

Annual Report • 2012 - 2013

Be the change you want to see in the world.

Mahatma Gandhi

From the desk of C E O.....

Dear Friends,

Warm greetings to all of you from Child Help Foundation team. We (individuals like you & me) are very lucky to have got a good education & environment to grow & work in. We are lucky to have got a chance to prove ourselves in the society. Who else will give a thought towards the less privileged if not we? You will agree with me... that every individual is born to be SOMEONE & CAN CONTRIBUTE for the betterment of the society.

In our day to day life, one can see all class of people; the rich, the middle class & the poor. Ironically amidst all the promise of progress and development, the poor are getting poorer. We at times just gaze at the many issues our country faces and often wonder as to how we could be of help or if we could do something to correct the many wrongs of our society. If given a chance each one of us would like to bring a positive change in our society...isn't it?

We at Child Help Foundation feel that an NGO's job is to provide a platform for the less privileged to showcase their talent, be it in studies or other skills. Just one act of kindness is all it takes to start things rolling... We are doing our bit to the society and will continue to better it.

Our vision is to be the most admired organization in supporting the overall development of the underprivileged children. We have a long way to go, walk the un-trodden path and set up a path for ourselves and the sector.

Our immediate goal is to reach out to needy children in 15 states of India. We had a modest beginning with one project; currently we are present in 3 states with 11 projects and will keep adding more projects and protecting the underprivileged children by giving them their basic rights.

Our endeavour is to increase the number of "first generation school goers" in a big way; because we strongly believe that "education will alter a child's life for the better". Our constant effort has always been to bridge the gap of love & care between the needy children & the affluent. To take this thought to another level the corporates of Bengaluru came together for these children for a fund raising event titled 'Football for a cause'.

I take this opportunity again to thank all the corporates, individual donors, well-wishers, volunteers, patrons & staff who have helped us move forward in our mission.

Kudos to each one of you!!!

Your contribution in bringing smiles on the children's faces will go ahead a long way!!!!

It's an appeal to the citizens of the world to contribute in any way possible to make firstly; the village you belong to; and secondly; the city you work, a better place to live.. if each one of us follow this surely; THE WORLD WILL BE A BETTER PLACE TO LIVE. We count on you for your continued support and good wishes. Let's make the world a better place to live !!!

Prashanth Suvarna

Trustees welcome note:

Child Help Foundation team is pleased to present the success which we have achieved over the past three years. Breaking the cycle of poverty through sustainable development and empowering communities continued to be our focus.

Partnership is the key to our success, and we sincerely thank those in the local communities, government and our national donors for supporting Child Help Foundation. By collaborating and working together, we were able to achieve the following:

**Providing medical support to over 173 children
(both boys & girls) by providing them health care facilities.**

**Providing educational support and child protection to
173 (both boys & girls) children at the shelter home.**

**Computer Coaching classes to 1489 children in
Lalji Trikamji BMC School & Poisar BMC School, Mumbai.**

**Coaching English language to 88 children in

Background of the organisation

CHILD HELP FOUNDATION (CHF): As the proverb says 'Teach Them Young' - we aim to teach the children to be responsible and understanding of our society in a very early age. A social development organization, Child Help Foundation has a vision to empower underprivileged kids, needy children and youth in India. Children are the future of our nation. They are makers of change. For an emerging and developing country like India, development of underprivileged children holds the key to the progress of our nation.

Child Help Foundation is a national non-profit organization dedicated to help needy and neglected children. Registered under Bombay Public Trust Act 1950. Reg no E-6427/Thane/2009-10. Child Help Foundation focuses on basic education, development, intervention, treatment, medical care, food, clothing, shelter and lot more. Child Help Foundation empowers the underprivileged children and youth through relevant education, innovative healthcare and livelihood programmes.

We all have experienced through our efforts and learnt through our projects the value of every effort that is put into action. Our endeavor is to reach out to as many donors and volunteers as possible to help us bring the much needed change in the society. Through our activities we help others to experience the happiness of doing a noble deed.

The help and support that is raised from the Individuals, Corporates, Institutions, Societies, Government departments will be the building blocks of our various development projects that we have initiated in different parts of India.

Our Vision

Our vision is to be the most admired organization in supporting the overall development of underprivileged children.

Our Mission

- *To be an equal opportunity provider for the upliftment of the underprivileged children by providing them timely education, shelter, food, care & happiness*
- *To be known as an organization with innovative approach towards upliftment of the needy children*
- *To be abreast with times to empower the underprivileged children to lead a dignified & quality life*

Our Philosophy

Child Help Foundation believes that every child has a unique contribution to make to the world.

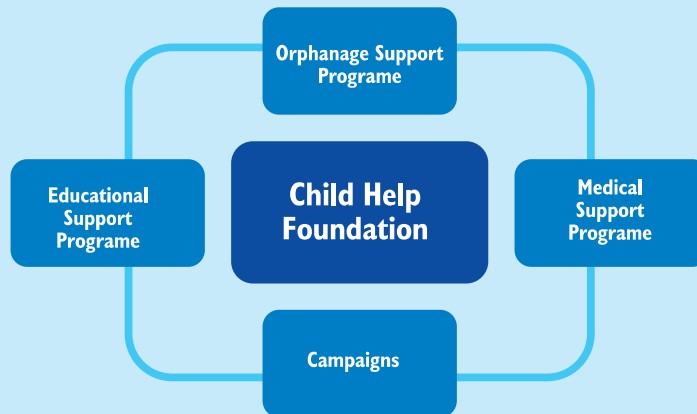

We shall do everything within our power to help each child with basic necessities and develop his/her self-esteem to reach their God-given potential.

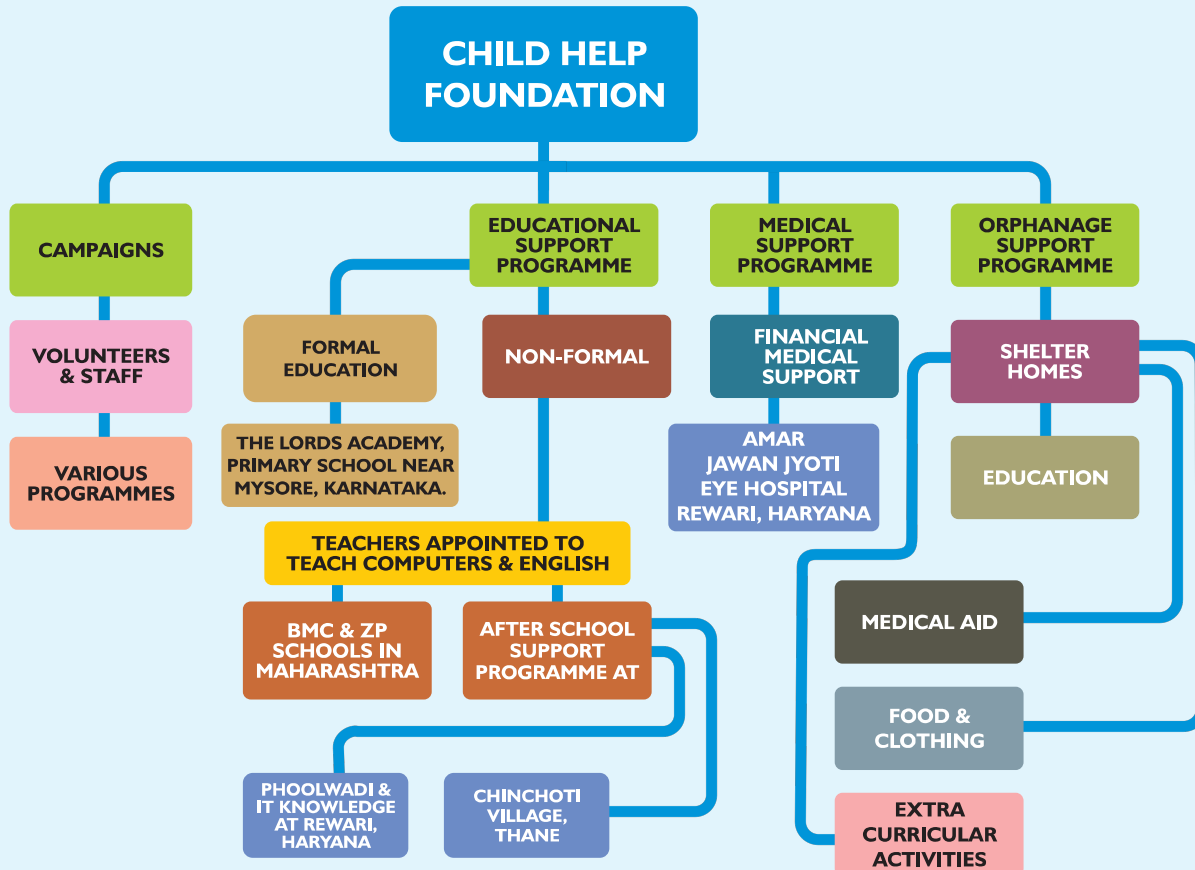

Projects & Programmes

With a team of nearly 10 staff in Mumbai, 2 in Bangaluru, 2 in Rewari, Haryana & with the help of several volunteers & well-wishers we have managed to implement a range of sustainable development programmes for children.

Our main focus areas are the following :

Child Help Foundation caters to the underprivileged children by giving a holistic approach

Empowering Grassroots:

Child Help Foundation in India has been playing a crucial role in the social and economic growth of the nation. However, there has always been a need for a dedicated and effective endeavour that is focused on enabling small, genuine NGOs to bring excellence in their efforts. In India they have been playing a crucial role in the social and economic growth of the nation. However, there has always been a need for a dedicated and effective endeavour that is focused on enabling small, genuine NGOs to bring excellence in their efforts. We, at Child Help Foundation take the necessary steps that are slowly minimizing the difficulties that the children of the society have to face on a daily basis.

Girl Child Education:

Child Help Foundation believes that inclusion of girls is only possible through parental engagement and community involvement. Therefore, we believe in empowering girls through education. Educating a girl child can quickly solve immense amounts of social issues that have been prying over the country. Since literacy helps to form a strong foundation based on knowledge, truth and moral values, which if imbibed in a girl child, will only prove to benefit the family that she either belongs to or will be going to in the future. It comes out to be an asset, having female children educated.

Child Help Foundation Committee has laid down some essential steps in order to eradicate or lessen the bias attitudes of the families towards educating a girl child; which we have been following consistently.

These include:

- informing the families and parents about the importance of education and motivating them to bestow proper education for their female children particularly.
- Inculcating belief that whether you are addressing healthcare, poverty, population control, unemployment or human rights there's no better place to start than in the corridors of Education.

Because education is both the means as well as the end to a better life: means, because it empowers an individual to earn his/her livelihood and the end because it increases one's awareness on a range of issues – from healthcare to appropriate social behavior to understanding one's rights - and in the process evolve as a better citizen.

Child Help Foundation works with under-privileged children who live under difficult circumstances such as child labour, we also assist children of poorest of the parents, street and runaway children, children with disaster struck and slum children etc.

Organogram of the organization

Projects in India

Orphanage Support Programme:

Child Help Foundation provides shelter, food, clothing and education to the orphan children and also covers their medical expenses. Child Help Foundation gives a holistic approach towards the underprivileged children through 3 orphanages. Two such orphanages namely Vision in Social Arena (Anmol Home) and Shri Rajendra Honeycomb Charitable Children's Trust (Bal Ashram) are both located in Thane District. Anmol Home shelters street children where in 40 school going children are living under healthy circumstances currently. Where as, Bal Ashram comprises of 50 school going children. The third orphanage Karunalaya (Sharon Ministry of Tribals) located in Bengaluru takes care of 42 children.

Case story:

Child 1:- Yadav (Name changed) Date of Birth:01/09/1997

Yadav is a very disciplined boy who does not talk much and is a very keen observer. He is ready to help anyone who needs help. He also takes care of his younger brother in the orphanage and has got an elder brother too. He is a bright student. He secured 78% in his last test and now wants to achieve 80% in the next test. He is also good in sports and he represented his school in a football team. His favorite subjects are English, Geography and History He lost his parents in a very young age.

Some of the Activities Conducted for the children:

Activities conducted	Description
Science Activity	Blowing the ballon
Zee Institute of Creative Art (ZICA)	Clay making, Dancing, Singing, Painting
Drawing Competition	Save the Girl Child & Save the Environment
Greeting Making	Hobby Development
Craft Making	Hobby Development
Paper bags / Flower Making	Hobby Development
Cardboard Flower Pot	Hobby Development
Hanging Lamp	Hobby Development
Other activities:	
Campaign	For conservation of water
Football for cause :	A corporate fund raising tournament
Children's day celebration	Event held on 14th November at Maxus Mall Mumbai for orphan children

Educational Support Program:

Through this program we support the educational responsibilities of all rural and underprivileged children who are not economically capable of buying an education. With the absence of proper educators to learn from and guidelines to follow, the children in the rural areas are often misguided. Their chance to grow as individuals has been compromised on due to the shortage of real education at an affordable price.

We fulfill their needs by enhancing their computer skills, providing English educators, toys and comics for recreational purposes, a well suited library, good clothes, educational books, school benches and other stationery items like pencil sets and school bags.

Because we believe economic disparities should never stand as an obstacle between a student and his education.

Medical Support Program:

Our aim with this programme directs to supply medical & financial aid to the general population belonging to the underprivileged sector.

Amar Jawan Jyoti Hospital located in Rewari, Haryana is one such project engaged in helping the needy:

Other impacting projects under this programme are:

- Distribution of Knee support belt for the aged
- HIV/AIDS awareness campaign
- Free Eye testing and distribution of spectacles

Rural Medical Support Program:

Distributed Knee support belt to the needy elderly people in Mumbai region

Our organizational learning during the execution of these programmes has been rich.

Other interests & future plans:

Child Help Foundation aims at creating a pool of young and independent people, from the marginalized section, through skill enhancement programmes: It is an effort towards bridging the gap between demand and supply of skilled manpower in the fast emerging services like food sectors of modern India.

Child Help Foundation is currently proposing a national level programme that will train the rural underprivileged adolescent youth in English Proficiency, Basic Computer Education and Soft Skills for enhancing their prospects of employment in the fast expanding retail, hospitality, KPO & other industries.

The program in Phase I will cover 6 states & reach up 15 states in phase II.

These programs will help realize the potential of the youth & keep them rooted to their villages thus helping the rural economy to gain foothold.

These projects will support more than 100 grassroots initiatives working for the education of very poor and underprivileged children in various states of country like Jharkhand, Uttar Pradesh, Uttaranchal, West Bengal, Andhra Pradesh, Tamil Nadu, Karnataka, Kerala, Maharashtra, Gujarat, Rajasthan, Haryana, Madhya Pradesh, and Chhattisgarh etc.

Outreach:

Quite distinctive in its approach, the Outreach programme of Child Help Foundation, directly implements the community development initiatives for corporates and development agencies. This programme strives for sustainable development with special focus on underprivileged children and women by implementing directly, initiatives in all thematic areas of Child Help Foundation.

Child Help Foundation partners with corporate and other development organization for the direct implementation of development initiatives in target locations.

This distinct approach of Outreach programme serves a dual purpose. On the hand, it helps in furthering the CSR mandate of corporate and development organizations through effective implementation while on the other hand self implementation helps the organization to have better understanding of the programme implementation on the ground.

Under Outreach programme, innovative methods are continually put to work by our dedicated team to scale-up the undertaken community based social development programmes in the specified locations in India.

FUNDRAISING STRATEGY

- Face to face fund raising
- Corporate Social Responsibility
- Tele fund raising
- Outreach activity
- Payroll giving
- Corporate tie up
- Social Media
- Campaigns & Events

VOLUNTEERS

Volunteers across India have helped us to strengthen our organization and bring about a positive social change by providing technical inputs, financial contributions, research, documentation and assistance at our project sites. By working with enthusiastic, energetic individuals through our volunteer programme, we are also seeking to:

- Enhance understanding of the developing world through active participation and involvement; and,
- Educate and empower individuals on development issues allowing them to act as change agents throughout the world.

We are indebted to all the volunteers who had worked with us in 2012-2013, and we would like to sincerely thank each and everyone for their hard work and commitment towards Child Help Foundation.

“What they say”

I have always been reaching out to needy children; because I feel it is necessary to give back to the society and to the country
 - Chandrasekar, EMC² Donor, Bengaluru

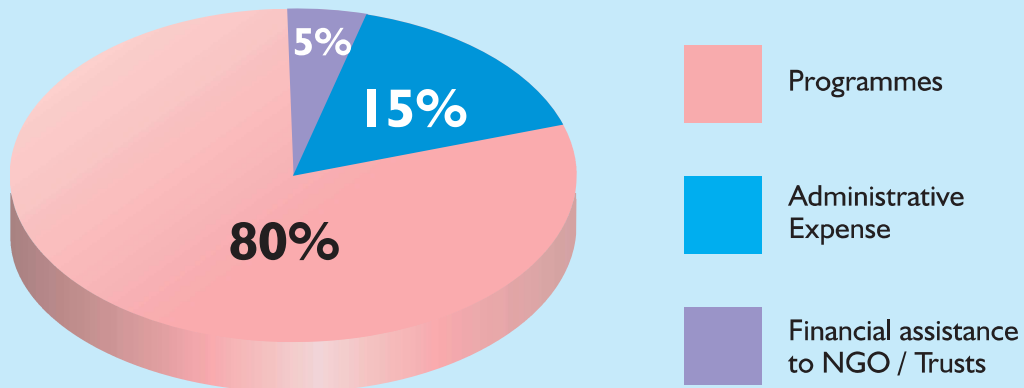

I saw that there are children who are less fortunate to have the basic things in life such as food, shelter and education. I volunteered myself to support Child Help Foundation and I am feeling happy while contributing a little time, little money, little energy and in return I am seeing big smiles in these children.
 Lets be the change!!!

The difference between a helping hand and an outstretched palm is a twist of the wrist. ~Laurence Leamer, King of the Night.
