JUNE 2026

Child Help Foundation (CHF) Felicitated on the 11th Foundation Day of HBT and Dr R.N. Cooper Hospital Mumbai, Maharashtra

On the occasion of the 11th Foundation Day of Hinduhradaysamrat Balasaheb Thackeray Medical College & Dr. Rustom Narsi Cooper Hospital, Mumbai, Child Help Foundation (CHF) was felicitated for its valuable contribution towards strengthening the hospital's diagnostic and healthcare infrastructure through the donation of advanced medical equipment under its CSR initiatives. The key equipment includes a Fully Automated Biochemistry Blood Analyser (supported by Indian Oil Corporation Limited), a Fully Automated Chemiluminescence Immunoassay Analyser (Beckman Access-2), and an Automatic Microtome – HistoCore AUTOCUT (Leica) (both supported by Informa Markets India Pvt. Ltd.). The recognition reflects CHF's continued commitment to improving diagnostic capabilities and enhancing access to quality healthcare for thousands of patients through meaningful CSR partnerships.

About Us

Child Help Foundation (CHF) is a pan-India non-profit organization, registered under the Bombay Public Trust Act 1950, which started in the year 2010. We aim to accomplish the objectives set by the United Nations Sustainable Development Goals (UN SDGs) for global development. Child Help Foundation's principal purpose is to empower the disadvantaged holistically with some of our initiatives like Good Health and Well Being, Quality Education, Zero Hunger, Clean Water and Sanitation, Gender Equality, Humanitarian Relief, Life on Land, Life Below Water and Village

International Yoga Day 2026, Promoting Health and Wellness

On the occasion of International Yoga Day 2026, Child Help Foundation (CHF) organised a series of yoga and wellness programmes across project offices in India, embracing the global theme "Yoga for Healthy Ageing." The initiative reinforced CHF's commitment to promoting preventive healthcare, physical fitness, mental well-being, and healthy lifestyles among children, youth, staff members, volunteers, and communities.

As part of the nationwide celebration, yoga sessions were conducted across all CHF offices, where team members, volunteers, beneficiaries, and community participants enthusiastically practised various yoga asanas, breathing exercises, and meditation techniques under the guidance of trained facilitators. The sessions highlighted the importance of incorporating yoga into daily life to improve physical health, emotional balance, flexibility, and overall well-being while encouraging healthy ageing.

Extending the celebrations to educational institutions, CHF, in collaboration with Pyramid Valley International, organised an International Yoga Day programme at Sarvodaya Kannada School, Jayanagar, Bengaluru. The event commenced with an introduction to the objectives and benefits of yoga, followed by guided yoga asanas and meditation. Students actively participated throughout the session and concluded the programme by taking a pledge to practise yoga regularly, demonstrating their commitment to adopting healthier lifestyles.

Further strengthening its outreach, CHF conducted an awareness programme at DAV Centenary Public School, Haridwar, in both offline and online modes, enabling participation from students, parents, and teachers. The session focused on the significance of International Yoga Day and the numerous benefits of regular yoga

practice, including improved concentration, flexibility, stress management, and mental well-being. Participants were guided through simple yoga postures and breathing exercises and encouraged to integrate yoga into their everyday routines.

Recognising the growing importance of mental health, CHF also organised a Mental Health Awareness and Basic Yoga Session in Faridabad, combining discussions on emotional well-being with practical demonstrations of basic yoga techniques. The programme emphasised the close connection between mental wellness and physical health, encouraging participants to use yoga as an effective tool for stress management and overall well-being. The interactive nature of the session inspired participants to embrace healthier habits and prioritise self-care.

Across all locations, the programmes witnessed enthusiastic participation and received an overwhelmingly positive response. Students, teachers, parents, volunteers, beneficiaries, and community members actively engaged in the activities and expressed their willingness to incorporate yoga into their daily lives. Through these initiatives, Child Help Foundation successfully promoted awareness about the importance of yoga as a holistic approach to health, reinforcing the message that preventive healthcare, mental wellness, and healthy living are essential for building stronger individuals and healthier communities.

By celebrating International Yoga Day across diverse regions of the country, CHF reaffirmed its commitment to creating healthier, more resilient communities through awareness, education, and community participation, inspiring people of all ages to make yoga an integral part of their everyday lives.

International Yoga Day 2026, Promoting Health and Wellness

When the Rain Hits, So Do the Risks

Every year, the first rain brings relief. The heat breaks, the air feels cooler, and for a moment, everything feels refreshing. But for millions of children across the country, especially those living in families with little to no access to basic healthcare, the monsoon season tells a different story.

While the rest of us reach for chai and welcome the cool breeze of the first rain, many children are walking through flooded streets, drinking contaminated water, and sleeping in damp spaces with no protection from mosquitoes. The monsoon is beautiful, but it also brings a wave of health risks that hit children the hardest.

Why Children Are More Vulnerable

Children's immune systems are still developing, which means their bodies are far less equipped to fight off infections compared to adults. Add to that the reality of poor sanitation, overcrowded living conditions, and limited access to healthcare, and you have a situation where monsoon diseases in children can escalate quickly and dangerously.

Stagnant water becomes a breeding ground for mosquitoes, making dengue and malaria in kids a very real threat every single monsoon season. Flooded areas contaminate drinking water sources, leading to waterborne diseases like cholera, typhoid, and diarrhoea that can cause severe dehydration in young children within hours. Damp, humid conditions also bring skin infections and respiratory issues that often go untreated simply because families cannot afford medical care.

These are not rare or distant problems. They happen every year, across every state, and the children most at risk are the ones who have the least support around them.

What We Do When the Rains Arrive

At Child Help Foundation, one of the most active NGOs for children in India, we do not wait for the crisis to knock. As the monsoon approaches, our teams are already on the ground.

We distribute mosquito nets to families in flood-prone areas to reduce the risk of dengue and malaria. As a medical help NGO for poor and

marginalised families, we organise health camps that bring medical aid, first aid, and basic medicines directly to communities that cannot travel to hospitals. When heavy rains trigger flooding, as they do year after year in places like Assam, we move quickly with emergency relief, including food packets, clean drinking water, and daily essentials for displaced families.

We also make sure that education does not stop when the rains come down hard. Children from low-income families receive raincoats, umbrellas, and waterproof school bags so they can get to school safely, because missing even a few weeks of school can set a child back in ways that take years to recover from.

And beyond the immediate relief, we engage children in activities like rainwater harvesting and tree planting, because protecting children also means protecting the environment they will grow up in.

What You Can Do

Awareness is the first step. Knowing how to protect children from monsoon diseases, keeping surroundings free of stagnant water, ensuring children drink clean water, and watching out for early symptoms can make a real difference at the community level.

But if you want to go further, we welcome you. As a child welfare NGO in India, we believe that change happens when communities come together. Whether you volunteer on the ground, help poor children in India, support a health camp, or simply spread the word about monsoon health risks for children in India, every effort counts.

If you are looking for a way to support child healthcare NGO work that directly reaches those who need it most, this is where your contribution makes a real difference. And for families wondering where to turn, know that an NGO helping sick children in India is already on the ground, working every monsoon season to keep children safe.

The rains are coming; let us make sure every child is ready for them.

SDG 3: Good Health and Well-being

Emergency Medical Support

Battini Dhanunjay, 8 Months

PFIC Type II

Eight-month-old Battini Dhanunjay, son of Sravani and Paparao from Srikakulam, Andhra Pradesh, is fighting for his life at an age when most babies are just beginning to discover the world around them. What started as jaundice led to the diagnosis of PFIC Type II, a rare liver condition where the body is unable to process bile normally, causing it to build up and slowly damage the liver. His only hope for survival now is a liver transplant.

For Sravani, every day is a mix of fear and quiet determination. She watches over her son, holding on to every small sign of hope, while Paparao carries the weight of the family's future on his shoulders. As a daily wage earner, there is no fixed income, no savings, and no one in the family to turn to for support. It is just the three of them, facing something no family should have to face alone.

Doctors at Rainbow Children's Hospital, Hyderabad (approximately 5 km from Necklace Road Railway Station), have advised a Liver Transplant as the only course of treatment that can save Dhanunjay's life. The estimated cost of the procedure is Rs. 18,00,000 (Rupees Eighteen Lakh Only).

For a family that lives on daily earnings, this amount is simply beyond reach. There are no assets to fall back on, no financial cushion, and no support system to lean on. Sravani, who is herself the donor for the transplant, is prepared to give a part of herself so her son can live. With time running out, the family is hoping that kind hearts will step forward and help little Dhanunjay get the chance to live and grow.

Success Stories

Ganesh Bagul

Fifteen-year-old Ganesh Bagul from Nashik suffered severe burn injuries in a tragic accident while playing near his home. With the generous support of Child Help Foundation donors, he received the critical treatment he urgently needed. Today, Ganesh is recovering with renewed strength and hope, giving his family the courage to look forward to a brighter and healthier future.

Jiya

Ten-year-old Jiya from Bijnor, Uttar Pradesh, was diagnosed with a malignant germ cell tumour of the right ovary after persistent stomach pain. Thanks to the compassionate support of Child Help Foundation donors, she received the life-saving treatment she urgently needed. Today, Jiya is recovering with renewed hope, bringing relief, strength, and happiness to her loving family.

Prashant Gawali

Ten-year-old Prashant Gawali from Jalgaon, Maharashtra, has battled serious health challenges affecting his mobility since birth. With the generous support of Child Help Foundation donors, he received the surgery and medical care he urgently needed. Today, Prashant is recovering steadily, bringing renewed hope, confidence, and joy to his family as he looks forward to a healthier, more active future.

Success Stories

Baby of Vandana Vishwakarma

Baby of Vandana Vishwakarma from Thane, Maharashtra, was born prematurely and required weeks of specialised NICU care due to serious health complications. With the compassionate support of Child Help Foundation donors, the newborn received the critical medical treatment needed. Today, the baby is recovering steadily, bringing renewed hope, relief, and joy to the family as they look forward to a healthier future together.

Angel Yesudas

Thirteen-year-old Angel was diagnosed with Ewing's Sarcoma, a rare and aggressive cancer, replacing her carefree childhood with painful treatments and hospital visits. With the earnest support of Child Help Foundation donors, she received critical chemotherapy and radiation therapy. Today, Angel fights on with quiet bravery, moving closer each day towards a life filled with hope and laughter.

U Venkata Guru Sumanth

Five-year-old Venkata from Prakasam, Andhra Pradesh, was once an active and cheerful child until unusual fatigue, bruising, and unexplained bleeding led to a heartbreaking diagnosis of Acute Lymphoblastic Leukaemia. With the wholehearted support of Child Help Foundation donors, he received the urgent chemotherapy he needed. Today, little Venkata is on the path to recovery, giving his devoted family renewed strength to hold on to hope.

Success Stories

Ahan Patel

Two-and-a-half-year-old Ahan Patel from Nashik, Maharashtra, was born with a complex heart disease that made even his early years a constant struggle. Thanks to the generous support of Child Help Foundation donors, he received the life-saving heart surgery he urgently needed. Today, Ahan is recovering well, bringing renewed hope, relief, and countless smiles to his grateful family.

Renuka Ganje

Twenty-eight-year-old Renuka from Osmanabad, Maharashtra, suffered devastating 60% deep flame burns and inhalation lung injury after a sudden gas blast, turning an ordinary day into a life-altering tragedy. With the compassionate support of Child Help Foundation donors, she received critical reconstructive surgery and intensive care. Today, Renuka is healing steadily, her quiet courage inspiring all, as her family holds on to the hope of seeing her return to a normal life.

Twins of Alka

Premature twin babies of Alka and Nagbhushan from Hyderabad, Telangana, required specialised NICU care after being born with serious health complications. With the compassionate support of Child Help Foundation donors, they received the critical medical treatment they urgently needed. Today, both babies are recovering steadily, bringing renewed hope, relief, and happiness to their grateful parents as they look forward to a healthier future together.

Success Stories

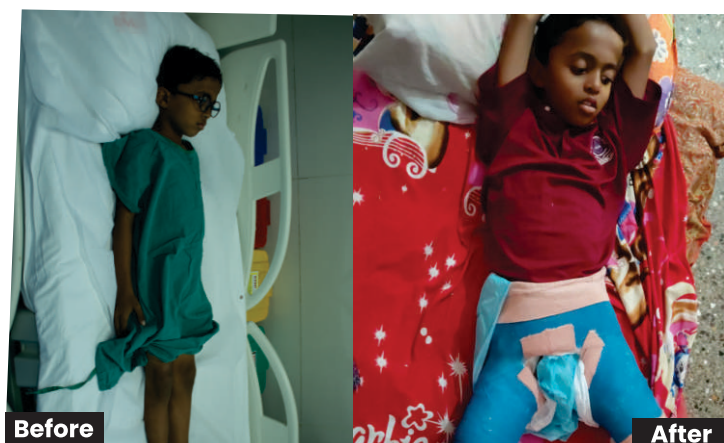

Anvi

Four-month-old Anvi from Haridwar, Uttarakhand, was diagnosed with Gross Hydrocephalus shortly after birth, requiring urgent surgery to give her a healthier future. With the generous support of Child Help Foundation donors, she received the life-saving treatment she urgently needed. Today, Anvi is recovering steadily, bringing renewed hope, relief, and happiness to her grateful family.

Kaivalya Upadhye

Ten-month-old Kaivalya Upadhye from Latur, Maharashtra, was born with a severe liver condition that required an urgent liver transplant to save his life. With the compassionate support of Child Help Foundation donors, he received the critical treatment he desperately needed. Today, Kaivalya is recovering steadily, bringing renewed hope, relief, and happiness to his grateful family.

Kowshik

Nine-year-old Kowshik from Anantapur, Andhra Pradesh, has been battling congenital dislocation of the right hip since birth, with persistent pain and restricted movement defining his childhood despite a previous surgery. With the timely support of Child Help Foundation donors, he received the critical corrective surgery he needed. Today, Kowshik is recovering steadily, stepping closer to the pain-free, active childhood he truly deserves.

Success Stories

Amrutha

Eleven-year-old Amrutha from Anantapur, Andhra Pradesh, has been battling bilateral developmental dysplasia of the hip since birth, her childhood marked by pain and restricted movement even after an unsuccessful first surgery. With the caring support of Child Help Foundation donors, she received the complex corrective surgery she needed. Today, Amrutha is recovering with quiet determination, moving closer to a life of comfort, freedom, and renewed hope.

Inauguration of Baby Feeding Centres

Maharashtra

Child Help Foundation (CHF), under the MNGL CSR Project, successfully inaugurated two Baby Feeding Centre (BFC) units at Pune Junction Railway Station (Platform No. 2) and Chinchwad Railway Station (Platform No. 3). The inauguration was attended by representatives from MNGL and dignitaries from Indian Railways, who appreciated the initiative to support lactating mothers and infants. The Baby Feeding Centres provide safe, hygienic, and private spaces for mothers to breastfeed while travelling, ensuring infants receive timely nourishment with dignity, comfort, and privacy.

Awareness Session and Impact Assessment Survey on BFC

Karnataka and Haryana

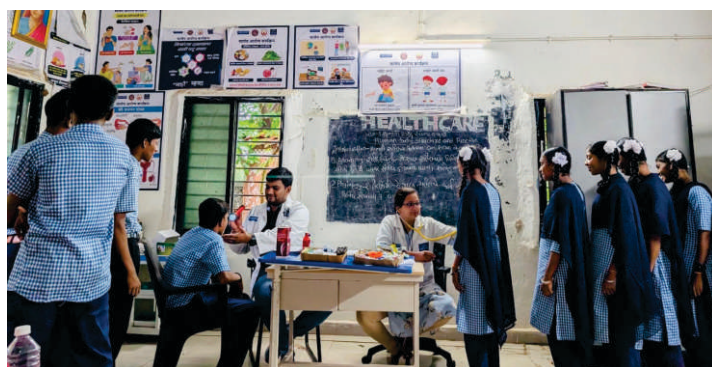

Child Help Foundation (CHF) conducted awareness sessions and impact assessment surveys on Baby Feeding Centres across two locations. In Bengaluru, sessions were held at Banashankari and R.V. Road metro stations, where the centres were found to be widely used by new mothers, significantly improving privacy, safety, and comfort. In Gurgaon, an assessment at the Civil Hospital's Baby Feeding Centre also received positive feedback from mothers, who appreciated the safe and comfortable breastfeeding environment provided.

School Health Programme

Vikramgad, Palghar, Maharashtra

Child Help Foundation (CHF) strengthened the implementation of its School Health Programme through strategic planning, stakeholder engagement, health screenings, and awareness initiatives. The team coordinated with the RBSK District Supervisor, Palghar, DIET, and ITDP, Jawhar, to strengthen referral mechanisms, schedule joint school visits, and plan the rollout of the Health Ambassador Programme, School Principals' Meeting, and Training of Trainers (ToT). During the reporting period, seven full-day health screening visits were conducted across all 12 project schools, covering 169 newly enrolled students who received health cards, while 143 students were provided with medical treatment for common illnesses, including seasonal infections, dental ailments, and skin conditions. To promote holistic well-being, 21 mental health awareness sessions reached 720 students from Classes VII–XII, and 12 health and hygiene sessions benefited 579 students through education on peer pressure, personal hygiene, nutrition, anaemia, and sexual and reproductive health. In addition, comprehensive WASH assessments were completed across all 12 schools, and baseline surveys were finalised in the newly enrolled schools of Khuded and Bhopoli to support effective monitoring and programme implementation.

Baby Sleep Sacks Distribution

Hyderabad, Telangana

Child Help Foundation (CHF) supported a celebration at Medicovert Hospital marking the successful recovery of pre-term twin babies and their mother, with baby sleep sacks presented to the twins as part of the occasion. The hospital expressed gratitude to CHF for its timely support towards the treatment and care of the babies.

Eradicating Hunger Programme

SDG 2: Zero Hunger

Buttermilk Distribution Drive

Visakhapatnam, Andhra Pradesh

Child Help Foundation (CHF) organised a buttermilk distribution drive to provide relief from the summer heat to commuters, pedestrians, and residents. Over 300 people participated, reflecting CHF's commitment to public health and community welfare.

Education Programme

SDG 4: Quality Education

Centre of Excellence

Maharashtra

Child Help Foundation's (CHF) Centre of Excellence project is an education-focused initiative aimed at enhancing the quality of education in municipal schools through supportive learning and digital education. The programme currently benefits 373 students from Standards I to VII across selected MBMC schools, with a focus on foundational learning, digital literacy, inclusivity, and life skills. Following the reopening of schools on 1 June 2026 after the summer vacation, Centre of Excellence teachers, under the guidance of the Mira-Bhayander Municipal Corporation Education Department, participated in community survey and enrolment drives to identify out-of-school children and facilitate their enrolment into the formal education system.

Computer Labs

Bihar

Child Help Foundation's (CHF) Computer Lab Project has been implemented at Tailik Balika High School, Madhya Vidyalaya Samas, and Madhya Vidyalaya Lodipur in Barbiga Block, Sheikhpura, Bihar, with the support of National Fertilisers Limited (NFL). Each lab is equipped with 21 computers and is well-furnished and properly maintained to ensure a conducive digital learning environment. To facilitate effective implementation, three dedicated teachers have been appointed for each lab, enabling students to gain structured computer education and strengthen their digital literacy skills.

STEM Lab

Goa & Maharashtra

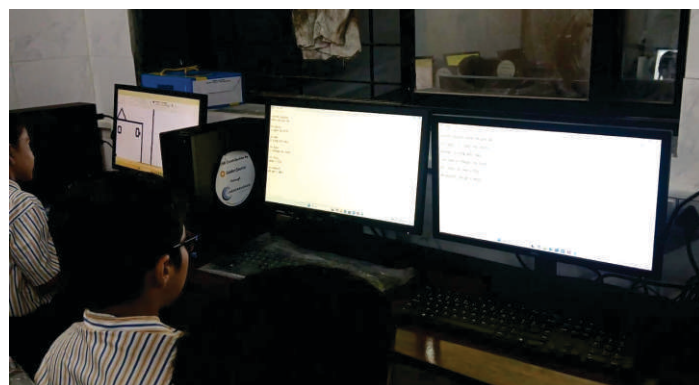

Child Help Foundation's (CHF) STEM Lab Project is being implemented across Government Ashram Schools in Maharashtra, with support from Samata Equal Footing Foundation, and in Goa with support from the Government of Goa. Each lab is equipped with interactive scientific models and hands-on learning tools to create an engaging environment for science and mathematics education. Dedicated teacher-cum-coordinators have been appointed to conduct regular sessions, enabling students to understand concepts through practical application and strengthening their scientific thinking, curiosity, and problem-solving skills.

Computer Training Centre

Amboli, Dadra & Nagar Haveli

Child Help Foundation (CHF) conducted 65 computer education sessions at its Amboli Centre during the reporting period, benefiting 107 unique students with a total attendance of 1,056. In addition to regular classes, the trainer actively participated in school activities, including Shala Praveshotsav, strengthening community engagement and student enrolment.

Computer Training Centre

**PM SHRI Primary Central School, Silvassa,
Dadra & Nagar Haveli and Daman & Diu**

Child Help Foundation (CHF) conducted 75 computer education sessions at PM SHRI Primary Central School, reaching 701 unique students from Classes III–VII with a total attendance of 2,682. The curriculum for Classes III–V focused on computer fundamentals, drawing exercises, and basic system settings, while students of Classes VI–VII were trained in file management, system navigation, data entry, table creation, basic formulas, and presentation skills using animations and transitions.

Computer Training Centre

**Government Secondary High School, Silvassa,
Dadra & Nagar Haveli and Daman & Diu**

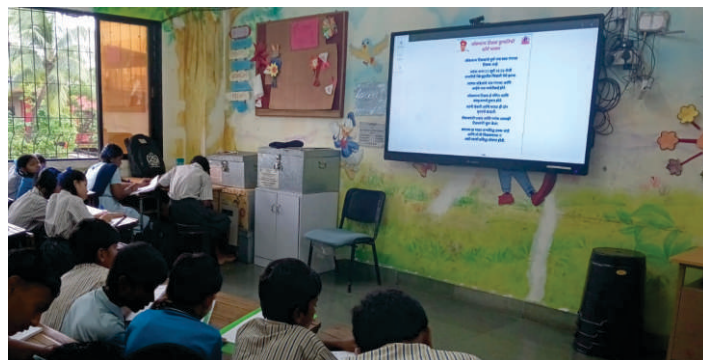

Child Help Foundation (CHF) conducted 73 classroom computer education sessions for students of Classes IX, X, and XII at Government Secondary High School, Silvassa. The programme covered key topics including web development, HTML tags and webpage creation, Canva design, thumbnail and invitation card creation, and the application of video effects, equipping students with practical digital and creative skills.

Digital Skills Programme

Vikramgad Block, Palghar, Maharashtra

Under the Child Help Foundation (CHF) Digital Skills Program, 761 sessions were conducted across 15 schools, resulting in a cumulative 17,131 student attendances, including 4,317 unique beneficiaries. The sessions covered a diverse range of topics, including prepositions, text-to-speech, QBASIC, C programming, Scratch programming, life skills, and endline assessments. Annual examinations were also conducted across all schools to evaluate learning outcomes and track student progress. The programme continued to deliver a blend of classroom-based theoretical and practical learning, supported by educational videos to strengthen students' conceptual understanding and digital proficiency.

School Kit Distribution

Kochi, Keralam

Child Help Foundation (CHF) organised two School Kit Distribution programmes in Kochi during the school reopening period. In collaboration with the Jai Hind Group, school kits including bags, notebooks, and umbrellas were distributed to students at a school in Chellanam. Additionally, in collaboration with Mahatma Sneha Kottayam, kits were distributed to students at a school in Panayapilly.

Stationery Distribution Event

Mumbai Suburban, Maharashtra

Child Help Foundation (CHF), through a collaborative effort with students from NMIMS and DMI Patna, organised a stationery collection and distribution drive across the neighbourhood and housing society. The initiative yielded stationery kits distributed to children at MBMC schools, including Bandarwadi School No. 36, Morva School No. 24, and Mire School, along with supplementary educational materials handed over to school authorities. Volunteers engaged the children in recreational games before the distribution, and the school administration appreciated the initiative and the involvement of the visiting Patna college students.

Bicycle Distribution

Dehradun, Uttarakhand

Child Help Foundation (CHF) organised a Cycle Distribution Ceremony in Dehradun, in collaboration with The Thought Bulb. Students from schools in Dehradun and Haridwar received bicycles to improve their access to education, and the corporate partner appreciated CHF's coordination and smooth execution of the programme.

World Day Against Child Labour

Keralam

Child Help Foundation (CHF) Keralam organised awareness sessions at schools in Palluruthy, Kochi, and Thrikkakara, Ernakulam, to mark World Day Against Child Labour. The programme aimed to raise awareness about child labour, children's rights, and the importance of education, encouraging students to become more responsible in protecting the rights of every child.

Mock Teaching Sessions

Palghar, Maharashtra

Child Help Foundation (CHF) organised mock teaching sessions at a school in Vikramgad, Palghar district, involving eighth-grade students, to select a qualified candidate for the Mini Science Centre (MSC) teacher position. Candidates were assessed on their teaching delivery, classroom management, and soft skills, mapped against their prior experience and qualifications.

Signage and Whiteboard Installation

Palghar, Maharashtra

Child Help Foundation (CHF) installed identification signage across several schools in Palghar district to help direct students to Mini Science Centres, aiming to boost student engagement and foot traffic. Whiteboards were also installed at select schools to enhance the classroom experience, making teaching more dynamic and learning more visual for students.

Internship

Mumbai, Maharashtra

Child Help Foundation (CHF) conducted the formal evaluation and conclusion of the DMI Patna student internship programme at the CHF office in Mumbai, marking the successful completion of the internship cohort. Participating students were presented with formal appreciation letters and completion certificates in recognition of their dedication and contributions.

Educational Support for Underprivileged Children

Child Help Foundation (CHF) continued its commitment to ensuring uninterrupted education for children from economically vulnerable families by extending educational assistance to deserving students across different states. Support was provided to Niki Kanojiya of Girija Mhatre English High School, Naigaon, whose father now earns a modest livelihood through laundry and ironing services after losing his primary source of income. Educational assistance was also extended to Ateeb Khan of Max Fort English High School, Nallasopara (West), easing the financial burden on his father, the sole earning member of the family. In Bengaluru, CHF supported the education of Tejashwaran, Aishwarya, and Harshika, children of Mr. Shekar Veeraswamy, a renowned Indian wheelchair tennis player and former World Cup medallist, by handing

over three educational support cheques to Devanga Sangha Primary & High School under its Educational Support Programme. These initiatives helped ensure the continued education of the beneficiaries, reflecting CHF's commitment to empowering children through education and supporting families facing financial challenges.

Child For Child

Pan India

Child Help Foundation (CHF) conducted a series of awareness sessions across schools and colleges pan-India, focusing on mobile addiction and responsible digital behaviour. Through interactive discussions, assembly talks, and engaging activities, students were sensitised to the impact of excessive screen time on health, academics, and social well-being. The sessions encouraged mindful usage of technology, promoting balance, self-discipline, and healthier digital habits. The initiative empowered children and youth to make informed choices and adopt responsible behaviour in an increasingly digital world.

Child Care Institutions

Pan India

Child Help Foundation (CHF) provides monthly support to seven Child Care Institutions (CCIs), ensuring that children have access to essential educational resources. This support covers school fees, stationery, and other academic needs, enabling underprivileged children to continue their education with dignity and hope. By investing in their learning, CHF is helping build a foundation for brighter, more empowered futures.

Training of Trainers under the Invisible Girls Project

Haryana

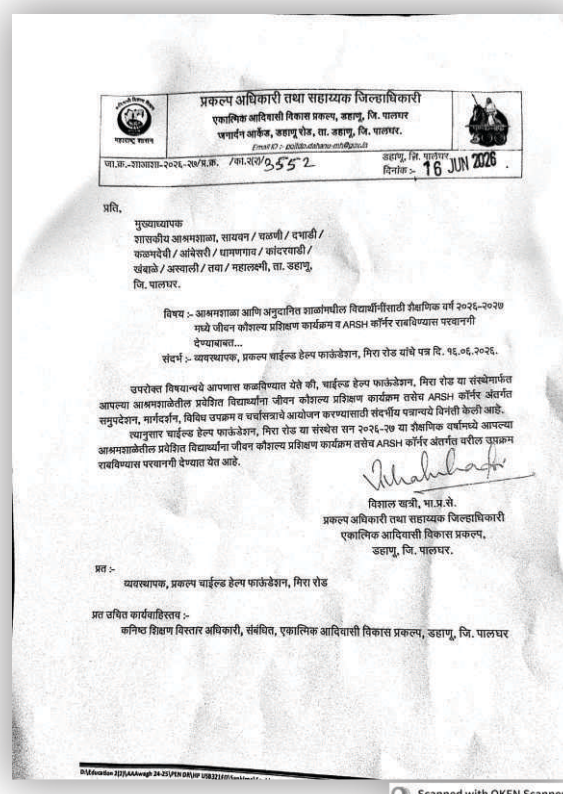

Child Help Foundation (CHF) completed Training of Trainers under the Invisible Girls Project, covering reflection sessions, feedback, and facilitation skills coaching to strengthen trainers' delivery and confidence. The project will be implemented across Rewari, Mahendragarh, and Jhajjar districts of Haryana.

Adolescent Reproductive and Sexual Health (ARSH)

The Prerna Manch – Empowering Adolescents through ARSH and Life Skills initiative continued to promote adolescent health, well-being, and leadership through structured life-skills education and the formation of Kishori Manch groups. The programme focused on reaching adolescents through life-skills sessions, engaging key community influencers, and empowering young people to develop and implement action and micro-plans addressing local issues. Counselling and referral support were provided to adolescents in need, while emerging girl champions were identified and nurtured to build confidence and leadership. The initiative also continued its efforts towards creating Adolescent-Friendly Villages and strengthening linkages with government schemes, improving adolescents' access to essential services, opportunities, and social support. Additionally, CHF also received approval from IAS Vishal Dinanath Khatri, ITDP Dahanu, to implement the Prerna Manch Project, including ARSH Corners and Life Skills Education training, across Dahanu and Talasari blocks. This marks an important step towards

strengthening adolescent health, life skills, and community-based interventions in the project area.

Prevention of Sexual Harassment at Workplace (POSH)

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, commonly known as the POSH Act, is a landmark initiative by the Government of India to ensure safe and dignified workplaces for women. Child Help Foundation (CHF) is fully compliant with the POSH Act across all offices, field locations, and virtual workspaces. The organisation's approach extends beyond legal compliance, fostering a culture rooted in dignity and respect, with zero tolerance for sexual harassment.

The Internal Committee (IC) addresses every complaint with fairness and confidentiality. All new employees undergo mandatory POSH policy training, while existing staff members participate in regular sensitisation workshops. Through a "Train the Trainer" programme, CHF has developed a cadre of 25 certified POSH trainers across India. These trainers have conducted awareness sessions to reach individuals and have mentored and certified three external professionals or members to enhance outreach and long-term impact. POSH sessions in June were conducted at:

Taj Alibaug, Maharashtra

Taj Vivanta, Thane, Maharashtra

ICDS Panchayat Samiti, Mumbai, Maharashtra

Arya Iron and Steel Company Pvt Ltd, Mumbai Maharashtra

Taj Lands End, Mumbai, Maharashtra

New Empanelment as External Member at SBI CAPS Securities

Maharashtra

Child Help Foundation (CHF) volunteer was empanelled as an External Member and POSH trainer at SBICAP Securities Limited, marking a new collaboration between CHF and the corporate for POSH compliance roll-out. This reinforces CHF's commitment to fostering a safe, respectful, and inclusive workplace.

Protection of Children from Sexual Offences (POCSO)

Child Help Foundation (CHF) places child safety at the core of its mission, strictly adhering to the POCSO Act 2012, which protects children under 18 from sexual abuse and harassment while ensuring child-friendly complaint, investigation, and court processes. Regular 'Good Touch-Bad Touch' sessions are conducted in schools to teach children how to recognise unsafe touch, set boundaries, seek help, and use the Child Helpline number 1098.

Pragyam Pathshala, Faridabad, Haryana

Fr. Frances School

Hyderabad, Telangana

Good Touch and Bad Touch Awareness Session

Delhi

Child Help Foundation (CHF) interns conducted a one-day activity at the Delhi education support centre, covering career guidance and a session on Good Touch and Bad Touch to educate children on personal safety. The programme concluded with certificate distribution for the drawing competition, appreciation gifts, and refreshments for the children.

Clean Water and Sanitation Programme

SDG6: Water and Sanitation

Menstrual Health Education and Sanitary Napkin Distribution

Pan India

Child Help Foundation (CHF) conducted menstrual health awareness and sanitary product distribution initiatives across multiple locations. In Begusarai, Bihar, supported by the CSR initiative of Hindustan Urvarak and Rasayan Limited (HURL), adolescent girls and women took part in hygiene awareness sessions and received sanitary napkin kits. Near Bhubaneswar,

Odisha, in collaboration with Sailanala Foundation, CHF celebrated Menstrual Hygiene Day at a government school with an educational event involving both boys and girls. In Okhla, Delhi, CHF partnered with Laiqa Wellness to conduct a sanitary pad distribution drive in a slum area. All three initiatives aimed to de-stigmatise menstruation and improve access to hygiene products.

Water Conservation Awareness Session

Delhi

An Amity University intern with Child Help Foundation (CHF) created an awareness reel on water conservation after visiting underserved communities in Janakpuri and conducting an online survey to understand

local water-related challenges. The initiative promoted responsible water usage and encouraged youth-led research and advocacy on sustainable water management.

Climate Action | SDG: 11,13, 14 & 15

Vastradaan Drive

Pune, Maharashtra

Child Help Foundation (CHF), in collaboration with Moolchand Mill, conducted a Vastradaan Drive at Karnabadhvir School, Hadapsar, distributing new clothes and snacks to deaf and mute children during Adhik Maas. The initiative brought joy and warmth to the children through the spirit of giving.

World Environment Day Celebrations

Pan India

Child Help Foundation (CHF) celebrated World Environment Day across multiple locations. In Bengaluru, students at a government school took part in awareness sessions, a plantation drive, and seed ball activities, along with a message on segregating wet and dry waste and avoiding plastics. In Kolkata, the CHF team created an eco-friendly craft activity to spread awareness on environmental conservation and sustainable practices. In New Delhi, interns at the education support centre conducted a drawing competition and quiz on the theme "Save Trees" to promote environmental awareness among children. In Dadra and Nagar Haveli, a tree planting campaign was conducted as part of environmental awareness activities. In Keralam, a sapling plantation drive contributed to increased green cover and raised awareness about environmental sustainability within the community. A tree plantation drive was also conducted in Visakhapatnam, Andhra Pradesh.

Partnerships for the Goals | SDG: 17

Digimelaa 2026

Mumbai, Maharashtra

Child Help Foundation (CHF), in association with its Digital Partner Skypath Digital (a vertical of Skypath Solutions), hosted Digimelaa 2026 on 12th June to recognise and celebrate content creators and competition winners, encouraging digital innovation and talent. The event successfully honoured participants, motivating and celebrating their contributions in the digital space.

Fashion Designing & Skill Development Workshop

Faridabad, Haryana

Child Help Foundation (CHF), with interns from Amity University's Fashion Designing programme, conducted a workshop for the stitching department covering personality development, colour theory, fashion designing, entrepreneurship skills, and colour combinations. The interactive sessions enhanced participants' creative, professional, and entrepreneurial skills, with the women expressing appreciation for the practical learning experience.

Wish Tree Activity

Odisha and Telangana

Child Help Foundation (CHF) conducted a Wish Tree activity in Bhubaneswar, Odisha, and similar campaigns in Hyderabad and Warangal, Telangana, inviting people to share messages of hope, kindness, and compassion for children in need. In Bhubaneswar, the Bhubaneswar Municipal Corporation approved the activity to be held on a quarterly basis going forward. In Warangal, CHF was honoured by a visit from BJP National President Nitin Nabin, who interacted with the initiative and appreciated its spirit of giving and social responsibility.

CSR Collaboration and Wall Painting Project

Maharashtra

Child Help Foundation (CHF) visited the BDO of Karjat, Raigad district, to discuss and obtain permission for school painting and other CSR-related activities, including the identification and allocation of government schools for the wall painting project. The BDO assured full support, agreeing to identify and share a list of recommended schools and confirming that an official permission letter from the Panchayat Samiti would be issued to facilitate smooth implementation.

Meeting with School Principal on MSC Lab Participation

Maharashtra

Child Help Foundation (CHF) held a meeting with the school principal in Vikramgad to discuss increasing student participation in Mini Science Centre (MSC) Lab sessions and

ensuring regular utilisation of the lab. Following the discussion, a mock session was conducted with full practical engagement from students and MSC teachers, receiving an enthusiastic response.

Meetings for ONGC CSR Project Implementation

Maharashtra

Child Help Foundation (CHF) held meetings with the BDO of Uran Panchayat Samiti and the Administrative Officer of Uran Municipal Council in Raigad district on 4th June to discuss the implementation of the ONGC CSR-supported project for persons with disabilities. Both officials responded positively, agreeing to provide the necessary data and administrative support for the project's effective implementation.

Alufit CSR Scholarship Programme Meeting

Maharashtra

Child Help Foundation (CHF) met with the Education Officer of Thane District Council and the HR Head of Alufit International on 10th June to request a verified list of underprivileged secondary and higher

secondary students from Ambarnath Taluka, with a focus on Usatane Village. The meeting supports Alufit's CSR initiative to provide scholarships to meritorious, financially disadvantaged students, helping them pursue quality education.

Collaboration Meeting with Hospital Institution

Chennai, Tamil Nadu

The Child Help Foundation (CHF) team met with officials from MGM Cancer Institute to discuss opportunities for collaboration to support life-saving healthcare initiatives for children. The meeting strengthened ties between CHF and the institute to improve treatment access for children in need.

Awards and Appreciation

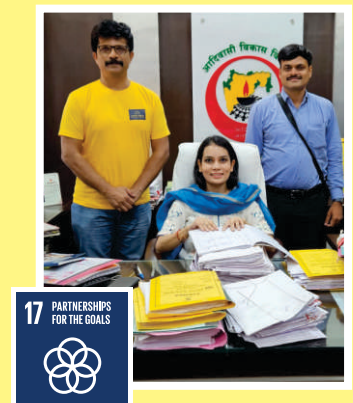

Recognition for Supporting Scoliosis Care

Bengaluru, Karnataka

Child Help Foundation (CHF) was honoured with a memento by Bhagwan Mahaveer Jain Hospital in recognition of its continued support for scoliosis treatment among underprivileged patients. The appreciation reflects CHF's commitment to improving access to specialised healthcare and strengthening partnerships that enable life-changing medical interventions for children in need.
