support and funds for flood relief, the former is distributed in the affected areas by our dedicated volunteers.

The focus in the response phase is keeping people safe and meeting their basic needs like food, potable water and shelter until more permanent and sustainable solutions can be found. Although the main responsibility to address these needs and respond to a disaster lies with the government in whose territory the disaster has occurred, humanitarian organizations have a major role to play and work alongside emergency response teams.

In the past, Child Help Foundation has distributed emergency relief material during the following natural calamities: The Assam floods that occurred in 2017 – 2018 and the Uttarakhand Floods in 2014-2015. In lieu of the current devastation in Kerala in July-August 2018, Child Help Foundation has opened 8 temporary flood relief camps to distribute flood relief material to people affected by the large scale devastation. After the rescue and relief work is completed, we will start the process of facilitating the rehabilitation of flood affected families through corporate partnerships.

**CHF's Relief camp in Patanamthitta**

**Our Calamity Relief Programme has directly benefitted a total of 14000 people in Kerala, Uttarakhand and Assam.**

**Subject: Appreciation letter to Child Help Foundation for their tremendous contribution in the Assam Calamity Relief Programme in the flood affected districts of Assam.**

Child Help Foundation facilitated the collection and dispatch of emergency relief material for people affected by the 2017 floods in Assam. It is due to their timely intervention that hundreds of families received emergency rations and everyday basic necessities like toiletries.

We really appreciate Child Help Foundation's support to the flood affected families in Assam and thank them for their continuous support.

Best wishes,

From,

### Appreciation Letter

Child Help Foundation, a Mumbai based child- centric non-profit organisation has come to the aid of thousands of flood affected families in Kerala. Otherthan distributing relief materials at Chandanappally camp in Kodumon Grama Panchayat and in various Panchayats in Pathanamthitta and Alapuzha Districts, their volunteers actively assisted in the rehabilitation affects. We thanks them for the commendable work they have done in Kerala's time of crisis.

*Kunjannamma*  
PRESIDENT  
Kodumon Grama Panchayat

# Campaign and Volunteering Programme:

It's no secret that volunteers are one of the most important components to the success of a nonprofit and its ability to achieve goals. If volunteers engage in a positive experience with a nonprofit organization, they can fill multiple opportunities of need and take part even in fundraising campaigns. We try our very best to provide an outstanding experience to our volunteers beginning from the first communication we have with them. Volunteers are our brand ambassadors and strategic partners.

All non profits interact with a number of different kinds of supporters every day; Child Help Foundation's approach is holistic in nature. We include everyone in our volunteer programmes. We encourage young talent from colleges who intern with us and support us when we need a large number of volunteers.

Through our Employee Engagement Programme we encourage our corporate partners to interact with children in the Orphanages and Schools that we support on a pan-India level. This might include sponsoring a lunch or conducting an educational workshop or a quiz. In our experience we have noticed that when employees interact with children in programmes like this, and contribute to their betterment, it gives them immense happiness and a sense of pride and also inculcates a sense of social responsibility in individuals. The idea is that by seeing all our supporters as potential volunteers, we can develop a deeper relationships with passionate individuals who really consider themselves a part of Child Help Foundation as a whole.

While the support of a large number of volunteers greatly helps us streamline our operations during relief operations in natural calamities, we encourage their active participation in all our programmes. This helps broaden their perspective and gives them a better insight about the issues and challenges faced in the developmental sector at the grass-roots level. It also helps them contribute to the development of communities.

Child Help Foundation also participates in various events like marathons and conferences in its effort to highlight causes that require urgent intervention.

**Child Help Foundation's volunteers in Lakhimpur District of Assam distributed school books to students whose books were destroyed in the floods.**

**The Child Help Foundation team along with student volunteers from Royal College, Mira Road and Niranjana Majithia College, Kandivli (West) Participated in the Tata Mumbai Marathon**

## Letter of appreciation from United Way, Mumbai.

United Way Mumbai

CSR Partnerships | Payroll Giving | Employee Volunteering | Event Partnerships

Dear NGO Partner,

I would like to express my heartfelt thanks for your support and contribution to the Standard Chartered Mumbai Marathon 2017. Your commitment and the funds you raised have made this edition of the SCMM a monumental success. It gives me great pleasure to inform you that we have surpassed all the previous editions and raised a record breaking amount of Rs. 32.93 crores at the Standard Chartered Mumbai Marathon 2017. This year, we had 281 NGOs and 151 corporates participating, with over 1048 fundraisers. All this could not have been achieved without your support and efforts.

I hope that you will be with us again at the Standard Chartered Mumbai Marathon 2018 to help us reach greater heights for a worthy cause.

Enclosed with this letter is the SCMM 2017 Charity Docket, which encapsulates the achievements of all those like yourself, who helped make this event the success that it was. In case you would like to share the docket with anyone, an online version is available on our website. You can view / download it from [https://www.unitedwaymumbai.org/download\\_files](https://www.unitedwaymumbai.org/download_files), in the SCMM Charity Dockets section.

Thank you, once again.

# Daan Utsav 2017.

## Activities Conducted in 2017-18.

On the occasion of International Women's Day Child Help Foundation facilitated the installation of a sanitary pad vending machine and the distribution of sanitary pads in Sakur Ashramshala in Jawhar. The function was inaugurated by Mrs. Amruta Devendra Fadnavis and concluded with an advocacy session on menstrual hygiene.

## Activities Conducted in 2017-18.

Day Child Help Foundation's Delhi team participated in an all women bike rally that celebrated the power of women by helping them overcome the insecurities in their life – the theme of the event was “Jee Befikar.”

Inauguration ceremony of toilet complex at Higher Primary School in Ramasaundra Village in Kolar District of Karnataka. The construction of the toilet complex was facilitated by Child Help Foundation under Scania India's CSR initiative.

## Activities Conducted in 2017-18.

In collaboration with Wockhardt Foundation, Child Help Foundation facilitated the distribution of 'Be Positive' Peace candies to 25,000 students in thirty schools across India. The 'Be Positive' campaign's primary aim was to spread the message of positivity among underprivileged children. The Child Help Foundation Mumbai team shared the dias with Mrs. Amruta Devendra Fadnavis and actor Ms. Anu Agarwal.

## Activities Conducted in 2017-18.

Child Help Foundation celebrated Republic Day with children in the schools and shelter homes that we support on a pan-India level.

## Activities Conducted in 2017-18.

The Child Help Foundation Mumbai team participated in the Tata Mumbai Marathon. The theme that was chosen was “Save the Girl Child - Educate the Girl Child”

## Activities Conducted in 2017-18.

The Child Help Foundation Mumbai team participated in the Hiranandani Marathon to run for change and to create better and more empowered communities.

## Activities Conducted in 2017-18.

The Child Help Foundation Mumbai team and some young athletes who we sponsored participated in the Little Hearts Marathon organised by Jerbai Wadia Hospital - Mumbai.

The Child Help Foundation team participated in the Mumbai Pinkathon to raise awareness about breast cancer.

## Activities Conducted in 2017-18.

On the occasion of Worlds Aids Day Child Help Foundation interacted with children afflicted by HIV+ on the campus of the Desire Society Shelter Home in Mumbai.

## Activities Conducted in 2017-18.

On the occasion of Independence Day Child Help Foundation organised celebrations in Schools and shelter homes across India.

## Activities Conducted in 2017-18.

Tree Plantation drive in Zilla Parishad schools in Maharashtra.

RPG Girl Child Gathering in Halol, Gujarat. Various skits and advocacy sessions were conducted by Child Help Foundation's Mumbai team.

## Activities Conducted in 2017-18.

Child Help Foundation in collaboration with Wockhardt Hospitals - Mumbai, organised a Health Camp and Blood Donation Camp in the premises of CCI Projects Ltd.

Child Help Foundation organised a Yoga Workshop for the students and teachers of Zilla Parishad School, Rajavali. The session was conducted by yoga teacher Ms. Kausar Khan.

Education Support Activities Conducted in 2017-18.

**Articles mentioning our developmental initiatives with regard to children in major newspapers is a testimony of our commitment.**

## चाईल्ड हेल्प फाऊंडेशन

मूलभूत गरजांपासून वंचित राहिलेल्या आणि समाजाकडून दुर्लक्षित झालेल्या मुलांचा सर्वांगीण विकास या ध्येयाने स्थापन झालेली 'चाईल्ड हेल्प फाऊंडेशन' ही संस्था आज खऱ्या अर्थाने या मुलांचा आधारवड बनली आहे.

देशाच्या पूर्व भागातील काही राज्यांमध्ये आजही लहान मुलांसाठी काम करण्याची गरज आहे. एकेकाळी या लहान मुलांमध्ये समावेश असलेल्या जर्नेट पाटक आणि जर्नेट सिंह या पूर्वेकडील राज्यातील युवकांना आणि त्यांचे सहकारी सुनील वर्मास यांना अशा समाजातील वंचित मुलांसाठी काहीतरी करायची तळमळ होती. २००५ मध्ये मुंबईत आल्यानंतर त्यांनी त्या दिशेने कार्य करण्यास सुरुवात केली, परंतु या कार्याला समाजाकडून प्रतिसाद मिळत नव्हता. हे युवक खरच मुलांसाठी काम करतील की नाही, आपण दिलेला पैसा योग्य ठिकाणी खर्च होईल की नाही यावर लोकांनाच विश्वास नव्हता. त्यामुळे या युवकांच्या कार्याला गती येत नव्हती. अखेर २०१० मध्ये या तिघांनी विश्वस्र संस्था स्थापन करण्याचा निर्णय घेतला आणि 'चाईल्ड हेल्प फाऊंडेशन' या सेवाभावी संस्थेचा जन्म झाला. आज या संस्थेची अनेक सदस्य, संस्था जोडल्या गेल्या.

एकेकाळच्या इकल्याशा रोपट्याचा आज आधारवड बनला आहे.

संस्थेचे उद्दिष्टच मुळी लहान मुले असून त्यांच्या अन्न, वस्त्र, निवास, शिक्षण, आरोग्य या मूलभूत गरजा भागवणे आणि त्यांचा भावनिक तसेच सर्वांगीण विकास साधत त्यांच्या जीवनात नगण्यासाठीचा आशेचा किरण निर्माण करणे हे असून त्या दिशेनेच संस्थेची वाटचाल सुरू आहे.

शिक्षणारिवाय सर्वच व्यर्थ आहे. त्यामुळे मुलांना किमान प्राथमिक शिक्षण तरी मिळेल यासाठी संस्थेचा प्रयत्न असतो. यासाठी नरजू मुलांना शिक्षणासाठी आर्थिक मदत संस्थेकडून केली जाते. मुलांना शिक्षण देणाऱ्या अनेक सेवाभावी संस्था काम करत असतात, परंतु या संस्थांना कमतरता असते ती निधीची. चाईल्ड हेल्प फाऊंडेशन ही कमतरता भरून काढते. अशा संस्थांमधील मुलांच्या शैक्षणिक शुल्काचा भार ही संस्था उचलते. आतापर्यंत ४६५० मुलांना या संस्थेचा शेट लाभ मिळाला आहे. वाशिवाय मुलांनी शिक्षण घ्यावे यासाठी त्यांना आणि विशेषकरून मुलींना प्रोत्साहन

देण्याचे काम संस्था करत आहे.

पालघर जिल्ह्यातील जिल्हा परिषदेच्या अनेक शाळांशी ही संस्था जोडली गेली आहे, तसेच जवळपास भागातील आदिवासी मुलांच्या कुपोषणावरही संस्था काम करत आहे. या ठिकाणी संस्थेने स्वतःच कुपोषित मुलांसाठी केंद्र स्थापन केले आहे, तसेच या भागातील ३० आश्रमशाळांना संस्था आपल्या परीने मदत देत आहे.

मुलांच्या आरोग्य क्षेत्रातही संस्थेचे भरीव योगदान आहे. हृदवाली संबंधित आजार, कर्करोग, तसेच विविध गंभीर आजार असलेल्या मुलांना वैद्यकीय सेवा मिळवून देण्याची संस्थेची धडपड असते. राज्य सरकारने सुरू केलेल्या मुख्यमंत्री वैद्यकीय सेवा निधी योजनेचा मोठी मदत संस्थेला मिळत आहे. या योजनेतून अनेक रुग्णदेखील संस्थेकडे पाठवण्यात येत असतात. संस्थेने आतापर्यंत हृदयरोगाशी संबंधित ७५ आणि २४९ कर्करोगाशी संबंधित मुलांना वैद्यकीय आधार मिळवून दिला आहे.

पालकांचे छत्र हरपलेल्या मुलांना अनाथाश्रमाच्या माध्यमातून निवार मिळवून देण्याचे

## कॉर्पोरेट कंपन्यांचा सहभाग

कुपोषण कमी करण्यासाठी जवळपास तालुक्यातील सावटपाडा येथे संस्थेने सुरू केलेल्या स्वयंपाक घराच्या माध्यमातून १ ते ६ वयोगटातील मुलांना सकस आहार देण्याचे काम केले जात आहे. संस्थेच्या या समाजकार्याचा रव ओझराचा म्हणजे असंख्य हातांची गरज भासते. यासाठी संस्थेकडून कॉर्पोरेट कंपन्या आणि व्यक्ती यांना या समाजकार्यात सहभागी होण्याचे आवाहन करण्यात येत असते. कॉर्पोरेट क्षेत्रातील अडीच हजार व्यक्ती आज या कार्यात स्वतःहून सहभागी होत आहेत हे संस्थेच्या कार्याचे यश मानावे लागेल.

काम संस्थेने केले आहे. १३ अनाथाश्रमांशी संस्था जोडली गेली असून आतापर्यंत ७९० अनाथ मुलांना त्यांच्या गरजा, शिक्षण आदींची सोय करण्यात आले आहे. स्वच्छ भारत अभियानांतर्गत शाळांमधून स्वच्छतागृह बांधण्याचा महत्वाचा उपक्रम संस्थेने हाती घेतला आहे.
