

Space Lab Inauguration

Ernakulam, Keralam

Child Help Foundation (CHF) formally inaugurated the Space Lab at G.V.H.S.S., Ambalamughal, Ernakulam, creating an engaging platform for hands-on learning and scientific exploration. The initiative aims to strengthen critical thinking skills, bridge the gap between theory and practical application, and inspire students to pursue careers in science, technology, and innovation.

About Us

Child Help Foundation (CHF) is a pan-India non-profit organization, registered under the Bombay Public Trust Act 1950, which started in the year 2010. We aim to accomplish the objectives set by the United Nations Sustainable Development Goals (UN SDGs) for global development. Child Help Foundation's principal purpose is to empower the disadvantaged holistically with some of our initiatives like Good Health and Well Being, Quality Education, Zero Hunger, Clean Water and Sanitation, Gender Equality, Humanitarian Relief, Life on Land, Life Below Water and Village Development.

Child Help Foundation (CHF) Receives Mahindra Bolero Neo Ambulance Support from Mahindra Finance to Strengthen Patient Care

Child Help Foundation (CHF) are pleased to share a significant milestone in strengthening patient care and emergency medical support. With the generous support of Mahindra Finance, CHF has received a Mahindra Bolero Neo Ambulance, further enhancing our healthcare outreach and patient transport services.

This addition will play a vital role in supporting patients at Arogya Sadan and other related medical projects by ensuring safer, faster, and more reliable transportation for those in need of urgent medical attention and ongoing treatment. The delivery of the Mahindra Bolero Neo Ambulance marks an important step towards improving timely access to

healthcare services, especially for vulnerable patients and families travelling for critical treatments.

By strengthening emergency response and patient mobility, this initiative reinforces CHF's commitment to building accessible and compassionate healthcare support systems for underserved communities. We sincerely thank Mahindra Finance for partnering with us in this meaningful endeavour and helping us move one step closer towards ensuring better healthcare access for all.

Through such initiatives, CHF continues to transform lives, bring smiles to young hearts, and strengthen the impact of community healthcare interventions across India.

Surviving the Scorching Heat: Staying Safe During India's Rising Heatwaves

April has barely begun, yet temperatures across parts of India are already soaring close to 50°C. These intense heatwaves are no longer rare; they are becoming a harsh reality that affects millions, especially the most vulnerable communities. For daily wage workers, children, and families with limited access to cooling resources, the scorching heat can be dangerous and, at times, life-threatening.

At Child Help Foundation (CHF), we recognise that extreme weather conditions like these do more than cause discomfort; they pose serious health risks, including dehydration, heat exhaustion, and even heatstroke. As the sun blazes relentlessly, it becomes crucial to prioritise hydration, protection, and awareness.

Understanding the Impact of Heatwaves

Prolonged exposure to high temperatures can quickly drain the body of essential fluids and salts. Children, in particular, are more susceptible as they may not always recognise the early signs of dehydration. Symptoms such as dizziness, fatigue, dry mouth, and headaches should never be ignored. Without timely care, these can escalate into severe conditions requiring urgent medical attention.

Staying Hydrated: A Lifesaving Habit

Hydration is your first line of defence against extreme heat. Drinking plenty of water throughout the day, even before feeling thirsty, is essential. Including natural cooling drinks such as coconut water, lemon water, and buttermilk can help replenish lost electrolytes. Fresh fruits like watermelon, cucumber, and oranges are also excellent for keeping the body cool and hydrated.

Avoid sugary, caffeinated, or carbonated drinks, as they can lead to further dehydration. For children, ensuring regular fluid intake is key, especially during outdoor activities or school hours.

Simple Ways to Beat the Heat

Small lifestyle adjustments can make a significant difference during heatwaves:

- **Stay Indoors During Peak Hours:** Try to avoid stepping out between 12 PM and 4 PM, when temperatures are highest.
- **Wear Light Clothing:** Loose, light-coloured cotton clothes help the body breathe and stay cool.
- **Use Protective Gear:** Hats, scarves, and umbrellas can shield you from direct sunlight.
- **Keep Living Spaces Cool:** Use curtains, fans, and proper ventilation to reduce indoor heat.
- **Take Frequent Breaks:** For those working outdoors, resting in shaded areas and drinking water regularly is essential.

CHF's Commitment to Community Well-being

At CHF, we continue to support underserved communities by spreading awareness about heat safety and encouraging simple yet effective practices to stay protected. Through our outreach initiatives, we aim to ensure that every individual, especially children, has access to the knowledge and resources needed to cope with extreme weather conditions.

A Collective Responsibility

Heatwaves remind us of the urgent need to care for ourselves and others. Checking in on neighbours, providing water to those in need, and ensuring children and the elderly stay safe can go a long way in preventing heat-related illnesses.

As temperatures rise, let us come together to stay informed, stay hydrated, and stay safe. Because protecting lives begins with simple, mindful actions.

Healthcare Programme SDG 3: Good Health and Well-being

Emergency Medical Support

Pawan Saroj, 14 Years
Aplastic Anaemia

A Second Chance at Life: Pawan's Fight for Recovery

A few months ago, Pawan Saroj, a 14-year-old boy from Kaushambhi, Uttar Pradesh, began experiencing persistent fever and extreme weakness. What seemed like a temporary illness soon became a serious concern when medical tests revealed that his blood levels were dangerously low. After further evaluation, Pawan was diagnosed with **Aplastic Anaemia**, a life-threatening condition that affects the body's ability to produce enough blood cells.

Since then, Pawan's life has changed completely. His days are now filled with hospital visits, medications, and constant monitoring. Once active and full of energy, he now struggles with fatigue and uncertainty about his future. Doctors at **HCG Cancer Centre, Mumbai, Maharashtra (3.3km from Borivali West Railway Station)**, have advised an urgent bone marrow transplant, the only treatment that can offer him a real chance at recovery.

Pawan's father works as a labourer, earning a modest income that barely supports a family of five. His mother, Chanda Devi, a homemaker, stays by his side, caring for him through every difficult moment. With limited earnings and growing debt, arranging the **Rs. 20,00,000 (Rupees Twenty Lakh Only)** required for the transplant feels impossible.

Yet, Pawan continues to fight with quiet strength. With timely support and care, he has a chance to heal and reclaim the life he deserves.

There are many more children who need urgent treatments, and your small contributions can make a huge difference.

Success Stories

Baby of Tannu

Born prematurely and facing critical complications just days after birth, Baby of Tannu fought for survival in the NICU. With the compassionate support of Child Help Foundation donors, he received essential intensive care and treatment. Today, the little fighter is stable and growing stronger, bringing hope and relief to his grateful family.

Aaradhya Chavan

Three-year-old Aaradhya from Parbhani was diagnosed with blood cancer after months of pain and weakness. With the generous support of Child Help Foundation donors, she received timely chemotherapy and treatment. Today, Aaradhya is recovering well, growing stronger each day, and moving towards a healthier, happier childhood filled with hope and smiles.

Siyon Benade

Little Siyon from Kolhapur was diagnosed with blood cancer after suffering from persistent fever and weakness. With the generous support of Child Help Foundation donors, he received timely chemotherapy and supportive care. Today, Siyon is recovering well, smiling brighter each day, and moving towards a healthier, happier childhood filled with hope.

Success Stories

Reyansh Mahale

Two-year-old Reyansh from Nashik suffered a severe head injury after a tragic accident, leaving him in critical condition. With the compassionate support of Child Help Foundation donors, he received intensive medical care and treatment. Today, Reyansh is recovering steadily, bringing renewed hope, relief, and happiness to his worried and grateful family.

Baby of Jagritee Pal

Born prematurely, Jagritee Pal's baby boy spent his earliest days fighting for survival in the NICU. With the compassionate support of Child Help Foundation donors, he received the specialised care he urgently needed. Today, the little fighter is stable and growing stronger, bringing hope, relief, and happiness to his grateful family.

Driya R

Two-year-old Driya from Tumkur was born with developmental hip dysplasia, making every step painful and difficult. With the generous support of Child Help Foundation donors, she underwent corrective surgery and treatment. Today, Driya is recovering well, taking stronger steps each day, and moving towards a happier, pain-free childhood filled with hope.

Success Stories

Baby of Sanju

Born prematurely and facing critical complications, Sanju Gedher's newborn spent his earliest days fighting for survival in the NICU. With the compassionate support of Child Help Foundation donors, he received essential medical care and treatment. Today, the little fighter is stable, growing stronger, and bringing renewed hope and happiness to his family.

Tanish Salve

Two-year-old Tanish from Nashik was diagnosed with Chiari Malformation and Syringomyelia, making his early childhood difficult and uncertain. With the generous support of Child Help Foundation donors, he underwent critical surgery and treatment. Today, Tanish is recovering well, growing stronger each day, and moving towards a healthier, happier future.

Dhyansh Kashyap

Four-month-old Dhyansh from Haridwar was diagnosed with Gross Hydrocephalus after developing severe complications in infancy. With the generous support of Child Help Foundation donors, he underwent timely surgery and treatment. Today, Dhyansh is recovering well, growing stronger each day, and giving his family renewed hope for a healthier future.

Success Stories

Param Sevra

Six-month-old Param from Ahmedabad was diagnosed with a severe liver disease, making a liver transplant his only hope for survival. With the generous support of Child Help Foundation donors, he underwent a successful transplant with his mother as the donor. Today, Param is recovering well, bringing hope and happiness back to his family.

Ayodhya Wakchaure

Four-month-old Ayodhya from Ahilyanagar was diagnosed with a rare and complex heart condition, making every day a struggle. With the generous support of Child Help Foundation donors, she underwent critical heart surgery. Today, Ayodhya is recovering well, growing stronger each day, and bringing renewed hope and happiness to her loving family.

Nowsira C N

Fourteen-year-old Nowsira from Palluruthy has battled a recurring medical condition since birth, making her childhood difficult and painful. With the generous support of Child Help Foundation donors, she underwent corrective surgery and treatment. Today, Nowsira is recovering well, regaining comfort and confidence, and moving towards a healthier future filled with hope and dignity.

Success Stories

Bhojaraj Meher

Little Bhojaraj from Kalahandi battled a severe liver disease from infancy, making every day a struggle for survival. With the generous support of Child Help Foundation donors, he underwent a successful liver transplant with his mother as the donor. Today, Bhojaraj is recovering well, bringing hope and happiness back to his family.

Twins of Ramadevi

Born prematurely, Ramadevi's newborn twins faced critical complications and spent their earliest days fighting for survival in the NICU. With the compassionate support of Child Help Foundation donors, they received specialised medical care. Today, both babies are stable and growing stronger, bringing immense hope, relief, and happiness to their grateful family.

Baby of Amrapali Gutte

Born prematurely and battling severe complications, Amrapali Gutte's baby girl spent her earliest days fighting for survival in the NICU. With the compassionate support of Child Help Foundation donors, she received critical medical care and treatment. Today, the little fighter is stable, growing stronger, and bringing hope and happiness to her family.

Success Stories

Twins of Ninu Dennis

Born prematurely, Ninu Dennis' twin daughters spent their earliest days fighting for survival in the NICU. With the compassionate support of Child Help Foundation donors, they received critical neonatal care and treatment. Today, both babies are stable and growing stronger, bringing immense hope, joy, and relief to their grateful family

Twins of Divya

Born prematurely, Divya's twin baby girls faced critical complications and required prolonged NICU care from birth. With the compassionate support of Child Help Foundation donors, they received the specialised treatment they urgently needed. Today, the twins are stable, growing stronger each day, and bringing immense joy, hope, and relief to their family.

Highlights of Success and Resilience

The true impact of Home for Bone Marrow Transplant (BMT) is reflected in the lives of the 19 children who have successfully undergone BMTs, including Aarav Kumar, Aradhya Kumari, and Vikrant Thakur, who received a renewed chance at life through collective care and support. The facility continues to support families during the critical pre-BMT and after-care stages, providing a safe, hygienic, and nurturing environment for recovery. Despite the challenges that accompany complex medical journeys, including complications and loss, Home for Bone Marrow Transplant (BMT) remains a strong pillar of SDG 3: Good Health and Well-being. By easing the burden of accommodation and nutrition, Child Help Foundation (CHF) enables families to focus entirely on their child’s treatment and healing, reinforcing the power of compassionate and holistic healthcare support.

Inauguration of Baby Feeding Centre

Pune, Maharashtra

Child Help Foundation (CHF) successfully inaugurated and operationalised three Baby Feeding Centre (BFC) units in Pune at Shreemant Dagdusheth Halwai Ganapati Temple, Bakadewadi ST Depot, and Swargate ST Depot. Implemented in collaboration with Jana Small Finance Bank, the initiative created safe, supportive, and inclusive spaces for mothers and infants, reinforcing CHF's commitment to maternal and child welfare in public spaces.

Blood Donation Camp

Delhi

Child Help Foundation (CHF) organised a Blood Donation Camp at SSCBS College in collaboration with the Rotaract Club of Visioners League, NSS, and blood bank partner Rotary Blood Centre. The camp saw active participation and successfully collected more than 20 units of blood, contributing to strengthening emergency healthcare support and promoting awareness of voluntary blood donation.

Medical Camp

Kochi, Keralam

Child Help Foundation (CHF) organised a medical camp in association with Lakeshore Hospital at Vimala Bhavan (Old Age Home), Mattancherry, Kochi. The camp provided health screenings and medical consultations for elderly residents, helping improve health awareness and ensuring access to basic healthcare support for senior citizens.

Cleanliness and Personal Hygiene Session

Dimapur, Nagaland

Child Help Foundation (CHF), along with student interns from Martin Luther Christian University, conducted a group work session on cleanliness and personal hygiene at Government Middle School, Walford Burma Camp, Dimapur, Nagaland. The session aimed to promote healthy habits, hygiene awareness, and an understanding of the importance of cleanliness among students through interactive learning and discussions.

School Health Programme

Vikramgad, Maharashtra

Child Help Foundation (CHF) conducted a needs assessment survey across 12 schools, which is to be finalised by LTPCT for project implementation in the current financial year. To support effective programme delivery, IEC materials for classroom awareness sessions and Training of Trainers (ToT), including training modules, session worksheets, and flip charts, were developed. Strengthening collaboration and future handholding efforts, the team also organised visits and meetings with government and charitable health institutions to build partnerships and enhance programme support systems.

World Health Day

Maharashtra and Keralam

On the occasion of World Health Day, Child Help Foundation (CHF) conducted engaging awareness sessions for students in Mumbai and Keralam to promote health, hygiene, and overall well-being. At MBMC School No. 21, Mumbai, students were sensitised on nutrition, healthy food habits, and the importance of maintaining a healthy lifestyle through interactive activities, simple exercises, and a fun Zumba session. Similarly, at Cottolengo Special School in Fort Kochi, Keralam, children participated in interactive learning activities focused on basic hygiene, polite language, emotional expression through emojis, and creative exercises, making the sessions both educational and enjoyable.

Inauguration of HistoCore AUTOCUT

Mumbai, Maharashtra

Child Help Foundation (CHF) marked a major milestone in healthcare advancement with the inauguration of the HistoCore AUTOCUT (Fully Automated Rotary Microtome) at HBT Medical College & Dr. R. N. Cooper Hospital, Mumbai, in collaboration with Informa Markets India. The inauguration was jointly carried out by Dean Dr. Chhaya Shinde, Mr. Sanjay (CHRO), Mr. Ritesh Modi (CFO, Informa Markets India), and CHF Executive Director Jiji John. With the installation of this advanced equipment, the Histopathology Section is now fully equipped, significantly enhancing diagnostic accuracy, enabling faster and more precise testing, and strengthening cancer care services for thousands of patients.

Education Programme SDG 4: Quality Education

Centre of Excellence

Mumbai Suburban, Maharashtra

Child Help Foundation’s (CHF) Centre of Excellence project is an education-focused initiative designed to improve learning outcomes in municipal schools through supportive education and digital learning. It supports students from Standards I to VII with a strong emphasis on foundational learning, digital literacy, inclusivity, and life skills.

Computer Labs

Bihar

Child Help Foundation’s (CHF) Computer Lab Project has been implemented at Tailik Balika High School, Madhya Vidyalaya Samas, and Madhya Vidyalaya Lodipur in Barbigha Block, Sheikhpura, Bihar, with the support of National Fertilisers Limited (NFL). Each lab is equipped with 21 computers and is well-furnished and properly maintained to ensure a conducive digital learning environment. To facilitate effective implementation, three dedicated teachers have been appointed for each lab, enabling students to gain structured computer education and strengthen their digital literacy skills

STEM Lab

Goa & Maharashtra

Child Help Foundation's (CHF) STEM Lab Project is being implemented across Government Ashram Schools in Maharashtra, with support from Samata Equal Footing Foundation, and in Goa with support from the Government of Goa. Each lab is equipped with interactive scientific models and hands-on learning tools to create an engaging environment for science and mathematics education. Dedicated teacher-cum-coordinators have been appointed to conduct regular sessions, enabling students to understand concepts through practical application and strengthening their scientific thinking, curiosity, and problem-solving skills.

Computer Training Centre

Amboli, Dadra & Nagar Haveli

Child Help Foundation (CHF) continued to strengthen digital literacy through its computer training centres in Dadra & Nagar Haveli and Daman and Diu. At the Amboli Centre, 65 classes were conducted, recording a total attendance of 1,305 with 122 unique beneficiaries. Students were equipped with essential digital skills, enhancing their confidence and practical knowledge in using technology.

Computer Training Centre

PM Shri Primary Central School, Silvassa, Dadra Nagar Haveli and Daman and Diu

Child Help Foundation (CHF) continued its digital skills training at PM Shri Primary Central School, Silvassa, where 29 sessions were conducted, benefiting 466 unique students. The curriculum focused on building proficiency in MS Office (Excel formulas, MS Word, and Paint), along with practical training in Typing Master and internet navigation, thereby strengthening students' digital competence and confidence.

Computer Training Centre

Govt. Secondary High School, Silvassa, Dadra Nagar Haveli, and Daman and Diu

Child Help Foundation (CHF) conducted 30 digital training sessions at Govt. Secondary High School, Silvassa, reaching 203 unique beneficiaries. The programme covered advanced topics such as Canva design, digital safety, cybercrime awareness, and hacking prevention, combining practical learning with essential theoretical knowledge to develop responsible, informed digital users.

Digital Skills Programme

Vikramgad, Maharashtra

Under the Child Help Foundation (CHF) Digital Skills Program, 761 sessions were conducted across 15 schools, resulting in a cumulative 17,131 student attendances, including 4,317 unique beneficiaries. The sessions covered a diverse range of topics, including prepositions, text-to-speech, QBASIC, C programming, Scratch programming, life skills, and endline assessments. Annual examinations were also conducted across all schools to evaluate learning outcomes and track student progress. The programme continued to deliver a blend of classroom-based theoretical and practical learning, supported by educational videos to strengthen students' conceptual understanding and digital proficiency.

Summer Study Classes

Dimapur, Nagaland

Child Help Foundation (CHF) conducted Summer Study Classes in Dimapur, Nagaland, providing structured academic support and mentoring to 30 underprivileged children during the holiday period. The initiative aimed to bridge summer learning gaps, strengthen academic readiness, and boost students' confidence through focused educational guidance and youth-led engagement.

School Renovation and Stationery Distribution Programme

Haryana & Maharashtra

Child Help Foundation (CHF), in collaboration with Carrier Midea India Ltd, conducted a school refurbishment and uniform distribution programme at the Primary Middle School in Sultanpur, Gurugram. The initiative included the construction of separate toilet blocks for girls and boys, the installation of an RO plant with two water coolers, the distribution of 120 desks, and the provision of uniforms, shoes, bags, tiffin boxes, water bottles, and geometry boxes for 350 children. Six steel benches were installed in the mid-day meal area. Additionally, CHF distributed mats, ceiling fans, and play game kits to Shree Samarth Krupa Special Child School in Mumbai, Maharashtra. The programme significantly strengthened school infrastructure, improved access to clean drinking water and sanitation, and enhanced students' attendance, comfort, and confidence through educational support.

STEM Lab Monitoring

Palghar, Maharashtra

Child Help Foundation (CHF) conducted a monitoring visit to the STEM Lab Project in Palghar, during which Shivdas was introduced as the project's co-manager alongside Ravsaheb. The team reviewed lab setups, discussed impact assessment plans and upcoming vacation classes, and identified maintenance improvements across centres. The STEM Lab at Kawale Ashram School was recognised as a model centre due to its well-maintained setup. At the conclusion of the 2025–26 academic year, the initiative positively impacted six schools, with teachers completing end-of-year visits and collecting appreciation letters from all participating school principals, who acknowledged CHF's dedicated support and the quality of its implementation.

STEM Lab Monitoring

Palghar, Maharashtra

Child For Child

Pan India

Child Help Foundation (CHF) conducted a series of awareness sessions across schools and colleges pan-India, focusing on mobile addiction and responsible digital behaviour. Through interactive discussions, assembly talks, and engaging activities, students were sensitised to the impact of excessive screen time on health, academics, and social well-being. The sessions encouraged mindful usage of technology, promoting balance, self-discipline, and healthier digital habits. The initiative empowered children and youth to make informed choices and adopt responsible behaviour in an increasingly digital world.

Child Care Institutions (CCI)

Child Help Foundation (CHF) provides monthly support to seven Child Care Institutions (CCIs), ensuring that children have access to essential educational resources.

This support covers school fees, stationery, and other academic needs, enabling underprivileged children to continue their education with dignity and hope. By investing in their learning, CHF is helping build a foundation for brighter, more empowered futures.

Gender Equality and Empowering Women Programme | SDG 5: Gender Equality

Prevention of Sexual Harassment at Workplace (POSH)

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, commonly known as the POSH Act, is a landmark initiative by the Government of India to ensure safe and dignified workplaces for women. Child Help Foundation (CHF) is fully compliant with the POSH Act across all offices, field locations, and virtual workspaces. The organisation's approach extends beyond legal compliance, fostering a culture rooted in dignity and respect, with zero tolerance for sexual harassment.

The Internal Committee (IC) addresses every complaint with fairness and confidentiality. All new employees undergo mandatory POSH policy training, while existing staff members participate in regular sensitisation workshops. Through a "Train the Trainer" programme, CHF has developed a cadre of 25 certified POSH trainers across India. These trainers have conducted awareness sessions to reach individuals and have mentored and certified three external professionals or members to enhance outreach and long-term impact. POSH sessions in April were conducted at:

Protection of Children from Sexual Offences (POCSO)

Child Help Foundation (CHF) places child safety at the core of its mission, strictly adhering to the POCSO Act 2012, which protects children under 18 from sexual abuse and harassment while ensuring child-friendly complaint, investigation, and court processes. Regular 'Good Touch – Bad Touch' sessions are conducted in schools to teach children how to recognise unsafe touch, set boundaries, seek help, and use the Child Helpline number 1098.

Good Touch Bad Touch Session

Delhi and Nagaland

Child Help Foundation (CHF) conducted awareness sessions on POCSO and personal safety for students in Delhi and Nagaland. At Lakshay Bharti School, Sarita Vihar, Delhi, students were sensitised on body safety, personal rights, and the importance of protection under the POCSO Act. Similarly, student interns from Dimapur, Nagaland, conducted class-wise sessions on safe and unsafe touch at St. Xavier Higher Secondary School, Jalukie, educating students to identify inappropriate behaviour, speak up, seek help from trusted adults, and understand that personal safety should never be kept a secret. Both sessions witnessed active student participation and strengthened awareness of child protection and safety.

Clean Water and Sanitation Programme

SDG6: Water and Sanitation

Menstrual Hygiene Session

Delhi

Child Help Foundation (CHF) conducted an interactive session on Menstrual Health and Hygiene for girls, attended by more than 300 students. The session encouraged open discussions, with girls actively asking questions and gaining a better understanding of menstrual health and hygiene, thereby improving participants' awareness, confidence, and healthy practices.

Installation of Water Purifier

Maharashtra & Haryana

Child Help Foundation (CHF) strengthened access to safe drinking water through government-led initiatives. Middle School, Kamalpur, Rewari, Haryana, and Mahatma Gandhi Vidyalaya, Dombivli. At the Rewari school, CHF organised the inauguration and installation of a water tank and water filter, ensuring a smooth water supply and access to clean drinking water for students. A "Save Water"- themed drawing competition was also held, with prizes awarded to raise awareness of water conservation. Separately, with the support of the Srikrushna Kala Foundation, a water purifier was installed at Mahatma Gandhi Vidyalaya in Dombivli, benefiting 341 students and promoting a healthier learning environment.

Installation of Water Purifier

Maharashtra & Haryana

Partnerships for the Goals | SDG: 17

Meeting with IAS

Odisha

Child Help Foundation (CHF) had the opportunity to meet Smita Rout, IAS and State Project Director of Odisha Adarsh Vidyalaya Sangathan, which oversees 314 schools across Odisha. The meeting focused on exploring opportunities for collaboration to support students' holistic development through structured programmes in life skills, health, hygiene, and safety. During the discussion, permission was granted for CHF to conduct awareness programmes across all schools under the Sangathan, further strengthening efforts towards student well-being, awareness, and overall development.

Other Activities

Baseline Survey at Skill Centre Mumbai, Maharashtra

At the Dahisar Skill Centre, the Child Help Foundation (CHF) conducted baseline and post-surveys among girls and women enrolled in the Tailoring Course to assess skill development, learning progress, and the overall impact of the training programme.

Felicitation of Jasmine Majithiya

Mumbai, Maharashtra

Child Help Foundation (CHF) felicitated Jasmine Majithiya in recognition of her constant support and invaluable contribution to CHF and Arogya Sadan. Through her generous support, many thalassaemic children and their families have received access to care, safety, and hope under the Arogya Sadan initiative. Even at the age of 89, her unwavering compassion, dedication, and commitment continue to inspire and strengthen CHF's mission of serving those in need. The felicitation honoured her remarkable efforts to improve the lives of countless children and families while encouraging continued service to the cause.

Other Activities

CHF Honoured at Yuva Chapter Annual Event Delhi

Child Help Foundation (CHF) attended the Annual Event of Yuva Chapter, a national society, as Chief Guests, with participation from seven colleges of Delhi University. During the event, CHF introduced its internship opportunities to students, and a presentation video highlighting the organisation's work was showcased to the audience. The event provided a valuable platform for engaging with youth and encouraging student participation in social initiatives. As a gesture of appreciation, CHF also received a memento from the DYT team in recognition of its presence and contributions to the event.

Awards and Appreciation

CHF was felicitated by Nanavati Max Superspeciality Hospital

Mumbai, Maharashtra

On the occasion of Liver Day, Child Help Foundation (CHF) was felicitated at Taj Lands End by Nanavati Hospital in recognition of its unwavering support towards paediatric liver transplant surgeries for underprivileged children over the past seven years. The honour reflects CHF's continued commitment to providing life-saving healthcare support and helping children access critical medical treatment.
