September'25 Journal

Child Help Foundation Celebrates World Heart Day Across India

International Daughters' Day Celebration

Shiroshi Village, Jawhar, Palghar, Maharashtra

International Daughters Day is celebrated on the 4th Sunday of September, which fell on 28th of September this year. Child Help Foundation (CHF) commemorated the day with mothers and adolescent girls of Shiroshi Village, Jawhar, Palghar, aiming to highlight the importance of valuing daughters and supporting their growth.

During the program, Ms. Jyoti emphasized the need to prevent early marriages, a common practice in tribal areas, and instead encourage girls to continue their education.

Mr. Annarao Waghmare shared insights humorously, using real-life stories from tribal communities to highlight the challenges girls face.

The event was conducted in collaboration with Mazi Saheli, who assisted with community mobilization. The program concluded with the felicitation of women leaders from the village and a pledge from mothers to support the education of their daughters. Around 400 women and girls participated, making it a meaningful and impactful celebration.

About Us

Child Help Foundation (CHF) is a pan-India non-profit organization, registered under the Bombay Public Trust Act 1950, which started in the year 2010. We aim to accomplish the objectives set by the United Nations Sustainable Development Goals (UN SDGs) for global development. Child Help Foundation's principal purpose is to empower the disadvantaged holistically with some of our initiatives like Good Health and Well Being, Quality Education, Zero Hunger, Clean Water and Sanitation, Gender Equality, Humanitarian Relief, Life on Land, Life Below Water and Village Development.

Child Help Foundation Celebrates 79th Independence Day

Child Help Foundation Celebrates 79th Independence Day

Child Help Foundation (CHF), a pan-India non-profit committed to the welfare of underprivileged children, marked World Heart Day on 29th September 2025 by organizing events that honored the courage and resilience of children battling cardiac conditions. CHF has consistently partnered with hospitals and community initiatives to ensure life-saving cardiac care reaches children from marginalized and rural communities.

In Mumbai, CHF commemorated the day with a special event at Balaji Heart Hospital, Byculla, dedicated to children admitted in the pediatric cardiac ward, primarily from tribal and rural regions of eastern Maharashtra. The hospital regularly conducts medical camps in these regions to screen children for congenital heart disease. Those identified are referred to Balaji Heart Hospital for surgeries, which are performed free of cost, supported through government schemes and contributions from NGOs like CHF.

The event aimed to uplift the spirits of these young patients through engaging activities. Stationery kits were distributed as gifts, and a short story on the Joy of Giving was narrated to inspire and encourage the children. The celebrations included singing, dancing, and story recitation, making the children feel joyful and motivated. Hospital staff expressed deep appreciation for the initiative and recommended organizing such events regularly to support the emotional well-being of pediatric patients.

CHF was also honoured on World Heart Day at Aster MIMS Hospital, Calicut, in recognition of its ongoing contributions to community health and pediatric cardiac care. The felicitation ceremony was graced by Mr. Lukman Ponmadath, Chief Operating Officer (COO) of Aster MIMS, and Mast. Mohammed Ziyen made the occasion

memorable and inspiring for the CHF team. This recognition reinforces CHF's commitment to serving communities and creating meaningful impact in the field of health and well-being.

World Heart Day celebrations by CHF not only celebrated the bravery of young patients but also highlighted the importance of accessible cardiac care for children from underserved regions. As CHF continues to partner with hospitals and community programs, the organization remains dedicated to supporting life-saving treatments, inspiring hope, and nurturing healthier futures for every child.

Reflecting on the initiative, the Chief Executive Officer (CEO) of Child Help Foundation, Mr. Jiji John, emphasized:

"By celebrating World Heart Day with these brave children, we acknowledge not only their resilience but also the collective effort of healthcare professionals, NGOs, and communities in creating a healthier and more compassionate society."

Through such initiatives, CHF continues to transform lives, bring smiles to young hearts, and strengthen the impact of community healthcare interventions across India.

Emergency Medical Support

B/O Tarannum, 8 Days
Cleft Lip and Cleft Palate

Please Help This Father Save His Newborn

"I can barely earn enough to put food on the table, but now I'm asked to find lakhs for my baby's surgery. I feel so helpless as a father... Please help me save my baby."

–Sarvar (Father)

On 17th August, Tarannum and Sarvar from Bijnor, Uttar Pradesh, welcomed their baby into the world. But what should have been a moment of pure joy quickly turned into heartbreak when the newborn was diagnosed with Cleft Lip and Cleft Palate.

Babies born with this condition face difficulties right from the start. Simple things like feeding, breathing, and swallowing become painful struggles for them. As they grow older, they are also at risk of frequent ear infections, hearing problems, and speech difficulties if not treated on time.

According to the Doctors at Panacea Hospital, Uttarakhand (3.9 km from Dehradun Railway Station), the baby urgently needs Cleft Lip and Cleft Palate surgery to survive. The treatment will cost around Rs. 4,00,000/- (Rupees Four Lakh Only). Sarvar, the father of the baby, works as a daily wage labourer and is the only earning member of a family of six. With his modest income barely covering rent and basic meals, arranging such a large sum feels impossible.

The family has no other support to rely on. This newborn has just begun her journey in life and deserves the chance to eat, breathe, smile, and grow like every other child. With your kindness, we can ease her pain, support her family in this desperate hour, and give her the healthy, happy future that every baby is born deserving of.

There are many more children who need urgent treatments, and your small contributions can make a huge difference. [Please Donate!](#)

Success Stories

Prathamesh Patil

Born with a rare and painful leg deformity, baby Prathamesh's ability to walk was at risk. With the generous support of Child Help Foundation donors, he underwent critical surgery and corrective treatment. Today, Prathamesh is on the path to walking and playing like any other child, bringing hope to his family.

Tanishka Kamble

Thirteen-year-old Tanishka was diagnosed with a severe heart defect, putting her life at risk. Thanks to the kindness of donors through Child Help Foundation, she received urgent heart surgery. Today, Tanishka is safe, healthy, and back with her family, her bright smile and energy restored.

Arhaan Shaik

Three-year-old Arhaan from Kurnool was diagnosed with Thalassemia, a life-threatening blood disorder. With the generous support of Child Help Foundation donors, he underwent a critical stem cell transplant. Today, Arhaan is healthy, smiling, and thriving, giving his family hope and happiness after months of worry and hardship.

Success Stories

Mallikarjun

Born with life-threatening blood cancer, young Mallikarjun's survival was uncertain. Thanks to the generosity of Child Help Foundation donors, he received urgent and intensive treatment. Today, Mallikarjun is recovering well, bringing hope and joy to his family, who can finally see a brighter future for their brave little child.

Aaroahi Bavdhane

Eleven-year-old Aaroahi from Pune was diagnosed with Acute Lymphoblastic Leukemia, putting her life at risk. With the generous support of Child Help Foundation donors, she underwent a life-saving bone marrow transplant. Today, Aaroahi is recovering well, dreaming of school and play, and bringing immense joy and hope to her family.

Niyath Xavier

Seven-year-old Niyath from Kerala was diagnosed with a rare and life-threatening brain infection after a sudden seizure turned his life upside down. With the generous support of Child Help Foundation donors, he underwent intensive treatment, including immunotherapy and neurocritical care. Today, Niyath is recovering well, able to laugh and play again, bringing immense joy and hope to his family.

Success Stories

Harshi Singh

Seven-month-old Harshi from Uttar Pradesh was born with Spina Bifida, a serious condition affecting her spine. With the generous support of Child Help Foundation donors, she underwent urgent surgery at Panacea Hospital, Dehradun. Today, Harshi is recovering well, smiling and growing stronger every day, bringing immense joy and hope to her family.

Srushti Raut

Ten-year-old Srushti from Maharashtra developed a severe, life-threatening infection that affected her leg and lungs, putting her life at risk. With the generous support of Child Help Foundation donors, she underwent multiple surgeries and intensive treatment. Today, Srushti is recovering well, smiling again, and bringing immense joy and hope to her family.

Sreebala

Ten-year-old Sreebala from Kerala suffered a tragic accident that left her with Spastic Quadriplegia and serious infections, putting her life at risk. With the generous support of Child Help Foundation donors, she received intensive medical care, including antifungal treatment and physiotherapy.

Success Stories

B/O Sakshi

The baby of Sakshi from Haryana was born extremely premature and required prolonged care in the Neonatal Intensive Care Unit (NICU) to survive. With the generous support of Child Help Foundation donors, he received critical medical attention and specialised care. Today, the baby is growing stronger each day, bringing immense joy and hope to his family.

Nand Kumar Nagesh

Nand Kumar from Chhattisgarh was diagnosed with leukemia, a life-threatening condition that left him weak and bedridden. With the generous support of Child Help Foundation donors, he underwent intensive chemotherapy and treatment. Today, Nand Kumar is regaining his strength and bringing hope and joy back to his family.

International Daughters Day: Celebrating and Empowering Every Girl

Every year, the fourth Sunday of September is celebrated as International Daughters Day. It is a day dedicated to recognising the value of daughters, cherishing their presence in our lives, and reinforcing the message that girls deserve love, respect, and equal opportunities. Beyond the celebrations, the day also reminds us of the need to address gender-based discrimination and ensure that daughters everywhere can grow up in safe and supportive environments.

The Significance of International Daughters Day

Historically, daughters have often faced neglect and discrimination in many parts of the world due to deep-rooted cultural and societal biases. From being denied education to being subjected to harmful practices such as child marriage and gendercide, girls have been disproportionately affected by inequality.

International Daughters Day serves as an opportunity to reflect on these issues and reaffirm our commitment to gender equality. It is an opportunity to celebrate the contributions of daughters, highlight their achievements, and strive towards building a world where they are recognized as equal to sons—not just in words, but in practice.

Challenges Daughters Continue to Face

Despite progress in many regions, daughters continue to face multiple challenges:

- **Gendercide and Female Foeticide:** In some societies, girls are still denied the right to be born due to cultural preferences for sons.
- **Child Marriage:** Millions of young girls are married off before reaching adulthood, depriving them of education and their childhood.

- **Educational Barriers:** In many areas, daughters are not given the same opportunities to attend school as their brothers.
- **Gender Discrimination:** Whether at home, in school, or in workplaces, girls often face unequal treatment and limited opportunities.
- These challenges underscore the pressing need for sustained advocacy, increased awareness, and comprehensive systemic changes to foster a gender-balanced society.

Child Help Foundation's Contribution

- At Child Help Foundation (CHF), we believe that every daughter deserves to be valued, protected, and empowered. Through our Invisible Girl Project (IGP), we actively work to raise awareness about critical issues affecting girls, such as gendercide, child marriage, and gender inequality.
- Our team conducts gender equality sessions in schools, villages, and communities across India to challenge harmful stereotypes and spread awareness on the importance of valuing daughters. These initiatives not only

To combat the stigma around public breastfeeding in India, Child Help Foundation (CHF) has set up several Baby Feeding Centres (BFCs) nationwide. These centres offer safe and comfortable environments for nursing mothers, enabling them to move freely without the worry of breastfeeding in public. So far, 2,29,010 mothers have benefited from these supportive spaces, which prioritise dignity, ease, and care for both women and their babies.

Good Health and Well-being (SDG-3)

School Health Programme

Vikramgad Block, Palghar District, Maharashtra

Child Help Foundation (CHF) conducted field visits across 14 schools, ensuring comprehensive health coverage for students. All the students were screened, and their health cards were duly completed. During these visits, doctors treated 1,634 cases of illness, providing the required medication and care. The most common ailments observed included fever, cough and cold, diarrhoea, vomiting, scabies, fungal infections, and lymph node swelling. Eight students were referred to external health institutions, such as rural hospitals, for specialised treatment following primary care.

In addition to medical interventions, the counsellors conducted awareness sessions on adolescent mental health. These sessions focused on key areas, including the value of relationships, understanding mental disorders, and goal setting, empowering students to build emotional resilience and self-awareness.

As part of the student capacity-building initiative, awareness sessions were held to sensitise students to critical health and social topics. The sessions covered good and bad touch, hygiene practices, peer pressure, HIV/AIDS, POSH and POCSO, early marriage and childbearing, anaemia and nutrition, healthy eating habits, and sexual and reproductive health—equipping students with essential knowledge to lead healthy and informed lives.

Oxygen Concentrator Donation

Symbiosis Medical College and Hospital, Pune, Maharashtra

Child Help Foundation (CHF) recently added another milestone to its journey of saving lives and strengthening healthcare. The team successfully conducted a handover ceremony for an oxygen concentrator machine at Symbiosis Medical College for Women and Symbiosis University Hospital and Research Centre.

This initiative marks a crucial step towards ensuring that patients in need receive timely respiratory support. The advanced equipment will empower medical professionals to provide better care and respond swiftly during emergencies.

At CHF, every act of support is a promise—a promise to protect lives, uplift communities, and build a healthier tomorrow.

Wheelchair Distribution

Kochi, Kerala

On 20th September 2025, Child Help Foundation (CHF) had the heartfelt privilege of gifting a wheelchair to 10-year-old Axel Thomas, a bright young boy with a partial disability.

The ceremony, graced by Mr Hibi Eden, MP, in Kochi, was filled with smiles and gratitude as

Axel received his new wheelchair, a symbol of freedom, dignity, and hope.

This small act reflects CHF's unwavering commitment to improving the quality of life for children with special needs. Moments like these remind us why we do what we do, to bring comfort, mobility, and happiness to those who need it most.

Ration Kits Distribution

Mumbai, Maharashtra

Child Help Foundation (CHF) recently distributed ration kits to women at Janaki Raghunath Society, Mumbai, many of whom work tirelessly as domestic helpers to support their families.

This initiative was a small step towards easing their daily struggles and ensuring access to essential supplies. Through such efforts, CHF continues its mission to uplift, empower, and stand beside women who form the backbone of our communities.

Blood Donation Camp

Shaheed Sukhdev College of Business Studies, Rohini, New Delhi

Child Help Foundation (CHF), in collaboration with the Rotaract Club of Visioners League, Rotaract Club of SSCBS, Rotaract Club of Hansraj College, and the students of SSCBS, successfully organised a Blood Donation Camp at Shaheed Sukhdev College of Business Studies, Rohini, New Delhi.

The camp was efficiently managed with the support of our trusted blood bank partner, Bharat Seva Charitable Blood Center, which handled logistics, supplies, and ambulance arrangements to ensure safe storage and delivery of the collected blood. Over 60 volunteers donated blood, a contribution that will benefit various groups, including the armed forces and police personnel.

In recognition of their participation, donors received juices, snacks, and special gifts such as Milton jars, umbrellas, and helmets.

CHF also presented certificates of appreciation to all three Rotaract clubs and the blood bank for their valuable support. The event was organised by Vandana and Lata from the Delhi team, with enthusiastic support from student volunteers, who expressed keen interest in collaborating with Child Help Foundation (CHF) for future initiatives, including internships and upcoming drives.

Blood Donation Camp

Shaheed Sukhdev College of Business Studies, Rohini, New Delhi

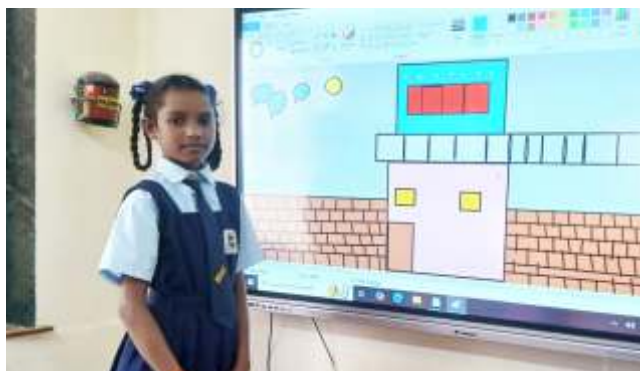

Quality Education (SDG-4)

Centre Of Excellence Project

Mumbai Suburban, Maharashtra

The Centre of Excellence (CoE) Project is an educational initiative aimed at enhancing the quality of learning in municipal schools through supportive education and digital learning. The program currently reaches students from standards 1st to 7th across selected MBMC schools, with a strong focus on foundational learning, digital literacy, inclusivity, and life skills. Supportive education classes and computer sessions are being conducted regularly, including during holidays, to ensure continuity and reinforcement of learning.

Mini Science Centre

Palghar, Maharashtra

Child Help Foundation's (CHF) Mini Science Centre (MSC) Project is being implemented at 10 Ashram Schools in Palghar district, Maharashtra, with the support of Samata Equal Footing. Three dedicated teacher-cum-coordinators have been appointed for the project; they regularly visit these schools and conduct interactive science classes using the models provided in the MSC labs.

The Child Help Foundation team visited various schools to identify suitable sites for setting up two new MSC Labs. After thorough evaluation, Government Ashram School, Kawale (Vikramgadh), and Government Ashram School, Guhir (Wada), were selected for the installations. Simultaneously, learning assessments were carried out in the remaining schools to evaluate students' academic progress.

Mini Science Centre

Bihar

Child Help Foundation's (CHF) Mini Science Centre (MSC) Project is being implemented at M.S. Maur and M.S. Koyaribigha School in the Barbiga block of Sheikhpura, Bihar, with the support of National Fertilizers Limited. With the beginning of the new academic year, several new students have enrolled in both schools. Child Help Foundation's science teachers continued to conduct engaging science and mathematics sessions, encouraging curiosity and hands-on learning among students. The Mini Science Labs have become a favourite space for children, who eagerly look forward to participating in the interactive experiments and demonstrations.

Computer Labs

Bihar

Child Help Foundation (CHF), with the generous support of National Fertilizers Limited, has successfully implemented the Computer Lab Project at Tailik School Utkramit Uchch Vidyalay, Lodhipur, and Madhya Vidyalay Samas in the Barbiga block of Sheikhpura, Bihar.

Each lab is equipped with 21 computers, offering students valuable hands-on digital learning experiences. With well-furnished spaces, proper maintenance, and three dedicated teachers, these labs are paving the way for a tech-savvy, future-ready generation.

Together, we're bridging the digital divide — one classroom at a time.

Digital Skills Program

Computer Training Centre

Amboli, Dadra & Nagar Haveli

Child Help Foundation (CHF) successfully conducted 69 computer education classes, introducing students to key topics such as Paint, Microsoft Word, Excel, system software, application software, and computer hardware.

Through these sessions, CHF continues to nurture digital literacy and practical skills, empowering students to thrive in a technology-driven world.

Computer Training Centre

Silvassa, Daman & Diu

Child Help Foundation (CHF) successfully conducted 115 computer education classes, covering topics like Paint, Microsoft Word, and Excel.

The sessions went beyond theory, including practical exercises such as data entry, creating academic spreadsheets, and an introduction to system software, application software, and computer hardware. These classes gave students a well-rounded, hands-on digital learning experience, equipping them with skills for a technology-driven future.

Digital Skills Program

Vikramgad, Maharashtra

Child Help Foundation (CHF) successfully conducted 952 computer education sessions across 15 schools, covering an extensive curriculum: parts of a computer, types of monitors, keyboard components, mouse, internet usage, ICT basics, Notepad, WordPad, MS Word, Excel, HTML, and interactive educational tools like GCompris, Tux Typing, and Character Map. Revisions and educational videos ensured concepts were reinforced effectively.

To track progress, quarterly examinations and quiz competitions were held in all 15 schools, encouraging active learning and healthy competition.

As part of teacher capacity-building, CHF organized five Training of Trainers (ToTs), with 49 teachers participating. These

sessions familiarized teachers with the student syllabus, yearly schedules, and project activities, equipping them to enhance students' digital skills effectively.

Beyond digital literacy, trainers integrated life skills modules, promoting self-awareness and personal development, ensuring students receive a holistic and empowering learning experience.

Digital Awareness and Online Safety Workshop

Mumbai, Maharashtra

Child Help Foundation (CHF) student interns from Sophia Women's College, Mumbai, conducted awareness sessions at MBMC Morwa School No. 24, educating children on the responsible use of mobile phones and the dangers of cybercrime. The sessions aimed to empower students with knowledge about online safety and responsible digital behavior. The interns expressed their gratitude to Child Help Foundation (CHF) for providing this meaningful opportunity and highlighted the valuable learning experience gained through these interactions.

Indoor Recreational Activities

Mumbai Suburban, Maharashtra

Child Help Foundation (CHF) hosted student interns from Don Bosco College, Mumbai, who conducted indoor recreational activities for children at MBMC Morwa School No. 24. These activities encouraged team spirit, engagement, and confidence, allowing the children to showcase their talents while having fun. The interns expressed their appreciation for the opportunity provided by CHF, noting that the experience helped them collaborate effectively as a team while making a positive impact on the children's lives.

Internship

Chennai, Tamil Nadu

Child Help Foundation (CHF) is delighted to share that our interns, Ms. Angeline Rose Narzary and Mr. Hariprasad, have completed their internship. During their tenure, they contributed with dedication and enthusiasm, supporting initiatives, bringing fresh ideas, and actively participating in various projects. Their efforts have strengthened our mission and made a positive impact on the communities we serve.

Zero Hunger (SDG-2)

Food Distribution Drive

Connaught Place, Bangla Sahib Gurudwara, New Delhi

Child Help Foundation (CHF) volunteers devoted their day to two meaningful acts of service. They began with food distribution at Hanuman Mandir, Connaught Place, sharing meals and moments of kindness with those in need. Later, at Bangla Sahib Gurudwara, they participated in Seva, embracing the spirit of compassion and equality that defines the Gurudwara. These experiences beautifully reflected the true essence of service – simple acts that touch hearts, uplift communities, and leave a lasting warmth within us.

Gender Equality (SDG-5)

Prerna Manch – Empowering Adolescents through ARSH and Life Skills (Year 3 Initiatives– Palghar District)–METROPOLIS

Maharashtra

A three-day workshop on Impact Assessment was organized and conducted by Metropolis Foundation. During the training, Ms. Shilpa Lokhande, a Project Team member, presented on key focus areas and methods for measuring evidence, providing valuable insights to the participants. The workshop was well-received, and the team received appreciation from Metropolis Foundation at the conclusion of the training. Here are the outputs:

Here are the targets and outputs:

1. No of adolescents reached through ARSH based life skills- Target 19000-6310 (Target Reached)
2. No of Kishori Manch formed-Target 475-324 (Target Reached)
3. No of Key influencers oriented on project-Target 150- 32 (Target Reached)
4. No of Life Skill Touched-Target 5-3 (Target Reached) (Empathy, creative thinking and critical thinking)
5. No of actions plans made by Kishori Manch-Target 140
6. No of action plan implemented by Kishori Manch- Target 140-2
7. No of referrals done in project - Target 100-15

8. No of beneficiaries linked with Govt schemes-Target 150- 70 (Target Reached)
9. Number of Model Village- Target 6
10. Kitchen Garden- Target 6
11. Inclusion of Person with Disability - Target 10

Invisible Girl Project

Maharashtra

Child Help Foundation's (CHF) Maharashtra outreach team conducted a series of awareness sessions across various schools and colleges, aiming to help students and teachers understand the social issues affecting their communities. During these sessions, participants openly discussed the challenges they observe around them, while trainers highlighted basic rights and guided them on small, practical steps to challenge harmful customs and unfair practices. The primary objective of this outreach was to engage students and teachers in meaningful conversations about social issues, human rights, and overall well-being, fostering awareness, responsibility, and motivation to bring about positive change.

A total of 32 sessions were conducted across the state, with Ms. Krutika Koli leading 8 sessions in Mira Bhayandar, Mr. Akesh Minde conducting 12 sessions in Raigad, and Ms. Annarao Waghamre facilitating 12 sessions in Palghar. Educational institutions responded positively, with both students and teachers appreciating CHF's efforts and recognizing the potential impact of these initiatives on their communities.

The Maharashtra team demonstrated strong planning and initiative, setting clear goals, securing approvals from schools and colleges, adapting to changing circumstances, and continuously improving

the delivery of sessions. However, the team faced challenges during the month, as many sessions were delayed due to school holidays, festivals, and ongoing examinations. Some schools postponed their sessions to the following month, while others had already scheduled them for later in September. Despite these setbacks, preparations are underway to ensure that the planned awareness programs continue smoothly and reach the intended beneficiaries.

Invisible Girl Project

Haryana

Child Help Foundation's (CHF) Haryana outreach team conducted awareness and sensitization sessions across various educational institutions. The sessions provided a platform for students and teachers to share the social issues they encounter in their communities. Participants were made aware of their rights and encouraged to take steps to eliminate harmful social practices. The outreach aimed to engage youth, students, and teachers in meaningful discussions around social issues, rights, and overall well-being.

A total of 48 sessions were conducted across the state. In Rewari, Ms. Nitanshi Yadav led 15 sessions and Mr. Ajit conducted 6 sessions, while in Mahendergarh, Ms. Anu Bharti conducted 11 sessions, Mr. Ajit 13 sessions, and Ms. Nitanshi Yadav 3 sessions. Educational institutions responded positively, with students and teachers appreciating CHF's initiatives and acknowledging the program's potential to create meaningful and lasting community impact.

The Haryana team demonstrated strong initiative and commitment through strategic planning, effective coordination with schools, adaptive outreach strategies, and focused execution to ensure impactful

sessions. However, some sessions could not be conducted due to school holidays and delays caused by heavy rainfall in August, which affected scheduling. While a few institutions postponed sessions to the following month, several schools have already approved outreach activities for October, ensuring continuity and reach of the program.

Invisible Girl Project

Haryana

Training Workshop

Mumbai, Maharashtra

Child Help Foundation (CHF) attended and presented on Key Result Areas (KRA) at a recent Training Workshop organized by Metropolis Foundation. The presentation highlighted CHF's strategic approach to achieving impactful outcomes, emphasizing measurable goals, program effectiveness, and sustainable community engagement. The session offered an opportunity to share CHF's learnings, best practices, and innovative approaches in implementing social initiatives. By participating in such workshops, CHF continues to strengthen collaborations, gain valuable insights, and contribute meaningfully to collective efforts aimed at creating a positive social impact.

Gendercide Awareness Session

Vartak School, Mumbai Suburban, Maharashtra

Child Help Foundation (CHF) had the privilege of conducting an impactful awareness session on Gendercide at Vartak School, Virar. The team was warmly welcomed by the school principal, Mr. Tiwari, who presented a bouquet as a token of appreciation. The session, led by project team members Ms. Jyoti and Ms. Krutika, evolved into an engaging, interactive dialogue. Many girls confidently shared their thoughts and perspectives, making the discussion both meaningful and inspiring.

The session concluded with a powerful message: "Dream Big and Be the Change Maker." The principal and teachers expressed their heartfelt gratitude, praising

the initiative and encouraging CHF to conduct more sessions in the future, continuing the mission of raising awareness and empowering young minds.

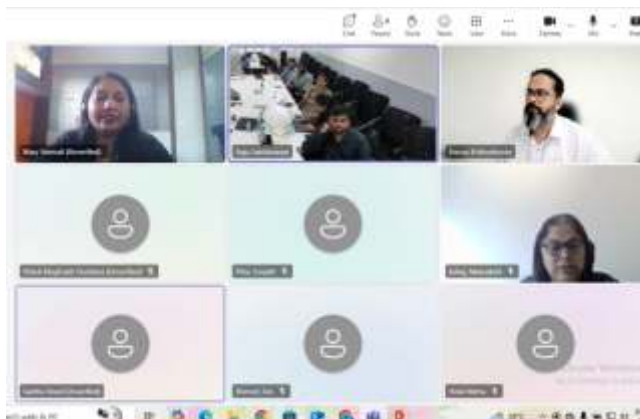

POSH Awareness Sessions

- Consilium Safety, Kerala & Maharashtra** – An ICC Workshop was conducted at Consilium Safety to raise awareness and sensitize participants on the POSH (Prevention of Sexual Harassment) Act and its redressal mechanisms. The session aimed to equip Internal Committee (IC) members with the knowledge and skills necessary to effectively address cases of sexual harassment within their organization. The workshop was held at Consilium Pvt. Ltd. offices in Kochi and Mumbai.
- Taj Lands End, Mumbai, Maharashtra** – A POSH (Prevention of Sexual Harassment) awareness session was conducted at Taj Lands End as part of the Taj Swagat initiative, focusing on fostering a gender-inclusive work environment.
- Banashankari Metro Station, Bengaluru, Karnataka** – A POSH (Prevention of Sexual Harassment) training session was conducted by Child Help Foundation Bengaluru Team for employees of BMRCL at Banashankari Metro Station. The program was organized through the collaborative efforts of Child Help Foundation and the Department of Women and Child Development, aiming to create awareness and equip employees with the knowledge to prevent and address workplace sexual harassment effectively.
- Swaranjali Public School, Rewari, Haryana** – Child Help Foundation (CHF) conducted an awareness session on the Prevention of Sexual Harassment (POSH) at Swaranjali Public School in Rewari, Haryana. The session was attended by non-teaching staff, including bus drivers, attendants, peons, and other support personnel, aiming to raise awareness and promote a safe and respectful work environment.
- Child Help Foundation, Mumbai, Maharashtra** – Child Help Foundation (CHF), conducted its Internal Complaints Committee (ICC) quarterly meeting to reinforce awareness of workplace policies, review recent updates under the POSH Act, and evaluate ongoing initiatives aimed at maintaining a safe and inclusive work environment.
- Taj Lands, Bandra, Mumbai, Maharashtra** – A POSH (Prevention of Sexual Harassment) session was conducted at Taj Lands, Bandra, focusing on creating awareness and promoting a safe and inclusive workplace environment.
- Taj, Alibaug, Maharashtra** – Child Help Foundation (CHF) conducted a POSH (Prevention of Sexual Harassment) session was conducted at Taj Alibaug. The session focused on raising awareness about workplace safety, respectful conduct, and legal provisions under the POSH Act. Initiatives like these play a crucial role in fostering a gender-inclusive environment, ensuring that every individual feels safe, respected, and empowered. By addressing these critical topics, the session contributes to building workplaces that uphold dignity, equality, and mutual respect.
- Ketto Online Ventures** – A POSH (Prevention of Sexual Harassment) session was conducted by Child Help Foundation (CHF) at Ketto Online Ventures. The session focused on raising awareness about respectful workplace conduct, legal provisions under the POSH Act, and the importance of maintaining a safe and inclusive work environment. Initiatives like these play a crucial role in empowering employees and fostering a gender-inclusive workplace culture where dignity, respect, and equality are upheld.

POSH & POCSO Sessions – Pan India

- Hampshire Plaza Hotel, Hyderabad, Telangana**–Child Help Foundation (CHF) successfully conducted a POSH training session at Hampshire Plaza Hotel, attended by over 100 employees. The session received highly positive feedback, with participants expressing appreciation and a keen interest in engaging in future POSH programs. As a follow-up, an Internal Complaints Committee (ICC) will be formed to further strengthen compliance and awareness within the organization.
- Tembo Global Industries Ltd, Mumbai, Maharashtra** – Child Help Foundation (CHF) conducted a POSH (Prevention of Sexual Harassment) training session for the employees of Tembo Global Industries Ltd in Mumbai, Maharashtra. The session focused on helping participants recognize sexual harassment, understand effective prevention strategies, and become familiar with the redressal mechanisms under the POSH Act. Initiatives like these are crucial for fostering a safe, respectful, and gender-inclusive workplace, empowering employees with the knowledge and tools to prevent and address harassment effectively.

POSH & POCSO Sessions – Pan India

Clean Water and Sanitation (SDG-6)

Sanitary Pad Distribution Drive

Mumbai, Maharashtra

Child Help Foundation (CHF) conducted a sanitary pad distribution drive in a local area of Thane, Maharashtra. Sanitary napkins were distributed to underprivileged girls and women, ensuring access to safe and hygienic menstrual care products. This initiative not only supports health and well-being but also helps break the stigma around menstrual hygiene, empowering women and girls to lead healthier lives with dignity and confidence.

Trashbin Distribution Activity

Mumbai, Maharashtra

Child Help Foundation (CHF) carried out another impactful activity in slum areas by distributing dustbins to women residing there. Inspired by our Head Office and following the honor of receiving the RRR Award for 2024-2025, this initiative reflects our commitment to giving back to the communities we serve. The women expressed their happiness and gratitude, noting that no other organization had offered such support before. This simple gesture not only promotes cleanliness but also fosters a sense of dignity and care for their living environment.

Climate Action (SDG 11,13, 14 & 15)

Flood Relief Operations

Mahoregarh Village, Sarna Panchayat, District Samba, Jammu

Child Help Foundation (CHF) has launched flood relief operations in Mahoregarh Village, Sarna Panchayat, District Samba, Jammu, following the recent floods in the region. The efforts aim to provide immediate assistance to affected families and help restore a sense of safety and normalcy in the community. The operations include the distribution of ration kits, clean drinking water, hygiene supplies, and other essentials to support families in recovering from the disaster. This initiative reflects CHF's continued commitment to standing with communities in times of crisis and ensuring timely aid reaches those in need.

Food Distribution Drive

Khadda Colony, Delhi

Child Help Foundation (CHF) distributed food packets in the flood-affected area of Khadda Colony, South Delhi, where many residents are living in tents and relying on essential supplies for survival. This relief effort marks the beginning of CHF's commitment to supporting flood-affected communities, with plans for larger-scale interventions in the future. The distribution drive was carried out by team members Ruksi and Vandana, along with other dedicated volunteers.

Flood Relief Support

Punjab

Child Help Foundation (CHF) extended support to flood-affected regions of Punjab by providing essential relief materials and assistance to the impacted communities.

Beach Clean Up Drive

Jodigudlapalem Beach, Vizag, Andhra Pradesh

Child Help Foundation (CHF) was invited by the Commissioner of Greater Visakhapatnam Municipal Corporation (GVMC) to assist in cleaning Jodigudlapalem Beach, designated for Ganapathi Visarjan. Responding to the invitation, the team collaborated with the Municipal Corporation on 1st September and actively participated in the beach clean-up on the fifth day of Ganesh Chaturthi Visarjan, focusing on the removal of Visarjan materials to ensure a cleaner and safer environment.

Other Activities

CSR Partnership with Indian Oil Corporation Limited (IOCL)

Raigad, Maharashtra

Child Help Foundation (CHF) is pleased to announce a meaningful collaboration with Indian Oil Corporation Limited (IOCL), in partnership with the Medical Superintendent, Government of Maharashtra. This impactful initiative provides financial assistance for the procurement of critical Hemodialysis Machines across five Government Rural Hospitals in Raigad District, Maharashtra, strengthening healthcare infrastructure where it is needed most. With IOCL's generous CSR support, CHF remains committed to making quality healthcare accessible to underserved communities, ensuring better treatment and improved lives.

CHF at Ideation'25, SIESGST

Navi Mumbai, Maharashtra

A Child Help Foundation representative served as a judge at Ideation '25, the idea presentation event organized by the IETE Students' Forum of SIESGST in collaboration with MHRD. The event took place on 19th September 2025 at SIESGST, Nerul. The platform allowed students to showcase their innovative ideas, creativity, and problem-solving skills, and the presentations reflected their passion and vision for creating impactful solutions.

Raincoat Distribution Program

Koel Saraswati Shishu Vidyamandir, Rourkela, Odisha

Child Help Foundation (CHF) successfully conducted a Raincoat Distribution Program at Koel Saraswati Shishu Vidyamandir, Rourkela, benefiting the underprivileged children. This initiative ensures that children can attend school comfortably, regardless of weather challenges. The event was graced by Mr. S. C. Prasad, Secretary of QCFL, Rourkela Chapter, who visited the children and engaged with them to assess how well they had applied the 5S principles of cleanliness discussed during last year's stationery support program.
