Greetings!

For Child Help Foundation year 2015-16 was a great year of learning, sharing of best practices and reflection. We have evolved as an organisation of change beyond the 'number'.

It was a year where we made decisions based not on the targets we had to achieve but on doing things 'better', by dedicating more time in Advocacy, Communication, Social Mobilization and Counselling with children in schools and community at large.

During this year, we transcended in completion of the process effectively and delivering our services more qualitatively. We reached out to over 2000 children and vulnerable communities residing in marginalized areas.

With us, its a continous process of growth by reflecting, questioning and evaluating every single thing we do. We may fall and fail at times, But we'll keep getting up more stronger and wiser to continue our journey.

In our endeavour, we personally are supported by all esteemed donors, supporters, well wishers and mentors. They all are our sources of motivation, strength and guidance. We at CHF are very pleased to share our work in this report for the year 2015-16, our successes and our challenges, with stories of hope.

We would like to thank one and all who supported us, financially and or by any other means/way..

We look forward to working with more number of children this year. We have charted some methods to experiment and see whether they can lead us to a 'solution' to scale obstacles. In the coming year we will focus on increasing and creating better access to our resources offline and online so that children and their parents can more easily play a key role in the career building, long term alliances and capacity building with interested professionals so that we do see final conversion of the training into implementation.

Annual Report 2015-2016 is for your perusal in a detailed manner. Give us your valuable feedback to help us reach our goal.

Warm Regards,

50 children of St. Gonsalo Orphanage Vasai, District Palghar, were taken for exposure visit to Assisi Bhavan Old Age Home, Goregaon. Students of Jijamata Engineering College of Mumbai volunteered in this event. This event was conducted in the month of November, 2015.

Child Help Foundation implements a well thought plan of spreading awareness in our targeted communities. It starts from the young ones at schools, whose brains are most receptive. They are tuned and guided to induce and inculcate the new ideas in their homes, villages and localities. Once the seeds of ideas are sowed in the ground of a family and community, it becomes important to water them for proper germination and grow into a new plant or a tree.

CHF conducted parent teacher meetings and reiterated the importance of the new ideas and way of living. The same strategy is employed in our cleanliness drives too.

One such meeting was held at Zilla Parishad School, Rajavali in the month of November, 2015.

Objective of Parents - Teachers Meet:

1. Encourage parents to send thier children to school.
2. Ensure that thier child regularly gives 2 hours to do homework.
3. Monitor thier children's progress.

Dear Sir,

Greetings!!!

Dear Trustees,

Children with cancer form a small percentage (<5%) of total cancer patients seen at Tata Memorial Hospital. However they are a very precious lot since, more than 80% of these are completely curable. Additionally, a child cured of cancer can contribute a lot back to the society since she/he has many additional years to live! However, the treatment of childhood cancers is quite intense, prolonged and expensive. The best outcome of this potentially life threatening disease can be achieved in a specialized childhood cancer hospital with clean environment, good infrastructure, and most importantly a centre that is sensitive to the needs of children. Tata Memorial Hospital (TMH), an Autonomous Body under the administrative governance of Department of Atomic Energy, Govt. of India, a name synonymous with excellence in cancer care, is one such center.

On behalf of the division of Pediatric Oncology, I would like to thank you wholeheartedly for your contribution of Rs. 25,000 every month for our pediatric patients, since October 2014 till date. The proceeds are used to buy emergency medicines for the children, who are admitted in the ward and ICU.

Looking forward for your continued support to this noble cause,

With best personal regards,

Dr. Brijesh Arora
